MILTON TOWN RECORDS IN
THE MUNICIPAL YEAR 1975

1975 MARCH MEETING
WARRANT

Commonwealth of Massachusetts
County of Norfolk

To any of the Constables of the Town of Milton in said County:
GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and in Town affairs, to meet at the several designated Polling Places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School Hall, Blue Hills Parkway
In Precinct 2.	Basement, Kidder Branch, Milton Public Library, Blue Hills Parkway,
In Precinct 3.	Milton-Hoosic Clubhouse, Central Avenue,
In Precinct 4.	Basement Playroom, rear of Pierce Elementary School, Gile Road,
In Precinct 5A.	Gymnasium, Pierce Junior High School, Gile Road,
In Precinct 5B.	Gymnasium, Pierce Junior High School, Gile Road,
In Precinct 6.	Gymnasium, Cunningham Junior High School, Edge Hill Road,
In Precinct 7.	St. Agatha's Auditorium, Adams Street,

on Saturday, March first next, at eight o'clock in the forenoon, then and there to bring in to the Precinct Officers of their respective Precincts their votes on one ballot respectively for the following named Town Officers, to wit:

Three Selectmen and Surveyors of Highways for the term of one year.
One Town Clerk for the term of one year.
One Assessor for the term of three years.
One Town Treasurer for the term of one year.
Two Members of the School Committee for the term of three years.
One Park Commissioner for the term of three years.
One Member of the Board of Health for the term of three years.
One Member of the Board of Health for the term of one year.

MARCH MEETING

Three Trustees of the Public Library for the term of three years.
One Trustee of the Cemetery for the term of five years.
One Moderator for the term of one year.
One Member of the Planning Board for the term of five years.
One Member of the Planning Board for the term of two years.

Also to vote upon the following Question which will be placed upon the official ballot:

Shall licenses be granted in this Town for the operation, holding or conducting a game commonly called beano?

YES

NO

One hundred Town Meeting Members as follows:

Precinct 1.	Fifteen for three years. One for one year.
Precinct 2.	Ten for three years. One for two years. One for one year.
Precinct 3.	Nine for three years.
Precinct 4.	Nine for three years.
Precinct 5A. and 5B.	Twenty-six for three years.
Precinct 6.	Fifteen for three years. One for two years. One for one year.
Precinct 7.	Nine for three years. One for two years. One for one year.

For these purposes the polls will be open at each and all of said Precincts at eight o'clock in the forenoon and will be closed at eight o'clock in the evening.

And thereupon by adjournment of said meeting on the following Saturday, to wit, March eighth next, at one o'clock in the afternoon at the Milton High School Auditorium, 391 Brook Road in said Milton, then and there to act upon the following Articles, to wit:

Articles 1 through 40 inclusive, appearing in regular type on pages 11 through 40.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the post offices of said Town seven days at least before the first day of March, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said first day of March, next.

Given under our hands at Milton the Thirtieth day of January, Nineteen Hundred and Seventy-five.

(Signed) John P. Linehan
Ralph L. Kent
James D. Colt
Board of Selectmen

Commonwealth of Massachusetts
County of Norfolk

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by

MARCH MEETING

posting attested copies of the same in the post offices of the Town on February 19, 1975 and leaving attested copies at the dwellings of the inhabitants.

(Signed) John E. Whearty
Constable of Milton

The Warrant, including report of the Warrant Committee and recommendations on the Articles in the 1975 Warrant, was posted in the Post Offices at East Milton and at Milton Village on February 19, 1975. The Warrant was delivered to the homes of the inhabitants on February 19, 1975, and filed in the Town Clerk's Office February 21, 1975.

For these purposes, the polls were opened at each and all of the said Precincts at eight o'clock in the forenoon and were closed at eight o'clock in the evening.

See page 118 for Result of Election by Precincts.

The Town Clerk upon receipt of the returns from the several precincts, forthwith canvassed the same and announced the results at 5:00 A.M. March 2, 1975.

The Meeting adjourned at 5:00 A.M. March 2, 1975, to meet on the following Saturday, to wit, March 8th, next, at one o'clock in the afternoon at the Milton High School Auditorium, 191 Brook Road, in said Milton, then and there to act upon the forty articles included in the Warrant.

The Absentee Ballot as it is used in Massachusetts, is available for all State and National Elections. It is also used at City and Town Elections. Chapter 632 of the Acts of 1968.

At our Town Election, held Saturday, March 1, 1975, Milton had the following number of Absentee Ballots:

Precinct	1	2	3	4	5A	5B	6	7	TOTAL
Applications Received	7	9	10	7	9	17	69	27	155
Ballots Cast	6	8	8	6	8	14	68	27	145

The Absentee Ballots were distributed to the Precincts before the close of the polls. The Wardens put them through the Ballot Boxes and they were counted with the ballots cast in the precincts.

Grace M. Coles
TOWN CLERK

MARCH MEETING

ADJOURNED TOWN MEETING MARCH 8, 1975

The Town Meeting held at the High School Auditorium was opened at 1:05 P.M. by the Moderator, Robert K. Lamere. Those present stood while Everett Sherwood of the Mattapan Baptist Church delivered the Invocation.

The Moderator read the name of the following Town Meeting Member who had died since the last Special Town Meeting: Vincent G. Mason. The Town Meeting Members stood for a moment of silence.

The Town Meeting Members stood again and were sworn in by the Town Clerk, Grace M. Coles.

The Moderator checked with the Town Clerk as to the attendance and announced that a quorum was present. Nineteen (19) Town Meeting Members were absent as follows:

- | | |
|----------|---|
| Prec. 1. | Lloyd E. Carlsen, Desmond M. Collins
George W. Collins, Charles H. DeSt.Croix,
Andrew J. Donahue, III, Joseph J. Donovan,
James W. Knight, Albert J. McKinnon,
Paul R. McNaughton, Arthur L. Timmins, |
| Prec. 2. | William A. Murdoch, John F. Fitzgerald, Jr., |
| Prec. 4. | Joseph V. Aieta, |
| Prec. 5. | Harry E. Carlson, Thomas P. McSharry,
Ambrose B. Nangeroni, Edward E. Wendell, |
| Prec. 6. | Charles W. Duffy, |
| Prec. 7. | Philip E. Casey. |

Permission was given to certain members of Boards and Committees who are not Town Meeting Members to sit with the Town Meeting Members with no right to vote.

ARTICLE 1. To choose all such Town Officers as are not required to be chosen by ballot.

VOTED: To elect Albert W. Semer and Theodore E. Kenney, Measurers of Lumber.

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other Town Officers and Committees.

VOTED: To hear and act on the Report of the Town Accountant as printed on pages 200 through 244 of the 1974 Town Report.

A Motion was made and seconded to accept the report of the Police Headquarters Building Committee on page 124 of the 1974 Town Report and that the Committee be discharged. Motion carried.

A Motion was made and seconded to accept the report of the Milton Ice Rink Committee on page 123 of the 1974 Town Report and that the committee be discharged. Motion carried.

MARCH MEETING

ARTICLE 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the fiscal year beginning July 1, 1975, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

VOTED: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow money from time to time in anticipation of the revenue of the fiscal year beginning July 1, 1975, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

UNANIMOUS VOTE

ARTICLE 4. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

VOTED: That the Town Vote "YES."

ARTICLE 5. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearing before Committees of the General Court.

VOTED: That the Town vote "YES."

UNANIMOUS VOTE

ARTICLE 6. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; the members of such committee to hold office until the final adjournment of the next Annual Town Meeting and until the appointment of any succeeding committee authorized at such meeting.

VOTED: That the Town vote "YES."

COMMITTEE

Robert D. O'Leary, Chrm.	45 Spruce Street
James Dinneen	21 Hilltop Street
Michael F. Farrington	112 Dyer Avenue
Philip Lemelman	33 Wendell Park
Kevin Hern	77 Clifton Road

ARTICLE 7. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1975 for the several categories classified as Employees Benefits, and to act on anything relating thereto.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended":

Employees Benefits	
Widows' Pensions	\$ 30,500.00
Non-Contributory Pensions and Annuities	. 231,911.00
Contributory Pensions	. 500,162.00
Administration	. 6,861.00

MARCH MEETING

Personnel Article	N/A
Group Insurance	\$219,082.00
TOTAL	<u>\$988,516.00</u>

The sum of \$6,202, but no more, shall be used for salaries and wages.

ARTICLE 8. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1975 for the operation of the Town departments classified as General Government, and to act on anything relating thereto.

The Moderator recognized Dr. Anne Coghlan, who revised the figures in the original recommendation of this article by adding to the Assessors Budget, Item 2, Out-of-State Travel, \$250.00 and Professional Services, \$4,750.00, making a total budget of \$48,552.00. The Town Meeting Members voted on the Warrant Committee's revised recommendation.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended";

General Government

	Salaries & Wages	\$ 1,838.00
	Expenses	5,835.00
	TOTAL	\$ 7,673.00
	GRAND TOTAL	\$ 18,591.00

Departments are hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment.

ARTICLE 10. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1975 for the several categories classified as Public Safety and for unpaid bills for prior years of the Police Department, and to act on anything relating thereto.

The Moderator recognized Dr. Anne Coghlan, Chairman of the Warrant Committee, who stated that \$50,000 be added to the \$39,469 for street lighting, making a total of \$89,469 to be transferred from Local Government Fiscal Assistance Fund, reducing the balance to be raised from Tax Levy to \$2,268,155 from \$2,318,155. The Town Meeting Members voted on the Warrant Committee's revised article.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended":

Public Safety

1.	Building Department	
	Salaries & Wages	\$ 22,635.00
	Personnel Article	N/A
	Expenses	880.00
	TOTAL	\$ 23,515.00
2.	Civil Defense	
	Expenses	\$ 2,020.00
	Equipment	2,241.00
	TOTAL	\$ 4,261.00

MARCH MEETING

[illegible]

and that to meet the appropriation for Street Lighting the sum of \$89,469 shall be transferred from Local Government Fiscal Assistance Fund received or to be received pursuant to the provisions of Public Law 92-512, and that the balance of \$2,268,155 be raised from the tax levy for the fiscal year.

Departments are hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment.

ARTICLE 11. To see what sum of money the Town will vote to appropriate for Health and Sanitation for the twelve month period beginning July 1, 1975; and to act on anything relating thereto.

Town Meeting Member Howard Whiteside made a motion to amend Article 11, Item 8 by adding \$500.00 to the \$750.00, making a total of \$1,250.00. Motion was seconded. On a voice vote the motion to amend was lost, and the Town Meeting Members voted on the Warrant Committee's recommendation.

MARCH MEETING

VOTED: That the Town appropriated the amounts shown in the following tabulation under the heading "Recommended".

Health

[illegible]

and that to meet said appropriation the sum of \$195,531, shall be transferred from the Local Government Fiscal Assistance Fund received or to be received pursuant to the provisions of Public Law 92-512 and that the balance of said appropriation, \$119,311, be raised from the tax levy of the fiscal year.

Departments are hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment.

ARTICLE 12. To see what sum of money the Town will vote to appropriate for the Public Library for the twelve month period beginning July 1, 1975 ;and to act on anything relating thereto.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended":

Library

Salaries & Wages	\$193,636.00
Personnel Article	N/A
Expenses	25,000.00
Equipment	1,900.00
Out-of-State Travel	290.00
Special Items	— — —
Books & Periodicals	39,000.00
TOTAL	\$259,826.00

and that to meet said appropriation the sum of \$246,793 be raised from the tax levy of the fiscal year and the balance of the appropriation \$13,033 be transferred from the available funds as follows:

MARCH MEETING

State aid for libraries account	\$10,196.00
Dog License Fund	\$ 2,837.00

Departments are hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment.

ARTICLE 13. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1975 for the operation, maintenance and improvement of Public Works; and to act on anything relating thereto.

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

Public Works General	\$ 713,607.00
Personnel Article	N/A
Water Operations and Improvements	604,435.00
Personnel Article	N/A
Vehicle Maintenance and Operation	107,306.00
Personnel Article	N/A
Out-of-State Travel	200.00
TOTAL	\$1,425,548.00

The Public Works Department is authorized to spend from the aggregate amounts appropriated the sum of \$712,695, but not more, for salaries and wages and \$39,900, but not more, for new equipment.

To meet the appropriation for Water operations and improvements, the sum of \$215,559 is transferred from the Water Surplus as of June 30, 1974 and the balance raised from the tax levy of the current year.

The Public Works Department is hereby authorized to exchange or trade-in old equipment for the same or similar type of equipment and to sell junk, metal, cast iron and similar material and discarded meters, whether dismantled or not, in the usual course of its operations to furnish additional funds for the purchase of replacement items.

ARTICLE 14. To see what sum the Town will appropriate for maintaining, repairing, improving and constructing ways under the provisions of General Laws, Chapter 90, said sum, or any portion thereof, to be used in conjunction with any money which may be allotted by the State for this purpose; and to act on anything relating thereto.

VOTED: That the sum of \$32,976 be appropriated from available funds to meet the State's share of the cost of said work, the reimbursements from the State to be restored upon their receipt to the treasury.

ARTICLE 15. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1975 for the operation of the several categories classified as Observances of Holidays, Parks, Recreation and Youth Program and to act on anything relating thereto.

Dr. Anne Coghlan, Chairman of the Warrant Committee made a revision in Article 15, Section 2 – Park Department, by removing the item Youth Center, the amount being \$6,300, and placing same under Section 3 – Youth Department, thereby reducing the total of the Park Department Budget to \$121,828 and increasing the Youth Department Budget to \$37,134. There was no change in the Grand Total. The Town Meeting Members voted on the revised Warrant Committee's recommendation.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended".

MARCH MEETING

1.	Observances of Holidays to be Administered by the Board of Selectmen	\$ 1,000.00
	TOTAL	\$ 1,000.00

	Special Items	4,500.00
	Capital Outlay	6,243.00
	Fish Stocking	1,500.00
	Handicapped	6,000.00
	Recreation for Elderly	6,000.00
	TOTAL	\$121,828.00
3.	Youth Department	
	Salaries & Wages	\$ 20,764.00
	Personnel Article	N/A
	Expenses	10,070.00
	Youth Center	6,300.00
	TOTAL	\$ 37,134.00
	GRAND TOTAL	\$159,962.00

Departments are hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment.

ARTICLE 16. To see what sum of money the Town will vote to appropriate for the maintenance and improvement of the Cemetery for the year beginning July 1, 1975; and to act on anything relating thereto.

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

Cemetery		
Salaries & Wages	\$137,150.00	
Personnel Article	N/A	
Expenses	42,460.00	
Equipment	8,915.00	
Out-of-State Travel	175.00	
Development	5,000.00	
Trees & Tree Work	2,500.00	
TOTAL	\$196,200.00	

and that to meet said appropriation the sum of \$124,359 be raised from the tax levy of the fiscal year and the balance of the appropriation \$71,841 be transferred from available funds as of June 30, 1975 as follows:

Proceeds from the sale of burial rights	\$17,365.00
Income on cemetery perpetual care fund	\$54,476.00

Departments are hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment.

ARTICLE 17. To see if the Town will vote to accept a bequest from the Estate of Helen D. McHardy to Milton Cemetery in the amount of \$500.00, the interest from this

MARCH MEETING

fund to be used to provide flowers for Memorial Day on Lot #819 in said Cemetery, and to act on anything relating thereto.

VOTED: That the Town vote "Yes".

ARTICLE 18. To see if the Town will vote to amend Chapter 13 of the General Bylaws, known as the Personnel Administration Bylaw, as follows: By striking out the section "Position Classification – Schedule of Rates" and inserting in place thereof the schedules hereinafter set forth and to appropriate the necessary funds to be added to the salary accounts for the various departments.

VOTED: That the Town vote to amend Chapter 13 of the General Bylaws, known as the Personnel Administration Bylaw, according to the schedules hereinafter set forth and that the sum of \$98,502.00 be appropriated and added to the salary accounts of the departments as set forth in the tabulation annexed hereto.

MARCH MEETING

ARTICLE 19. To see if the Town will determine that a housing authority is needed for the purposes set forth in General Laws, Chapter 121B, Section 3, and vote to provide for the organization of such an authority; and to act on anything relating thereto.

The Moderator stated that at this time Chairman David S. Goldman would report for the Standing Committee on Housing and show slides of housing in various surrounding towns.

VOTED: That the Town vote that it determines that a housing authority is needed in the Town for the provision of housing for elderly persons of low income, and that a housing authority be organized for the purpose of providing housing in the Town for elderly persons of low income, pursuant to the provisions of General Laws, Chapter 121B, Section 3, and that the Selectmen be authorized to appoint four members of such authority to serve only until the qualification of their successors, who shall be elected at the next Annual Town Meeting.

Passed by a Standing Vote of YES---159 NO---94

COMMITTEE

*Robert A Curley, Chrm.	393 Adams St.
*Michael Geller	583 Blue Hills Pkwy.
*Bernice Ahearn	52 Barton Lane
*Herbert G. Stokinger	132 Forbes Rd.
*Elizabeth J. Atkins	11 Horton Place
*Selectmen's Appointments	*Governor's Appointment

The Moderator declared a fifteen minute recess at 4:15 P.M. and reconvened at 4:30 P.M.

ARTICLE 20. To see if the Town will vote to establish a committee of three citizens to be known as the Computer Study Committee to perform the duties listed below and to report annually to the Town Meeting.

The committee shall consist of three citizens to be appointed annually by the Moderator to serve until the succeeding Town Meeting. One member is to be appointed from the School Committee and one from the Town Government Study Committee. Their duties shall be to assist town departments and committees in evaluating the Town's data processing needs and in selecting systems and equipment to meet these needs; and to provide guidance with respect to priorities for computer application and equitable arrangements for cost-sharing among town departments.

VOTED. That the Town vote "YES".

COMMITTEE

Francis J. Kelley, Jr.	41 Centre Lane
Donald Burgess	22 Sias Lane
Paul C. Girouard	11 Heritage Lane

ARTICLE 21. To see what sum of money the Town will vote to appropriate for the support of Schools for the twelve month period beginning July 1, 1975 and to act on anything relating thereto.

Dr. Anne Coghlan, Chairman of the Warrant Committee revised the following figures under Article 21. Schools: Salaries & Wages from \$5,438,736 to \$5,418,736, General Expenses from \$1,061,217 to \$1,028,217, changing the total from \$6,692,313 to \$6,639,313.

MARCH MEETING

The Tax Levy figure change from \$6,652,376 to \$6,599,376. The Town Meeting Members voted on the Warrant Committee's revised recommendation.

VOTED: That the Town appropriate the amounts to be shown in the following tabulation under the heading "Recommended":

Schools

Salaries & Wages	\$5,418,736.00
General Expenses	1,028,217.00
Custodians — Private Work	3,500.00
Out-of-State Travel	4,900.00
Curriculum Development	5,000.00
Summer Education Dev.	11,500.00
School Lunch Program	109,000.00
Summer School Program	2,000.00
Research & Dev.	3,000.00
Vocational Education	53,460.00
	\$6,639,313.00

and that to meet said appropriation the sum of \$6,599,376 shall be raised from the tax levy of the fiscal year and the balance of the appropriation \$39,937 shall be transferred from available funds in the Federal Grant (P.L.874) to Public Schools Account.

The Department is hereby authorized to exchange or trade-in old equipment for the same or similar type equipment.

ARTICLE 22. To see what sum of money the Town will vote to appropriate for Evening Practical Art Courses under the provisions of General Laws Chapter 74, Section 14 for the twelve month period beginning July 1, 1975; and to act on anything relating thereto.

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

Evening Practical Art Courses	\$11,000.00
---	--------------------

ARTICLE 23. To see what sums of money the Town will vote to appropriate for the transportation of pupils within the Town for the period beginning July 1, 1975 and for the reimbursement to parents for pupils who attend private schools outside the Town, said sums to be administered by the School Committee; and to act on anything relating thereto.

A motion was made and seconded to increase the School Bus Transportation from \$253,840 to \$263,840. This motion to amend was lost on a standing vote of Yes 74 — No 161. The vote was taken on the Warrent Committee's recommendation.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended":

School Bus Transportation	\$253,840.00
Reimbursement — Out-of-Town Transportation	— — —
TOTAL	\$253,840.00

ARTICLE 24. To see what sum of money the Town will vote to appropriate for the purpose of supplying clinical services for emotionally disturbed children of Milton through the South Shore Mental Health Association, such sum of money to be administered by the School Committee; and to act on anything relating thereto.

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

South Shore Mental Health	\$6,800.00
-------------------------------------	-------------------

ARTICLE 25. To see if the Town will vote to authorize the Moderator to appoint a Committee of five citizens, one of whom is to be a member of the School Committee, to employ the services of an architect to prepare working drawings, specifications and firm bids for the construction of additional industrial arts facilities at the High School on land now owned by the Town and for the construction, remodeling, rehabilitation and modernization of the existing industrial arts and administration areas as may be required to make them more suitable for industrial arts; said Committee to employ the services of professional consultants as it shall deem necessary or advisable and to report in writing to the Selectmen no later than June 13, 1975; and that a sum to be determined be appropriated for the use of said Committee; to determine how said appropriation shall be raised; and to act on anything relating thereto.

Town Meeting Member Joseph C. Mahoney made a motion to change the work "described" in the recommendation to "providing additional space for the Industrial Arts Department". The motion was seconded. On a voice vote the motion to amend was lost, and the vote was taken on the Warrant Committee's revised recommendation.

VOTED: That the Town authorize the Moderator to appoint a Committee of five citizens to employ the services of an architect for the purposes described in the Article; said Committee to employ the services of professional consultants as it deems necessary or advisable and to report in writing to the Selectmen no later than September 15, 1975; and that \$63,000 be appropriated for the use of said Committee; and that to meet said appropriation the sum of \$63,000 *be transferred from available funds as follows: \$51,545 from the Account of Purchase and Erection of an Industrial Arts Facility; and \$11,455 from the Account for Purchase and Erection of a Physical Education Facility.*

A motion was made and seconded that the Town Meeting be adjourned until next Monday night at 7:30 P.M. The Moderator, Robert K. Lamere, adjourned the meeting at 6:15 P.M.

The Moderator called the Meeting to order at 7:35 P.M. on Monday, March 10, 1975, and announced that a quorum was present.

The Moderator recognized Robert Kahler, who made a motion to reconsider Article 25. This motion was seconded. He also recognized Dr. Anne Coghlan, who reported for the Warrant Committee, stating that the Warrant Committee was against reconsideration of Article 25. On a standing vote of YES—140 NO—84 Article 25 was reconsidered. After a lengthy discussion the Town Meeting Members voted on an amended recommendation on Article 25.

ARTICLE 25. To see if the Town will vote to authorize the Moderator to appoint a Committee of five citizens, one of whom is to be a member of the School Committee, to employ the services of an architect to prepare working drawings, specifications and firm bids for the construction of additional industrial arts facilities at the High School on land now owned by the Town and for the construction, remodeling, rehabilitation and modernization of the existing industrial arts and administration areas as may be required to make them more suitable for industrial arts; said Committee to employ the services of professional consultants as it shall deem necessary or advisable and to report in writing to the Selectmen no later than June 13, 1975; and that a sum to be determined be appropriated for the use of said Committee; to determine how said appropriation shall be raised; and to act on anything relating thereto.

VOTED: That the Town authorize the Moderator to appoint a Committee of five citizens to employ the services of an architect for the purposes described in the Article and *if the Committee so desires, to provide alternate plans, such plans to provide additional industrial arts space entirely within the present high school complex;* said Committee to employ the services of professional consultants as it deems necessary or advisable and to report in writing to the Selectmen no later than September 15, 1975; and that \$63,000 be appropriated for the use of said Committee; and that to meet said appropriation the sum of \$63,000 be transferred from available funds as follows: \$51,545 from the Account for Purchase and Erection of an Industrial Arts Facility; and \$11,455 from the Account for Purchase and Erection of a Physical Education Facility.

MARCH MEETING

COMMITTEE

Paul F. Harrington, Chrm.	58 Indian Spring Rd.
Joseph M. Donahue	120 Reedsdale Rd.
Barry S. Kelliher	30 Sears Rd.
Malcolm M. Kent	18 Kenilworth Rd.
Joseph C. Mahoney	9 Columbine Rd.

The Moderator stated at this time we would hear the reports on Articles 26, 27, 28 and 29.

Dr. Anne Coghlan made a revision in the Warrant Committee's recommendation on Article 26, stating that the appropriation of \$95,000 would be transferred from available funds in the Account for Purchase and Erection of a Physical Education Facility instead of Tax Levy. In Article 27 \$42,000 would be met by transferring \$9,568 from available funds in the Account for the Purchase and Erection of a Physical Education Facility and the balance of \$32,432 be raised from the Tax Levy of the Fiscal Year.

Chairman of the Planning Board, C. Mitchell Draper, Jr., stated that the Planning Board approved Articles 25, 26 and 27.

After a long lengthy discussion the Moderator called a recess at 9:45 P.M. and reconvened at 10:00 P.M.

ARTICLE 26. To see if the Town will vote to authorize the Moderator to appoint a Committee of five citizens, one of whom is to be a member of the School Committee, to employ the services of an architect to prepare working drawings, specifications and firm bids for the construction of eight classrooms and ancillary facilities at Glover School on land now owned by the Town and for the construction, remodeling, rehabilitation and modernization as may be required to render that school more suitable as a three-unit elementary school; said Committee to employ the services of professional consultants as it shall deem necessary or advisable and to report in writing to the Selectmen no later than June 13, 1975; and that a sum to be determined be appropriated for the use of said Committee; to determine how said appropriation shall be raised; and to act on anything relating thereto.

VOTED: That the Town authorize the Moderator to appoint a Committee of five citizens to employ the services of an architect for the purposes described in the Article; said Committee to employ the services of professional consultants as it deems necessary or advisable; and to report in writing to the Selectmen no later than September 15, 1975; and that \$95,000 be appropriated for the use of said Committee; and that to meet said appropriation the sum of \$95,000 *be transferred from available funds in the Account for Purchase and Erection of a Physical Education Facility.*

Defeated on a Standing Vote YES --- 113 NO --- 120.

Twenty-five Town Meeting Members stood up requesting a Roll Call Vote.

Motion was defeated by Roll Call Vote YES --- 114 NO --- 122.

ARTICLE 27. To see if the Town will vote to authorize the Moderator to appoint a Committee of five citizens, one of whom is to be a member of the School Committee, to employ the services of an architect to prepare working drawings, specifications and firm bids for the construction of kitchen facilities, expansion of kindergarten and library facilities at the Tucker School on land now owned by the Town and for other modernization, rehabilitation or reconstruction as may be required to make this a more suitable elementary school; said Committee to employ the services of professional consultants as it shall deem necessary or advisable and to report in writing to the Selectmen no later than June 13, 1975; and that a sum to be determined be appropriated for the use of said Committee; to determine how said appropriation shall be raised; and to act on anything relating thereto.

MARCH MEETING

VOTED: That the Town authorize the Moderator to appoint a Committee of five citizens to employ the services of an architect for the purpose described in the Article; said Committee to employ the services of professional consultants as it deems necessary or advisable; and to report in writing to the Selectmen no later than September 15, 1975; and that \$42,000 be appropriated for the use of said Committee; and that to meet said appropriation the sum of \$9,568 *be transferred from avail funds in the Account for the Purchase and Erection of a Physical Education Facility and the balance of the appropriation, \$32,432, be raised from the tax levy of the fiscal year.*

Defeated by a Standing Vote of YES--77 NO--154.

ARTICLE 28. To see if the Town will approve planning the construction, original equipping and furnishing of an addition and alteration to the Cunningham Junior High School and Collicot Elementary School on land now owned by the Town; to see what sum of money, not to exceed \$90,000 the Town will vote to appropriate for the foregoing purpose; to determine how said appropriation shall be raised, whether by appropriation of unused funds or other monies, by borrowing or otherwise; and in connection with the planning described above, to see if the Town will authorize the Moderator to appoint a committee of five citizens to employ the services of an architect to prepare working drawings and specifications, to employ the services of such other professional consultants as the committee shall deem advisable, to advertise and secure bids, and to report to the Selectmen no later than November 13, 1975, all in the name and behalf of the Town; and to act on anything relating to the foregoing.

Dr. Anne Coghlan read a new recommendation from the Warrant Committee as follows: "Recommended that the Town vote YES and that to meet said appropriation the sum of \$90,000 be raised from the tax levy of the fiscal year."

Town Meeting Member Thomas O'Connor made a motion that the sum of \$90,000 be changed to \$15,000. This motion was seconded, and on a standing vote of YES--99 NO--131 the motion to amend was lost and the Town Meeting Members voted on the revised recommendation.

VOTED: That the Town vote YES and to meet said appropriation the sum of \$90,000 be raised from the tax levy of the fiscal year.

Motion defeated on a voice vote.

ARTICLE 29. To see if the Town will vote to authorize the construction, equipping and furnishing of a three-story addition to the Tucker School, which is to consist of four (4) classrooms, cafeteria, serving room, counseling and special education rooms, elevator and stairway and toilet facilities, for a total of eleven thousand five hundred and twenty (11,520) square feet of new construction space; and to repair and renovate the existing structure which is presently known as the Tucker School as may be required by law; to see what sum of money the Town will appropriate for said project; to determine how the appropriation will be raised; and further to see if the Town will authorize the Moderator to appoint a committee of five (5) citizens to employ the services of an architect, to advertise

MARCH MEETING

and secure bids, to let a contract or contracts; and to supervise the construction, equipping and furnishing of said three-story addition, all in the name and on behalf of the Town, and to act on anything thereto.

VOTED: That there be authorized the construction, equipping and furnishing of a three-story addition to the Tucker School, consisting of four classrooms, cafeteria, serving room counselling and special education rooms, elevator, stairway and toilet facilities, for a total of 11,520 square feet of new construction space; and to repair and renovate the existing structure as may be required by law; and

That the sum of \$850,000.00 be appropriated to meet the cost of constructing, equipping, furnishing, repairing and renovating said Tucker School. and to meet said appropriation, the sum of \$100,000.00 be obtained from the tax levy and that the Treasurer of the Town be authorized and directed to sell Bonds of the Town, aggregating not more than \$750,000.00 in principal amount, under the authority of the General Laws of Massachusetts and any other enabling authority; and that the dates of maturity of each issue of bonds shall be such that the loan represented by that bond issue shall be payable in its entirety in not less than ten (10) years or more than twenty (20) years from the date of that issue; and

That the Moderator be authorized to appoint a committee of five (5) citizens to employ the services of an architect to advertise and secure bids, to let a contract or contracts and to supervise the construction, equipping, furnishing, repairing and renovating of said Tucker School, all in the name of and on behalf of the Town.

Defeated on a Standing Vote YES—99 NO—131.

Town Meeting Member William A. Reilly, Jr., made a motion to reconsider Article 27. This motion was seconded. On a standing vote of YES—139 NO—80 the motion to reconsider carried.

Town Meeting Member Joseph Mahoney made a motion to amend Article 27. This motion was seconded. Motion to amend was lost on a voice vote and the vote was taken on the Warrant Committee's revised recommendation.

VOTED: That the Town authorize the Moderator to appoint a Committee of five citizens to employ the services of an architect for the purpose described in the Article; said Committee to employ the services of professional consultants as it deems necessary or advisable; and to report in writing to the Selectmen no later than September 15, 1975; and that \$42,000 be appropriated for the use of said Committee; and that to meet said appropriation the sum of \$9,568 *be transferred from available funds in the Account for the Purchase and Erection of a Physical Education Facility and the balance of the appropriation, \$32,432, be raised from the tax levy of the fiscal year.*

Passed by a Standing Vote YES—149 NO—73.

School Committeeman David Jeffries made a motion, which was seconded to reconsider Article 26. On a Standing Vote of YES--97 NO--130 the motion to reconsider Article 26 was lost.

A motion was made and seconded to adjourn until Tuesday, March 11, 1975, at 7:30 P.M. at the Milton High School. The Moderator, Robert K. Lamere, adjourned the Meeting at 11:55 P.M.

There were forty-six (46) Town Meeting Members absent from the adjourned Town Meeting, March 10, 1975.

Precinct 1. -- John R. Avery, Desmond M. Collins, George W. Collins, John J. Cummings, Charles H. DeSt Croix, Harry W. Devitt, Andrew J. Donahue, III, J. David Fine, Norman E. Kingsbury, James W. Knight, Paul R. McNaughton, Arthur L. Timmins,

Precinct 2. -- Newton S. Baker, Jean M. Creedon, Joseph S. Creedon, John F. Fitzgerald, Jr., Paul P. Joyce, Robert F. Joyce, William A. Murdoch, Richard G. Ogar,

Precinct 3. -- Robert J. Fallon, Clifton L. Fasch, Russell S. Hadlock.

Precinct 4. -- Joseph V. Aieta, Walter E. Carroll, Jr., Phillip Lemelman,

Precinct 5. -- George M. Bartol, Harry E. Carlson, Richard B. Chapman, Steven Delaney, Edward Dyson, Joseph C. Gallagher, Thomas P. McSharry, John J. Ryan, Jr., Chester Vincent Vappi, Edward E. Wendell,

Precinct 6. -- Robert J. Bent, Paul J. Mason, Charles L. Metrakas, Paul F. Ochs, Robert J. Tangney,

Precinct 7. -- Philip E. Casey, Joseph F. Duggan, Jr., Robert E. Foster, Donald J. White, and Stewart Williams.

The Moderator called the Meeting to order at 7:35 P.M. on Tuesday, March 12, 1975, and announced that a quorum was present.

ARTICLE 30. To see if the Town will vote to amend Chapter 10 of General Bylaws by adding a new Section known as Section III, B, 2 as follows:

Swimming Pools -- A permit is required for the construction of a swimming pool, which is an accessory structure subject to the provisions of this chapter. Any pool over twenty-four inches deep shall be fenced by a chain link fence at least four feet high or a stockade type fence at least five feet high with a self-latching gate or an equivalent enclosure or means of protection from access to the pool. No swimming pool shall be erected or constructed within twelve feet of any existing building nor within eight feet of the boundary lines of any lot; and to act on anything relating thereto.

MARCH MEETING

PLANNING BOARD'S REPORT

March 7, 1975

Report to the Town Meeting 1975
Re: Article 30, 1975 Town Warrant
To the Citizens of the Town of Milton:

In accordance with Section XII of Chapter 10 of the General By-Laws of the Town of Milton having to do with Zoning, the Planning Board held a Public Hearing on *February 27, 1975*, after due notice, to consider whether said Chapter 10 should be amended with respect to "Swimming Pools."

The Planning Board recommends that the Town vote to amend Chapter 10 of the General By-Laws exactly as set forth in this Article.

Respectfully submitted,

MILTON PLANNING BOARD
C. MITCHELL DRAPER, JR., Chairman
PATRICK H. DONAHUE, Secretary
J. WILLIAM DOLAN, M.D.
RICHARD C. FITZGERALD
ROBERT L. HOY

VOTED: That the Town Vote "YES".

UNANIMOUS VOTE

Boston, Mass. The foregoing amendment to Chapter 10 approved by the Attorney General April 18, 1975.

ARTICLE 31. To see if the Town will vote to amend Chapter 6, Section 10 of the General Bylaws by inserting after the word "Town" in line 5 thereof the following:

except that nothing in this section shall be construed to prohibit the Selectmen or Chief of Police from permitting the use of bicycles upon any sidewalk in the Town, outside business districts, which may by them be specifically designated for such use, provided public notice of such designation shall have been made in the interests of safety.

and to act on anything relating thereto.

VOTED: That the Town vote "YES"

MOTION CARRIED

Boston, Mass. The foregoing amendment to Chapter 6 adopted under Article 31 approved by the Attorney General April 18, 1975.

MARCH MEETING

ARTICLE 32. To see if the Town without the assessment of betterments and without making an appropriation will vote to accept the following streets as Town Ways, as laid out by the Selectmen.

APPLE LANE (Canton Avenue to end)
GARDEN STREET (Public Portion to Milton/Quincy Line)
HUNTINGTON ROAD (Public Portion to Garden Street)
COLONIAL ROAD (Whittier Road to Old Farm)
OLD FARM ROAD (Cul-de-sac to Fox Hill Lane)

and to act on anything relating thereto.

VOTED: That the Town vote "YES."

ARTICLE 33. To see if the Town without the assesment of betterments and without making an appropriation will vote to accept the following street as a Town Way, as laid out by the Selectmen.

COREY LANE (Canton Avenue to end)

and to act on anything relating thereto.

VOTED: That the Town vote "NO"

ARTICLE 34. To see if the Town will vote to authorize the Board of Selectmen in the name and on behalf of the Town to sell and convey a parcel of land on the Northeasterly side of Quarry Lane to William H. Murphy and Dorothy A. Murphy of Milton, said parcel being bounded and described substantially as follows:

SOUTHWESTERY	By Quarry Lane, 25 feet;
NORTHWESTERLY	By lot 11 on a plan hereinafter referred to, 113.75 feet;
NORTHEASTERLY	By land of the Town of Milton, 26,99 feet; and
SOUTHEASTERLY	By land of the Town of Milton, 103.58 feet.

Containing 2716.70 square feet of land according to said plan. Said parcel is shown as Lot 11A on a plan entitled "Plan of Land, Milton, Massachusetts" dated March, 1975 by Lawrence W. DeCelle, Jr., Town Engineer, a copy of which plan is one file in the office of the Board of Selectmen.

Amendments to the General Bylaws passed at the Annual Town Meeting held March 8, 1975, were sent to the Attorney General on March 28, 1975. These amendments were approved by the Attorney General on April 18, 1975 and were posted May 8, 1975 at 11:00 A.M.

Amendment to the General Bylaws, Chapter 10, known as the Zoning Bylaw, added a new Section to be known as Section III, B.2 Swimming Pools. This section requires a permit be obtained for the construction of a swimming pool and includes the regulations for the construction of same. This amendment was adopted under Article 30.

Amendment to General Bylaws, Chapter 6, known as Police Regulations, Section 10, inserted after the word "TOWN" in line 5 the following: "except that nothing in this section shall be construed to prohibit the Selectmen or Chief of Police from permitting the use of bicycles upon any sidewalk in the Town, outside business districts, which may by them be specifically designated for such use, provided public notice of such designation shall have been made in the interest of safety." This amendment was adopted under Article 31.

No Bylaw becomes effective until after the approval of the Attorney General and publication as provided by General Laws. (Ter. Ed.) Chapter 40, Section 22.

The Bylaw changes have been published in a Town Pamphlet, copies of which have been posted in public places in each precinct of the Town. Therefore, the Bylaw changes are in effect.

SPECIAL TOWN MEETING WARRANT

NOVEMBER 6, 1975

Commonwealth of Massachusetts)
County of Norfolk) ss.

To any of the Constables of the Town of Milton in said County:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Town affairs to meet at the Milton High School Auditorium on Brook Road in said Milton on Thursday, the sixth day of November next, at 7:30 o'clock in the evening, then and there to act upon the following Articles to wit:

Articles 1 through 3 inclusive, appearing in regular type on pages 7 and 8.

And you are directed to warn said inhabitants qualified as aforesaid to meet as the times and places and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the Post Offices of said Town seven days at least before the sixth day of November and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said sixth day of November.

Given under our hands at Milton the Second day of October, Nineteen Hundred and Seventy-five,

(Signed) JAMES D. COLT
JOHN P. LINEHAN
RALPH L. KENT
BOARD OF SELECTMEN

Commonwealth of Massachusetts)
County of Norfolk) ss.

Pursuant to the within Warrant, I have notified the inhabitants of the town of Milton as herein directed to meet at the time and place and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town on October 30, 1975 and leaving attested copies at the dwellings of the inhabitants.

(Signed) JOHN E. WHEARTY
CONSTABLE OF MILTON

The Warrant was posted in the Post Offices at East Milton and Milton Village on October 30, 1975, and was filed in the Town Clerk's Office November 5, 1975. The Warrant was delivered to the homes of the inhabitants on October 30, 1975.

SPECIAL TOWN MEETING

· NOVEMBER 6, 1975

The Special Town Meeting held at the Milton High School Auditorium was opened at 7:30 P.M. by the Moderator, Robert K. Lamere. Those present stood while Rev. Father John O'Donnell, from St. Mary of the Hills Church delivered the invocation.

The Moderator read the names of the following Town Meeting Members who had died since the last Annual Town Meeting: Francis C. Bates and Andrew J. Donahue, Sr. The Town Meeting Members stood for a moment of silence.

The Moderator checked with the Town Clerk as to the attendance and announced that a quorum was present. Forty-five (45) Town Meeting Members were absent as follows:

Precinct 1. — Murray D. Cole, George W. Collins, Charles H. DeSt. Croix, Harry W. Devitt, Andrew J. Donahue, III, Norman E. Kingsbury, James W. Knight, Paul R. McNaughton, Arthur L. Timmins,

Precinct 2. — Newton S. Baker, Robert J. Dunn, Jr., John F. Fitzgerald, Jr., John F. Ganley, Jr., Robert F. Joyce, Albert J. Kelley, John T. Landry,

Precinct 3. — John L. Bremer, 2nd., Robert H. Culver, Robert J. Fallon, Joseph W. Horak, Catherine L. Molloy, John M. Murphy, Eric Pierce,

Precinct 4. — John W. Kenney, Philip Lemelman,

Precinct 5. — George M. Bartol, Richard B. Chapman, Lawrence W. DeCelle, Jr., Steven Delaney, Charles Devens, James F. Dinneen, Edward Dyson, Thomas A. Likos, Frank T. Noonan, Chester Vincent Bappi,

Precinct 6. — Robert J. Bent, Kenneth G. Caldwell, Edward F. Coughlin, Daniel F. Marr, Jr., Paul J. Mason, Paul F. Ochs,

Precinct 7. — Robert E. Foster, M. Joseph Manning, Stewart Williams, Kevin F. O'Connor.

Permission was given to certain members of Boards and Committees who were not Town Meeting Members to sit with the Town Meeting Members with no right to vote.

ARTICLE 1. To see if the Town will vote to authorize a school project consisting of: the construction of an addition to the Industrial Arts facilities at the Milton High School and the remodeling, rehabilitation and modernization of the existing Industrial Arts facilities and the adjacent former administrative areas at the Milton High School, for Industrial Arts and office purposes, and to equip properly the Industrial Arts facilities, all substantially in accordance with the plans prepared under the direction of the Milton High School Industrial Arts Study Committee; and to see what sum of money the Town will vote to appropriate for the foregoing purposes, and to determine how said appropriation shall be raised; and further to see if the Town will authorize the Moderator to appoint a Committee of five citizens to supervise said project in the name and behalf of the Town and to take any other action required to carry out and complete said school project; and to act on anything relating to the foregoing.

The Moderator presented Paul F. Harrington, Chairman of the Milton High School Industrial Arts Study Committee, who presented the plans for the Industrial Arts Space at Milton High School.

The Moderator recognized Dr. Anne E. Coghlan, Chairman of the Warrant Committee, who read the Warrant Committee's amended recommendation. The Town Meeting Members voted on the Amended Recommendation.

SPECIAL TOWN MEETING

VOTED: That the Town vote to authorize a school project consisting of the construction, original equipping and furnishing of an addition to the Industrial Arts facilities at the Milton High School and the reconstruction, remodeling, rehabilitation and modernization of the existing Industrial Arts facilities and the adjacent former administrative areas at the Milton High School, for Industrial Arts and office purposes, all substantially in accordance with the plans prepared under the direction of the Milton High School Industrial Arts Study Committee; that the sum of \$396,000 be appropriated to meet the cost of said project, and that to meet said appropriation the sum of \$7,225.02 be transferred from the Account for High School Addition Construction, the sum of \$13,372.92 be transferred from the Account for Remodeling Senior High School (Library), the sum of \$25,402.06 be transferred from available funds, and the Town Treasurer, with the Approval of the Board of Selectmen, be authorized to borrow the sum of \$350,000 under and pursuant to the provisions of Chapter 645 of the Acts of 1948, as amended, or under the provisions of General Laws, Chapter 44, Section 7, Clauses (3) and/or (3A), as amended, or under any other applicable provision of law; and that the Moderator be authorized to appoint a Committee of five citizens to supervise construction of said school project and to purchase equipment therefor, and in that connection to act as an awarding authority, to enter into contracts and agreements, and to take any other action required to carry out and complete said project, all in the name and on behalf of the Town.

UNANIMOUS VOTE

COMMITTEE

Paul F. Harrington, Chrm.	58 Indian Spring Road
Joseph M. Donahue	120 Reedsdale Road
Barry S. Keliher	30 Sears Road
Malcolm M. Kent	18 Kenilworth Road
Joseph C. Mahoney	9 Columbine Road

ARTICLE 2. To see if the Town will vote to authorize a school project consisting of: the renovation, construction, equipping, and furnishing of the Tucker School, all substantially in accordance with the plans prepared under the direction of the Tucker School Building Committee; and to see what sum of money the Town will vote to appropriate for the foregoing purposes, and to determine how said appropriation shall be raised; and further to see if the Town will authorize the Moderator to appoint a Committee of five citizens to supervise said project in the name and on behalf of the Town, and to take any other action required to carry out and complete said school project; and to act on anything relating to the foregoing.

The Moderator presented J. Murray Regan, Jr., Chairman of the Tucker School Study Committee, who presented the plans for the Tucker School Project.

The Moderator recognized Dr. Anne E. Coghlan, Chairman of the Warrant Committee, who read the Warrant Committee's amended recommendation. The Town Meeting Members voted on the Warrant Committee's Amended Recommendation.

VOTED: That the Town vote to authorize a school project consisting of: the construction, original equipping, and furnishing of an addition or additions to the Tucker School and the reconstruction, remodeling, rehabilitation and modernization of the present Tucker School all substantially in accordance with the plans prepared under the direction of the Tucker School Building Committee; that the sum of \$515,000 be appropriated to meet the cost of said project and that to meet said the sum of \$5,389 be transferred from the Account for Glover School Addition Construction, the sum of \$13,387.25 be transferred from the Account for Collicot School Addition, the sum of \$21,223.75 be transferred from available funds and the Town Treasurer, with the approval of the Board of Selectmen be authorized to borrow the sum of \$575,000 under and pursuant to the provisions of Chapter 645 of the Acts of 1948, as amended, or under the provisions of General Laws, Chapter 44, Section 7, Clauses (3) and/or (3A), as amended, or under any other applicable provisions of law; and that the Moderator be authorized to appoint a Committee of five citizens to supervise construction of said school project and to

APPOINTMENTS MADE BY THE MODERATOR IN 1975

The Moderator, Robert K. Lamere, made the following appointments to the various Boards and Committees in the Town of Milton:

March 19, 1975. Industrial Arts Space Committee (High School) authorized under Article 25 of the Warrant of the March 1975 Annual Town Meeting:

INDUSTRIAL ARTS SPACE COMMITTEE

Paul F. Harrington	58 Indian Spring Road
Joseph M. Donahue	120 Reedsdale Road
Barry S. Kelliher	30 Sears Road
Malcolm M. Kent	18 Kenilworth Road
Joseph C. Mahoney	9 Columbine Road

March 19, 1975. Tucker School Committee authorized under Article 27 of the Warrant of the March 1975 Annual Town Meeting:

TUCKER SCHOOL COMMITTEE

Julius Doliner, Chrm.	56 Smith Road
Jane B. Barbour	581 Harland Street
*Bernard McCabe	186 Granite Avenue
Robert C. Oldfield	270 Hillside Street
J. Murray Regan, Jr.	77 Blue Hill Terrace St.
#Thomas E. Goode	1435 Canton Avenue

*Resigned March 27, 1975

#Appointed March 27, 1975

March 22, 1975. Joseph L. Cotter, 10 Alden Road, appointed as an Associate Member of the Board of Appeals to serve for a period of three years until 1978 and such time as his successor is duly appointed and qualified.

March 22, 1975. Carroll P. Sheehan, 97 Wendell Park, as a Member of the Board of Appeals to serve for a period of three years until 1978 and such time as his successor is duly appointed and qualified.

March 27, 1975. Thomas E. Goode, 1435 Canton Avenue to the Committee authorized under Article 27 of the Warrant for the March, 1975 Annual Town Meeting to fill a vacancy caused by the resignation of Bernard McCabe, who is moving from Milton.

April 10, 1975. Legislative Committee authorized under Article 6 of the Warrant of the March, 1975 Annual Town Meeting.

LEGISLATIVE COMMITTEE

Robert D. O'Leary, Chairman	45 Spruce Street
James Dinneen	21 Hilltop Street
Michael F. Farrington	112 Dyer Avenue
Philip Lemelman	33 Wendell Park
Kevin Hern	77 Clifton Road

April 29, 1975. John C. Storey, 1383 Brush Hill Road, as an Associate Member of the Board of Appeals to fill the vacancy caused by the resignation of Frank B. Frederick, 45 Morton Road, and to serve for the remainder of the unexpired term of Mr. Frederick until 1977.

April 29, 1975. Michael B. O'Toole, 87 Cary Avenue, to the Permanent Insurance Committee to serve for a period of three years until 1978 and until his successor is duly appointed and qualified.

APPOINTMENTS MADE BY THE
MODERATOR IN 1975

April 29, 1975. Standing Committee on Housing, Article 1, authorized under Article 1 of the Warrant for the November 1969 Special Town meeting to serve for a period of three years until 1978, two members.

Susan B. Cabot
John L. Woods

325 Hillside Street
72 Reservation Road

April 29, 1975. Town Government Study Committee, three members to serve until the final adjournment of the 1978 Annual Town Meeting and until their successors have been duly qualified and appointed.

Harriett O. Nelson
Herbert Lemelman
Roger L. Gregg

4 Stoddard Lane
32 Frothingham Street
427 Hillside Street

May 29, 1975. Computer Study Committee, Article 20, authorized at the March, 1975 Town Meeting.

Francis J. Kelley, Jr., Chairman
Donald Burgess
Paul C. Girouard

41 Centre Lane
22 Sias Lane
11 Heritage Lane

May 29, 1975. John J. O'Brien, 96 Ridge Road, appointed as a member of the Personnel Board of the Town to serve for a period of five years until 1980.

May 29, 1975. Manuel S. Lato, 54 Landon Road, appointed as a member of the Personnel Board of the Town to fill the vacancy caused by the resignation of Walter S. Dennis, and to serve for a period of four years until 1979.

May 29, 1975. James D. Fitzgerald, 646 Canton Ave., appointed as Chairman of the Personnel Board of the Town of Milton.

May 29, 1975. Warrant Committee appointed for the term of one year:

Dr. Anne E. Coghlan, Chrm.	65 Belcher Circle

REPORTS OF SPECIAL COMMITTEES

REPORT OF THE WARRANT COMMITTEE FOR THE ANNUAL TOWN MEETING

INTRODUCTION

The budgets presented in this warrant cover the period July 1, 1975 to June 30, 1976, the second fiscal year cycle.

The format of this year's warrant is slightly different from past years. The comments on selected, individual articles, with the exception of commentary on School Building Articles, appear immediately following recommendations.

The budgetary articles show the amounts appropriated by the 1974 Town Meeting for comparison with recommendations for 1975-76. To highlight the impact of the 1974 Personnel Article, the dollar amounts added are shown on a separate line just below Salaries & Wages.

The Personnel Article (18) in this warrant does not contain the new Schedule of Rates for 1975-76. These figures, which are determined after completion of Union negotiations, were not available at the time of printing.

Table 3 in the back of the Warrant provides comparative data for each Article and shows trends in expenditures by department. The Public Works Department is in the second year of program budgeting and the complete schedule of this department is presented in Table 4.

The Warrant Committee is very much concerned about the escalating tax rate. In the fall, it issued a policy statement urging all departments to stay at or below the levels of the current fiscal year. Examination of totals recommended for 1975-76 will show that the majority of budgets are slightly below the total amounts appropriated in 1974-75. These decreases are due largely to the consistent efforts of those preparing budgets for their departments.

The Warrant Committee is predicting a rise in the tax rate to approximately \$167/1,000, an increase of \$5 over last year. The principal constituent of the increase is the rise in the School Budget, in part in estimated salaries and in part in general expenses. This section of the School Budget is an area in which the Town Meeting has no practical control. Under State Law, if the Town Meeting fails to vote the budget of the School Committee (Article 21), the School Committee can enforce its will on the Town in Court. For comparisons of amounts appropriated and tax rate effects for the last 10 years see Table 6.

Under the new fiscal year cycle, departments are required to prepare budgets and the Warrant Committee to recommend appropriations within a few months of the start of the fiscal year. There is no way to compare actual expenditures for the previous budget year with those being recommended for the next year. It is the opinion of the Warrant Committee that the regular Town Meeting should be moved closer to the end of the fiscal year.

SCHOOL BUILDING CONSTRUCTION ARTICLES (Articles 25-29)

This Warrant contains five articles regarding school construction, three submitted by the School Committee and two submitted by citizens of the Town, these Articles being as follows:

- | | |
|------------|--|
| Article 25 | High School Industrial Arts Building Committee Appropriation |
| Article 26 | Glover School Building Committee Appropriation |
| Article 27 | Tucker School Building Committee Appropriation |
| Article 28 | Cunningham Junior High/Collicot Appropriation Petition |
| Article 29 | Tucker School Addition Appropriation Petition |

REPORT OF THE WARRANT COMMITTEE

After reviewing the above Articles, the Warrant Committee recommends approval of the three Articles (#25, #26 and #27) submitted by the School Committee which authorize plans for the construction of Industrial Arts facilities, additional elementary space at the Glover School, and kitchen facilities and modernization at the Tucker School.

In view of the continued need in the schools for additional classroom space and modernization, and the realization that a major building program would not be acceptable to the Town, the School Committee proposes to institute a three year plan to improve the Milton Schools at reduced cost. The Articles they submitted this year are the first step in a plan they estimate will cost 4.5 to 5 million dollars. Consideration was given to the construction of a new elementary school on the Hillside Street site, as part of the overall program, but this would have resulted in increased construction costs as well as additional staff. The proposed Articles appear to be a practical solution to current and projected space needs. If approved, the resultant plans would be presented to a Special Town Meeting in the fall of 1975 to request funding to proceed with the actual construction, alterations, and improvements specified in these Articles. The School Committee advises that the work involved in these Articles should be acceptable for State Aid at up to 50%.

The articles submitted by Citizen' Petitions (#28 and #29) requesting planning and construction at Cunningham/Collicot and Tucker are not part of a comprehensive program, and it is unlikely that State reimbursement would be available to help cover the cost of these programs. This is the primary reason for the Warrant Committee recommendation of a "No" vote on these two Articles.

COST AND TAX RATE EFFECT

For reference, the estimated costs of these three building programs are listed below, together with the amounts recommended for the use of the building committees' at this time:

	Construction	Planning	Tax Rate Effect (Planning only)
Article 25	\$ 700,000	\$ 63,000	\$0.83
Article 26	\$1,400,000	\$ 95,000	\$1.25
Article 27	\$ 400,000	\$ 42,000	\$0.55
Total	\$2,500,000	\$200,000	\$2.63/\$1,000*

**Based upon \$1 tax rate effect/\$76,000. dollars assessed value.*

The amount of \$200,000 recommended to fund these Articles, is more than required by prior Articles pertaining to School Building Committees, because a major portion of the architects' fees must be paid in order to obtain working drawings and firm bids. The tax rate effect of the proposed construction costs would depend on the actual bids received, the length of any bond issue, and the interest rate. If the total program was approved at a cost of \$2,500,000, with borrowing over a 10 year period at 5.5% and assuming State aid at the rate of 50% on the entire program, the tax rate effect would be as follows:

Principal	Interest	Total	Net after State Aid	Average effect on Tax Rate
\$2,500,000	\$756,250	\$3,256,250	\$1,628,125	\$2.14/\$1,000.

The maximum tax rate effect would be in the initial years of the bond issue.

The estimated costs of the Articles concerning Cunningham/Collicot and Tucker additions and modernization are as follows:

REPORT OF THE
WARRANT COMMITTEE

	Construction	Planning	Tax Rate Effect (Planning)
Article 28	\$1,400,000	\$90,000	\$1.20/1,000
Article 29	\$ 900,000	—	—

Article 29 would require funding by a bond issue or direct tax levy if approved at this time. As neither project is likely to receive State aid, the tax rate effect of the necessary bond issues for construction would be a direct burden on the Town.

ESTIMATED TAX RATE

Table 1 shows the detail of our tax rate estimate for 1975/1976 which totals \$167 or an increase of 3.1% over the current rate of \$162.

This estimated rate is based upon the level of spending recommended in this report which represents a reduction from the 1974/1975 Town Meeting appropriations. It must be emphasized, however, that your Warrant Committee has made no recommendation for pay raises for fire, police and public works employees engaged in collective bargaining and other town employees who are subject to the Personnel Board.

This tax rate assumes no major changes in State funding of existing programs, and the continuation of our current share of MBTA costs. Anticipated receipts of Motor Vehicle Excise taxes have realistically been set at \$900,000 to reflect the current trends of new car sales upon the tax base of the Town.

Despite the numerous number of estimates which must be used in formulating an estimated tax rate in January — prior to the release of the State Cherry Sheet or any hard data on State assessments or distributions — we are confident that the rate shown will be reasonably close to the rate set by the Board of Assessors in August.

CONCLUSION

The chairman thanks the committee for their generous expenditure of time and talent, the clerk for her faithful and valuable service, and our families for their patience and understanding while this committee was at work.

Respectfully, submitted,

REPORT OF THE
WARRANT COMMITTEE

REPORT OF THE WARRANT COMMITTEE

INTRODUCTION

The Warrant Committee hereby submits its recommendations on the Articles in the Warrant for the Special Town Meeting of November 6, 1975, as required by Chapter 3, Section 4, of the General Bylaws of the Town of Milton, Massachusetts.

Articles 1 and 2 have been submitted by study committees appointed pursuant to Articles 25 and 27 of the Warrant for, and approved by the March 1975 Annual Town Meeting. The two Articles seek authorization: to build an addition to the Industrial Arts facilities and to renovate the recently vacated administrative offices at the High School for industrial arts purposes; and to renovate and remodel substantially the Tucker School. Article 3 is submitted to provide an appropriation of funds to cover the costs of issuing bonds for the two proposed construction projects.

The Warrant Committee recommends a "YES" vote on each of the Articles since they address pressing needs of the Milton educational system.

BACKGROUND

Articles 25 and 27, passed overwhelmingly at the March Town Meeting, represented the culmination of several years of effort by the School Committee to upgrade the Milton Public Schools. Three times in recent years the Town Meeting rejected proposals to construct new high school facilities. Accordingly, the School Committee, in March, proposed as an alternative that the most critical areas of concern be addressed directly in a three phase plan, within the format of the existing physical plan.

As phase one of its plan, the School Committee proposed that the industrial arts facilities of the High School be expanded (Article 25), that an eight room addition be affixed to Glover School (Article 26), and that Tucker School (Article 27) be renovated, reducing the number of classrooms while providing desirable ancillary facilities, comparable to those at the other elementary schools in the Town.

The industrial arts facilities were given a first priority since in their present condition they are inadequate educationally and unsafe. Tucker School as well has many shortcomings which in recent years were allowed to exist in anticipation of the likely closing of the school if a new high school were built. With the rejection of the proposals for a new high school, it was felt that Tucker School also required early consideration of its problems. As a portion of the School Committee's plan for solving Tucker School problems, it was proposed to build the addition to Glover School and to transfer a number of students there.

The Town Meeting rejected the Glover School proposal (Article 26) but passed the Industrial Arts and Tucker School proposals (Articles 25 and 27). Study committees were appointed which have prepared detailed plans and specifications for the two projects, with cost estimates for each, and have reported to the Selectmen as required.* Firm bids have also been solicited for these projects and are expected to be available at the time of this Special Town Meeting.

**See Committee Reports: Industrial Arts, page 9; Tucker School, page 14.*

INDUSTRIAL ARTS FACILITIES

The Industrial Arts Article (Article 1) proposes the appointment of a building committee which would be authorized to build an addition to the High School Industrial Arts facilities and to renovate for industrial arts and office purposes the adjacent, now vacated, former administrative office of the School Department. The Article also authorizes equipping the facilities. The floor plans of the facilities as they currently exist and as they would be modified are shown in Plate 1, page 19, of this Warrant. The plan includes an office for an administrator, now located at the opposite end of the building, and provides an

REPORT OF THE WARRANT COMMITTEE

element of supervision in the new wing, missing since the move of the offices of the Superintendent to the Ladd property.

In March, when the Town Meeting approved Article 25, it was expected that the Industrial Arts project would cost about \$700,000. As planning has progressed, the cost estimates have been reduced to the extent that it is now anticipated the required appropriation will be \$475,000. This amount is subject to revision, possibly upward, and is dependent upon the bids presently being solicited. The Study Committee deserves commendation for its cost-conscious approach.

TUCKER SCHOOL RENOVATIONS

The Tucker School Article (Article 2) proposes the appointment of a building committee which would be authorized to renovate, equip and furnish the Tucker School. The floor plans of the school as they currently exist and as they would be modified are shown in Plates 2 and 3, page 20 and 21 of this Warrant.

The Tucker Committee initially faced a seemingly impossible task. Since the Glover School addition (Article 26) had been defeated, the number of classrooms in Tucker School could not be reduced as proposed by the School Committee, and added facilities could not be constructed outside the existing building without impinging on what is already an overly small site. The solution proposed by the Committee is to build a separate gymnasium over the existing auditorium which will then be used for kitchen, cafeteria and library facilities. Enclosing recesses in the building provides space for ancillary facilities required by various codes. Moving non-load bearing walls will enlarge various rooms to more suitable sizes. The net result will be 2 kindergartens and a total of 17 classrooms, one less classroom than the total suggested in the combined Tucker-Glover proposals (Articles 26 and 27).

The estimated cost of the Tucker project is \$630,000. As with the Industrial Arts proposal, the estimate is subject to revision, possibly upward, and is dependent upon bids presently being solicited. The current estimate is higher than the \$400,000 estimated at the March Town Meeting, principally due to two factors: (1) the higher than anticipated costs of code compliance and (2) the need for a different approach from that originally proposed. The combined Tucker-Glover cost, as proposed to the March Town Meeting, was \$1,800,000. The present plan, at a cost of \$630,000, essentially accomplishes the objectives of the original plan. The Committee deserves commendation for the ingenuity of its plan.

BONDING COSTS

The Bonding Cost Article (Article 3) proposes an appropriation of \$6,000 to cover the estimated cost of issuing bonds for Articles 1 and 2. The recommendation is to appropriate the amount from available funds.

ESTIMATES OF TAX RATE IMPACT

The Warrant Committee's estimates of the tax rate impact of Articles 1 and 2 are set forth in Table 1 below. The estimates of the impact of the bonded indebtedness are based on 10 year bond issues for the projects at an interest rate of 5.5%. No allowance has been made in the estimates for State Aid reimbursements. Should reimbursements be received from the State, which appears unlikely at the present time, the tax rate impact would be significantly reduced.

The tax impact of the bonded indebtedness is shown in Table 1. The total maximum tax rate effect (\$2.14/1000) would occur in the first year (1976-1977), and the minimum (\$1.46/1000) in the final year (1985-1986). The average effect over the ten year period would be \$1.80/1000.

REPORT OF THE
WARRANT COMMITTEE

TABLE 1
ESTIMATED TAX RATE IMPACT*
FOR THE FISCAL YEARS
(Rate per \$1000 of Assessed Valuation)
July 1, 1976 - June 30, 1986

Bonded Principal and Interest Payments For The Years	Article 1 — Industrial Arts Project	Article 2 — Tucker School Project	Total Tax Rate Impact 1977-86
1976-77	.92	1.22	2.14
1977-78	.89	1.18	2.07
1978-79	.85	1.14	1.99
1979-80	.82	1.09	1.91
1980-81	.79	1.05	1.84
1981-82	.76	1.01	1.77
1982-83	.72	.96	1.68
1983-84	.69	.92	1.61
1984-85	.66	.88	1.54
1985-86	.63	.83	1.46

**Based upon \$ 76,000 expenditure equalling \$1 on the tax rate.*

The use of available funds in Articles 1, 2 and 3 of approximately \$21,600 will reduce the borrowing required for the projects. This equals approximately \$0.29/1000 on the tax rate.

In Articles 1 and 2, it should be noted that the recommendations include transferring approximately \$39,400 from balances in previously completed school building projects.

No additional personnel are expected to be required as the result of either the Industrial Arts or the Tucker School projects, and hence there is no tax rate impact resulting from new personnel.

SUMMARY

The Warrant Committee endorses Articles 1, 2 and 3 in the belief that the Milton educational system will be well served at a reasonable cost by these projects.

REPORT OF PERMANENT INSURANCE ADVISORY COMMITTEE

To the Honorable Board of Selectmen:

The Insurance Committee has continued meeting. During the past year the insurance market for municipalities has continued to be stable although towards the end of 1975 we became aware of tightening conditions in the Liability field which could affect us in the future.

During 1975 the town buildings were reappraised by the firm of Fay, Spofford & Thorndike. The blanket amount of the Property Insurance policy will be adjusted to consider the resultant increased value of existing buildings as well as expansions taking place at the Tucker School and the High School.

The cost for Workmen's Compensation Insurance continued to rise on account of increased payroll figures and higher manual rates. Nevertheless, the Town has been able to minimize the total estimated cost for the coming year because improved past loss experience has resulted in a favorable change in the experience modification factor.

Our current major project concerns a review of the Town's potential exposure to financial loss in the area of liability and property damage, including vehicles. This priority matter will require continued consultation with your Board, the Town Counsel and the Town Insurance Agent. During the year we will present your Board with the results of our study together with our recommendations.

Respectfully submitted,

MICHAEL B. O'TOOLE, Chairman
BRUCE B. ALEXANDER
DANIEL F. X. DAVIS

THE COMMITTEE ON
ELDERLY AFFAIRS

THE COMMITTEE ON ELDERLY AFFAIRS

January 10, 1976

To the Honorable Board of Selectmen:

The Committee on Elderly Affairs is pleased to submit its fourth report.

The Committee attended the following meetings: 7 times with the Area Agencies on Aging, 4 times with the Department of Elder Affairs, twice with the Speedy Senior Service, Quincy, once with the directors of the Social Service, the Red Cross, and the Milton Visiting Nurses, and once with the Housing Authority.

A booklet, "Information Guide for Milton Senior Citizens", was printed through the generosity of an anonymous donor, with 4200 copies being mailed by a donation from the Milton Senior Citizens Club. Discount Identification Cards for all Milton Senior Citizens were made available by a bequest from The Milton Rotary Club. The Committee wishes to extend its heartfelt thanks to the many persons and organizations that gave time and money for these projects. Again, the committee wishes to commend the Milton Visiting Nurses for their Meals on Wheels program and their Health & Flu Clinics.

As of June 1975, there were 6616 persons 60 years of age, or older, listed in our files. The distribution of ages was as follows: 60-61, 1321; 62-64, 920; and 65 and older, 4375.

Respectfully submitted,

ALICE E. COGHLAN, Chairman
ERNEST F. CHUTE, Secretary
ANTONETTE FINIZIO, Member
NANCY B. CHASE, Member
CHARLES J. HACKLEY, Member

THE PERMANENT COMMITTEE ON HOUSING

January 13, 1976

To The Honorable Selectmen
Town Hall
Milton, Mass.

Gentlemen:

The Permanent Committee on Housing notes with considerable satisfaction that Article 19 in the Warrant of the March, 1975 Town Meeting supporting the creation of a Housing Authority was accepted by the Town Meeting by a considerable margin. Unfortunately, the Town accepted the concept of helping the needy elderly in the area of subsidized housing at a time when the Commonwealth is unable, temporarily, to continue the program of aid upon which a Housing Authority must depend.

The Committee is cognizant of the financial condition of the State and the construction industry, which currently diminishes the chances of new programs and new construction. It feels this condition is a temporary one, and that plans must be made now, in order to solve the problems which the Committee outlined last year, and which it considered to be of an urgent nature.

The Committee urges the Housing Authority to lay the groundwork and make the necessary plans so that when State funds are again available, the Town could immediately move to solve the problem of housing for the needy elderly, a problem which becomes more acute every year. The Committee also urges the Housing Authority to look into the programs of rental assistance that may still be available for Town residents from State and Federal sources, and that the elderly in Town be made familiar with these programs.

In the area of privately constructed, non-subsidized housing, the Committee realizes that during the economic recession in the State, venture capital has been limited. Looking to the future, the Committee feels that the largest group of senior citizens in Milton seeking changes in housing patterns is that group which would be interested in market rental and/or luxury garden apartments. The Committee has two suggestions:

1. That strong, effective, and committed leadership must come from the Board of Selectmen and the Planning Board for the solution to this problem.
2. That interested senior citizens must involve themselves with public officials to effect the necessary changes.

Sincerely yours,

FOR THE COMMITTEE

DAVID S. GOLDMAN, Chairman
SUSAN B. CABOT
DR. J. WILLIAM DOLAN
CHARLES H. KEENAN
JOHN WOODS

MILTON TOWN GOVERNMENT STUDY COMMITTEE

January 9, 1976

To the Honorable Board of Selectmen:

Robert H. Culver's term expired and Roger Gregg was appointed by Moderator Robert K. Lamere for a three year term. Harriett O. Nelson resigned and Martha Wiswell was appointed by Moderator Robert K. Lamere to serve for the remainder of the unexpired term.

The Committee investigated the feasibility of changing the day upon which the Annual Town Elections are held, as well as a change in the date of the Annual Town Meeting. The Committee recommended that the day for the Town Elections be the fourth Tuesday of April in each year, and that a Town Meeting be held eleven days thereafter. Articles have been inserted in the Warrant for the Annual Town Meeting to accomplish this result.

In addition, the Committee investigated the Office of the Treasurer and the Office of the Selectmen, with particular interest in the number of Selectmen and the term of office. This investigation continues. The Committee is currently investigating the composition of the Town Meeting membership, with particular emphasis upon any possible conflict of interest that may arise during Town Meeting deliberation. This investigation is continuing.

The Committee inserted an Article in the Warrant for the Annual Town Meeting to change the position of the Town Clerk from an elected to an appointed position. However, upon further consideration, we decided that the proposal required more study and with the concurrence of the Board of Selectmen the Article was withdrawn.

The Committee was represented on both the Ad Hoc Computer Study Committee and the Computer Study Group that were established, respectively, by vote of the Town Meetings in 1974 and 1975. Each of these Committees has submitted a separate report covering its activities and the reader is referred to these reports for further information.

The Committee is continuing its study of the Fire Department and has recommended that a new survey be made of the Town by the Fire Underwriters.

The in-depth study of the Cemetery Department is still in progress.

The Committee extends its thanks to Mr. Culver and Mrs. Nelson for the excellent services rendered by these members while serving on the Town Government Study Committee.

REPORT OF THE INDUSTRIAL
ARTS STUDY COMMITTEE

REPORT OF THE INDUSTRIAL ARTS
STUDY COMMITTEE

To the Honorable Board of Selectmen:

The Industrial Arts Committee was appointed under Article 25 of the March 1975 Town Meeting.

The Committee began operating on March 24, 1975; met generally on a weekly basis, studied Milton High School's shop areas as well as those of other towns; reviewed the question of Industrial Arts facilities extensively with representatives of the School Committee and school administration. A number of experienced architects were interviewed and the firm of Rich, Lang & Cote, Inc. was ultimately selected. After the nature and scope of the problem were determined, a number of solutions were considered involving preliminary design drawings. One configuration was selected, which, in the opinion of the Committee, represents the proper balance between needed improvement to the Industrial Arts facility and proper regard for the impact of the project on the tax payers of Milton.

Industrial Arts Courses and Enrollments

There are seven Industrial Arts subjects taught in the Milton High School — Electronics, Metals, Power Mechanics, Woodworking, Graphic Arts, Technical Drawing, and Vocational Math. The Committee concentrated on the first five — the latter two not requiring the same type of specialized shop facilities as the other five.

Three-year courses are offered in Technical Drawing and Graphic Arts. Two-year courses are offered in Woodworking, Metals, and Electronics. Power Mechanics is offered as a one-year course for seniors who have taken at least Metals I. Enrollment statistics for recent years are as follows:

Course	1970-71	1972-73	1973-74	1974-75	1975-76
Electronics	35	40	54	23	19
Metals	26	41	66	76	88
Power Mechanics	20	41	49	36	33
Woodworking	32	55	64	69	82
Graphic Arts	41	63	66	62	49
	154	240	299	266	271

These five subjects are taught in approximately 5,665 square feet of space in the first level of the new wing at the High School. Four teachers and a department head carry on their teaching responsibilities in this area for these courses. This area is for the most part open space: Metals, Power Mechanics, Woodworking, and some Electronics classes are conducted in this open space. A partition separates the Graphic Arts area and a portion of the Electronics facility from the open space area.

The average class size for Industrial Arts subjects this year is 12, with the beginning classes slightly larger than the second and third year programs.

The Problems

The Committee unanimously concludes that the present Industrial Arts facilities are generally deficient in terms of overall shop space, storage area, working area, as well as certain kinds of equipment. These deficiencies result in physical hazard to the students and faculty, an uneconomical pupil-to-teacher ratio and a less than satisfactory educational environment.

The open shop area has severely limited space, adequate for at most 8 to 10 students in each class. The learning experience in this area is poor because of the distractions caused

REPORT OF THE INDUSTRIAL
ARTS STUDY COMMITTEE

by the clutter of machines, equipment, and people. The noise created by one class often interferes with the instruction being given in another class.

There exists only a minimal amount of material storage space and no project storage space. Approximately 170 projects in wood and metals must be left in the open space area while being constructed. This further reduces the already limited working area.

None of the present equipment will be discarded; additional equipment will be needed for the greater demand presently being felt in Industrial Arts. The welding equipment is unsafe because of space limitations and a serious ventilation problem. The table saw in the Woodworking area is in the direct traffic line to the Metals and Power Mechanics area. The overcrowding creates a serious, continuing safety hazard. The extremely small area available for darkroom facilities in the Graphic Arts area is grossly inadequate for instructional purposes. A severe ventilation problem in the darkroom restricts its use for other than moderate periods of time.

A traffic pattern in the entire area is poor and at times dangerous. In order to reach the Electronics, Metals, or Power Mechanics area the students must pass through either the Wood Shop or Graphic Arts areas.

Interested residents of Milton may wish to visit the Industrial Arts Shop areas to confirm personally the serious shortage of shop space. Mr. Roger Connor, Principal, Milton High School, will be pleased to arrange for these visits.

Future High School Enrollment

Previous studies of school enrollment trends in the Milton public schools indicate that class size increases by about 50% from the early grades to high school. As an example, grades 1, 2, and 3 enrolled in Milton public schools in 1965 totalled 785, whereas grades 10, 11, and 12 in 1975 total 1,165. Applying this reasoning to 1975 enrollments in the early grades would yield a high school population in 1984 of 1,200 to 1,300, essentially the same as today.

The Committee thereby concludes that the passage of time alone will not solve the lack of adequate space in the Industrial Arts facility.

The Recommended Solution

The Committee unanimously recommends construction of 5,100 square feet of space immediately adjacent to the present Metals and Power Mechanics area, renovation of the 5,665 square feet of present shop space and the conversion of additional space in the first level of the school's General Administration area to Industrial Arts and related facilities. This space, now vacant, was formerly occupied by the Town's School Administration Department.

The proposed new construction would have masonry walls with a brick exterior, and a precast concrete plank roof structure. The interior proposed would be unpainted concrete block with exposed roof structure and treated concrete floors. Windows are casement-type, of non-breakable glass, which swing out for ventilation and provide supplementary emergency exits. The renovated areas generally would have painted masonry and plaster walls and acoustic ceilings.

Features of the Proposed Plan

1. More than 5,000 square feet of additional shop space provided; classes will be able to accommodate about 20 students.
2. Project storage provided; better materials storage made available.
3. A classroom provided.

REPORT OF THE INDUSTRIAL
ARTS STUDY COMMITTEE

4. Deficiencies in ceiling height and ventilation systems corrected in Metals and Power Mechanics area, much improved darkroom facilities in Graphics; car lift provided in Power Mechanics.
5. Much improved student traffic flow.
6. Separate shop areas provided for each course, reducing noise transfer among classes.
7. Increased space,* together with separation of shop areas, makes feasible the offering of a course in electricity, as well as evening adult education courses in Industrial Arts. We are informed that the School Committee has voted unanimously to allow the Industrial Arts area, as modified by these proposals, to be used for evening classes.

Effect of Vocational Education Programs on Proposed Industrial Arts Project

Even though vocational education facilities for Milton students may materialize at some future date, the need for an adequate Industrial Arts program in the High School would still continue and would be well served by the proposed Industrial Arts project. The enlarged Electronics space will allow for the offering of a course in electricity. 110 square feet are provided for an administration office.

	Existing	Proposed
Wood	2,500 sq. ft.	2,709 sq. ft.
Metal	1,100 sq. ft.	1,880 sq. ft.
Graphics	1,000 sq. ft.	2,350 sq. ft.
Power Mech.	600 sq. ft.	2,520 sq. ft.
Electronics	465 sq. ft.	1,280 sq. ft.
Total	5,665 sq. ft.	10,739 sq. ft.

State Reimbursement for Construction Costs

There is little prospect for state aid for this project. The principal reason is that under current School Building Assistance Board guidelines, plans for the renovation of the entire high school would have to be developed and an appropriation for this purpose voted by the Town before the Board would consider the Industrial Arts project for approval.

A further limitation is the stated intention of the present executive branch of state government to limit state grants-in-aid during fiscal 1976 and 1977 for school building purposes to projects which have already been approved.

Nevertheless, the Industrial Arts project, if approved by the Town, will be submitted to state authorities for whatever state aid may be available at that time.

Project Costs

The 1976 Warrant (page 7) referred to estimated project costs for the Industrial Arts facility as being \$700,000. The Committee is pleased to have developed a plan (see Plate 1) which will result in substantially lower costs to the Town. At present, our estimate is \$520,000 for the total project, including all spending incurred under Article 25 of the March 1975 Town Meeting. Moreover, the Committee believes that, when the general bids are reviewed, total project costs will, in fact, be lower than \$520,000.

No additional faculty will be required for the proposed plan. Only minimal increases in operating expenses, such as heat and light, are anticipated.

*Comparison of Existing and Proposed Shop Spaces

REPORT OF THE INDUSTRIAL
ARTS STUDY COMMITTEE

The Committee wishes to thank the School Committee, the School Administration, the Warrant Committee, the Selectmen and other interested town residents, all of whom contributed in a very significant way to our Committee's findings and recommendations.

Respectfully submitted,

PAUL F. HARRINGTON, Chairman
JOSEPH M. DONAHUE, Secretary
BARRY S. KELLIHER
MALCOLM M. KENT
JOSEPH C. MAHONEY
Industrial Arts Study Committee

REPORT OF THE TUCKER SCHOOL BUILDING COMMITTEE

To the Honorable Board of Selectmen:

The Tucker School Building Committee was appointed under Article 27 of the March 1975 Town Meeting.

The Committee began operating on March 24, 1975; met 14 times and spent a total of 80 hours of concentrated effort. The Committee received inquiries from approximately 35 architectural firms and individuals, interviewed 13, and selected the firm of Earl R. Flansburgh as architects. During the planning process both the Committee and the architect have worked closely with all involved Town personnel and departments. A continuous dialogue was established with the School Committee and Administration to reflect as much as possible their views and requirements in the final plans and design.

Size of the School (Classrooms)

Since the Glover School expansion article was not approved at the 1975 Town Meeting, the number of classrooms at the Tucker School could not be reduced. Meetings with the Superintendent and members of the School Committee indicated the existing size of 16 classrooms and 2 kindergartens was still required by the school population. At the School Committee meeting of August 26th, a short-term need for 17 classrooms was requested by the School Committee. To accommodate this request, the school renovation has been planned for 17 classrooms and 2 kindergartens. Since the basis of this renovation is future space flexibility, these 17 classrooms could be reduced to the original 16 at any time for approximately \$3,000.

Other Educational Features Required

Article 27 specified kitchen facilities, expanded kindergartens and library areas and other "modernization, rehabilitation or reconstruction as may be required to make this a more suitable elementary school." The Committee and its architect met frequently with the Superintendent, the School Committee, and the Tucker School principal to define in detail the modernization which would make the Tucker School more suitable. As a result of the Town Meeting's directives and those meetings, the following needs were determined by the Committee:

1. A serving kitchen (continue active food preparation at the High School);
2. Expansion of the smaller kindergarten room and creation of an outdoor fenced play area;
3. A library with seating for 45-50 and the accompanying workspace, bookshelves, etc.;
4. A cafeteria and large-group assembly area;
5. A gymnasium space appropriate for a 17-classroom elementary school;
6. Small rooms for tutorial and Special Needs work (required by new State Law, Chapter 766);
7. Adequate storage space for academic and other supplies;
8. Enlargement of existing classrooms to meet, as closely as possible, State of Massachusetts space-per-student guidelines.

REPORT OF THE TUCKER SCHOOL BUILDING COMMITTEE

Description of the Solution Proposed

The existing school is extremely well built and is in generally good condition. The site is extremely small, however, and any large exterior addition would intrude on the already minimal outdoor play area. Inspection of the school revealed several opportunities to solve this addition problem and at the same time obtain good educational space within the existing structure, which is now poorly used or not used at all. The existing auditorium is used for gym, cafeteria, and tutoring special needs; a noisy and inappropriate conflict of use. The plan renovates this space to provide a cafeteria and library on the ground floor and gymnasium at the (new) second floor level. There are two empty notches on the back side of the building. Under this proposed plan, these empty notches become areas of new construction to supply the required classrooms, kitchens, and miscellaneous small educational spaces. The addition of two new classrooms in these notches permits the enlarging of 4 to 6 of the small (600 square foot) existing classrooms on the first and second floors and brings them close to current State space guidelines.

By creating a minimum of exterior new space and turning existing spaces within the building to new use, the educational needs can be met for the most part within the shell of the old building.

The Impact of Compliance With Codes

Modern building codes by State Law must be adhered to when a renovation project is undertaken, whether the work is in an addition or in the existing structure itself. Many of these improvements concern the health and safety of the student population and are long overdue. If any construction is performed, the following code-compliance work in the existing portions of the school are required:

- new classrooms doors and hardware
- smoke partitions in corridors
- fire-rated doors in stairwells
- up-date and up-grade fire alarm system
- new 4" water service and standpipe system for firefighting
- elevator for handicapped students
- up-grade fresh air supply and exhaust system
- lavatory facilities for handicapped
- new electrical service
- new outlets in existing classrooms

In addition, this renovation plan provides new storage for teaching materials in the classrooms, carpeting for the two kindergartens, and a complete interior paint job for the whole building. To service the new kitchen, a new drive and receiving area for the whole building has been created which will keep all delivery trucks off the playground area, thus avoiding potential conflict with children.

Costs

Our initial feasibility study by the architect estimated a general construction cost of \$545,000. This has recently been confirmed by a detailed, independent cost estimate predicting a low bid range of \$525,000 to \$550,000. This base price estimate is divided as follows:

— Upgrading and code-compliance of existing school structure	\$162,000
— Creation of new space and other related costs	363,000

In addition to the above estimate of "hard" construction costs from \$525,000 to \$550,000, additional "soft" costs should be budgeted. These include:

— Construction Contingency	\$25,000
— Kitchen Equipment	12,000
— Clerk of Works and Building Committee Expenses	20,000

REPORT OF THE TUCKER
SCHOOL BUILDING COMMITTEE

— Estimate of Architect's Construction Supervision Fee Based on Architect's Estimate of Cost	23,000
TOTAL:	\$80,000

If the construction contingency is not required, then the total construction cost based on current 1975 estimates, including supervision, would range from \$580,000 to \$605,000. If the contingency is required, the range would run from \$605,000 to \$630,000.

Possible Construction Sequence

If this renovation project were approved by the Town Meeting action, according to the architects, work could begin in the auditorium and notch areas during the school year without undue hardship for the students. Work in the classroom section can be done over the summer for completion in August, 1976.

Conclusion

This Committee is unanimous in its conclusion that this renovation plan best reflects the wishes of the 1975 Town Meeting, as expressed in Article 27. We wish to emphasize that the new construction portion of cost estimate is \$363,000. State Building Codes and Handicap Regulations beyond the control of this Committee require the expenditure of an additional \$162,000 to update the existing school structure.

We believe these costs estimates represent a prudent and necessary expenditure for the Town of Milton at this time. Based on this renovation, the Tucker School will be an excellent educational facility for many years to come at a fraction of the cost for new construction.

Recommendation

Plans and specifications will be ready for bid on or about the first of October. A normal bid period of approximately 30 days could provide confirmed prices for a special Town Meeting sometime early in November, 1975.

The Committee, therefore, recommends that the Selectmen convene a Special Town Meeting the first week of November, 1975; the specific date to be decided by the Selectmen, for the purpose of determining whether the Town Meeting will appropriate funds for the renovation and addition to the Tucker School, as described in this report.

Respectfully submitted,

J. MURRAY REGAN, Acting Chairman
JANE BARBOUR

HOUSING AUTHORITY

MILTON HOUSING AUTHORITY

The Housing Authority commenced its organization in August 1975. Michael Geller was elected Vice Chairman; Bernice Ahern, Secretary; Elizabeth Atkins, Treasurer; and Herbert Stokinger, Assistant Treasurer.

The Authority immediately began to explore the parameters of its functions and the means of accomplishing its prime objective — housing for the elderly.

The members of the Authority have met and formally discussed its functions and objectives with the Selectmen, the Chairman of the Committee on Elderly Affairs, the State Department of Community Affairs, the President of Unquity House, the Chairman of the Permanent Committee on Housing, the Executive Secretary, the Executive Director of the Cohasset Housing Authority, and informally held discussions with various other parties.

Housing Authorities have constructed housing for the elderly in most cities and towns throughout the Commonwealth, usually with financing provided by the State through the Department of Community Affairs. At the present time, however, there are no funds available from either the State or Federal Government for the construction of housing and it is hard to say when such funds will be available. Until such time as funds are available, the Authority is endeavoring to resolve as many problems as possible so that it will be ready to proceed with construction. In this connection, site selection is the most important.

The Authority is primarily interested in the so-called Town Farm area as its location for elderly housing and has registered this intent with the Department of Community Affairs.

Milton has 6616 persons over the age of 60, and this represents one of the highest, if not the highest, percentage of elderly in the entire state. The Authority is fully cognizant of the need for elderly housing for Milton residents and will use its powers to alleviate that condition as quickly as possible.

This report would not be complete without reference to the diligence, dedication, interest, concern and cooperation of Mike Geller, Bea Ahern, Liz Atkins and Herb Stokinger.

ROBERT A. CURLEY
Chairman

COMPUTER STUDY COMMITTEE

COMPUTER STUDY COMMITTEE

To the Honorable Board of Selectmen
Milton, Massachusetts

The Committee was appointed on May 29, 1975. Its predecessor, the Ad Hoc Computer Study Committee, continued to operate for a time to ensure continuity in its assistance to Town Officials in the purchase of a new accounting computer. Accordingly, this Committee held its first meeting on September 16, 1975. As of this report, subsequent meetings had been held on September 30, October 28, December 9, 1975; and on January 19, 1976. At the request of the Committee, John Avery served as its technical advisor.

The new accounting computer (see report of predecessor committee) has been installed at the Town Office Building and the payroll system is operational. The School Department's PDP-8 system is being used both for administrative work and student education. Educational use will be increased next year, but there will still be ample capacity for other Town uses.

The Committee will continue to monitor the two new Systems through their initial year of use. Looking further ahead, a paramount objective will be to consider how the plans and operations of the various Town departments and offices are coordinated and harmonized so that the Town sets the maximum benefit from both Systems in meeting its data processing and information needs. In this connection we are in the process of surveying the Assessor and Town Clerk operations. The latter will receive first priority. The Assessors have a service bureau contract for data processing services and the Clerk's office, in addition to immediate requirements for automation of the voter list, handles much of the information needed for a Town-wide data base.

Computer Study Committee

FRANCIS J. KELLEY, Chairman
DONALD BURGESS
PAUL GIROUARD

AD HOC COMPUTER STUDY COMMITTEE

The Committee held its final meeting on July 24, 1975. Appointments to a successor committee were completed in June of this year. This Committee thought it should continue to operate a while longer to provide continuity in certain assistance efforts to Town personnel. A summary of recent activities follows.

I. School Department

The School Committee voted last March to terminate its contract with Burroughs Corporation for a B1714 System and, as an alternative, to enhance a Digital Equipment Corporation (DEC) PDP-8 System already owned by the School Department. The PDP-8 System was originally acquired for educational use by the Math Department. By augmenting the existing hardware with additional input/output devices and a School Administration software package, the PDP-8 System has both administrative and educational capabilities.

Since the hardware acquisition was in the nature of an augmentation of an existing system, the hardware was purchased without an advertised solicitation and competitive bidding. However, selected third party Original Equipment Manufacturer's (OEM's) such as Educomp were consulted before the Committee recommended purchasing the equipment directly from DEC.

The DEC PDP-8 System is somewhat faster and has more storage capacity than the Burroughs System that was originally planned. The Committee felt the DEC PDP-8 system offered better price performance, and was a better long range investment from both an educational and administrative standpoint. It might be best described as a mini-computer based time-sharing system with three terminals at present and a facility for "background" processing of batch jobs (administration reports for example).

The DEC hardware components have been delivered. The School Committee has purchased the School Administration software package from Cambridge Computer Associates for \$20,000. This includes programs to construct a student data base and produce school attendance reports, student classroom schedules, and student grade reports. There are three major kinds of uses for the PDP-8 system.

- (1) Student education and training (both training in computer programming and operating techniques, and use of the computer for problem solving).
- (2) School Administration
- (3) Service to other Town Departments.

The School Committee regards #1 above as the primary use (and justification) for the computer, and this Committee concurs. There is ample capacity, nonetheless, for uses #2 and #3. A reasonable timetable towards fuller utilization of the computer is as follows:

- (1) *Student education* – Instructional programs involving the computer for the first half of the present school year will be as in the past, during "Shakedown" of the new system. Additional offerings are planned for the second semester. The system should also be considered in the future as a Vocational Education tool for training students as computed programmers and operators.
- (2) *School administration* – The administration package described above (grades, attendance, class schedules) is currently operational. A high priority item for the coming year should be development of a bus scheduling program. The Committee urges that work start immediately on this item, through contract with Cambridge Computer Associates or some other source, so that the system can be tested and made operational for the next school year.
- (3) *Services to other Town departments* – As noted above, ample capacity exists. It would be wise during the present year, however, to let the School

AD HOC COMPUTER STUDY COMMITTEE

Department adjust to the new machine without outside demands. Planning can proceed as discussed in section 3 below.

The following is a recap of cost estimates for the School Department computer made at various times during the past two years:

School Dept. staff estimate of 10 years* cost, made in late 1973: \$179,025 as compared with \$275,880 if use of outside contractor was continued.

Committee estimate in 1974 (distributed to addresses) based on Burroughs systems: \$274,950 for 10 years. Roughly \$36,000 per year for five years, then dropping to \$14,000. The Committee estimate reflected allowances for equipment, software and supplies higher than in the original estimate. Committee estimate of April 1, 1975 is based on DEC equipment: \$195,950 for 10 years. First year cost \$48,813 (including \$20,000, software expense); years 2 - 5 at \$20,544 per year; years 6 - 10 at \$12,992 per year.

*For this and succeeding estimates an outright purchase of equipment financed over a 5 year period was assumed, so that costs for the last five years were for operation and maintenance.

Details of the above estimate can be obtained from the Committee if you do not have a copy. The estimates do not include staff time devoted to computer functions.

II. Town Office Computer

The Committee assisted Town Officials in preparing a bid specification for a business-oriented computer system to be installed in the Town Office Building, and later submitted to them an evaluation of the six bids received. At the Committee's suggestion, representatives of various departments (Town Accountant, Town Treasurer, Public Works) and the Executive Secretary visited other Towns for on-site evaluation of three "finalist" systems (NCR, Nixdorf, and Phillips) and reported their findings and recommendations to the Selectmen. In late September, it was decided to award the bid to Nixdorf Computer Corp. for a Model 840/125 System at a cost of \$25,450 purchased on a 3 year installment plan. The schedule for conversion to the new machine is as follows:

11/1/75 machine delivery
11/15/75 form delivery
1/76 Payroll on machine

2/76 implementation of budgetary
and appropriation accounting systems,
to be completed prior to beginning
of the new fiscal year

Water billing will be the next priority item, but the schedule for this is uncertain at the moment. Possibly the conversion can run in parallel with the appropriation accounting change.

III. Recommended Future Activities

We recommend the following actions for the successor committee during the F.Y 75 - 76 year:

- (a) Monitor School Department conversion and assist as required. Provide guidance as necessary to effect development of bus scheduling.
- (b) Monitor Town Office conversion and assist as required. Further analysis will probably be appropriate in the following areas:
 - plan for water billing conversion
 - plan for Public Works program budgeting system
 - coordination on payroll with School Department to eliminate unnecessary manual work on inputs to Town Accountant

AD HOC COMPUTER
STUDY COMMITTEE

- (c) Examine Assessor and Town Clerk operation for potential applications (real estate billing and voting records). The voting record/census system is probably more appropriate for the School Department computer. Tax billing might be handled by either system.

JOHN R. AVERY
MARY R. FITZGERALD

DEPARTMENT REPORTS

REPORT OF THE BOARD OF SELECTMEN

December 30, 1975

To the Citizens of Milton:

The Board was organized following reelection on March First with James D. Colt as Chairman, John P. Linehan, Secretary. Mr. Ralph L. Kent, the senior member of Board, completed his tenth year on the Board this year. In December, Mr. Kent decided not to seek reelection.

THE YEAR 1975

Milton's Tax Rate rose only one dollar or less than one percent. This modest increase brought the Tax Rate increase back into line with our five year historical position of less than the rise in the consumer price index.

MILTON PROPERTY VALUES CONTINUE TO RISE

1975 was a good year for property values in our Town. An analysis of the sales of residential properties in the Town revealed that there were 285 transactions. The average price was \$42,600. While there were about ten more homes sold in 1975 over 1974, there were almost 70 less than in 1973. At year's end, the climate for home buyers was improving as more mortgage money was becoming available and rates appear to be declining with the recovering economy. Realtors in Milton had ample numbers of qualified purchasers and only limited inventories of homes being offered for sale. Higher priced homes continue to attract physicians, attorneys and Boston business executives who are conscious of Milton's prime residential qualities, quality education system and accessibility to private academies, our community's orientation towards family recreation and the easy access to downtown Boston.

ECONOMY MEASURES

We have cut the number of employees this year by ten and have proposed to further reduce the permanent full time work force by two in the forthcoming year. This represents a cut back of two Firefighters, two Police Officers, one clerk in our own office, six men from the Public Works Department and the elimination of the Deputy Chief's position.

Luis Tiant present Office Baseball caps to the Board of Selectmen and Representative M. Joseph Manning in appreciation for the honor given him with "Luis Tiant Day." Left to right Selectman Ralph L. Kent, James D. Colt, Chairman Board of Selectman, Luis Tiant, BoSoxer Harry E. Carlson, Selectman John P. Linehan and Representative M. Joseph Manning.

REPORT OF THE BOARD OF SELECTMEN

Through increased mechanization and other efforts to improve productivity, we fully intend to reduce the work force more in future years. We hope that the citizens of the community will endure modifications in the level of services in future years as we explore economies to stabilize the tax rate.

It is important for the taxpayers of this community to realize that our taxable base is based almost entirely on residential property. Decisions of this Town in the past to reject zoning proposals to expand the Walter Baker Chocolate Mill, to reject a Boston Edison Generating Plant on the Neponset Salt Marshes, to turn down the Jordan Marsh Warehouse on the old Wollaston Golf Course and to reject countless other proposals for the purpose of keeping the community zoned residential – all result in the homeowners bearing the full burden of municipal services, services that we believe are being more efficiently delivered this year than last. And we are striving through improved employee productivity and improved purchasing techniques to deliver these same services next year at a cost increase of less than the rate of inflation.

We are, however, at a point where the residents of Milton must ask themselves, “if the Town can afford anything less than the best in terms of service and maintenance.” We think this investment has been well worth it and we shall continue to strive to deliver first class service as economically as is possible.

COLLECTIVE BARGAINING

We negotiated a collective bargaining agreement with the Public Works, Cemetery, Park, Wire, Town Hall custodians and Dump custodian employees at 35 cents per hour, plus Martin L. King Day (January 15). This represented a 5.9% to 7.2% wage increase which was comparable to the Personnel Board recommended wage increase approved by Town Meeting for the non-organized employees.

We were not successful in negotiating contracts with the Police or Fire Department employees. Their perception of the rate of inflation and our perception of the taxpayers ability to finance higher wages and benefits were wide apart at year's end. The Firefighters Union and the Town are embraced in the Fact Finding procedure, a prelude to the Last Best Offer Arbitration, under the new state law. The Police have, however, renewed negotiations, after a change in leadership in December. We are hopeful that before the Warrant goes to press that a Police negotiation, on a well-reasoned basis, will be concluded.

CIVIL SERVICE – POLICE

The Town's position was upheld by the Massachusetts Supreme Judicial Court relative to granting preference to residents of the community. The only dispute remaining is to how towns must interface this decision by the state's highest court with the Federal Court of Appeals Wyzanski decision which appears to require that non-resident minorities receive preference over resident non-minorities and veterans.

Negotiations and discussions with the concerned parties and the Attorney General are continuing and we are confident that we are working from a position of legal strength and that the Town is well represented by the Town Counsel. We are hopeful of a final resolution of this important case in the favor of the Town by mid-spring of 1976.

LUIS TIANT DAY

All Miltonian's joined in the excitement of the American League Pennant Race followed by the Baseball World Series. We were excited by the athletic performance of our fellow resident, Luis Tiant. On November 2, thousands of Miltonians participated in honoring Luis with a virtually impromptu parade from Cunningham Park to Kelly Field, where numerous presentations were made. We take this opportunity to thank all who assisted with this observance which helped to build upon this Town's great community spirit.

REPORT OF THE BOARD OF SELECTMEN

HOUSING AUTHORITY CREATED

This year we were able to appoint a Housing Authority and launch our long desired goal to create more housing for the elderly. In 1975 the Town had more than 1,6000 residents age 60 and over. Never before has the need for low and moderate income housing for this age bracket been greater.

The Board appointed Robert A. Curley, 393 Adams Street, Michael Geller, 583 Blue Hills Parkway, Bernice Ahearn, 52 Barton Lane and Herbert G. Stokinger, 132 Forbes Road to the Authority and we welcomed the Governor's appointment of Mrs. Elizabeth Atkins. Mr. Curley was elected Chairman and is a prominent Attorney in the Boston area. Mrs. Ahearn is a former League of Women Voters Officer, Women's Club local and state Officer, mother and concerned parent. Mr. Geller is a Town Meeting Member, former Housing Study Committee Member and is a local merchant and Milton Chamber of Commerce Officer and Mr. Stokinger is a long time resident of the Town, retired Milton Academy faculty member and has been active in community social services, including the Milton Visiting Nurse Association. Mrs. Atkins is an active member of the League of Women Voters and has in the past volunteered her expertise to Town Officials on low income and Housing for the Elderly matters.

At year's end, the Selectmen and the Housing Authority agreed to explore the potential of the Town Farm, at the end of Governor Stoughton Lane, as a site for Housing for the Elderly. Robert A. Curley, Chairman advised that the architecture they have in mind would be low rise, garden type structures with approximately eight 600 sq. ft. apartments per building. Their goal would be to develop a plan where these units would be designed to appear like single family homes of a colonial or 18th century farm house design. They would like to have the apartments located on the land with an ample buffer zone between the neighboring privately owned homes.

NEW AMBULANCE AND EMERGENCY MEDICAL TRAINING

In 1973 the Massachusetts State Legislature enacted the most stringent law in the country dealing with the pre-hospital phase of Emergency Medical Care. Chapter 111c of the General Laws, among other things, requires all municipal and private ambulance services and personnel to meet strict minimum requirements for vehicles, equipment and personnel training. The result will be an upgraded ambulance system in Milton and elsewhere, scheduled for full implementation by July 1, 1977.

As a part of the Town's compliance with the law, we purchased a new modular ambulance in conformity to Federal specifications at a cost of \$25,000.

Scheduled for spring, 1976 delivery, it is one of the most sophisticated and functional pieces of equipment on the market. Additionally, training programs are currently being conducted to increase the knowledge of Emergency Care Techniques of Public Service Personnel (Police and Fire). The training required by Section 201 of Chapter 111, a related law, is also being planned for 1976 and 1977. This section, the so-called "first responder" law, sets minimum standards for first aid training for all Police, Fire and other personnel (lifeguards, etc.) in the Commonwealth who are not directly concerned with the Transportation Component of Emergency care.

The end result will be a high level of on-street care, geared to reduce to morbidity – mortality rate in all communities in the State, a goal which the Board sees as having a significantly favorable impact on the health and well-being of all Milton residents.

We are continuing our study of the most efficient and effective manner of delivering high quality pre-hospital care to the community as health-care consumers.

A MILTON HOME ON EXHIBIT

We were proud of the decision by the Junior League of Boston to select a Milton home for their Show House of the year, 1976. The home selected, 59 Highland Street, is

Firefighter Robert Magee, Eliot Bent, Joseph Vogel form color guard for Luis Tiant Day parade.

REPORT OF THE BOARD OF SELECTMEN

one of our favorites and is typical of the many fine mini-estate properties available to high income buyers in our community. The home, an English Manor House, was commissioned by Geoffrey G. Whitney and his wife, Alice Thaw Whitney in 1921. The Architect was George Shephard and the Estate embodies one of the finest collections of trees and shrubs in New England, designed by the firm of Frederic Law Olmstead. The grounds also contain a 16 room duplicate built for one of the Whitney children. The Whitney family has had a long history of involvement in the community, including Brigadier General Moses Whitney, Mrs. A. D. T. Whitney, an author of books and poetry, and Ellerton P. Whitney, a Metropolitan Park Commissioner who was very active in improving the Blue Hills Reservation at the turn of the century, and the late Mary Louise Whitney who donated the four pink dogwoods which enhance the front of the new Town Office Building.

Over 20,000 visitors are expected to tour this Milton home during a three week period next spring. We believe that this will enhance Milton's image, further improve our property values in the Metropolitan area, by helping to emphasize to the outlying suburban communities the advantages of our proximity to Boston, and attract buyers to the occasional estate properties in Milton which come on the market.

We welcome this opportunity to inform potential purchasers of high priced properties that we have some of the finest available in our Town. Milton historically has shunned industrial and business district development to expand its tax base and instead has opted to bank on the growth of our community as a residential oasis. We welcome this opportunity to have residents of the other suburbs visit our oasis.

GROWTH POLICY REVIEW

Because of the past growth policy decision by the Town Meeting, Milton has become a residential island, indeed. Bounded by Boston over the Neponset River Reservation on the North, Quincy on the East, through the Blue Hills Reservation, Braintree, Randolph and Canton on the South, and Dedham through the Fowl Meadow, and Hyde Park on the West, we are quite isolated. We can be thankful to the 1890 decade Selectmen who encouraged the establishment of the Blue Hills, Fowl Meadow and Neponset River Metropolitan Reservation. In fact, we can even name Milton's former Governor of that era, Roger Wolcott and Milton's M.D.C. Commissioner August Hemenway for their foresight and generosity (they donated some of their land to the Metropolitan Parks District) for creating these desirable buffer zones. Otherwise left to the devices of future generations, we might be looking from our homes at high rise apartments on Chickatawbut Hill, or industrial development in the Fowl Meadow, which largely is in Canton and Dedham, or MBTA stations and parking lots in the Neponset Marshes.

This coming year, as a result of a law signed by the Governor on December 22, 1975, we will be appointing a Growth Policy Study Committee to deliberate, hold public hearings and finalize a growth policy statement for our Town.

UNDEVELOPED LAND IN MILTON

Milton has relatively more undeveloped privately owned land than any other community within Route 128. A study by the Planning Director reveals that there are 30 privately owned, undeveloped parcels between 10 and 20 acres in size, 9 parcels 20 to 30 acres, 10 parcels 30 to 40 acres, and 11 over 40 acres in Milton. With the 1979 advent of full fair market valuation, the prospect of the large land owners being able to maintain these estates is unlikely. Therefore, the timeliness of the Growth Policy Study is excellent. We urge all residents of the community to participate in the public hearing of the Growth Policy Committee. We are enthusiastic about this opportunity for the residents of Milton to speak out about how they want Milton to grow, or not to grow, which landscapes they want to preserve and where they wish to see the Town expand. Milton is unique within Route 128 and we are anxious to have the citizens of this community come forth on this occasion and state their viewpoints on the Town's future.

REPORT OF THE BOARD OF SELECTMEN

TEN YEARS – A PERSPECTIVE

In reflecting on the past decade of Selectmen Kent's service, some notable events have taken place which deserve mention.

On the plus side, the Town reversed proposals by the MBTA to extend the Ashmont Line to Mattapan, the Gas Company to locate a gas transmission pressure reducing station in Cunningham Park, the State DPW to extend I-95 through Milton into Boston. During this same period, the Town has developed an active program for Youth, formerly aimed at drug abuse and now zeroing in on alcohol abuse and vandalism. Recreation trips for the Senior Citizens and Housing for the Elderly at Unquity House have become realities during this decade. The indefinite status of the old Wollaston Golf Course has been resolved, now this important Milton landmark is assured as an open space and recreational asset to the community under aegis of the County. A new open space sanctuary in the critical undeveloped section of the Town has been guaranteed by the Town's flood control project which made possible the acquisition of the Precinct 5 property for the new privately owned and taxpaying relocated Wollaston Golf Course. A consolidated Public Works Department has been created which has reduced the number of full time employees while increasing the efficiency of service delivered to the Town. A proposal to create a Juvenile Delinquency Center on Chickatawbut Hill was converted to an active Massachusetts Audubon Society Education facility. In the past decade shade trees have been planted and more beautification projects have been undertaken in all sections of the Town than in the past four decades. Open space acquisition has been a focus, especially undeveloped corner lots in strategic locations have been acquired to help preserve Milton's unique semi-rural character. A new Town Office Building has been constructed and largely paid for and a new Police Station has been constructed. School improvements have been financed at Collicot School, Glover School, Tucker School and the High School at favorable interest rates due to the Town's sound financial status over the decade. Police and Fire service has been improved through intensified training, selective recruitment practices and modernized equipment.

Not everything has been positive however. During this period of ten years rampant inflation occurred. The tax rate rose at a higher rate than the consumer price index, primarily due to increased State and County assessments and diminished State aid to the Town. The State during this decade enacted the collective bargaining laws which transferred the inflation of the region into direct pressures for employee salary increases. During the boom of the late 60's municipal employee wages, long under the comparable levels of their counterparts in the private sector, rose to higher than competitive levels. In 1973 the State mandated Compulsory Best Last Final offer, Binding Arbitration Law for Fire and Police which has grossly hampered constructive bargaining with these categories of employees and presents serious economic problems for the Town in future years.

But on balance, the decade completed has been a good one for Milton.

TO OUR THIRD CENTURY

The Milton Selectmen look forward in a positive manner to the third century of our nation's progress and our Town's role in this progress.

We thank the various officers and employees of the Town, the Authority, Boards, Committees and Commissions for their cooperation during 1975 and especially thank our Executive Secretary and the staff in the Selectmen's Office for their untiring efforts.

JAMES D. COLT, Chairman
JOHN P. LINEHAN, Secretary
RALPH L. KENT
Board of Selectmen

REPORT OF THE EXECUTIVE SECRETARY

REPORT OF THE EXECUTIVE SECRETARY

December 31, 1975

To the Honorable Board of Selectmen:

I am pleased to submit my eighth annual report. Your assignment to assist department heads and committees under the Selectmen's jurisdiction and to provide such assistance and coordination as may be required by other departments, boards and committees has been carried out.

POLICE DEPARTMENT

The new ambulance was purchased and the training of police officers as emergency medical service technicians was continued in order to comply with the new state requirements. We are cooperating with the Warrant Committee on their desire to purchase smaller cruisers and to replace only four per year. However, while agreeing with the smaller vehicles, we seriously question the efficiency of replacing only four cars a year.

FIRE DEPARTMENT

The Hurst Tool "Jaws" was purchased through a joint effort by citizen contribution, Town appropriation and a small reserve fund transfer. This new tool will enable the Fire Department to extricate victims of automobile accidents. An intensive in-service training program was conducted for the Firefighters on wrecked cars furnished by the Blue Hills Towing Company.

PUBLIC WORKS

This was a difficult year with a staff cut back of six employees. The full impact will be felt in 1976 when the supplemental Federally funded CETA Program is discontinued.

Numerous maintenance and reconstruction programs were undertaken. Emphasis in maintaining the attractiveness of the community, especially the northern border of the Town towards Boston, has been continued. Much progress was made in improving the water distribution system and substantially higher water pressures will be available to homes in Precinct 5A next spring when the changeover is completed.

The Central Maintenance Garage has proven its worth. However, escalating gasoline and diesel fuel costs have made it difficult to hold this portion of the Public Works Budget down.

YOUTH DEPARTMENT

A new Youth Coordinator, Max Horvet, was employed to succeed Ted Pina who resigned to accept a position in State Government. The new Coordinator has been graciously assisted by the School Department faculty, the Clergy, Police and Court officials in becoming acclimated to his new responsibilities.

INSPECTION SERVICES

The decline in building permits this year was fortuitous for the Building Commissioner as this year he took on the responsibilities of enforcing the new State Building Code. This entailed measuring, inspecting for occupancy, listing deficiencies and monitoring compliance for all public buildings including churches and schools. This work was formerly done by the State. This has been a tremendous undertaking.

TAX RATE

The following table compares the Town Tax Levy, Tax Rate, State and County Assessments and State Aid by year over the past ten years.

REPORT OF THE EXECUTIVE SECRETARY

Year	Tax Rate	Assessed Valuation	Tax Levy	State Assessment	State Aid
1975	\$163	\$76,264,500	\$12,431,113	\$2,191,930	\$1,472,816
1974	162	74,741,350	12,108,099	2,019,521	1,586,611
1973	143	73,479,000	10,507,497	2,026,099	1,051,679
			5,253,748		
			15,761,245*		
1972	136	71,831,850	9,769,131	1,619,050	1,174,652
1971	128	70,899,300	9,075,111	1,430,973	989,882
1970	123	69,737,150	8,577,669	1,226,761	933,728
1969	102	67,614,150	6,986,643	1,069,116	1,208,730
1968	89	66,222,800	5,893,829	901,162	1,413,794
1967	75	64,945,850	4,870,939	924,878	1,710,300
1966	74	64,011,350	4,736,840	810,720	858,888

*18 month period broken down as 12 months, 6 months, and 18 months total.

The apparent rapid increase in the tax rate has in fact paralleled the increase in inflation, coupled, as seen in the above table, with a sharp reduction in State Aid, and a rise in the assessments of State and County costs. The next table illustrates the erosion of the value of the dollar over the past ten years.

Year	Tax Rate	Percentage Increase of Tax Rate	Percentage Change in Consumer Price Index
1975	163	0.6%	7.7%
1974	162	13.2%	11.6%
1973	143	5.1%	7.5%
1972	136	6.2%	3.9%
1971	128	4.0%	3.4%
1970	123	20.5%	6.3%
1969	102	14.6%	6.4%
1968	89	18.6%	5.1%
1967	75	1.3%	2.6%
1966	74	0.0%	4.1%

It is sometimes helpful to compare Milton's tax situation with other communities which the Town historically has used as comparables. The following table presents the usual tax rate schedule for the ten suburban communities presented in this report. It is noted that Milton's rate increase is 2.5% less than the median and 4.4% less than the mean increase in comparable communities tax rates.

Town	Population 1970	1976 Actual Tax Rate	% Change From 1975	Full Value Tax Rate
Arlington	53,534	\$ 67.20	0.0%	\$47.00
Belmont	28,284	55.60	3.4%	38.40
Braintree	35,050	37.00	Revalued	37.00
Brookline	58,886	84.00	5.0%	53.80
Dedham	26,938	46.80	6.8%	34.20
Lexington	31,886	72.00	2.3%	40.30
Needham	29,748	51.00	-0.9%	34.20
Wellesley	28,051	59.20	5.7%	38.50
Weymouth	54,610	61.80	9.6%	45.70
Winchester	22,269	64.80	8.5%	47.80
Milton	27,190	163.00	0.6%	37.50

Impact on the elderly residents of our community has been severe with the rapid rise in the consumer price index and the tax rate. According to the Federal 1970 Census, 5.5%

REPORT OF THE EXECUTIVE SECRETARY

of the metropolitan residents are age 65 and over. In Milton, 15.1% are in this age category — some 21.2% are age 60 and over. When debating issues related to the elderly in our community, Town Meeting Members will note the following, again based on 1970 Federal Census data.

Town	1970		
	65 and Over	Total Population	% 65 and Older
Arlington	7,511	53,524	14.0%
Belmont	4,664	28,285	16.5%
Braintree	3,329	35,050	9.5%
Brookline	11,817	58,886	20.1%
Dedham	2,608	26,938	9.7%
Lexington	2,500	31,886	7.8%
Needham	2,786	29,051	10.8%
Weymouth	4,565	54,610	8.4%
Winchester	2,204	22,269	9.9%
Milton	4,097	27,190	15.1%

Per capita taxes are another way to compare the burden of one community with another and for this purpose the following table is presented. Attention is called to the fact that Milton is \$42 lower than the median and \$56 less than the mean.

Town	Per Capita Tax
Arlington	\$449
Belmont	487
Braintree	459
Brookline	612
Dedham	416
Lexington	542
Needham	549
Wellesley	568
Weymouth	412
Winchester	580
Milton	445

THE CETA PROGRAM

The federally funded Comprehensive Employment Program in 1975 provided job opportunities for Milton residents this year. Thirty were employed in temporary positions in the various departments of the Town and fifteen were employed by other State agencies or private non-profit organizations. Projects on which they assisted included stream clearance, the State census, the renovation of the new School Department Administration Building, School ground cleanup, Cemetery maintenance, hydrant and fire alarm box painting and the maintenance of Conservation land and Parks. The Town received \$157,352 in services this year as a result of the program.

In conclusion, I extend my thanks and appreciation to the Board of Selectmen and the Department Heads, the Town employees, the members of the Boards and Commission and to the citizens of Milton who have assisted me throughout this year. A special note of appreciation is extended to the Town Accountant, Town Counsel, Public Works Director and the three secretaries in the Selectmen's Office who have helped us to meet all deadlines and commitments of the Board of Selectmen and the Town Meeting — Mrs. Eleanor Bradshaw, Mrs. Helen Landry and Mrs. Grace Anderson.

Respectfully submitted,

JOHN A. CRONIN
Executive Secretary

REPORT OF LEGISLATIVE COUNSEL

January 9, 1976

To the Board of Selectmen

Gentlemen:

I submit herewith my report as Legislative Counsel and Chairman of the Legislative Committee for the year 1975.

Pursuant to Article 6 of the Warrant for the 1975 Annual Town Meeting, the Legislative Committee was appointed by the Moderator to consider those general laws and special legislative acts which might affect the Town's interest. The committee appointees were James F. Dineen, Michael F. Farrington, Philip Lemelman, Kevin Hern and myself. These gentlemen assisted me in reviewing over eight hundred acts passed by the State Legislature during 1975.

Pursuant to your instructions I appeared before the Technical Advisory Committee of the Metropolitan Area Planning Council to make known the views of the Town on House Bill 525. The bill was subsequently enacted as Chapter 808 of the Acts of 1975 and substantially revises the Zoning Enabling Act.

I appeared before the Legislative Committee on Taxation relative to a bill relating to the redistribution of state aid.

I drafted House Bill No. 6597 which was an act directing the State Personnel Administrator to approve the appointment of the eleven police officers hired by the Town in July of 1974. Unfortunately the Chairman of the Public Service Committee unilaterally determined that the bill was unconstitutional. As the bill was not enacted, I then elected to employ different means to accomplish the desired end.

Representative M. Joseph Manning was extremely helpful to me this year for which assistance I am most grateful.

Respectfully submitted,

ROBERT D. O'LEARY
Legislative Counsel

REPORT OF TOWN COUNSEL

January 9, 1976

To the Board of Selectmen

Gentlemen:

I submit herewith my report as Town Counsel for the year 1975.

During the past year I experienced the satisfaction of closing out a number of law suits on terms advantageous to the Town and the frustration of being unable to terminate other matters. The principal case in the latter category is the one involving the appointment of eleven officers to the police department in July of 1974. In January of 1975 the United States District Court ruled that all existing police lists would terminate on July 5, 1975 and that the minority preferences afforded by previous federal court decrees would not apply after June 5, 1975 to towns having a minority population of less than 1%. Shortly before the July expiration date the Attorney General of Massachusetts, without any notice to or consultation with the Milton officials, voluntarily agreed that the lists of the minority candidates would be extended an additional six months, while the "B" list of white candidates would expire. This agreement by the Attorney General was clearly violative of state law. However I am still hopeful the matter will be resolved in the not too distant future.

During the year ten new petitions were filed at the Appellate Tax Board against the Board of Assessors. Nine previously filed cases were tried. The decisions in eight of these cases favored the Assessors, and one was settled on terms agreeable to all parties. The splendid won-loss record compiled by the Board of Assessors at the Appellate Tax Board over the years offers mute testimony to the excellent performance of the Board in the difficult field of assessing property.

One case arising out of the operation of a town truck was tried and resulted in a jury verdict against a town employee of approximately \$5,000.00

Two law suits were commenced against persons involved in altercations with our police officers. The cases were initiated to implement a new policy to the effect that if anybody injures our policemen and thus causes the Town financial loss such as sick pay, medical bills etc., the party responsible shall bear the loss. Several other miscellaneous suits were filed to recover damages sustained to Town property as a result of accidents. Two suits to collect overdue taxes resulted in judgments for the Town.

Another law action was commenced against a bonding company in an effort to recover \$60,000.00 as a result of the default of a contractor in completing the street in an approved subdivision. The bonding company is strenuously resisting payment, and consequently an early resolution of the matter does not appear likely.

During the year Mass. Fair Share, Inc. filed suit against the Board of Selectmen in the United States District Court when your Board refused to grant the plaintiff unrestricted permission to go from door to door throughout the Town to solicit funds to finance its aims. The court decreed that under the Constitution the Town must grant the plaintiff permission to conduct such solicitations. It is my feelings that the decision in this case should impel us to consider amendments to existing Town bylaws.

An appeal from a decision of the Board of Appeals was tried in the Superior Court, and the Board's decision was upheld. A suit arising from a motor vehicle accident involving a police cruiser was heard by an auditor and resulted in a finding in favor of the police officer.

In June a complaint was filed against the Town at the Commission Against Discrimination alleging discrimination in the hiring of police officers. No hearing date has been assigned for this matter.

REPORT OF THE TOWN COUNSEL

In October the Town's lien to secure the repayment of the cost of demolishing the Hoover Motors garage buildings was paid in full with interest. When the old buildings were taken down, I know that some of the Town's people were of the erroneous opinion that the work was being done at the taxpayers' expense.

During the year six claims against the Town were settled for the total sum of \$1,441.33. I collected seventeen claims totalling \$6,939.39 and personal property taxes in the sum of \$1,987.55.

As usual I experienced courtesies and cooperation from my co-workers in the other Town Departments. I enjoyed the support extended me by the Board of Selectmen during the year. I should like to make particular mention of my thanks and appreciation for the assistance, counsel and encouragement I have received over the years from Selectman Ralph L. Kent who is retiring this year.

Respectfully submitted,
ROBERT D. O'LEARY
Town Counsel

REPORT OF THE MILTON PERSONNEL BOARD

January 29, 1976

The Personnel Board functions under the premise that it does not represent the Town's management but rather works impartially for the benefit of all interests in the Town – management, employees and taxpayers.

Various segments of the Town employees have elected to organize and have professional negotiators working on their behalf. As to these employees the function of the Board resolves itself to the implementation of the contract after it has been executed by others.

The non-organized groups of employees present their personnel problems to the Board. The Board has endeavored to consider carefully and to decide fairly all matters brought before it.

Under the Personnel Administration Bylaw, the Board remains responsible for making recommendations to the annual Town Meeting concerning pay and personnel policies applicable to all the positions and employees covered by the Personnel Bylaw.

The Board is aware that salaries and wages constitute an increasingly large percentage of the Town budget and every effort is being made, in cooperation with the department heads, Board of Selectmen and Warrant Committee to control and where possible to reduce or eliminate positions as they become vacant and by recommending to management the purchase of labor-saving equipment.

We acknowledge with regret that Walter Dennis who had served on the Board for 11 years, both as member and chairman, found it necessary to retire upon the expiration of his term of office. Walter's intimate knowledge of the Town employees, the functions of the various departments and his general knowledge of labor law will be sorely missed.

Also retiring after serving five years on the Board was John F. Delaney, Jr. Jack's knowledge of the construction industry was of immeasurable help to the Board in its deliberations.

John J. O'Brien, our Vice Chairman, found it necessary to resign because of the press of business. Attorney O'Brien was of great assistance to the Board in view of his experience as a labor lawyer engaged in collective bargaining.

The Board wishes to express its thanks and appreciation to the various department heads, governing boards and employees for their cooperation and assistance. We specifically wish to thank John Cronin, Executive Secretary, to the Board of Selectmen, for keeping us abreast of the changes in the municipal bargaining process.

We also wish to thank our Clerk, Josephine M. McAteer, for the many hours that she has expended beyond the call of duty to assist the Board in handling those matters which came before it.

Respectfully submitted,

JAMES D. FITZGERALD, Chr.
FRANCIS P. McDERMOTT
MANUEL S. LATO
JOHN P. CONNOLLY
RICHARD B. O'MEARA

BOARD OF APPEALS

BOARD OF APPEALS

To the Citizens of Milton:

The Board of Appeals presents the following report for the year 1975.

In March of this year Mr. Carroll P. Sheehan was reappointed a member of the Board of Appeals to serve for a period of three years until 1978.

In April, Mr. John C. Storey was appointed an Associate Member of the Board of Appeals to fill the resignation of Frank B. Fredericks until 1977.

The Board wishes to take this opportunity to thank the Associate Members, Messrs. Joseph Cotter and Dean M. Boylan for their assistance in substituting for members of the Board who were unable to be present at various hearings.

During the past year we held 19 hearings. Of this number there were:

6 applications for Special Permits

3 granted

2 denied

1 withdrawn

1 application for Amendment to Special Permit previously issued
decision pending

12 applications for Variance

7 granted

2 withdrawn

3 decisions pending

Respectfully submitted,

CHARLES F. BARRETT, Chairman

DANIEL GANS, Jr.

CARROLL P. SHEEHAN

Board of Appeals

REPORT OF THE PUBLIC WORKS DEPARTMENT

REPORT OF PUBLIC WORKS DEPARTMENT

January 7, 1976

To the Honorable Board of Selectmen

Gentlemen:

Submitted herewith is the third report of the activities of the Department of Public Works established under Chapter 570 of the Acts of 1973.

*PUBLIC WORKS OPERATION OFFICE
529 Randolph Avenue 698-1234*

This building was donated by Diamond National Lumber Company, previously located off Curtis Road present site of M.R.E. Unquity House. Building moved and refurbished by Milton D.P.W. for sum of \$15,000.

ENGINEERING

Engineering services were rendered to all departments as requested. All maps, atlases and plans on file have been updated to present condition.

Dana Avenue (Brush Hill Road to Boston Line) and Randolph Avenue (Centre Street to Brook Road) was reconstructed under the Chapter 90 Program during 1975.

Centre Street (Randolph Avenue to Voses Lane) is the Chapter 90 Program scheduled for 1976.

The plans and specifications for the 16 TOPICS locations were delayed because of lack of federal funds, but are to be completed and a construction schedule of 1976 expected.

The department issued 9 street numbers and 57 street opening permits.

Edward Calabro, Senior Civil Engineer and Joseph Doherty, Civil Engineer applying problem into Olivetti Model 101 Computer.

HIGHWAY

A continuing drainage program resulted in installation of 7017 linear feet of various size drains, 33 catch basins and 17 manholes. Several improved culverts were built to reduce debris blockage and give existing culverts more time to carry off excessive flows.

Stream Clearance projects carried out during winter months when possible. This program has resulted in better control of flood water during certain times of the year. This project is coordinated in part with the annual Norfolk Mosquito Control Program.

Snow plowing for the first part of 1975 was fairly light. However, the storms that hit us during the third week of December, 1975 was the severest storm encountered since 1969. The men worked on an average of 45 hours with only a few short rest periods to combat the so called "double-header" one storm immediately following the other.

Loading snow on Oak Street opposite the Tucker School.

Loading snow - Central Avenue at Milton High School.

REPORT OF THE PUBLIC WORKS DEPARTMENT

Permanent Construction for the year 1975 included installation of 1356 linear feet of curbing and resurfacing of several streets. A list of locations are included in a detailed D.P.W. report on file in the Engineering Office.

There were no streets constructed under the Betterment Act.

The engineers of the Public Works Department have prepared a list of sidewalks resurfaced and repaired. A list of locations are included in a detailed D.P.W. report on file in the Engineering Office.

Chapter 497, Section 14, Acts of 1971 provided the sum of \$90,752. for reconstruction, maintenance and repair of Public Ways. A list of locations in a detailed D.P.W. report on file in the Engineering Office.

New Equipment purchased during 1975 include Bombardier Sidewalk Plow and 3/4 ton Pick-up Truck.

FORESTRY AND SHADE TREE MAINTENANCE

Approximately 169 were planted along Town streets and on Town property during this past year.

Improvements such as the intersection of Adams Street and Granite Place was a joint venture of the D.P.W. and Milton Garden Club.

"Lawrence J. Mahoney Memorial Park" was completed in 1975. Lawrence J. Mahoney, Forestry Superintendent served the Town of Milton for 40 years.

Picture here!!

"Lawrence J. Mahoney Memorial Park" is located off Engine Road near the Milton Town Office Building and Central Fire Station.

The student work program with the Norfolk County Agricultural School in Walpole, was continued with great success.

WATER OPERATIONS

11 service connections were made to supply new buildings. 13 services were laid from sideline of street to the buildings and 8 services were laid from main to sideline of street.

3 new hydrants were added to our system. The inspections, repairing, gating and painting of hydrants have been continued. 13 additional gates were added to the system.

Reinforcement of our main distribution system continued with conversion of lower pressure mains to high pressure mains.

158 services were relaid during the year.

All the Metropolitan Water District Commission meetings were attended during the year.

New equipment purchased in 1975 was one new Dump Truck and one ton Roller with Trailer.

REPORT OF THE PUBLIC WORKS DEPARTMENT

Paul Williams, Plumbing Inspector, John White, Heavy Equipment Operator, Francis Hanafin, Engineer and Al Zaniboni, Assistant Director of Public Works, completing main change over at intersection of Canton Avenue and Blue Hill Parkway.

Alice White, Administrative Assistant, showing Water Department Accounting System to Doris Manning, Principal Clerk.

REPORT OF THE PUBLIC WORKS DEPARTMENT

CENTRAL MAINTENANCE GARAGE

The ordinary work day at this location is one of a busy nature. However, the three days when the severe snowstorm hit the area, the stress and strain upon the equipment really showed. Everything from replacing windshield wipers to replacing broken plows was done through this facility. At times there were as many as five vehicles down at one time, but the mechanics worked long and swiftly to get these vehicles back in operation. The importance of the Central Maintenance Garage becomes more apparent each year.

RETIREMENTS

Helen Gallivan	13 years
Anna Gerah	22 years
George Sawyer	28 years

May the above enjoy their retirement with good health and good times.

IN MEMORIAM

Helen Fitzpatrick June 1975

Helen was with the Engineering Department for 20 years and served as secretary to the Planning Board. She is missed by all employees of the Milton Town Office Building.

OBJECTIVES

- To continue with Water System Improvements.
- To continue with Improved Drainage Program.
- To continue to seek Federal Aid for Sewer Program.
- To continue the TOPICS Program.
- To continue to assist with equipment and personnel for all Town Projects.
- To continue Stream Clearance Program.
- To continue Program Budgeting and Accounting for Public Works.

CONCLUSION

I wish to take this opportunity to express my appreciation to all the Public Works Employees for their cooperation and assistance in compiling a very successful construction and maintenance year.

I wish to thank the Board of Selectmen, Executive Secretary and all Town Departments for their cooperation and assistance during 1975.

Respectfully submitted,

LAWRENCE W. DeCELLE, Jr.
Director of Public Works

ANNUAL REPORT OF THE TRUSTEES OF MILTON CEMETERY

January 5, 1976

To the Citizens of Milton:

The Board of Trustees of Milton Cemetery respectfully submit the following report for the year 1975.

There were 285 interments for the year. During the year there were 337 graves sold. These were assigned as follows: 6 eight grave lots, 8 six grave lots, 39 four grave lots, and 85 single graves sold mostly as pairs.

Five old diseased trees were removed and thirty five new trees were planted.

Arthur A. Cutter retired in September after thirty years of service. We extend our best wishes to him for every happiness in his retirement.

Respectfully submitted,

BOARD OF TRUSTEES
JOHN H. McCUE, Chairman
SPENCER FIELD, Secretary
HUGO W. SORGI
PAUL F. DOLAN
J. JOSEPH DONOVAN

REPORT OF THE FIRE DEPARTMENT

REPORT OF THE FIRE DEPARTMENT

January 12, 1976

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my report on the Fire Department for the year ending December 31, 1975:

ALARMS

During the year the Fire Department responded to 1794 Calls; 457 Bell alarms, 1,278 Still alarms and 59 Mutual Aid alarms.

ALARMS EACH MONTH

January . . .	130	May . . .	241	September . .	111
February . . .	109	June . . .	137	October . . .	114
March . . .	165	July . . .	115	November . .	177
April . . .	230	August . . .	105	December . .	160

MUTUAL AID

Milton to Boston	30	Boston to Milton	14
Milton to Quincy	29	Quincy to Milton	21

FIRE ALARMS and/or CALLS

Residential	.184
Non-residential	.52
Brush, grass, woods, rubbish, debris, etc.	.450
Public assistance, first-aid, complaints, investigations, drills, details, emergencies, etc.	.290
Vehicles	.150
Accidents	.157
Innalator	7
Pumping	38
Wires	10
Lockins/lockouts	51
False Alarms	.155
Auxiliary Alarms	99
Mutual Aid	72
Other (miscellaneous)	79
TOTAL 1794	

WORK PERFORMED

Feet of hose laid (1-1/8") . . .	5,750	Gallons of water:	
Feet of hose laid (1-1/2") . . .	18,650	Booster tanks	163,652
Feet of hose laid (2-1/2") . . .	7,350	Lines laid	644
Feet of hose laid (3")	550	Feet or ladder raised . .	4,870
		Salvage covers	12

REPORT OF THE FIRE DEPARTMENT

INSPECTIONS MADE – PERMITS ISSUED

	INSPECTIONS	PERMITS
Oil Burners	130	62
Tanks:		
275 gallon	108	34
1000 gallon	8	6
2000 gallon	4	1
5000 gallon	2	2
6020 gallon	1	1
8000 gallon	2	2
10000 gallon	1	1
Tank removal	2	2
Blasting	19	12
Propane gases	12	6
Model Rockets	28	20

Periodic inspections were made of merchantile and business establishments, schools, churches, halls, dormitories, etc., in relation to fire prevention and protection.

General repairs and maintenance on all Fire Department apparatus during the year was handled by the Central Maintenance personnel. I sincerely appreciate the efforts of the Central Maintenance staff in keeping our equipment in operating condition.

New equipment acquired during the year included a new base station radio transmitter and the Hurst Power Rescue Tool. The Fire Department is grateful to those citizens who assisted in the purchase of this rescue tool with their donations. A new resuscitator-inhalator was donated to the Fire Department by the Milton Junior Womens Club. I am most appreciative of their generosity and thoughtfulness.

Currently eight Fire Fighters are attending courses to qualify as Emergency Medical Technicians. Six members of the Fire Department have already successfully completed this course. Another six Fire Fighters are continuing their studies in Fire Science at various community colleges.

Activities of the Auxiliary Fire Department continued under the direction of Fire Fighter Paul Mason. I commend Fire Fighter Mason and the members of the Auxiliary Department for their continued interest and dedication.

The long time Fire Department secretary, Mary E. Kennedy retired on December 31, 1975. I am most grateful for her faithful and dedicated service to the Fire Department over the years and extend our best wishes to her in her retirement.

To the Board of Selectmen, the officers and men of the Fire Department, all Department heads and employees, I wish to express my sincere thanks for your assistance and cooperation during the year.

Respectfully submitted,

JOHN J. GRANT
Chief of Fire Department

This Hurst Rescue Tool is now available for the Firefighters to use to extricate victims in automobile accidents.

REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Milton:

The Board of Health is pleased to submit its annual report for the year ending December 31, 1975.

ORGANIZATION

Morton Wolf, D.V.M., was elected to the Board for a one-year term in March, 1975. On March 11, 1975 the Board met and elected John M. Murphy, M.D., Chairman; and Morton Wolf, D.V.M., Secretary. The Board appointed James F. Finneran as Agent to the Board; Alice A. Driscoll, Principal Clerk; Mary A. Fontana, R.N., Public Health Nurse; and John H. Gutteridge, D.V.M., as Inspector of Animals.

WELL CHILD CONFERENCE

The Well Child Conferences were held on the first Tuesday of each month in the clinic room in the Town Office Building. The clinics provided physical examinations and health appraisal of the infants and children and counseling for the parents. Immunizations against diphtheria, tetanus, pertussis, measles and polio were provided and tine tests for detection of tuberculosis infection were administered.

SCHOOL HEALTH SERVICES

Physical examinations for pupils in the third, fifth, eighth, and eleventh grades in parochial and private schools were provided at the individual request of a parent or guardian.

Tine tests for evidence of tuberculosis infection were made on 173 children newly transferred into parochial and public schools.

The Massachusetts Vision Test and the Pure Tone Audiometer Test for hearing were administered to all enrolled parochial school pupils.

Clinics held in public and parochial schools provided the following immunizations: Mumps-Measles-Rubella, 172; Diphtheria and Tetanus, 210; and Sabin Oral Polio, 137.

COMMUNICABLE DISEASE PREVENTION

The Public Health Nurse tested 84 residents for evidence of tuberculosis infection. Four appointments for X-ray examination at Norfolk County Tuberculosis Clinic were made for positive reactors. TB tests for faculty and employees in public and private schools were also provided in accordance with the requirements of Mass. General Laws governing persons in contact with school and college-age persons. TB tests for residents and school personnel were made available on a year-round basis by appointment through the Board of Health office. During 1975 one patient was hospitalized at Norfolk County Hospital for forty-four days. Tuberculosis casework during the year included one hospital admission, one discharge and eight contact referrals. A total of 29 home visits and 92 follow-up contacts of persons on chemotherapy or out-patient care were made.

The State Law requires that children be immunized against diphtheria, tetanus, pertussis, measles, and polio before attending school. Vaccines for diphtheria, tetanus, and pertussis (DTP); for measles, Mumps, and rubella (MMR); and for polio (Sabin) were distributed from the Board of Health office to community physicians for immunization of children. The immunization of infants and children by physicians was supplemented through the well-child clinics, and school clinics for booster doses. There were no reported cases of diphtheria, tetanus, pertussis, measles, polio, or rubella (German measles) in 1975. Two cases of mumps and 38 cases of chicken pox were reported during the year. There is no vaccine available for immunization against chicken pox.

REPORT OF THE BOARD OF HEALTH

INSPECTION OF ANIMALS

A total of 90 dog bites were reported to the Board of Health in 1975. Animal bites other than dogs reported were three gerbils, six cats, and one pet rat. None showed any evidence of rabies. The Animal Inspector, John H. Gutteridge, D.V.M., examined 119 horses and inspected 17 stables.

ENVIRONMENTAL SANITATION

Fifteen permits to operate food service establishments were issued in 1975. Three permits for temporary food service operations were issued during the year. All food service establishments were inspected for compliance with the State Sanitary Code. Five establishments registered by the Board of Health to sell food at retail were inspected for compliance with the regulations of the State Division of Food and Drugs. One wholesale bakery and one retail bakery were inspected for compliance with the Mass. General Laws.

Licenses to deliver milk in the Town from vehicles were issued to eleven dealers. Fifteen licenses were issued for sale of milk in retail stores. A license to manufacture carbonated non-alcoholic beverages, two licenses for the practice of massage and four permits for commercial stables were issued in accordance with the General Laws of the Commonwealth.

REFUSE COLLECTIONS AND DISPOSAL AREA

The Charles B. Bosworth Co. of Milton completed a three-year contract for refuse collection and sanitary landfill services on June 30, 1975. A new three-year contract for the same services with the Ace Disposal Co. of Woburn, Mass., for the sum of \$781,591.20, began on July 1, 1975.

A petition to the Board of Selectmen concerning the existence of a safety hazard in the Disposal Area caused by a quarry hole with a water depth of forty feet led to the landfilling of the site. After a public hearing and approval by the Conservation Commission, the water hole was pumped and filled by agreement with the C. B. Bosworth Co.

The recycling of waste paper, glass, and cans at the Disposal Area was continued after the organizer moved out of Milton. The depot for recycling materials is now maintained by the Public Works Department.

FINANCIAL SUMMARY

Appropriations to the Board of Health for 1975-76 fiscal year amounted to \$317,498.00. Income from various sources during 1975 was as follows: Disposal Area -- \$5,168.00; licenses and permits issued by the Board of Health -- \$291.50.

Respectfully submitted,

MILTON BOARD OF HEALTH
JOHN M. MURPHY, M.D., Chairman
MORTON WOLF, D.V.M., Secretary
VIRGINIA A. GAFFEY, R.N.

NORFOLK COUNTY
MOSQUITO CONTROL PROJECT

NORFOLK COUNTY
MOSQUITO CONTROL PROJECT

December 31, 1975

To the Citizens of Milton:

Submitted herewith is the report of the Norfolk County Mosquito Control Project of its activities in the Town of Milton for the year ending December 31, 1975.

Total Kilowatts Wired		1,339

FIRE AND POLICE ALARM SIGNALS

A new Master Fire Alarm Box and Auxiliary System was connected to the Municipal System at the following location:

#3521 Wollaston Golf Club, Randolph Avenue

New Fire Alarm Box replacements were installed at the following locations:

#351 Randolph Avenue near Town Line

#131 Warren Avenue and Dyer Avenue

Fire and Cable Boxes were repaired or replaced due to accident and vandalism at the following locations:

Box #5121 Whittier Road
Box 6 Church Street and Bassett Street
Box 24 Brush Hill Road
Box 372 Milton High School
Cable Box, Blue Hill Avenue and Cheever Street

REPORT OF THE WIRE DEPARTMENT

NEW CABLE INSTALLED

2,300' of underground cable was replaced with new cable on Adams Street from Centre Street to Fire Box #63. New Cable was installed undergrqund from Eliot Street and Central Avenue to the Boston Line to connect to Boston Fire Alarm.

Police Box on Gile Road was relocated to the lower end near the playing field.

All Fire and Police Boxes were painted, tested and repaired and all transfers from old to new poles have been completed as required.

Electrical repairs and installations were done at the following locations:

Thacher Building – Replaced wiring due to fire damage

Gov..Stoughton Lane – Rewired Town owned house

Department of Public Works, Park Department, Town Office Building and Fire Stations

TRAFFIC LIGHTS

A new Fire Lane Pre-Emptor was installed at Blue Hill Avenue, Bradley Road and Atherton Street to give traffic control to Engine #4 Fire Station when responding to alarms.

Traffic Signal Equipment was repaired or replaced at the following locations due to accidents:

Brook Road and Randolph Avenue

Adams Street at Wood Street

Granite Avenue and Wood Street

Granite Avenue and Boulevard Street

Adams Street and Church Street (2)

Adams Street and Squantum Street

Brook Road and Standish Road (2)

Reedsdale Road, Canton Avenue and Centre Street

All Traffic Signals were relamped and cleaned and the controllers and equipment were cleaned, oiled and repaired as needed.

I wish to thank the Board of Selectmen and all the Town Departments for their co-operation and assistance during the past year. My thanks to the members of the Wire Department for their continued excellent work.

Respectfully submitted,

LEWIS E. PARK
Inspector of Wires

REPORT OF THE BUILDING DEPARTMENT

January 7, 1976

To the Honorable Board of Selectmen
Milton, Massachusetts

Gentlemen:

I herewith submit my report of the Building Department for the year ending December 31, 1975.

Month	No. of Permits	Permits for New Dwellings	Permits for New Garages	New All Other	Permits for Altera- tions	Valuation	Fees Received
January	11	0	0	3	8	\$ 19,866.00	\$ 83.00

Fees for the above Permits amounting to Six Thousand One Hundred Fifty Two Dollars (\$6,152.00) have been collected and paid to Town Treasurer.

I wish to extend to the Honorable Board of Selectmen my sincere appreciation for their co-operation. May I also express my appreciation to all Town Officials, Boards and Committees for their assistance.

Respectfully submitted

ALBERT W. SEMER,
Building Commissioner

Albert W. Semer, Building Commissioner, examining framing of a house. 19 permits were issued for new dwellings during 1975. The total estimated value was \$2,144,896.

REPORT OF
BOARD OF EXAMINERS, BUILDING DEPARTMENT

REPORT OF
BOARD OF EXAMINERS, BUILDING DEPARTMENT

January 6, 1976

To the Honorable Board of Selectmen
Milton, Massachusetts

The following is the Annual Report of the Board of Examiners of the Building Department for the year ending December 31, 1975.

The Board was created under Section XX of Chapter 7 of the General Bylaws of the Town of Milton.

The Board held one meeting, interviewing seven persons desiring to obtain one or more of the various licenses that are required to undertake construction work in the Town. Summary of the Board's action is listed below.

Meeting Date	Number Applicants	Licenses Granted by Class				Licenses Not Granted
		ABC	C	C1	M1	
May 28, 1975	7	1	2	1	1	2

66 Licenses Issued in 1975
Fees Received \$203.00

Renewals 61
New Licenses 5

66

The Board wishes to acknowledge the co-operation of the Building Department.

Respectfully submitted,

WILLIAM J. EDWARDS, Chairman
EDMUND J. CONNOLLY, Secretary
JAMES A. MORGAN, JR.

REPORT OF
INSPECTOR OF PLUMBING AND GAS

REPORT OF

REPORT OF FENCE VIEWERS

REPORT OF THE FENCE VIEWERS

January, 1976

I have had a few informal requests for information which I have disposed of by contacting the Building Commissioner.

The late Mr. M. Joseph Manning of 243 Thacher Street, the other member of the Board appointed in 1975, passed away on June 22, 1975, leaving a vacancy to be filled by your Board.

Respectfully submitted,

MISS TERESA SHAUGHNESSY
Fence Viewer

PARK DEPARTMENT ANNUAL REPORT

January 9, 1976

To the Citizens of Milton:

The following is the Annual Report of the Board of Park Commissioners for the year ending 1975.

Mr. John T. Landry was re-elected to a three year term on March 1, 1975, and the Commission was organized with John S. Shields as Chairman, Philip E. Casey as Secretary and John T. Landry as the third member.

The Park and Recreation Department expanded some of its recreation programs in 1975 with great success. Girls' Basketball was run not only on Friday evenings but also on weekdays during the school vacation. The Gymnastic Camp in the summer was extended from four weeks to five. Gymnastics for elementary school boys and girls was also held for the first time on Sunday afternoons at the High School Gymnasium during January, February and March. Regular programs offered by the Park and Recreation Department were:

Run For Fun
Girls' Basketball
Girls' Ballet
Girls' Baton Twirling
Men's Softball
Women's Slimnastics
Karate
Soccer

Men's and Boys' Basketball
Street Hockey
Boys' Football
Girls' Acrobatic Dancing
Volleyball for Men and Women
Girls' Softball
Tennis

Gymnastic Program sponsored by the Park Department on Saturdays for the youths of all ages during the winter months.

Once again 400 Milton residents signed up for skiing lessons held on Saturday mornings at the Blue Hill Ski Area during January.

The Park Department and the Milton Unquity Sportsmens Club co-sponsored the children's fishing derby, which is always very popular and usually held on the third Saturday in May.

PARK DEPARTMENT ANNUAL REPORT

The Milton Park and Recreation Department's Exceptional Children's Program, conducted on Saturdays during the School year and on weekdays during the summer, continues to be one of the best in the State.

The Park Department, along with the Milton Legion Post #114, conducted the Fourth of July Celebration again this year at Pierce Field and Cunningham Park. Races were held; prizes and refreshments were distributed.

The Park and Recreation Department joined in the Luis Tiant Parade by entering a float. In addition, a group of the girl baton twirlers marched in the Veteran's Day Parade.

The Park Department maintains 138 acres of land which includes 10 Baseball Diamonds, 15 Tennis Courts, 6 Basketball Courts and 2 half courts, Hemingway Pond, Harland Street Dam, Popes Pond, Turner's Pond and the Town Landing, also many small plots of land.

Turner's Pond finds many of the Townspeople enjoying the fishing or just walking around.

Tennis has become very popular and it is the feeling of the Board of Park Commissioners that more courts will be needed on the east side of Town. With the Lighting of the Softball Field and the Tennis Courts at the Pierce School Complex, it is expected that more adults will be able to use these facilities.

Because of the extensive use of the Baseball Fields, the Park Department endeavors to rebuild two fields each year.

A Town Landmark had to be removed this year when the Grandstands at Kelly Field were condemned. These Grandstands were originally at the Old Braves Field and were brought to Milton twenty-five years ago.

The Board of Park Commissioners at this time would like to thank the Department's dedicated employees who have done such a good job and also to all the Town Departments' Boards and Commissioners who have helped and assisted the Park Department this past year.

Respectfully submitted,

JOHN S. SHIELDS, Chairman
PHILIP E. CASEY, Secretary
JOHN T. LANDRY

Poleski Park, at the intersection of Brook Road and Lincoln Street, dedicated on November 11, 1976 in honor of Francis J. Poleski, a disabled veteran. He was a fourth generation Miltonian who lost both legs as a result of injuries sustained at the Battle of the Bulge.

The department was saddened by the death of retired officer Detective Joseph P. Duggan. Mr. Duggan, who was on the force for 42 years, died on October 4, 1975.

Andrew H. Donahue, who retired on June 18, 1947 after 29 years of service to the town, died on September 8, 1975.

Patrolman Francis X. Sullivan, who was appointed on March 10, 1960 retired effective December 31, 1975.

Patrolman Joseph G. Sullivan, who was appointed on February 21, 1972, resigned on February 14, 1975 to take a position with the F.B.I.

Many of the officers continue to take courses in order to increase their knowledge of police work so they can better serve the citizens of the Town of Milton.

The morale of the Department continues to be good and the members are to be commended for their devotion to duty.

To the officers and men of this Department I wish to express my sincere thanks for their continued loyalty and cooperation. I also wish to thank the Board of Selectmen, the Justices, Clerks and Probation Officers of the Courts and the officials and employees of other Town Departments who have assisted us during the year.

Respectfully submitted,

JOHN E. WHEARTY
Chief of Police

REPORT OF TRAFFIC COMMISSION

January 8, 1976

The Honorable Board of Selectmen
Town Office Building
Milton, Massachusetts

Gentlemen:

I herewith submit the annual report of the Town Traffic Commission:

The following are members of the Traffic Commission:

Chief John E. Whearty, Police Department, Chairman
Chief John J. Grant, Fire Department
Lawrence W. DeCelle, Jr., Town Engineer
Albert Zaniboni, Highway Department, Superintendent
William A. Creighton, Administrative Assistant, School Department
Lewis E. Park, Superintendent of the Wire Department, attended the meetings as an advisor.

Six meetings were held during the year. They were properly posted by the Town Clerk as required by law.

The following requests from various town departments and citizens were acted upon:

5 Requests for One-Way Streets

Three were not recommended.

One was referred to the Town Engineer for a traffic study.

One was referred to the Engineering Division of the State
D.P.W. for consideration under Chapter 90; Section 33B.

6 Requests for Installation of Stop Signs

Five were recommended.

One was not recommended.

1 Request for Commercial Vehicles to be Excluded

Referred to the Town Engineer so that a Commercial Vehicle
count could be made.

2 Requests for No Parking Signs

One was recommended.

One was not recommended.

A request for limited parking was recommended for the south side of Oak Street
between Blue Hills Parkway and Blue Hill Avenue.

Three requests for "Watch Children" signs were recommended.

A request that the median strip be closed on Edge Hill Road opposite Governors
Road was referred to the District Engineer, State Department of Public Works.

One request for two hour parking limit was not recommended.

It was recommended that a traffic study be made by the Town Engineer regarding
Highland Street traffic.

A request for a taxi stand on Central Avenue was recommended.

A request for a loading zone was recommended.

REPORT OF TRAFFIC COMMISSION

It was recommended to prohibit left turns from Randolph Avenue into Hallen Avenue between 7 A.M. and 9 A.M. It was also recommended that no right turns be allowed from Highland Street into Marshall Road from 4 P.M. to 6 P.M. Approval must be sought from the State Department of Public Works before this can be accomplished.

It was recommended that a "No Parking, Loading Zone, 60 feet in length" be established on the north side of Eliot Street from the truck unloading entrance toward Central Avenue.

A request for a flashing warning light was not recommended. A "Dangerous Curve" sign was recommended in that area.

Traffic counts will be made up by Marshall Road in the near future and the Traffic Commission will be reviewing the results.

Respectfully submitted,

JOHN E. WHEARTY, Chairman

REPORT OF CONSERVATION COMMISSION

To the Honorable Board of Selectmen and the Citizens of Milton:

Each year conservation commissions are called upon to review or offer opinions in more and more environmental areas as the public realizes its far-reaching effects. Here, in Milton, we presented to each townsperson a booklet outlining the various aspects of our work and how we all can contribute to Milton's betterment. It was a costly project but was very well received and we could have used many more copies.

In the fall we co-hosted with the Milton Citizens Planning Committee an open meeting at the Milton Woman's Club on land use; its cost for development vs keeping it for open space. The speaker was Mr. Robert Lemire whose reputation as a persuasive speaker on the advantages of land-space acquisition is well known.

All this information: the meetings we attend; what is happening in the town from the conservation commission's point of view; information which will help keep the public alert on environmental subjects, is printed weekly in the Milton Record under the column, "Conservationally Speaking.....". Communication is very necessary to maintain a good working rapport both with the town as a whole and also the various boards. We have had very good cooperation with the town personnel, a great help in our efforts. We have met with various committees and boards or representatives for more detailed discussions. We also have met with townspeople who have had a conservation suggestion or a grievance and we believe that our action such as having a field cut or a brook area cleared for better flow has gained us further support. We have also met or corresponded with agencies such as the utility companies to insure judicious tree trimming or cutting. We have tried to have the salt piles eliminated at Houghton's Pond and off Route 138 but without lasting success.

Ground Breaking for the new Community Gardens sponsored by the Conservation Commission at Cunningham Park. Left to right Selectmen Ralph L. Kent, Conservation Commissioners Ann Walsh and Martha Curtis, former Selectman Francis F. Brooks, Conservation Commission Chairman Robert C. Oldfield and Charles Carlson, Manager of Cunningham Park.

REPORT OF CONSERVATION COMMISSION

We sponsored two high school students at a conservation workshop in Ashland held by the Massachusetts Cooperative Extension Service, 4-H Division. They came back with a very enthusiastic report and we hope to offer it again this year. We also initiated a community garden which evoked a good response from about thirty gardeners. The Cunningham Park Trustees opened their field for it and it was very satisfactory. We would like to broaden the project by including another area in the town this spring.

We conducted three wetland hearings: Norfolk County Golf Course on the altering of the small pond at the base of the old Wollaston Golf Course Hill; the filling in of the quarry at the town disposal center by the Board of Health; and the proposed building of a private boat ramp by a Milton citizen on the banks of the Neponset. We also toured the new Wollaston Golf Club to inspect the progress in the development of the course which is basically completed. There have been other hearings which we have attended which don't directly involve us but have given us more insight into some of our problems.

To keep conservation in the minds of everyone is of vital importance for our future well-being and we trust our efforts are carrying out this purpose.

REPORT OF ASSESSORS OF TAXES

January 20, 1976

To the Citizens of Milton:

The Board of Assessors is pleased to submit the following reports:

Annual Report of Activities: January 1, 1975 - December 31, 1975
Receipts and Expenses for Fiscal Period: July 1, 1975 - June 30, 1976

At the annual Town Meeting of March 1, 1975, M. Joseph Manning was re-elected for a three year term. The Board organized as follows:

Thomas S. Gunning, Jr. - Chairman
Daniel E. Duggan, Jr. - Secretary
M. Joseph Manning

As mentioned in our previous report, the Massachusetts Supreme Judicial Court, under date of December 24, 1974, handed down the Sudbury decision directing the Commissioner of the Department of Corporations and Taxation to direct the Assessors of all cities and towns within the Commonwealth of Massachusetts to take such action that will product uniformity in valuation and assessments.

The Assessors were notified by the Tax Commission to adopt such methods that will bring property assessments to full and fair cash value and effect uniformity of assessments to full and fair cash value and effect uniformity of assessments among all property within each class among all classes.

On January 1, 1975 a "Sales Analysis" program was initiated by the Board. The implementation of this sales inventory program will expand our present data base and be most beneficial in a revaluation program.

On March 31, 1975 the Tax Commissioner was notified of the adoption of our "Sales Analysis" program as phase one of a program of revaluation. The Board was notified on June 6, 1975 that our report was not satisfactory and requested further action to meet the requirements of the law.

Again on September 17, 1975 the Assessors were accused of failing to respond to the requirements of the Supreme Court decision in that our proposal, deferred until the annual Town Meeting of March, 1976, was not acceptable. Efforts to include a special article in the Special Town Meeting of November 6, 1975 were impossible as the warrant had closed.

Consultations and meetings were held during most of the year with private appraisal companies as well as discussions with those communities that had undergone a revaluation program. Upon review of all the material and information that we compiled, it is the Board's opinion that a program of revaluation for the Town of Milton would cost \$200,000.00 to \$225,000.00.

An article will be presented to the annual Town Meeting in March, 1976 requesting the necessary funds to implement a program of revaluation that will be conducted under the direct control of the Board of Assessors. This decision was reached after an extensive study and should be accomplished at an estimated cost of sixty-five percent of that done by a commercial concern.

The Board of Assessors wish to thank those Departments that have cooperated with this Department during the past year. The assistance and cooperation received from Town Counsel Robert D. O'Leary is appreciated and most beneficial to the Town. To our own dedicated staff, we express our sincere thanks for an excellent job well done.

The detailed statement of Receipts and Expenses follows:

REPORT OF THE PLANNING BOARD

January 22, 1976

At the organizational meeting of the Planning Board held on March 6, 1975 C. Mitchell Draper, Jr. was re-elected as Chairman and Patrick H. Donahue as Secretary to the Planning Board, as well as the Planning Board member of the Conservation Commission.

Regular meetings of the Planning Board were scheduled for Thursdays throughout the year and additional meetings were held when necessary. During calendar year 1975, the Board held forty-nine regular meetings and hearings. The Board again spent a great deal of its time in the area of review and up-date of the Master Plan of the Town. As this report is being written, additional hearings are being scheduled to allow citizens the opportunity to voice their opinions. The construction industry continued in its slump with a resulting slow-down in the rate of completion of existing subdivisions and the discussion of a minimum number of proposals for new developments.

A year has passed since the State sent out their preliminary draft of the revised Master Plan of the Town to the Planning Board. Evaluations of the various Town Departments and facilities as to their present condition and future needs are a necessary yearly task if the Master Plan is to be a useful and workable document. In addition to making these evaluations the Planning Board has held Public Meetings exchanging ideas and data with interested citizens to determine their goals and the direction the Town should take toward future growth and development. This assemblage of facts is being evaluated.

The Board wishes to thank the various Town Officials, Departments and Committees for their help and assistance throughout the year. To Mrs. Thomas D. Manning, our indispensable secretary, Paul D. Kanter, Planning Engineer and Lawrence W. DeCelle, Jr., Director of Public Works, our thanks for their continued support and effort on behalf of the Planning Board and the Town.

Respectfully Submitted,

MILTON PLANNING BOARD

C: MITCHELL DRAPER, JR., Chairman
PATRICK H. DONAHUE, Secretary
J. WILLIAM DOLAN, M.D.
RICHARD C. FITZGERALD
ROBERT L. HOY

REPORT OF THE TRUSTEES OF THE
MILTON PUBLIC LIBRARY
1975

This has been a good year for the Library. We have had no major problems. We have had problems, true, but they have been solved easily. No unnecessary expenditures were asked for or incurred, and none was made. Our Board of Trustees has remained the same. We didn't welcome any new Trustees nor lose anyone from our Board. It has been a good year.

The discovery of a beautiful Hinckley painting in the storage room of the Kidder Branch Library caused much excitement among the Trustees and the Staff. This fine painting was a gift to the Library by Dr. Harris Kennedy, and at one time hung in the Kidder Branch, but had been removed and stored. Some restoration is required. However, an appeal to the Council on Arts and Humanities resulted in a grant to reimburse us in the amount of two hundred dollars. When the painting is fully restored it will be hung in Central Reading Room along with another fine Hinckley to be loaned to us by Milton's own Museum of American China Trade. We feel it is entirely fitting that in Milton's Central Library should hang the works of Milton's celebrated painter, Thomas H. Hinckley.

We are very fortunate this year, as in other years to receive gifts and kindnesses from people interested in helping the Library. Gifts of money are of course always welcome, and we are indeed grateful to several very generous individuals. The Milton Garden Club continues to brighten our rooms with colorful flower arrangements. The Milton Junior Woman's Club continues to conduct "Library School" for preschoolers at all three libraries. This "school" is well organized and very popular with the younger set. Our gallery at Central, now completely renovated, has been honored with many fine exhibits all through the year.

Our heating problems of last year are now completely solved. The last one was the Staff Room on the lower floor which really resolved itself when the ventilating fan in the kitchen was removed to reveal wide open spaces allowing icy blasts to penetrate the room. It didn't take long for Mr. McKay, Superintendent of the Town Buildings to remedy the situation. Now our Staff Room is warm and inviting, as well as the rest of the building at Central.

REPORT OF THE TRUSTEES OF THE
MILTON PUBLIC LIBRARY

This past summer posed a different type of heating problem. The heat at Central was truly excessive. Air-conditioning would be impractical as well as very expensive. After many consultations it was decided to place temporary fans for the summer months in the high windows of the Reading and Reference Rooms. The cost of these fans is included in our 1976-1977 budget. They will make Central more comfortable for the Staff and our patrons as well.

Mrs. Finizio and Mrs. Molloy have been attending Library meetings - the New England Library Trustee Association and also the Massachusetts Library Trustee Association as well as other Library Association meetings. These all-day sessions proved very interesting and informative. At the New England Association a panel discussion on "Responsibilities of Library Trustees" presented excellent practical ideas and an afternoon speaker from Washington discussed "Practical Politics for Library Trustees". Small discussion groups with other Trustees at the Massachusetts Association meeting proved invaluable.

The Milton Woman's Club have inaugurated a "Library Tote Service" for invalids and shut-ins of the Town as their Civic Improvement Project this year. We hope it will prove successful for it is a worthwhile project. Books and records will be chosen from the Library stock.

In conclusion the Trustees wish to extend their thanks and appreciation to our excellent Staff and especially to our Head Librarian, Miss Marjorie Shaw. It is their continued loyalty and competence year after year which is responsible for the high quality of service at the Milton Public Library.

ANNUAL REPORT OF THE MILTON PUBLIC LIBRARY

To the Board of Trustees of the Milton Public Library I have the honor of presenting the annual report for the year ending December 31, 1975. This is the one hundred and fourth annual report.

Once again it is time to evaluate our Library services to the Town of Milton. 1975 was a poor year for our State and Nation, but it has proved to be a good year for Milton Library. Probably because of curtailment in business and social activities more Milton residents discovered and used their libraries. A very substantial gain in circulation of books and phonograph records has been recorded. (11%) This has put an added burden on an understaffed operation.

In rereading our 1974 report we find we could almost label it 1975 and not write a new one. Book prices are still climbing - causing the purchasing power of our book budget to shrink. New books are just as slow in being delivered from our wholesalers. It takes altogether too long between mailed orders and receipt of books. We continue to conduct a weekly column in the *Milton Record Transcript*. It seems to be popular with townspeople so we shall make this a report from the Library at this definite time. We are grateful to the *Record Transcript* for the allotted space. The Preschool "Library schools" are once again being conducted by the Junior Woman's Club ladies who volunteer their time to give the children such excellent instruction and fun. Their materials are provided through the Library's N.T. Kidder Fund. We are also still providing bedside book delivery service at Milton Hospital.

BUILDING IMPROVEMENTS

Central Library - Stack sections - This summer Central Library received the first delivery of one additional stack unit for the first floor. During the next few weeks we hope to have extra help so we can move into these new shelves. A request for an additional unit is in the 1976/77 budget. This will complete all possible expansion in the existing building. All three floors have now had new units of shelving added to the book space.

Art Gallery - Central Building - This past year has been our first to enjoy the refurbished Art Gallery. Now we have a most attractive room, much appreciated by regional artists and the various groups who ask to meet there. We have been glad to have the Youth Coordinator make use of the facilities for conferences with parents. Regular sessions on parent communication with children were held during the winter. We are also able now to show traveling exhibits being offered us from State and National sources. At present the Gallery is booked solid through 1976-77, and several months of 1978 are already engaged. The standard of work being shown improves constantly. We are proud of our Milton artists.

Our Etchings - During 1975 we again discovered our etching collection. It has been here for many years, but we never got around to showing it. The collection was given to the Library from the estate of James Henry Whitman, 1842-1915. We have shown several of the most interesting etchings in the front lobby case, and more will be on view later.

Varied exhibits such as copper plaques of Bicentennial events, Polish paper cuttings, and ancient gingerbread molds have brought interesting hobbies into the downstairs lobby cases. Also we should mention the fine exhibits shown in the Children's Room cases. Many of these are hobby collections belonging to our young patrons or their parents.

Branch Library Notes - This year the Kidder Branch had its turn to get additional book stacks. This Branch has also received a gift of two magazine racks.

Both Branches have had the same fine programs of "Library School" by Milton Junior Woman's Club.

Space for books in the two libraries is getting to the point where new books have very little room. It is not easy to discard either because the books are constantly used.

ANNUAL REPORT OF THE MILTON PUBLIC LIBRARY

BOOK SELECTION

A question that is asked us over and over is: "How are books chosen for the Library? Sometimes the inference is that one person does the ordering, and censors certain subjects or certain authors. Nothing could be farther from the truth. The correct answer is, and has been for years, that heads of Library departments meet about once a month, pool opinions, and make out lists of suggestions for purchase. Many professional review sources are used. Each Branch Librarian chooses most of the books for her particular patrons. With five or six different interests represented we are quite sure of covering every controversial subject and author. We strive to get a varied book stock that will please everybody, and yet will keep within the budget.

OPEN HOUSE

In April Central Library held an Open House to show off the "new" Art Gallery, the refurbished reading rooms, and our new equipment. There were special exhibits throughout the building, including the fine collection of paintings by our Milton Artists. Flowers and plants were donated by the Garden Club members and other friends. A continuous showing of films on Williamsburg, loaned by Thayer Library in Braintree, furnished the entertainment. Refreshments were served by the Staff and Trustees as groups of townspeople were taken on conducted tours through the building.

THE BICENTENNIAL KNITTING PROJECT

During our Bicentennial year a group of Milton women decided on making samples for a knitting "scrapbook". Mrs. Marjorie S. Jeffries was in charge, and eventually two large volumes of knitting samples were collected. These are very colorful and beautifully done. Mrs. Jeannette Peverly of the Library Staff then took over the mounting and arrangement of the submitted samples. Each one was mounted on a plastic-covered sheet of heavy colored paper. Names of the knitters were added, the directions for doing the stitches were included, and the names of the stitches added. Finally, the bindery firm that has done the Library binding for years put the sheets into two large beautiful loose-leaf books. It has all been a long time in the doing, but each step has been painstakingly done, and the result is a most useful book of knitting stitches. Anyone is welcome to ask to see the book, and use it to help with her own knitting project.

THE LIBRARY AND CETA

The Comprehensive Employment and Training Act is a Federal Government program with the aim of giving some of those people who want to be employed and trained in a trade some experience and practical background. The Library was assigned two of these workers, and feels very fortunate in the choice. Many of our projects have been completed under the CETA program and new long-anticipated extra jobs have been started. Our helpers, one in the general Library department, and the other assisting in care of buildings and grounds, have been diligent, willing workers. It has been a pleasure to have them with us. We hate to have them leave us when it comes time to phase out this part of the government program. Hopefully these two will be moving on to good jobs in private employment.

OUR LIBRARY PAGES

"What are Library Pages?" is another often-asked question. One of the most important links in operating the Library is the Library Page system which is used in all three of our buildings. Each Fall we hire several new Pages to replace those lost by graduation or change of jobs. These are high school and college girls who must be on the honor rolls of their respective schools. (Boys are welcome as Pages, but we have not had any applicants as yet.)

The first year on the job the girls shelve books in the stacks from 3-6 p.m. two or three times a week. Accuracy is required, since any book put away in the wrong place might as well be in China. If their work is satisfactory they start a second year assisting Staff

members at the Circulation Desks. They usually enjoy these contacts with the patrons. If they are chosen to work during the summer they enter an entirely different concept of library service. Then they help Staff members with clerical jobs, take care of the college catalog collection, check indices and tabulate them for quick reference during school year, help rearrange book stacks, file away paid bills, file catalog cards, help with mending books, and of course assist at the Circulation Desk and in the Children's Rooms during Staff vacations and days off.

Special abilities of the Pages are utilized, too. For two summers we have conducted craft programs for the children under the supervision of two talented Pages – Shirley Pyne and Barbara McLaughlin.

We could not operate efficiently without our corps of willing Pages. We are proud that over the years at least a dozen Pages have become Staff assistants in various nearby libraries, or have made librarianship their profession.

LIBRARY MEETINGS

Sub-Regional Meetings – Massachusetts is divided into three geographical regions for library services. Milton belongs to the Eastern Region with our sub-regional headquarters at Thomas Crane Library in Quincy. Once a month the Milton Staff member in charge of Interlibrary loans, and at times the Head Librarian or other representative Staff members, meet with other regional representatives to discuss methods of bettering our services to patrons.

Some borrowers still do not realize that through these Eastern Regional facilities for Inter-library loans we are part of a vast resource collection of public and college libraries. If you desire a certain book to help in research, or simply for recreational reading contact our Library and we will send out a request for it through this network.

We also attend meetings and conventions of the Old Colony Library Club, the Young Adult Round Table, The Greater Boston Public Library Administrators, the Children's Round Table, the Music Librarian's Association, the Massachusetts Library Association, and the New England Library Association, to name a few of our professional affiliations. Workshops conducted in these sectional meetings are most instructive and valuable to the Library.

GIFTS

Milton Library is most fortunate in having patrons show their appreciation of their Library system by making gifts to the Library. If they are moving or cleaning house they often donate boxes of books – no strings attached. We are to use them if we can, if not sell them on the bargain table, and buy new books. The same applies to phonograph records.

Then there are the members of the Garden Clubs who donate shrubbery, plants, Christmas wreaths, and flower arrangements for our Circulation Desks. We appreciate the beauty these gifts bring to our buildings.

Finally there are those people who express their thanks and interest in a monetary gift. It is very heartening to open the morning mail and find a check enclosed for books, "something you want for the Library" or for a specific piece of equipment. This year Santa Claus brought several of these checks, and we are so grateful.

IN APPRECIATION

No accomplishment of good Library services can take place without the close unity and hard work of the Staff members and the custodians. Our physical buildings are ably cared for by custodians who have a pride in keeping things clean and repaired. Staff members cooperate with each other and with the Head Librarian to see that all operations run smoothly and efficiently. The Staff is overworked as business has increased, but we are

ANNUAL REPORT OF THE MILTON PUBLIC LIBRARY

all so pleased to have this increase as evidence that the three libraries are filling a real need in the Town.

Finally we wish to pay tribute to a splendid Board of Trustees who are always willing to come to the aid of the Librarian when she needs advice and help. Without these dedicated people we could not carry on our many services.

REPORT OF THE LIBRARY TREASURER

January 1976

To the Trustees of Milton Public Library:

The funds in the care of the Trustees were invested as summarized in the following tables of December 31, 1975.

	Book Value	Income for 1975
Common Stock	\$22,497.03	\$2,098.97
U. S. Treasury Bonds	3,780.00	170.00
Savings Bank Deposit	21,126.87	941.57
	\$49,403.90	\$3,210.54

The significant increase in book value among the Common Stock holdings was occasioned by changes made in the Sarah Vose Fund designed to improve overall balance and quality.

Two statements pertaining to funds in our control are appended as part of this report.

- (a) A list of the various funds by name and the investments in each.
- (b) A statement of the total investment income for 1975 and the disbursements from that income.

The library is the beneficiary of two other funds not in the custody of the Library Trustees. They are:

The Nathaniel T. Kidder Fund which is in the custody of a Boston Bank with the income therefrom remitted quarterly to the Town Treasurer.

The Oakland Hall Fund in the care of the Town Treasurer.

The income from those two funds is available only to the Library Trustees to be spent at their discretion. In 1975 we spent from that income as follows:

N. T. KIDDER FUND

Mass. Law Books (updated)	\$ 290.00
Engraved plate for Gov. Hutchinson's mirror	10.00
Standard & Poor's Services	749.50
Laminating machine	342.04
N. E. Document Conservation Center -	
written survey of library and holdings	100.00
Microfilming Milton Record	57.31
24 folding padded chairs	259.90
Moody's Investors Service	465.00
Bell box and wiring for alarm system	153.08
Supplies for pre-school "Library school"	
Milton Jr. Woman's Club	150.66
	\$2,577.49

OAKLAND HALL FUND

Books (Books that were ordered from this account did not arrive before the end of the year)	\$ 65.40

OFFICE OF CIVIL DEFENSE

December 31, 1975

To the Honorable Board of Selectmen
Milton, Massachusetts

Gentlemen:

The report of the Civil Defense Organization for the year ending December 31, 1975 is as follows:

AUXILIARY FIRE DIVISION

During the last six months Paul Mason, who is one of Milton's Regular Fire Fighters, has kindly volunteered to be Director of the Auxiliary Fire Department.

Under his leadership, he has completely reorganized the Unit which was down to the strength of two men.

We now have 17 men who have participated in many activities such as Musters, eight parades, and being called out on fires in the Town, two of which were General Alarms.

This new Unit has attended 428 man-hours of training and ten men are now attending a 21-hour Standard First Aid Red Cross Course.

I am proud of the many hours given by these civic-minded men. They, too, are proud of the two trophies they won at Musters.

AUXILIARY POLICE DIVISION

This unit, under the leadership of Lt. David E. MacDonald, has had a record year of service to the Town. More than 7,000 hours of volunteer work was performed by its members, the greatest portion of which was spent in daily night patrols of the schools and other public buildings to prevent vandalism. This service represents a gain of more than 2,000 hours over 1974 and the members are to be congratulated for this accomplishment.

Karen Haughn, Milton's only woman Auxiliary Police Officer. There are 45 active members of the Milton Auxiliary Police. They donated more than 7,000 hours of volunteer patrolling of schools and public buildings in 1975 saving the Town countless dollars in vandalism.

REPORT OF CIVIL DEFENSE

Monthly meetings and special meetings took place throughout the year. All members were issued name plates, official photo identifications, and were required to qualify in the safe and proficient use of firearms. Several members received two days training in both basic and advanced police services at the Civil Defense Training Academy at Topsfield.

Special events included participation in both Concord's Bicentennial, when President Ford visited the area, and in Milton's Celebration on April 19th, held at the Town Office Building area. The unit also served in assisting the Dorchester Day Parade in June, helped the Town of Easton in their celebration in the same month, and were pleased to participate in the November Parade in Milton that honored our Louis Tiant. We were also pleased to be cited by the U.S. Canine Association for the grateful assistance to them in their annual event and field trials held this year at Randolph, Massachusetts.

As has now come to be expected, the volunteer turnout for special holidays such as Labor Day and Halloween was excellent.

The unit's Division Commanders, Capts. William Mullen and Russell A. Pitnof, and the Executive Officer, Capt. Murray D. Cole, deserve special tribute for their faithful work in leading the unit to performing increasingly greater service to the Town.

THE COMMUNICATIONS DIVISION

The entire Civil Defense Unit looks forward to several requested communications items which will greatly improve the ability of all Divisions to maintain continuous contact with its members, particularly through the use of citizen band radio. We have a fortunate headstart here in that many members already have mobile units in their vehicles, privately purchased. This system, when combined with the purchase of a base station, will be invaluable on a daily basis, as well as serving as a ready reserve system of radio to be deployed in emergency times, storms, hurricanes and other incidents which tend to tie up ordinary police and fire channels.

The continuous support of the Selectmen, Fire Chief John J. Grant, and Police Chief John E. Whearty is most encouraging and the helpful assistance rendered by the various Town agencies and department heads is deeply appreciated.

Respectfully submitted,

ARTHUR SOUTHALL
Director of Civil Defense

Milton Auxiliary Fire Department shown at Engine 4's Quarters on Blue Hill Avenue just prior to an equipment drill. Left to right Bruce Pearson, Jeff Hill, Lt. Bill Poule and Capt. Dan Healy.

REPORT OF THE YOUTH DEPARTMENT

To The Honorable Board of Selectmen:

Gentlemen:

We hereby submit our annual report for the year ending December 31, 1975.

The Youth Center, during calendar year 1975, was transformed from a drop-in Center to a Youth Resource Center. Robert Hoy was appointed as a permanent Center Director in December and will work to implement this change in direction.

During the year vocational training, auto mechanics, Createens, and fund raising activities were held at the Youth Center. A Community Chat program developed by Center Members Linda Watson, Dick Marshall, Brian Ellis, Buzz Reed, and Mary Jo Ciccolowas started at Curry College WMLN Radio station. Two Milton College Work-Study students, Pam Smith-assistant to the Coordinator, and Martin Joyce-Job Development Coordinator, became permanent staff for fiscal year 1975-76. Jack Rota and Greg Olson became Youth Aides for the year.

Family Life & Education Courses:

The Youth Department considers this service as one of its most important. The Family Service Association of Greater Boston provided a series of six week courses which involved over 100 parents and helped them communicate with their children.

Counseling

The Youth Coordinator consults regularly with a Family Service case worker who is also available to see families in need of services. Some cases are referred to our Big Brother, Big Sister program.

The Youth Coordinator also does primary counseling and refers cases to Family Service Association of Greater Boston, Quincy Office, South Shore Mental Health, Division of Alcoholism, and the Center for Attitude Change, Boston State Hospital.

Summer Coffee House 1975

The Coffee House program averaged 200 teenagers for each of the three nights it operated during the week. Two nights were reserved for arts and crafts, ping-pong, street hockey, volley ball and other recreational activities. The third night consisted of dances featuring live bands for which admission was charged. These dances were self-supporting.

Job Development

Martin Joyce, Job Development Coordinator, appointed in October, instituted a systematic approach to youth employment. He visited working Rent-A-Kid programs, implemented a system of checks and balances, and evaluated jobs and abilities of young people. The Rent-A-Kid program now has accurate records, screened employees, and is expanding.

It was determined, by a survey instrument in the Junior High Schools, that idleness is a key problem for Milton youth. The Youth Coordinator will work throughout the coming year to provide resources for staff to develop programs which acquire jobs and training for young people.

Milton Hot Line 696-0840

The Milton Hot Line continued to be operated under contract with Survival Inc., of Quincy. It operates on an 18 hour basis 7 days a week with a staff of 30 volunteers. This is a crisis intervention program.

REPORT OF THE YOUTH DEPARTMENT

Outside Financial Support

The Milton Youth Office received \$5,950 from the Division of Drug Rehabilitation, Department of Mental Health.

Other Sources of Funding

The First Parish Church	\$2,000
South Boston Savings Bank	100
Jr. Women's Club	200
Milton Players	500
Friends of the Youth Center	100
Blue Hills Exchange Club	

Priorities

The Selectmen have indicated their priority for the Youth Department in 1976. Areas to be addressed are: Alcohol Use and Abuse, Vandalism, and Police Youth Relations. Local, State, and Federal resources will be sought to implement projects designed to do something about these problems.

Respectfully submitted,

MILTON YOUTH COMMITTEE
ROBERT FITZGERALD, Chairman

MILTON YOUTH COORDINATOR
MAX HORVET

REPORT OF DOG CONTROL UNIT

REPORT OF DOG CONTROL UNIT

January 9, 1976

To the Honorable Board of Selectmen

In compliance with the Dog Officer's warrant we are pleased to submit our report for the period ending December 31, 1975.

Number of stray dogs picked up	227
Stray dogs sold	39
Stray dogs put to sleep	109
Pound Fees Collected	\$ 490.50
Court Violation fees	\$1,750.00
County Reimbursement	\$2,072.00
Total	\$4,312.50

During 1975 we scheduled our tours of duty to include Sundays so we could pay particular attention to the churches throughout the town.

The Dog Control Program in the town, we feel, has been very successful. Our constant and diligent patrol activities have kept complaints to a minimum. Violators of the by-law are contacted and every attempt is made to handle each case with tact and diplomacy as well as justice.

Respectfully submitted,

JOHN E. LANK
GEORGE F. DILLON

TOWN OF MILTON
FINANCIAL STATEMENTS

December 31, 1975

REPORT OF THE TOWN ACCOUNTANT

February 10, 1976

To the Honorable Board of Selectmen:

I hereby submit the report of the Town Accountant for the twelve month period ending June 30, 1975 arranged as follows:

1. Detailed listing of all receipts of the Town
2. Detailed listing of all expenditures by the Town
3. Summary of all departmental accounts, showing appropriations, expenditures and balances
4. Recapitulation of departmental expenditures
5. Balance Sheet as of June 30, 1975

All original bills and vouchers on which monies have been paid from the Treasury and all trust funds in the custody of the Town Treasurer and Library Trustees have been examined and found to be correct.

Respectfully Submitted,

JOSEPHINE M. McATEER
Town Accountant

E.T.L. Reed Park Fund

Amount held December 31, 1975 \$6000.66

EXTRACT FROM THE WILL OF ELIZABETH T.L. REED

"All of the rest, residue and remained of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to an deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said Town as a fund to be known as the 'Jason Reed Fund', and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said Town, in such manner as said authorities may deem advisable.

"I make the foregoing bequest in favor of , the Cemetery and the Parks in said Milton, both on account of the deep interest by my father, the late Jason Reed, deceased, in the affairs of the Town, and of my own profound desire for the welfare of said Town and of the citizens thereof."

Jason Reed Fund

Amount held December 31, 1975 \$2,626.67

Sarah G. Vose Fund

Amount held December 31, 1975 \$1,170.53

E. G. Tucker Fund

Amount held December 31, 1975 \$1,168.48

Herrick Fund

Amount held December 31, 1975 \$8,000.00

REPORT OF TOWN TREASURER

Bannin Family Fund

Amount held December 31, 1975 \$500.00

The Will of the late Thomas J. Bannin, Paragraph nine, reads as follows:

"I give to the Milton Cemetery the sum of \$500.00 to be established as a fund to be known as the Bannin Family Fund, the interest of which shall be used for the care of the Bannin lot in said Cemetery and to furnish suitable floral decorations on May 30th of each year and all other suitable occasions."

George A. Briggs Fund

Amount held December 31, 1975 \$1,000.00

The clause under which this bequest was left to the Town reads "for the perpetual planing of at least six geraniums each year on the family lot where the remains of Georgie A. Briggs are buried."

George F. Duffy Fund

Amount held December 31, 1975 \$1,000.00

George F. Duffy, late of 21 Waldo Road, Milton, the sum of \$1,000.00, the income therefrom to be used for "the care of shrubs and flowers on Lot No. 2624 in the Cemetery, said flowers to be placed on said lot from April 13 to September 10th each year."

Katherine A. Kelley Fund

Amount held December 31, 1975 \$1,000.00

The Will of the late Katherine A. Kelley of Milton, clause five, provides this Fund, the income of which is to be used for "care and flowers for the family lot."

Charles T. Pierce Fund

Amount held December 31, 1975 \$1,855.83

Charles T. Pierce, late of Brooklyn, N.Y., and Greenwich, Conn., bequeathed to the Milton Cemetery the sum of \$1,000.00, "the income to be used for the care of my family lot."

Mabel Hunt Slater Fund

Amount held December 31, 1975 \$1,000.00

Mary L. Peabody Cemetery Care Fund

Amount held December 31, 1975 \$1,746.54

Ewen MacSwain Fund

Amount held December 31, 1975 \$500.00

Helena B. Schayer Fund

Amount held December 31, 1975 \$1,000.00

Amount held December 31, 1975 \$500.00

John F. Kerrigan Fund

Amount held December 31, 1975 \$1,000.00

Charles P. Edwards Fund

Amount held December 31, 1975 \$500.00

Selina M. Gibbons Scholarship Fund

Amount held December 31, 1975 \$11,180.91

EXCERPT FROM SCHOOL COMMITTEE RECORDS – September 10, 1923

The Chairman presented to the Committee the following correspondence:

“To the School Committee of the Town of Milton:

“The Tuell Alumni Association herewith present, through your Board, to the Town of Milton, the sum of One Thousand Dollars (\$1,000.00) to be held as a fund in perpetuity, and the income thereof to be paid to the School Department and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize and to be awarded to the boy in the Senior Class of the Milton High School, who, in the opinion of the faculty of said High School, has shown the highest degree, those qualities that make for good citizenship, the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the Senior Class of the Milton High School who, in the opinion of the above said faculty has shown similar qualities.

“The prizes are to be awarded each year at the graduation exercises. If such exercises are omitted for any year, the prizes are to be awarded on some other occasion, near the close of the school year.”

Percy E. Sheldon

President, Tuell Alumni Association

June 2, 1923

For additional gifts to the fund, see report of 1947.

Nathaniel T. Kidder Fund

Amount held December 31, 1975 \$75,167.10

The following is an extract from the Will of Nathaniel T. Kidder.

Eighteenth:

REPORT OF TOWN TREASURER

"I give and bequeath to the State Street Trust Company . . . the sum of Twenty-five thousand dollars (\$25,000.00) in trust . . . the income only of which shall be paid at such times as the Trustees may from time to time determine, to said Town of Milton for the uses of the Milton Public Library system as the Trustees thereof for the time being may in their absolute discretion determine."

Governor Stoughton Trust Fund

Amount held December 31, 1975 \$21,526.00

The Governor Stoughton Fund is derived from receipts of the rental of the Town Farm, and is spent only at the direction of the Selectmen for purposes specified in Governor Stoughton's Will.

Helen D. McHardy Fund

Amount held December 31, 1975 \$500.00

E. Francis & Emily Kane Graduation Gift Fund

Amount held December 31, 1975 \$1,988.64

Town Treasurer Joseph G. Graziani, Jr. is shown with Candy Neville and Joseph C. Gallagher of the First National Bank of Boston's Municipal Department, reviewing the winning bid of 4.40% for the purchase of \$925,000 School bonds. The low interest rate bond issued is being used to finance a new industrial arts wing at the High School and the Tucker School renovation and expansion.

TREASURER'S REPORT OF TOWN BONDS

All bonds a/o Notes outstanding are unregistered. Interest on all issues is payable semi-annually, and all maturities and coupon interest are payable at the First National Bank of Boston, Massachusetts, unless otherwise noted.

All authorized but unissued balances have been rescinded by vote of the Town.

TO THE CITIZENS OF MILTON

The School Committee herewith submits its annual report for the year 1975.

This year began with a concern for the physical plant at the high school. The action taken by the town meetings of March and November is a positive step toward providing a true, comprehensive, secondary education in a building completely adequate for the purpose.

Another area that has caused concern is the implementation of Chapter 766 of the State Laws. This program will continue to evolve as the procedures within the law change and its financial impact on the tax rate will be significant, and a matter of considerable concern in the days ahead.

At all times the Committee was aware of the educational needs of the Milton Public School as well as the concerns of the parents and citizens for a good educational system, efficiently administered.

To all agencies, officers and boards of the town who have assisted us during 1975, the Committee expresses its sincere appreciation. A special vote of thanks goes to the Tucker School and High School Industrial Arts Building Committees. Their professional expertise will be of continuing benefit to future students in the Milton School System.

Respectfully submitted,

DONALD BURGESS, Chairman
JOHN C. CROWLEY, Secretary
WILLIAM A. EDWARDS
MARY R. FITZGERALD
DAVID JEFFRIES
JAMES G. MULLEN, JR.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Following is my sixth annual report as Superintendent of Schools:

During 1975 two major steps were taken by the Town to correct inadequacies in the physical facilities of the Milton Public Schools. At the Special Town Meeting in November the members voted to renovate the existing industrial arts facilities at the High School and to build an addition to the present space. School administration offices were moved in late August to the Ladd estate, on cemetery property at 381 Centre Street. This move permitted the inclusion of additional space for industrial arts due to the proximity of the former administration offices to the existing industrial arts area. At that same Town Meeting the members voted also to remodel, update and to add in a minimal way to Tucker School. These changes will result in a substantially enlarged and improved library, an improvement in kindergarten space, the installation of kitchen facilities and in the modernization of the interior of the school. Town Meeting Members chose to reject the proposal of the School Committee for the addition of eight classrooms at Glover School, a proposal intended to reduce certain overcrowded conditions in the elementary schools.

Due to increased enrollment at Tucker School and the need for an additional first grade class, it was necessary to send all Tucker kindergarten pupils to Glover School for the school year 1975-1976. It is expected that these students will return to Tucker upon the start of the 1976-1977 school year and upon the conclusion of the renovations to that school.

Continuing large enrollments at Collicot School necessitated the transfer of approximately 37 pupils from kindergarten through Grade 5 to Glover School. These students are from the Cary Hill area and will complete their elementary school education at Glover School.

Only nine teachers left the employ of the public schools in June, by far the lowest number in at least the last decade. It can be assumed that the economy was the single biggest factor in the decline from a normal turnover of twenty to thirty teachers.

Through the initiative of Mrs. Betsy Buchbinder and Mrs. Carol Carroll at Tucker School and encouraged by the enthusiasm of thirty to forty teachers at all grade levels, the first steps have been taken to initiate special programs for gifted and talented students in our schools.

September marked the second year of implementation of Chapter 766, a special education law designed to identify all students between the ages of 3 and 21 whose physical, emotional or psychological problems inhibit their ability to progress in a normal education program. In many instances special help must be provided for these children through tutorial assistance or through private school or institutional placement. These costs, in addition to transportation costs, where transportation is required, must be borne by the Town of Milton. The costs of tutors, equipment, transportation, private school tuitions and institutional care have risen dramatically over the past two years and unless amendments are made to the law that transfer the present burden of costs from local communities, a reasonable assumption is that these costs will continue to rise annually. It should be noted that the obligation of the Town continues from the time an individual is assessed as needing help until the time the problem is corrected or through the twenty-first year of age, whichever comes first. Many of the administrative problems in the implementation of Chapter 766, due to the newness of the program last year and to the fact that its requirements are many and stringent, have been corrected this year.

Vandalism to school buildings, largely in the form of broken windows, continued through 1975 and showed signs of increasing. Incidents of breaking into school buildings, accompanied by theft and vandalism, increased, also. Many broken windows, particularly large ones, are being replaced by plastic glass but the replacements are costly in both labor and in money. The limited maintenance force of the public schools must spend an

REPORT OF SCHOOL COMMITTEE

inordinate amount of time in the replacement of glass, thus must neglect other essential maintenance jobs.

The instrumental music program of the public schools, through the encouragement of the School Committee and the conscientious efforts of the music staff, continues to show rapid improvement. Those efforts have culminated in the largest bands the junior high schools and the High School ever have assembled. The High School band, under the direction of Mr. Daniel Evans, won first place in the Brockton Veteran's Day parade, a direct result of the hard work and encouragement of the entire instrumental music staff.

Any improvement in the public schools during 1975 must be attributed to the leadership of the School Committee, the cooperation of the administrative and professional staffs and to the loyalty and dedication of all of those members of the non-professional staffs whose work often goes unnoticed and unsung. To each of these groups and individuals I express my most sincere appreciation for their cooperation and loyalty and for their concern with the best interests of the public schools of Milton.

Respectfully submitted,

HARRY B. McCORMICK
Superintendent of Schools

ASSISTANT SUPERINTENDENT OF SCHOOLS

This is my sixth annual report as Assistant Superintendent of Schools:

The screening, interviewing and selecting of new teachers continues to be a vital function of this position. Following a systematic and thorough screening of many candidates, fourteen teachers were employed during the past year. Nine were placed at the Elementary level, two at the High School, two at our Junior High Schools and one with a system-wide responsibility as a School Psychologist. Although this total is less than in recent years, the responsibility for careful selection remains constant and only by means of exhaustive search and interviews can we hope to provide superior teaching for this school system.

Teacher evaluation throughout the school year is an important phase of my total responsibility so class observations, follow-up teacher conferences and final evaluations occupy a major segment of my time. The purpose of evaluation is twofold: (1) to insure that the quality of teaching remains at a high level and (2) to help each teacher maximize his potential. The extreme importance of judging teacher performance also means that we must continuously reappraise our evaluative methods. In this regard we are presently studying the system with a view toward realigning it in terms of more specific performance objectives.

The necessity to provide research and supportive assistance to the Superintendent of Schools is increasing as his responsibility becomes more complex. Involvement with various professional organizations, State and Federal agencies, and the collective negotiations process are ever-growing trends in education that require our constant attention. Greater specialization is resulting in more specific knowledge and skill being required of administrators and teachers; the increased and healthy interest of the general public in education; the impact of modern technology on educational methodology – all of these factors and many others have enlarged the scope and complexity of educational administration. I have, therefore, continued to assist the Superintendent with many functions to provide for the systematic growth and development of our public schools. Liaison duties include attending committee meetings of various kinds and representing the Superintendent on many and varied occasions. Among duties performed have been the researching of projects and providing detailed information preparatory to making final decisions; helping prepare the annual budget; designing and implementing new teacher orientation meetings; assisting in teacher negotiations; preparing the system directory and preschool booklet; working with Principals, Department Heads and teachers on various methods of defining and solving problems that arise; assisting interested parent groups; employing substitute teachers and assigning student teachers.

Parental initiative and cooperation during the past year have been continuous and helpful. The Elementary Parents Council, in conjunction with faculty and administration, has organized and implemented five meetings for interested parents from January through May. Presentations and discussions concerned programs in Elementary Art, Math, Physical Education, Instrumental Music and Early Childhood Education. Also, our Volunteer Teaching program was again active with approximately sixty interested residents assisting our teachers in a remedial and tutorial capacity. We are most appreciative of the fine efforts of many parents in both of these projects. Another excellent example of parental interest during the past year was the initiation of the Milton Historical Community Study Project. With the cooperation of the administration and teachers, this locally-oriented program has been carried out in our elementary schools with slide presentations, visits to places of historical interest and student walks to historically significant sites in Milton. It should be mentioned that the project has received generous financial grants from the Massachusetts Bicentennial Commission and the Milton Arts Council. Our thanks and appreciation go to both of these organizations. Much credit goes to Mrs. Robert Ketchum, Mrs. Robert White and Mrs. Claire McSorley for their efforts in providing this educationally meaningful

REPORT OF SCHOOL COMMITTEE

experience for our youngsters and one that helps them understand and appreciate Milton's historical heritage.

I want to thank School Committee members, the Superintendent of Schools, Principals, Department Heads and teachers for their cooperation.

JOHN M. HASKELL
Assistant Superintendent of Schools

ASSISTANT SUPERINTENDENT OF BUSINESS AFFAIRS

To provide additional room for students at Milton High School the Administration Offices were moved to 381 Centre Street, commonly known as the Ladd Estate. Included in this move were the offices of the Superintendent, the Business offices, the offices of the Cafeteria Director, offices of Special Services and the coordinators of Elementary Science and Language Arts.

Conversion of an old building previously used as a home into a public office required extensive electrical work, including greater power source, lighting inside and out and plugs for the many machines used in the offices. Parking facilities were provided to accommodate the cars of employees and visitors. In order to comply with fire and safety regulations the building was equipped with emergency doors, fire escapes, enclosure of the boiler room and other requirements of the State.

The move allowed relocation of the Guidance Department and also the office of the Assistant to the Principal. Additional space was provided for the Industrial Arts and Art Departments.

At the High School the center section of the Athletic Field was resodded. Due to the heavy use of the field for physical education classes, the athletic program and outside use it is impossible to retain the desired grass coverage. Without grass the area is muddy when wet and hard-pan during the colder weather of the football season. These conditions lead to bruised bodies and difficult field conditions.

Curbing was installed bordering the Brook Road side of the High School to prevent erosion.

Ten rooms were painted and improvements were made to the intercom system and ceilings in the main office of the High School.

The painting program in all schools was continued including the outside trim of the Tucker School.

A new asphalt shingle roof was installed on the older section of the Glover School which includes the cafeteria - auditorium section.

Deiuge shower sprays were installed in all buildings to comply with a new State law which requires such water spraying safety measures wherever experiments are to be conducted using flames and chemicals.

Also installed in each boiler room were smoke monitors which keep a daily record of the smoke emission from our heating boilers. This installation also complys with new State regulations.

The above were some of the major projects for the year.

Our maintenance program is an extensive one for six men, with today's vandalism and the disregard for property inside and out. I want to express a word of appreciation for the work of these men and particularly their foreman, Michael Mahoney who will leave us at the end of '75. Good luck to Mike on his retirement.

Thanks to all my office staff, custodial staff, and the assistance of the Town Departments who came to our aid with their able and knowledgeable staffs.

ROBERT F. COOKE
Assistant Superintendent of Business Affairs

ADMINISTRATIVE ASSISTANT

BUS TRANSPORTATION

The number of students being transported remains essentially the same as last year. Milton Academy has requested transportation for next year. By adjusting several school opening times and very careful scheduling it is anticipated that only one additional school bus will be needed. A great deal of time and effort had to be spent to accomplish this task.

Next year a new busing contract will be negotiated. A substantial rise in the busing cost should be expected for the following years.

DATA PROCESSING

All on-going services are being maintained. It is hoped that a computer will be installed next year for administrative and educational purposes.

FEDERAL FUNDING

Sources of federal funds are becoming very scarce for educational purposes. The number of students necessary for us to qualify under P.L. 874 is below the number we need; hence, another source of revenue to the town will not be available.

This year many interesting and varied tasks were assigned to this department by the Superintendent of Schools. The cooperation and encouragement of the Superintendent and the School Committee is appreciated.

WILLIAM A. CREIGHTON
Administrative Assistant

REPORT OF SCHOOL COMMITTEE

MILTON HIGH SCHOOL

I herewith submit my fifth annual report as principal of Milton High School.

The new library opened in late fall and is making the excellent contribution to our educational program we anticipated. I hope that future renovations and additions to solve the space problems will be as successful as this library project.

During the year we found that the distributive education program was not achieving the desired goals and therefore it was eliminated. We have also been experiencing a decline in the number of students selecting foreign languages and consequently we have had a reduction in staff in that department.

On the plus side: The school was chosen for the National Art Award of Scholastic Magazine; the class of 1975 had five National Merit Scholars and eight National Merit Commended students; the school was selected to participate in the Harvard University United Nations Program; there were two very successful Blood Mobiles, one in December and one in April, sponsored for and by the students; through the cooperation of the Boston Edison Company a Junior Achievement Program was instituted at Milton High School.

In the curriculum area new course guides have been prepared and implemented in home economics, physical education, and English. A year long study of the offerings in U. S. History was conducted by the Social Studies department. Study of various scheduling plans which might reduce the number of periods per day has continued.

I offer my sincere thanks to the School Committee, the Superintendent, Assistant Superintendents, and the entire staff of Milton High School for their continual cooperation and support.

ROGER T. CONNOR
Principal

REPORT OF SCHOOL COMMITTEE

CUNNINGHAM JUNIOR HIGH SCHOOL

The 1974-75 enrollment figures showed a slight decrease. Curriculum development workshops in mathematics and social studies were very productive. Curriculum changes were minimal and the activity program continued to reflect enthusiastic student interest.

For the first time Spanish was offered to seventh grade students in addition to French. As a result, there was an increase in the foreign language enrollment at that level.

Activities continued to create interest as a sports discussion club and a yearbook club were added to the list of popular activities. In addition, the Christmas assembly, the annual spring concert, and the new "June Explosion" were all highly successful. The activity period intramural program has greatly expanded through the volunteer efforts of the physical education teachers.

Physical changes in the building consisted mainly of painting several rooms and the first floor lockers which has done much to brighten up the halls. Also, more locker murals have been painted on the basement floor by some of our art students.

The "Concerned Parents Organization" is still serving the school and the community in many ways. In addition to the Parent Advisory Committee which met monthly with the school administration to discuss problems of mutual concern, the parent group sponsored a town meeting article to help improve the space problem and inadequate facilities at Cunningham. Unfortunately the proposal was voted down. This group also supported an information night on the Chapter 766 program as well as a Guidance Night for parents of incoming seventh grade students. Members also assisted in a successful book fair. Our main goal for the 1975-76 school year is to help improve the library situation within the limitations of the existing facility.

Finally, in addition to their regular programs, the Cunningham staff has willingly volunteered much of their own time to work with students in activity programs both during and after school hours. This is a credit to their professionalism and to their sincere interest in teaching. Their efforts as well as the cooperation of community members have greatly contributed to a very positive student attitude.

ALLEN G. ADAMS
Principal

PIERCE JUNIOR HIGH SCHOOL

The enrollment at Pierce Junior High School decreased once again from 590 in 1973-1974 to 564 in the 1974-75 school year and as a result the educational climate throughout the building was enhanced. Though a fluctuation upward may be expected in the near future, the enrollment is not expected to pose the serious problems of past years when it was as high as 650 students.

During the year, the impact of the Bartley-Daly Act (Chapter 766) became more and more evident and special assistance became available for many students in need.

The time and paper work involved in meeting the requirements of the law have started to become so demanding that guidance counselors and administrators are encountering considerable difficulties in keeping up with their regular duties, while classroom teachers are meeting new challenges for their skills and abilities.

The cooperation of a fine student body, an excellent staff and a supportive administration and committee have made the past year an educational success.

C. J. McINTIRE
Principal

COLLICOT SCHOOL

I herewith submit my twenty-fourth report as principal of Collicot.

As noted in my report for last year, the demands of Chapter 766 requirements on the time available for individual pupil aid by our resource teachers is denying even more of our pupils this assistance. The pupil to specialist ratio continues to be higher than in other elementary schools in Milton. I must note that both teachers and specialists are giving of their lunch periods and time after regular school hours to attempt to give our youngsters expert help when it is needed.

It is unfortunate that we found it necessary to discontinue the grouping of youngsters with special needs in grades one and two. The program showed that no youngster was reading below grade level at the close of the school year. However, in spite of orientation programs for parents in which parental testimony showed our pupils getting more and better help than they had paid thousands of dollars for in private organizations, uninformed irresponsible talk by parents not having knowledge caused us concern that the youngsters were being labeled. That grouping procedure, as reported last year, showed that the pupils well ready to be on their own in grade three. The program was our only possible, practical answer to the shortage of specialized aid for the pupils emphasized in the preceeding paragraph.

Most people do not realize the benefit of "released time" each week to the pupils of our school. When one considers the implications of our concept of "individualized instruction, it becomes more evident that time must be generated to plan and coordinate the effort. The process of developing both methods and materials consistent with our courses of study for individual pupils requires close communication between and among classroom teachers and specialized resource teachers. Without this released time, curriculum development and implementation could not take place.

CHESTER W. RUGGLES
Principal

REPORT OF SCHOOL COMMITTEE

GLOVER SCHOOL

I herewith submit my twelfth annual report as principal of Glover School.

The Glover School faculty continues to concentrate on the individual needs of all children.

On the primary level the Open Court reading program continues to meet the needs of all of our children. We have continued to intensify the materials used in the workshop part of the program in order to provide reenforcement and enrichment where needed. Children who need tutorial help continue to work with resource teachers on an individual or small group basis. This work is coordinated closely with classroom instruction. Our end of the year test results indicate pupil growth that clearly shows that this program, along with the commendable instruction of the primary reading techers, is doing the job extremely well.

On the intermediate level the Holt Basic Reading System employs a total language approach to teaching reading. The division of the program into levels enables each child to work at his own instructional pace. We will continue to watch this program closely to be sure that it is meeting the needs of all of the children.

Released time continues to allow teachers a period of time each week during which workshops are held, grade level meetings are scheduled or staffings regarding particular needs of children are discussed in depth.

I am most appreciative of the dedicated staff at Glover who consistently perform their duties in a highly professional manner.

Respectfully submitted.

MARY B. SCHOFIELD
Principal

REPORT OF SCHOOL COMMITTEE

PIERCE ELEMENTARY SCHOOL

I am submitting herewith my fifteenth Annual Report as Principal of the Pierce Elementary School. The report is for the 1974-75 school year.

During this school year we have tried to encourage even greater communication between the parents and the school. In addition to written notices and the regularly scheduled parent conferences at the end of the first marking term, we invited parents to attend an open house program in the evening for the purpose of familiarizing them with various aspects of the instructional program. Parents also had the opportunity to visit the school during the day while classes were in session to receive a firsthand view of a variety of learning activities and to visit, enjoy and take part in the numerous special projects being held in various classrooms during the school year.

A Resource Room is being developed for implementation during the 1975-76 school year. One of the main purposes of this facility will be to provide the most appropriate instructional setting for meeting the individual needs of specific children. The children involved in this program will receive small group instruction in their classrooms and then go to the Resource Room to complete individual assignments in a structured setting. The time in the Resource Room will be used to diagnose individual pupil needs and to provide appropriate instruction in one or more subject areas. Not only will the children be assisted in overcoming learning difficulties, but modifications in their regular school programs will be made when necessary. The goal of the Resource Room will be to enable the children to spend increasing amounts of time back in their regular classroom situations.

Again this year we have been using the services of interested parents, citizens and Pierce Junior High School students as volunteers to supplement the regular classroom teaching process. The volunteers, always under the general direction of a supervising teacher, work with small groups of youngsters, help perform tutorial services and provide individualized instruction when necessary. The plan has had great success during the past several years and we look forward to its successful continuation and expansion during the coming school year.

ROBERT G. CONNOLLY
Principal

REPORT OF SCHOOL COMMITTEE

TUCKER SCHOOL

I herewith submit my twentieth annual report as principal of the Tucker School.

Some of the major accomplishments for 1974-1975 school year include:

A continuing Career education program involving a large number of parents with a variety of occupations. Mrs. Kathryn Curran has been the leader responsible for its effectiveness.

An in-depth exploration of the multi-faceted problems of the gifted and talented is underway due to the interest of Mrs. Betsy Buchbinder and Mrs. Carol Carroll. Material has been researched and numerous meetings have been attended in the search for financial aid. The personal initiative of these two teachers is unique and rewarding.

An inspiring sight to behold was the participation of the entire student body and faculty in the Bi-Centennial program re-enacting the deliverance by horseback of the Currier's message to the neighboring towns and cities. Pupils were appropriately costumed and will remember the return walk to Tucker for many years to come.

Two successful sports events were a spectacular gymnastic show under the leadership of Mr. Douglas Tatro and a family sports night in which pupils and parents participated to the enjoyment of all.

A successful Camp Wing experience was memorable for our sixth grade pupils. Special thanks are accorded to the P.T.A. for their fine assistance.

We are most appreciative of the volunteer parents who so generously gave their time in assisting the classroom teachers and the librarian.

Appreciation is extended to the teaching staff and all supportive personnel for their dedication and co-operation.

Respectfully submitted,

ELEANOR C. BLAINE
Principal

SUPERVISOR OR ATTENDANCE

I herewith submit my annual report as supervisor of attendance for calendar year 1975.

Home visits		.312
Residency investigations		.162
Court appearances		0

Our school system is carrying out the mandates of special education law (Chapter 766). This law requires a broad range of special education programs designed to help children make progress in school by meeting their individual needs.

Children having problems as habitual truants or school offenders are no longer being treated or adjudicated as delinquent children by Juvenile Courts. When evidence is presented to the Court indicating the child is having problems, the Court may adjudicate the child as a child in need of services ("CHINS"), and order appropriate treatment. Truancy is often found a symptom of other problems.

Juvenile Court prosecutions only become necessary when children in need of services, their parents or guardians, refuse to avail themselves of the special education programs designed to help such children.

Respectfully submitted,

GERARD R. MATTALIANO
Supervisor of Attendance

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1976

1976

MARCH PRIMARIES WARRANT

Commonwealth of Massachusetts)
County of Norfolk) ss

To any of the Constables of the Town of Milton in said County:
GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Primaries to meet at the several designated polling places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School Hall, Blue Hills Parkway.
In Precinct 2.	Basement, Kidder Branch, Milton Public Library, Blue Hills Parkway.
In Precinct 3.	Milton-Hoosic Clubhouse, Central Avenue.
In Precinct 4.	Basement Playroom, rear of Pierce Elementary School on Gile Road.
In Precinct 5A.	Gymnasium, Pierce Junior High School, on Gile Road.
In Precinct 6.	Gymnasium, Cunningham Junior High School on Edge Hill Road.
In Precinct 7.	St. Agatha's School, Adams Street,

on Tuesday, March 2 next, at eight o'clock in the forenoon, then and there to bring in their votes to the Primary Officers for the Election of Candidates of Political Parties for the following offices:

PRESIDENTIAL PREFERENCE

DISTRICT MEMBERS OF STATE COMMITTEE (one man and one women) for each Political Party for the 2nd Suffolk and Norfolk Senatorial District.

35 Members of the Democratic Town Committee.

35 Members of the Republican Town Committee.

10 Members of the American Town Committee.

For these purposes the Polls will be open at each and all of said Precincts at eight o'clock in the forenoon and will be closed at eight o'clock in the evening.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned, by posting attested copies of this Warrant in each of the Post Offices of said Town seven days at least before said second day of March, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk on or before said second day of March next.

Given under our hands at Milton this Fifth day of February, Nineteen Hundred and Seventy-six.

(Signed) James D. Colt
John P. Linehan
Ralph L. Kent
Board of Selectmen

Commonwealth of Massachusetts)
County of Norfolk) ss

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as herein directed to meet at the time and place and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town on February 20, 1976 and leaving attested copies at the dwellings of the inhabitants.

(Signed) James G. Hannon
Constable of Milton

The Warrant was posted in the Post Offices at East Milton and Milton Village on February 20, 1976, and was filed in the Town Clerk's Office on February 20, 1976. The Warrant was delivered to the homes of the inhabitants on February 20, 1976.

MARCH MEETING

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1976

1976 ANNUAL MARCH MEETING WARRANT

Commonwealth of Massachusetts)
County of Norfolk) ss

To any of the Constables of the Town of Milton in said County: GREETINGS
GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and in Town affairs, to meet at the several designated Polling Places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School Hall, Blue Hills Parkway,
In Precinct 2.	Basement, Kidder Branch, Milton Public Library, Blue Hills Parkway,
In Precinct 3.	Milton-Hoosic Clubhouse, Central Avenue,
In Precinct 4.	Basement Playroom, rear of Pierce Elementary School, Gile Road,
In Precinct 5A.	Gymnasium, Pierce Junior High School, Gile Road,
In Precinct 5B.	Gymnasium, Pierce Junior High School, Gile Road,
In Precinct 6.	Gymnasium, Cunningham Junior High School, Edge Hill Road,
In Precinct 7.	St. Agatha's School, Adams Street,

on Saturday, March sixth next, at eight o'clock in the forenoon, then and there to bring in to Precinct Officers of their respective Precincts their votes on one ballot respectively for the following named Town Officers, to wit:

Three Selectmen and Surveyors of Highways for the term of one year.
One Town Clerk for the term of one year.
One Assessor for the term of three years.
One Town Treasurer for the term of one year.
Two Members of the School Committee for the term of three years.
One Park Commissioner for the term of three years.
One Member of the Board of Health for the term of three years.
Three Trustees of the Public Library for the term of three years.
One Trustee of the Cemetery for the term of five years.
Four Members of the Housing Authority.
One Moderator for the term of one year.
One Member of the Planning Board for the term of five years.

Ninety-seven Town Meeting Members as follows:

Precinct 1.	Fourteen for three years. One for one year.
Precinct 2.	Eleven for three years. One for two years.

MARCH MEETING

Precinct 3.	Eight for three years. One for two years.
Precinct 4.	Eleven for three years.
Precinct 5A. and 5B.	Twenty-one for three years. One for one year.
Precinct 6.	Seventeen for three years.
Precinct 7.	Eleven for three years.

For these purposes the polls will be open at each and all of said Precincts at eight o'clock in the forenoon and will be closed at eight o'clock in the evening.

And thereupon by adjournment of said meeting on the following Saturday, to wit, March thirteenth next, at one o'clock in the afternoon at the Milton High School Auditorium, 391 Brook Road in said Milton, then and there to act upon the following Articles, to wit:

Articles 1 through 37 inclusive, appearing in regular type on pages 11 through 44.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posing attested copies of this Warrant in each of the post offices of said Town seven days at least before the six day of March, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said sixth day of March, next.

Given under our hands at Milton the Fifth day of February, Nineteen Hundred and Seventy-six.

(signed) James D. Colt
John P. Linehan
Ralph L. Kent
Board of Selectmen

Commonwealth of Massachusetts) ss
County of Norfolk)

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as herein directed to meet at the time and place for the purposes therein mentioned by posting attested copies of the same at the post offices of the Town on February 25, 1976 and leaving attested copies at the dwellings of the inhabitants.

(Signed) John E. Whearty
Constable of Milton

The Warrant, including report of the Warrant Committee and recommendations on the Articles in the 1976 Warrant, was posted in the Post Offices at East Milton and at Milton Village on February 25, 1976. The Warrant was delivered to the homes of the inhabitants on February 25, 1976, and filed in the Town Clerk's Office March 3, 1976.

For these purposes, the polls were opened at each and all of the said Precincts at eight o'clock in the forenoon and were closed at eight o'clock in the evening.

The Town Clerk upon receipt of the returns from the several precincts, forthwith canvassed the same and announced the results at 4:00 A.M. March 7, 1976.

The Meeting adjourned at 4:00 A.M. March 7, 1976, to meet on the following Saturday, to wit, March 13th, next, at one o'clock in the afternoon at the Milton High School Auditorium, 191 Brook Road, in said Milton, then and there to act upon the thirty-seven articles included in the Warrant.

Anna M. Sangster
Town Clerk

MARCH MEETING

ADJOURNED TOWN MEETING MARCH 13, 1976

The Town Meeting held at the High School Auditorium was opened at 1:00 P.M. by the Moderator, Robert K. Lamere. Those present stood while Rev. Malcolm E. Washburn, Jr. delivered the invocation.

The Moderator read the name of the following Town Meeting Member who had died since the last Special Town Meeting:

PAUL F. OCHS

The Town Meeting Members stood for a moment of silence.

The Town Meeting Members stood again and were sworn in by the Town Clerk, James G. Mullen, Jr.

The Moderator checked with the Town Clerk as to the attendance and announced that a quorum was present. ($284 - \frac{1}{2} + 1 = 143$). Nineteen (19) Town Meeting Members were absent as follows:

Prec. 1.	Desmond M. Collins, George W. Collins, Geraldine M. Hefler, Mary Lee Evans Kimball,
Prec. 2.	John C. Crowley,
Prec. 4.	Roger B. Anderson,
Prec. 5.	Frank W. Cappers, Richard C. Fitzgerald, Dorothy M. Gardner, Steven Delaney,
Prec. 6.	Edward F. Coughlin, Edward J. Flaherty, Robert J. Bent,
Prec. 7.	Joseph F. Duggan, Jr., Kevin F. O'Connor, John C. Russo, Thomas W. Kenneally, Edward J. Finerty, Stewart Williams.

Permission was given to certain members of Boards and Committees who were not Town Meeting Members to sit with the Town Meeting Members with no right to vote.

ARTICLE 1. To choose all such Town Officers as are not required to be chosen by ballot.

VOTED: To elect Albert W. Semer and Theodore E. Kenney, Measurers of Lumber.

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other Town Officers and Committees.

VOTED: To hear and act on the Report of the Town Accountant as printed on pages 160 through 200 of the 1975 Town Report.

A motion was made which was seconded that a vote be taken as to whether or not the Town Meeting Members would approve the recording of a Town Meeting. The motion was defeated on a voice vote.

ARTICLE 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the fiscal year beginning July 1, 1976, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within

MARCH MEETING

one year, and to renew a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

VOTED: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow money from time to time in anticipation of the revenue of the fiscal year beginning July 1, 1976, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

UNANIMOUS VOTE

ARTICLE 4. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

VOTED: That the Town vote "YES".

ARTICLE 5. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

VOTED: That the Town vote "YES".

UNANIMOUS VOTE

ARTICLE 6. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; the members of such committee to hold office until the final adjournment of the next Annual Town Meeting and until the appointment of any succeeding committee authorized at such meeting.

VOTED: That the Town vote "YES".

COMMITTEE

Robert D. O'Leary	45 Spruce Street
James Dinneen	21 Hilltop Street
Roland Gray, III	306 Adams Street
Philip Lemelman	33 Wendell Park
Kevin Hern	77 Clifton Road

ARTICLE 7. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1976, for the several categories classified as Employee Benefits, and to act on anything relating thereto.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended":

Employees Benefits	
Widows' Pensions	\$ 30,007
Non-Contributory Pensions and Annuities	227,699
Contributory Pensions	580,136
Administration	7,407
Group Insurance	254,270
TOTAL	\$1,099,519

The sum of \$6,511, but no more, shall be used for salaries and wages.

MARCH MEETING

ARTICLE 7A. To see what sum of money the Town will vote to appropriate for a Cost-of-Living Adjustment to pensioners for the six month period January 1, through June 30, 1976 and for the twelve month period beginning July 1, 1976.

VOTED: That the Town appropriate the sum of \$92,132 as shown in the following tabulation:

Widows' Annuities 95A	\$ 1,366	\$ 2,731
Non-Contributory Pensions and Annuities	8,221	16,442
Contributory Pensions	21,124	42,248
	\$30,711	\$61,421

and that to meet said appropriations the sum of \$30,711 be transferred from available funds and the sum of \$61,421 shall be raised from the tax levy of fiscal 1977.

ARTICLE 8. To see what sum of money the Town will vote to appropriate for the purpose of funding the cost items in the current fiscal year which result from the Collective Bargaining Agreement executed on February 12, 1976 between the Town of Milton and the Milton Police Social Club, and to act on anything relating thereto.

VOTED: That the Town will appropriate the sum of \$76,693 for the purpose set forth in this Article and that to meet said appropriation said sum be transferred from available funds.

ARTICLE 8A. To see what sum of money the Town will vote to appropriate for the purpose of funding the cost items in the current fiscal year which may result from a Collective Bargaining Agreement, if any, executed prior to the Town Meeting, between the Town of Milton and the Milton Firefighters Local 1116, and to act on anything relating thereto.

VOTED: That no appropriation be made.

ARTICLE 9. To see if the Town will vote to amend Chapter 13 of the General Bylaws, known as the Personnel Administration Bylaw, as follows:

By striking out the section "Position Identification by Grade, Department and Municipal Division" and also the section "Position Classification - Schedule of Rates" and inserting in place thereof two new sections as follows:

MARCH MEETING

VOTED: That the Town vote to amend Chapter 13 of the General Bylaws, known as the Personnel Administration Bylaw, exactly as set forth in this Article; and that the sum of \$121,566 be appropriated and added to the salary accounts of the departments as shown in the following tabulation under the heading "Recommended":

Accounting	\$ 3,020.00
Board of Retirement	376.00
Assessors	2,188.00
Building	1,837.00
Cemetery	1,492.00
Fire	620.00
General Services	591.00
Health	2,716.00
Library	14,538.00
Park	2,214.00
Plumbing & Gas Inspector	1,211.00
Police	60,243.00
Public Works - General	12,066.00
Motor Vehicle Maintenance & Operation	1,910.00
Water Operations & Improvements	4,096.00
Selectmen	2,743.00
Town Clerk	1,435.00
Town Office & Library Buildings	1,097.00
Treasurer-Collector	2,905.00
Veterans' Agent	492.00
Wire	2,193.00
Youth	1,583.00
TOTAL	\$121,566.00

ARTICLE 10. To see if the Town will vote to amend Chapter 13 of the General Bylaws by striking out the present Section V.B and inserting in place thereof the following: 'B. Vacations Paid vacation time shall be granted to regular full-time employees who are in the A, E, LS and S Classification Grades in accordance with the following table and regular part-time employees including those in the miscellaneous Classification Grade approved by the Personnel Board shall have vacation periods on a proportionate basis. Temporary intermittent and seasonal employees shall not be granted paid vacations.'

Years of Service	Vacation
From 30 weeks through 5th yearly vacation period	Two Weeks
Beginning with the 6th yearly vacation period and through 10th yearly vacation period	Three Weeks
Beginning with the 11th yearly vacation period	Four Weeks

Paid vacation time shall be granted to all other regular full-time employees in accordance with the following table:

Years of Service	Vacation
From 30 weeks through 7th yearly vacation period	Two Weeks
Beginning with the 8th yearly vacation period and through 15th yearly vacation period	Three Weeks
Beginning with the 16th yearly vacation period	Four weeks

All Library Personnel qualified for professional classifications shall receive four weeks after the completion of 30 weeks of full-time, continuous service.

MARCH MEETING

Vacation time shall be taken within each calendar year and shall not be accumulated from one year to another.” and to act on anything relating thereto.

VOTED: That the Town vote “YES”.

ARTICLE 11. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1976 for the operation of Town Departments classified as General Government; and to act on anything relating thereto.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading “Recommended”:

General Government

Out-of-State Travel	290
Special Items	-
Books & Periodicals	44,860
TOTAL	\$ 280,057

and that to meet said appropriation the sum of \$266,647 be raised from the tax levy of the fiscal year and the balance of the appropriation, \$13,410 be transferred from available funds as follows:

State aid for libraries account	\$ 10,196
Dog License Fund	\$ 3,214

Departments are hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment.

ARTICLE 16. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1976 for the operation, maintenance and improvement of Public Works; and to act on anything relating thereto.

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

MARCH MEETING

Public Works Department

Public Works - General	\$ 724,230
Water Operations Improvements	672,561
Vehicle Maintenance and Operation	116,950
Out-of-State Travel - Water	300
TOTAL	\$1,514,041

The Public Works Department is authorized to spend from the aggregate amounts appropriated the sum of \$757,863, but not more, for salaries and wages and \$38,800, but not more, for new equipment.

To meet the appropriation for Water operations and improvements, the sum of \$45,804 is transferred from the Water Surplus as of June 30, 1975 and the balance of \$1,468,237, raised from the tax levy of the current year. Included in the appropriation is the Metropolitan Water Assessment.

The Public Works Department is hereby authorized to exchange or trade-in old equipment for the same or similar type of equipment and to sell junk, metal, cast iron and similar material and discarded meters, whether dismantled or not, in the usual course of its operations to furnish additional funds for the purchase of replacement items.

ARTICLE 17. To see what sum the Town will appropriate for maintaining, repairing, improving and constructing ways under the provisions of General Laws, Chapter 90, said sum, or any portion thereof, to be used in conjunction with any money which may be allotted by the State for this purpose; and to act on anything relating thereto.

VOTED: That the sum of \$32,976 be appropriated from available funds to meet the State's share of the cost of said work, the reimbursements from the State to be restored upon their receipt to the treasury.

ARTICLE 18. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1976 for the operation of the several categories classified as Observances of Holidays, Parks Recreation and Youth Program; and to act on anything relating thereto.

A motion was made and seconded to increase the amount of money for Recreation for Elderly from \$6,000 to \$6500. On a standing vote of YES-111, NO-138 motion to amend was defeated.

John Landry, Park Commissioner made a motion which was seconded to delete the paragraph, "The Board of Park Commissioners is authorized to spend from the aggregate amount appropriated for Recreation for Elderly the sum of \$5340, but not more, for recreation the Members of the Milton Senior Citizens Club and the sum of \$660, but not more, for recreation of associate members of the Milton Residences for the Elderly, Inc." On a standing of YES-168, NO-81 the motion to amend carried.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended":

1. Observances of Holidays to be	
Administered by the Board Of Selectmen	
Expenses	\$ 1,000
TOTAL	\$ 1,000

MARCH MEETING

Summer School Program	2,000
Research & Dev.	3,000
Vocational Education	15,000
TOTAL	\$6,972,473

and that to meet said appropriation the sum of \$483,672.02, received as reimbursements from the State under General Laws, Chapter 71B, shall be applied as required by law to the costs of programs provided under General Laws, Chapter 71B, the sum of \$6,466,819.98 shall be raised from the tax levy of the fiscal year, and the balance of the appropriation, \$21,981, shall be transferred from available funds in the Federal Grant (P.L.874) to Public Schools Account.

The Department is hereby authorized to exchange or trade-in old equipment for the same or similar type equipment.

The Moderator declared a fifteen minute recess at 4:08 P.M. and reconvened at 4:30 P.M.

The Moderator recognized Selectman John P. Linehan, who paid honor to retiring Selectman Ralph L. Kent. The Town Meeting Members rose and gave Selectman Kent a standing ovation.

ARTICLE 21. To see what sum of money the Town will vote to appropriate for Evening Practical Art Courses under the provisions of General Laws Chapter 74, Section 14 for the twelve month period beginning July 1, 1976; and to act on anything relating thereto.

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

Evening Practical Art Courses	\$ 11,000
---	-----------

ARTICLE 22. To see what sums of money the Town will vote to appropriate for the transportation of pupils within the Town for the period beginning July 1, 1976, said sums to be administered by the School Committee; and to act on anything relating thereto.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended":

School Bus Transportation	\$ 297,920
-------------------------------------	------------

ARTICLE 23. To see what sum of money the Town will vote to appropriate for the purpose of supplying clinical services for emotionally disturbed children of Milton through the South Shore Mental Health Association. Such sum of money to be administered by the School Committee; and to act on anything relating thereto.

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

South Shore Mental Health	\$ 5,400
-------------------------------------	----------

MARCH MEETING

ARTICLE 24. To see if the Town will vote to authorize the Moderator to appoint a Committee of five citizens to study the need for the improvement of physical education facilities, including outdoor facilities, for the High School and, if the Committee finds such needs, to propose solutions therefor, to employ the services of an architect to prepare preliminary plans, specifications and cost estimates for the construction and original equipping of additional indoor and/or outdoor physical education facilities for the High School at such location or locations as the Committee deems advisable and/or for the construction, remodeling, rehabilitation and modernization of the existing indoor and/or outdoor physical education facilities at the High School and any other High School facilities, which the Committee deems should be converted to or from physical education facilities, to provide more suitable facilities for physical education at the High School; and Committee to employ the services of such professional consultants as it deems necessary or advisable and to report to the Selectmen no later than January 1, 1977; and that a sum to be determined be appropriated for the use of said Committee; to determine how said appropriation shall be raised; and to act on anything relating thereto.

VOTED: That the Town vote "YES" and that \$15,000 be appropriated for the use of said Committee; and that to meet said appropriation the sum of \$15,000 be transferred from available funds.

COMMITTEE

Marvin A. Gordon, Chrm.	163 Gun Hill Street
Charles H. Burnes, Jr.	17 Centre Lane
Edward Guzovsky	84 Woodland Road
Virginia Hannigan	20 Houston Avenue
Neil D. Keller	324 Canton Avenue

ARTICLE 25. To see if the Town will vote to amend Chapter 2, Section 2, of the General Bylaws by striking out the date in the second line "The first Saturday of March" and inserting in place thereof the words "The last Tuesday in April" and to act on anything relating thereto.

The Moderator recognized Dr. Anne Coghlan, Chairman of the Warrant Committee, who stated that the Warrant Committee recommended a NO vote on the above article.

VOTED: That the Town vote not to amend Chapter 2, Section 2, of the General Bylaws by striking out the date in the second line "the first Saturday of March" and inserting in place thereof "the last Saturday of April".

Article defeated by a standing vote of YES-100, NO-125.

A motion was made by Joseph Aieta and seconded by Robert Kaler to adjourn until Monday evening was defeated by a voice vote.

ARTICLE 26. To see if the Town will vote to amend Chapter 2, Section 3, of the General Bylaws by striking out the date in the third line "the second Saturday of March" and inserting in place thereof the words "to be held eleven days thereafter" so that the amended Section 3 will read: "Section 3. All business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be considered at an adjournment of the annual meeting to be held eleven days thereafter at one o'clock in the afternoon." and to act on anything relating thereto.

VOTED: That the Town vote not to amend Chapter 2, Section 3, of the General Bylaws by striking out the date in the third line "the second Saturday of March" and inserting in place thereof "the first Saturday of May".

ARTICLE 27. To see if the Town will vote to amend Chapter 3, Section 4. a., by striking out the date "November first" and inserting in place thereof "the third Tuesday in December" and to act on anything relating thereto.

VOTED: That the Town vote "NO".

MARCH MEETING

ARTICLE 28. To see if the Town will vote to amend Chapter 3 of the General Bylaws by striking out the date "first day of June" wherever found in Section 1 and inserting in place thereof "fifth day of July" and further by striking out the date the "fifteenth day of June" wherever found in Section 2 and inserting in place thereof "the fifteenth day of July", and to act on anything relating thereto. Boston, Mass. May 24, 1976, Approved by Attorney General.

VOTED: That the Town vote "YES".

ARTICLE 29. To see if the Town will vote to authorize the Chief of the Fire Department to sell at private or public sale, with the approval of the Selectmen, the 1944 Maxim fire engine which is no longer required by said department; and to act on anything relating thereto.

VOTED: That the Town vote "YES".

ARTICLE 30. To see if the Town without the assessment of betterments and without making an appropriation will vote to accept the following streets as Town Ways, as laid out by the Selectmen:

LAFAYETTE STREET (from Truro Lane Easterly to end)
BRIERBROOK STREET (entire length)
BARBERRY LANE (from Parkwood Drive to Brierbrook Street)

and to act on anything relating thereto.

VOTED: That the Town vote "YES".

ARTICLE 31. To see if the Town will vote to authorize the Board of Selectmen in the name and on behalf of the Town to sell and convey for \$1.00 a parcel of land on the Westerly side of Randolph Avenue to Wollaston Golf Club, said parcel being bounded and described substantially as follows:

EASTERLY	by Randolph Avenue, three hundred forty-five and 50/100 (345.50) feet;
SOUTHERLY	by land of the Wollaston Golf Club, two hundred sixteen (216) feet;
WESTERLY	by land of the Wollaston Golf Club, two hundred sixty-two (262) feet; again
WESTERLY	by land of the Wollaston Golf Club, two hundred twenty-six and 44/100 (226.44) feet;
NORTHWESTERLY	by land of the Wollaston Golf Club, eighty-two and 56/100 (82.56) feet; and
NORTHEASTERLY	by land of John J. Haran, et al, two hundred forty-four and 46/100 (244.46) feet.

Containing 2.48 acres of land, more or less. Subject to a twenty-foot sewer easement as shown on a plan hereinafter referred to. Said parcel is shown as the lot marked "Town of Milton 2.48 Acres" on a plan entitled "Plan of Land in the Town of Milton, Mass." dated October 1975, Paul Kanter, Town Engineer.

VOTED: That the Town vote "YES", and that the Selectment include in the deed a restriction to prohibit any building on or filling in that portion of the parcel which lies within elevation 62 as shown on a plan entitled "Town of Milton - Plan Showing Areas Proposed to be Acquired by the Town of Milton for Flood Control Purposes" by A. Herbert Bruce, Town Engineer, dated February 1966 with revisions made October 1967, which plan

MARCH MEETING

is recorded in the Norfolk Registry of Deeds as Plan No. 973 of 1969 in Plan Book 226; and that the deed not be delivered to the Wollaston Golf Club until the Town received from the Wollaston Golf Club such sewer and water easements as are deemed necessary by the Board of Selectmen.

UNANIMOUS VOTE

ARTICLE 32. To see if the Town will vote to amend Chapter 6 of the General Bylaws of the Town by adding a new section as follow:

SECTION 36. No person owning or operating a gasoline filling station shall allow the pumping of gasoline for retail sale without an attendant employed by the station present to hold the gas nozzle while gasoline is being pumped into the tank of the vehicle; and to act on anything relating thereto.

VOTED: That the Town vote "YES".

ARTICLE 33. To see if the Town will vote to appropriate the sum of \$5,574.51 for the purpose of indemnifying Faustino Cimildoro for a judgment entered against him for damages arising out of the operation of a motor vehicle owned by the Town, all in accordance with the provisions of General Laws, Chapter 41, Section 100, and to act on anything relating thereto.

VOTED: That the Town vote to appropriate \$5,574.51 for the purpose set forth in this Article.

A motion was made by Robert Foster, which was seconded to reconsider Article 25. Motion was defeated on a voice vote.

ARTICLE 34. To see if the Town will vote to authorize the Board of Assessors to initiate a program of revaluation of all properties, real and personal, to produce uniformity on valuation and to enter into contracts for expert appraisals as provided under Section 4, of Chapter 40 of the General Laws; to see what sum of money the Town will vote to appropriate for said purposes which money shall be expended under the direction of the Board of Assessors and to act on anything relating thereto.

VOTED: That the Town vote "YES" to authorize the Assessors to initiate a program of revaluation as set forth in the above Article and that the Town vote to appropriate for said purpose the sum of \$33,800 of which sum not more than \$3,800 be used as a temporary salary increase for the members of the Board of Assessors.

ARTICLE 35. To see what sum of money the Town will vote to appropriate for Interest and Maturing Debt for the twelve month period beginning July 1, 1976; and to act on anything relating thereto.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended":

Interest	\$ 124,664
Maturing Debt	625,000
TOTAL	\$ 749,664

MARCH MEETING

ARTICLE 36. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary and unforeseen expenditures for the twelve month period beginning July 1, 1976 and to apply from Overlay Reserve such amount as the Town shall determine to meet in whole or in part such appropriation; and to act on anything relating thereto.

VOTED: That the sum of \$100,000 be appropriated and that to meet said appropriation the sum of \$92,245 be raised from the tax levy of the fiscal year and the balance of the appropriation, \$7,755 be transferred from the Overlay Reserve.

ARTICLE 37. To see what sum of money the Town will vote to appropriate from available funds on hand for the purpose of deduction by the Assessors from the amount required to be assessed in accordance with the provisions of General Laws, Chapter 59, Section 23.

VOTED: That the Town vote to appropriate the sum of \$255, 808 from available funds on hand for the purpose of deduction by the Assessors from the amount required to be assessed in accordance with provisions of General Laws, Chapter 59, Section 23.

The meeting was dissolved at 6:46 P.M.

James G. Mullen, Jr.
TOWN CLERK

RECOUNT MARCH 27, 1976

On Tuesday, March 16, 1976, Robert L. Hoy filed a petition for a recount of the ballots cast for Selectmen in Precincts 6 and 7, Julius Doliner filed for a recount of the ballots cast for the three year term for Town Meeting Member in Precinct 1, Thomas P. Connolly filed for a recount of the ballots cast for the three year term for Town Meeting Member in Precinct 5, Eileen F. Gillis filed for a recount of the ballots cast for the term of one year for Town Meeting Member in Precinct 5 and Phillip D. Murphy filed for a recount of the ballots cast for Town Meeting Member for the term of three years in Precinct 6.

Notice was sent to all candidates involved in the recount for the above Town Offices.

The recount was held on Saturday, March 27, 1976 at 9:00 A.M. in the cafeteria at the Pierce Junior High School on Gile Road with the following results announced by the Board of Registrars.

RESIGNATIONS AND APPOINTMENTS

On May 6, 1976 Richard G. Fitzgerald resigned as a member of the Planning Board and on July 15, 1976 Roger L. Gregg resigned as a member of the Town Study Committee.

At a joint meeting of the Selectmen and the Planning Board on June 24, 1976, Roger L. Gregg was appointed a member of the Planning Board to fill the vacancy caused by the resignation of C. Mitchell Draper, Jr. who resigned May 27, 1976.

On May 27, 1976 at a joint meeting of the Selectmen and the Planning Board Suzanne C. Collins was appointed to the Planning Board to fill the vacancy caused by the resignation of Robert C. Fitzgerald.

Dr. Sidney Cooperband resigned from the Warrant Committee and the Moderator appointed Miss Maria DeMello of 15 Norman Street to replace him. She was sworn in on December 14, 1976.

AMENDMENTS TO THE GENERAL BYLAWS

Amendments to the Genral Bylaws passed at the Annual Town Meeting, held March 13, 1976, were sent to the Attorney General March 25, 1976. The amendments to the General Bylaws voted under Article 28 were approved by the Attorney General, June 30, 1976 and were posted July 12, 1976, at 3:00 P.M.

Amendment to Chapter 3, The Warrant Committee, Section 1 was changed by striking out the date "first day of June" wherever found in said section and inserted in place thereof "fifth day of July" and further by striking out wherever found in Section 2 "fifteenth day of June" and inserting in place thereof "the fifteenth day of July". This amendment was adopted under Article 28.

AMENDMENTS TO THE GENERAL BYLAWS

No Bylaw becomes effective until after the approval of the Attorney General and publication is provided.

POSTED IN THE FOLLOWING PUBLIC PLACES

Central Library
East Milton Branch Library
East Milton Post Office
Kidder Branch Library

Milton Food Mart
Milton Village Post Office
Town Office Building

These Bylaw changes became effective July 12, 1976.

1976

SEPTEMBER PRIMARIES

Commonwealth of Massachusetts)
County of Norfolk) ss

To any of the Constables of the Town of Milton in said County: GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and in Town affairs, to meet at the several designated Polling Places in their respective Precincts in said Milton, to wit:

In Precinct 1	Tucker School Hall, Blue Hills Parkway
In Precinct 2	Basement, Kidder Branch, Milton Public Library Blue Hills Parkway
In Precinct 3	Milton-Hoosic Clubhouse, Central Avenue
In Precinct 4	Basement Playroom, rear of Pierce Elementary School, Gile Road
In Precinct 5A	Gymnasium, Pierce Junior High School, Gile Road
In Precinct 5B	Gymnasium, Pierce Junior High School, Gile Road
In Precinct 6	Gymnasium, Cunningham Junior High School, Edge Hill Road
In Precinct 7	St. Agatha's School, Adams Street

on Tuesday, September 14, 1976, at eight o'clock in the forenoon, then and there to bring in to the Precinct Officers their votes for the Nomination of Candidates of Political Parties for the following offices:

UNITED STATES SENATOR for the Commonwealth of Massachusetts
REPRESENTATIVE IN CONGRESS for the Eleventh Congressional District

WARRANT

NOVEMBER MEETING

Commonwealth of Massachusetts)
County of Norfolk) ss

To any of the Constables of the Town of Milton in said County:
GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and in Town affairs, to meet at the several designated Polling Places in their respective Precincts in said Milton, to wit:

- | | |
|-----------------|--|
| In Precinct 1. | Tucker School Hall, Blue Hills Parkway, |
| In Precinct 2. | Basement, Kidder Branch, Milton Public Library,
Blue Hills Parkway, |
| In Precinct 3. | Milton Hoosic Clubhouse, Central Avenue, |
| In Precinct 4. | Basement Playroom, rear of Pierce Elementary
School, Gile Road, |
| In Precinct 5A. | Gymnasium, Pierce Junior High School,
Gile Road, |
| In Precinct 5B. | Gymnasium, Pierce Junior High School,
Gile Road, |
| In Precinct 6. | Gymnasium, Cunningham Junior High School,
Edge Hill Road, |
| In Precinct 7. | St. Agatha's School, Adams Street. |

on Tuesday, November 2, 1976, at eight o'clock in the forenoon, then and there to bring in to the Precinct Officers their ballots for

Electors of President and Vice President
Senator in Congress
Congressman for the Eleventh Congressional District
Councillor for the Fourth Councillor District
Senator for the Second Suffolk and Norfolk
Senatorial District
Representative in General Court for the Ninth
Representative District (Precincts 1, 2, 4, 5,
6 and 7 Only)
Representative in General Court for the Twentieth Suffolk
Representative District (Precinct 3 Only)
Clerk of Courts for Norfolk County
Register of Deeds for Norfolk County
Two County Commissioners for Norfolk County
District Attorney for Norfolk County

also to vote on the acceptance of the following Questions:

QUESTION NO. 1

**PROPOSED AMENDMENT TO THE CONSTITUTION
EQUAL RIGHTS**

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and Senate on August 15, 1973 by a vote of 261-0, and on May 14, 1975, by a vote of 217-55?

YES NO

SUMMARY

The proposed amendment would provide that equality under the law may not be denied or abridged on the basis of sex, race, color, creed or national origin. This amendment adds one sentence to Article 1 of Part the First of the Constitution which now contains a general statement of individual rights, including the right to enjoy and defend life and liberty and the right to acquire and protect property.

QUESTION NO. 2.

**PROPOSED AMENDMENT TO THE CONSTITUTION
GRADUATED INCOME TAX RATES**

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and Senate on August 15, 1973, by a vote of 199-66, and on May 7, 1975, by a vote of 228-41?

YES NO

SUMMARY

The proposed amendment would authorize the Legislature to substitute for the present system of flat or uniform personal income tax rates a system of rates graduated according to the total amount of income received. The Legislature would also be authorized to provide for reasonable exemptions, deductions, credits, and abatements and could base Massachusetts income tax provisions on provisions of Federal Income tax law.

QUESTION NO. 3.

**PROPOSED AMENDMENT TO THE CONSTITUTION
ABSENTEE VOTING FOR RELIGIOUS REASONS**

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and Senate on August 15, 1973 by a vote of 259-0, and on May 12, 1976 by a vote of 262-1?

YES NO

SUMMARY

The proposed amendment would authorize the Legislature to provide for absentee voting by persons who hold religious beliefs in conflict with the act of voting on the day on which any election is to be held.

QUESTION NO. 4.

**LAW PROPOSED BY INITIATIVE PETITION
MASSACHUSETTS POWER AUTHORITY**

Do you approve of a law summarized below which was disapproved by the House of Representatives on May 5, 1975, by a vote of 179-46, and on which no vote was taken by the Senate before May 7, 1975?

YES NO

SUMMARY

Section 1 of the act inserts a new chapter 164B into the General Laws and establishes a Massachusetts Power Authority, a body corporate and politic with seven members appointed by the Governor to staggered six year terms. The Authority is to establish and operate a bulk power supply system to supply wholesale electric power to utilities throughout the Commonwealth. The primary purpose of the Authority is to supply the Commonwealth with power with the minimum adverse impact on the environment. The Authority is also authorized to engage in research and development of new sources of power, new siting techniques, and methods of environmental protection.

In carrying out its responsibilities, the Authority is authorized to adopt bylaws; adopt an official seal; maintain offices; sue and be sued; construct or acquire facilities either within or without the Commonwealth; issue revenue bonds and borrow money in anticipation of issuance of revenue bonds; acquire real and personal property; employ professional, managerial and other employees deemed necessary and fix their compensation to be paid solely out of revenues of the Authority; appear before other government agencies; apply for and receive federal or other grants of funds; and enter into contracts and agreements.

The Authority will build and operate all new generating and transmission facilities in the Commonwealth and has the option to purchase existing facilities through negotiation, condemnation, or eminent domain. After an initial two-year period, no other utility may construct a new facility unless the Authority certifies that it lacks the capability to finance the facility and the facility would further the purposes of the act.

The Authority will finance its activities by issuing revenue bonds. The bonds will be exempt from state taxation, but will not be backed by the full faith and credit of the Commonwealth. Power will be sold to other utilities by contract but no special discounts or bonuses to promote the increased use of power may be given. Public hearings are required on all major contracts.

The Authority is required to develop a master, 20-year demand study and siting plan within 18 months of its incorporation, to be updated each succeeding year. Sites will be selected in accordance with the Electric Power Facilities Siting Council Act of 1973. The Governor and the community in which any facility is to be located must affirmatively approve the facility before it can be constructed.

The Authority will be subject to all applicable federal and state environmental standards and must obtain all necessary federal and state permits and complete all necessary environmental impact statements.

The Authority will be exempt from taxation but will make payments in lieu of taxes to cities and towns in an amount equal to the tax which would be paid if the Authority's real and personal property were owned by a private electric utility company.

The Authority is forbidden from engaging in promotional or image advertising. The Authority has the authority to bargain collectively with its employees and is subject to the provisions of Chapter 150 of the General Laws, which governs the conciliation and arbitration of industrial disputes. Employees of the Authority are not subject to the civil service law and rules. Employees of utilities displaced by the activities of the Authority have first preference in employment by the Authority.

Section 2 of the act amends section 43 of Chapter 164 of the General Laws to provide that if a city or town votes, in accordance with the provisions of Chapter 164, to establish a municipal utility and acquire the facilities of the utility currently serving the community, and the utility refuses to sell its property to the city or town, that the Department of Public Utilities will establish a fair price for the facilities, and the utility will be required to accept the price determined by the department and tender the deed for the facilities to the city or town.

QUESTION NO. 5.

**LAW PROPOSED BY INITIATIVE PETITION
BANNING PRIVATE HANDGUNS**

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 3, 1976, by a vote of 197-35, and on which no vote was taken by the Senate before May 5, 1976?

YES NO

SUMMARY

The proposed legislation would prohibit the possession, ownership or sale of any weapon from which a shot or bullet can be discharged and which has a barrel length of less than sixteen inches. The prohibition would not apply to military personnel, law enforcement officers, federally licensed handgun manufacturers and wholesalers, common carriers in the ordinary course of transport, or to historical societies and museums. The act would not affect the possession of rifles, shotguns, and certain antiques and replicas. The proposal also does not change the existing statutory penalties for unlawful possession, ownership or sale of handguns, including provision imposing mandatory jail sentences.

The proposal would permit owners of handguns to surrender their weapons to any law enforcement agency in the Commonwealth within six months of the effective date of the act without incurring criminal liability. Those surrendering handguns within that six months will be compensated at a rate to be determined by the Commissioner of Public Safety.

QUESTION NO. 6.

**LAW PROPOSED BY INITIATIVE PETITION
CONTROLS ON BOTTLES AND CANS**

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 3, 1976 by a vote of 146-85, and on which no vote was taken by the Senate before May 5, 1976?

YES NO

SUMMARY

The proposed act would require every beverage container sold or offered for sale in the Commonwealth to have a refund value of at least five (5) cents, and would prohibit the sale of metal beverage containers with flip-tops. It would apply to containers for beer and other malt beverages and to soft drinks. It would not apply to containers for dairy products or natural fruit juices, nor to containers which are biodegradable.

The act would authorize the Secretary of Environmental Affairs to certify containers as reusable or recyclable. It contains both enforcement and penalty provisions and would take effect on February 1, 1977.

QUESTION NO. 7.

**LAW PROPOSED BY INITIATIVE PETITION
UNIFORM ELECTRIC RATES**

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 3, 1976, by a vote of 182-49, and on which no vote was taken by the Senate before May 5, 1976?

YES NO

SUMMARY

The proposed act would impose a general requirement that every electric utility company charge a uniform rate per kilowatt hour of electricity. The proposed act would except from this general rule rates charged to other electric utility companies and to residential

customers who heat their principle place of residence by electricity. The Act would also permit a different rate to be charged residential customers for the first three hundred (300) kilowatt hours they consume each month, and would authorize "peak load" pricing whereby a higher rate than the uniform rate per kilowatt hour may be charged during the periods of the day or seasons of the year when consumption of electricity is the greatest. The Act would authorize the Department of Public Utilities to issue implementing rules and regulations and provides for enforcement.

QUESTION NO. 8.

**THIS QUESTION IS NOT BINDING
OIL REFINERY AND DEEP WATER PORT**

The following is a non-binding advisory question: "Shall the General Court enact legislation authorizing the construction of an oil refinery and a deep water port, subject to the approval of those communities directly affected and any reservations that the General Court may prescribe?"

YES NO

SUMMARY

The Legislature has placed this question on the ballot in order to determine whether the people favor or oppose the construction of an oil refinery and deep water port in Massachusetts. The vote on this question is not binding on the Legislature. The question deals with the general advisability of such construction and is not a specific proposal for a facility. If a specific proposal is made, it would be subject to approval by the communities directly affected and subject to any restrictions imposed by the Legislature.

QUESTION NO. 9.

**THIS QUESTION IS NOT BINDING
SUNDAY CLOSING LAWS**

The following is a non-binding advisory question: "Shall retail stores including package liquor stores, so called, be allowed to open for business on Sunday?"

YES NO

SUMMARY

The Legislature has placed this question on the ballot in order to determine whether the people favor or oppose the Sunday opening of certain retail stores, including package liquor stores. As the law now stands, most retail and all package liquor stores must be closed on Sundays. The vote on this question is not binding on the Legislature.

QUESTION NO. 10.

E. Shall licenses be granted in the Town of Milton for the sale therein of all alcoholic beverages to be consumed on the premises of apartment houses having a dining room capacity of not less than ninety-nine persons?

YES NO

F. Shall licenses be granted in the Town of Milton for the sale therein of all alcoholic beverages to be consumed on the premises by members and guests of war veterans' organizations located within the boundaries of the Town?

YES NO

G. Shall licenses be granted in the Town of Milton for the sale therein of all alcoholic beverages to be consumed on the premises to non-profit golf clubs having a dining room capacity at the clubhouse of not less than ninety-nine persons?

YES NO

For these purposes the polls will be open at each and all of said Precincts at eight o'clock in the forenoon and will be closed at eight o'clock in the evening.

NOVEMBER MEETING

And you are directed to serve the Warrant by posting attested copies thereof in each of the post offices of said Town seven days at least before said meeting and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not and make due return of the Warrant with your doings thereon to the Town Clerk on or before said second day of November, next.

Given under our hands at Milton this seventh day of October, Nineteen Hundred and Seventy-six.

(Signed) JOHN P. LINEHAN
JAMES D. COLT
WALTER F. TIMILTY
Board of Selectmen

REPORT OF THE WARRANT COMMITTEE

November Meeting - November 2, 1976

To the Voters of the Town of Milton:

Pursuant to the provisions of Section 4, Chapter 3 of the General Bylaws of the Town, dated March 10, 1934, as amended, your Warrant Committee is required to consider and report in print upon all questions submitted to the voters of the Town. Following are the recommendations of your Committee:

QUESTION NO. 1

PROPOSED AMENDMENT TO THE CONSTITUTION
(EQUAL RIGHTS)

We recommend that the Town vote "YES"

QUESTION NO. 2

PROPOSED AMENDMENT TO THE CONSTITUTION
(GRADUATED INCOME TAX RATES)

We recommend that the Town vote "NO"

QUESTION NO. 3

PROPOSED AMENDMENT TO THE CONSTITUTION
(ABSENTEE VOTING FOR RELIGIOUS REASONS)

We recommend that the Town vote "YES"

QUESTION NO. 4

LAW PROPOSED BY INITIATIVE PETITION
(TO ESTABLISH A MASSACHUSETTS POWER AUTHORITY)

We recommend that the Town vote "NO"

QUESTION NO. 5

LAW PROPOSED BY INITIATIVE PETITION
(BANNING PRIVATE HANDGUNS)

(CONTROLS ON BOTTLES AND CANS)

We recommend that the Town vote "YES"

QUESTION NO. 7

LAW PROPOSED BY INITIATIVE PETITION
(TO ESTABLISH UNIFORM ELECTRIC RATES)

We recommend that the Town vote "NO"

QUESTION NO. 8

THIS QUESTION IS NOT BINDING
(WHETHER AN OIL REFINERY AND DEEPWATER PORT IN
MASSACHUSETTS ARE FAVORED)

We recommend that the Town vote "YES"

NOVEMBER MEETING

QUESTION NO. 9

THIS QUESTION IS NOT BINDING
(WHETHER OPENING CERTAIN RETAIL STORES, INCLUDING
PACKAGE LIQUOR STORES, ON SUNDAYS IS FAVORED)

We recommend that the Town vote "NO"

QUESTION NO. 10

E. We recommend that the Town vote "YES"

F. We recommend that the Town vote "YES"

G. We recommend that the Town vote "YES"

Respectfully submitted,

CHARLES C. WINCHESTER, Chairman
BRIAN C. CROWLEY, Secretary
JOSEPH S. COLLINS
WEBSTER A. COLLINS
A. GLEASON CONDON
SIDNEY COOPERBAND, M. D.
CHARLES M. DONOHUE
MARY DIANE HAYES
ANNE M. RICHARDSON
RUSSELL G. SIMPSON
WILLIAM J. SULLIVAN
ELSPETH TAYLOR
JOSEPH K. WALSH
GALEN E. WIFHOLM
EDWIN H. WOLFE

Commonwealth of Massachusetts)
County of Norfolk) ss

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the times and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town on October 22, 1976 and leaving attested copies at the dwelling of the inhabitants.

(Signed) JOHN E. WHEARTY
Constable of Milton

STATISTICS NOVEMBER 2, 1976 STATE ELECTION

PRECINCT	1	2	3	4	5A	5B	6	7	TOTAL
Registered Voters	2768	2104	1550	1859	2518	2249	2969	2049	18,066
Total Vote Cast	2343	1845	1341	1629	2141	1950	2596	1793	15,638
Time Received	3:00 A.M.	3:40 A.M.	2:10 A.M.	3:50 A.M.	1:45 A.M.	2:25 A.M.	5:10 A.M.	4:25 A.M.	5:45 A.M.
Percentage	85	88	87	88	85	87	87	88	87

The Town Clerk upon receipt of the returns from the several precincts forthwith canvassed the same and announced the results at 5:45 A.M. November 3, 1976.

JAMES G. MULLEN, JR.
Town Clerk

STATISTICS ABSENTEE BALLOTS NOVEMBER 2, 1976

At the State Election November 2, 1976 Milton had the following number of Absentee Ballots:

PRECINCT	1	2	3	4	5A	5B	6	7	TOTAL
Applications Received	88	103	81	48	108	110	116	51	705
Ballots Cast	72	96	68	42	89	98	93	45	603

Of the total ballots cast, 233 were cast in person by the voter in the Town Clerk's Office and 370 were cast by mail.

The Absentee Ballots were distributed to the Precincts before the close of the polls. The Wardens put them through the Ballot Boxes and they were counted with the ballots cast in the Precincts.

REPORTS OF SPECIAL COMMITTEES

REPORT OF THE WARRANT COMMITTEE
FOR THE ANNUAL TOWN MEETING

REPORT OF THE WARRANT COMMITTEE
FOR THE ANNUAL TOWN MEETING

INTRODUCTION

The Warrant Committee is pleased to present its budget recommendations to the Town for consideration and final action by Town Meeting members at the 1976 Annual Town Meeting.

The format of the Warrant is essentially the same as for 1975. Department Budget Articles show dollar amounts of Actual 1974-1975, Appropriated 1975-1976, and Recommended 1976-1977. Comments on the majority of Articles are found immediately following Warrant Committee Recommendations. There are approximately 14 Special Articles, of these 6 (Articles 10, 25, 26, 27, 28, 32) propose General Bylaws amendments and 5 (Articles 7A, 8, 24, 33, 34) recommend expenditure of tax money for a variety of purposes. Appended to the 37 Articles are significant tables such as Table 3, which shows comparative figures by departments and includes the Requested amounts for 1976-1977.

Departments and Committees are to be complimented on their valiant efforts to keep down expenditures for Expenses, Equipment, and Capital Outlay. The Warrant Committee is grateful to all groups for their patience, help and cooperation in aiding it to interpret, to understand, and to act upon budgets. All parties in the budget cycle have been guided by the knowledge of continued rising costs and lowered State and Federal reimbursements.

Despite the efforts of all those individuals concerned with budgets and expenditures, the impact of the recommended 1976 Warrant is a 6.7% rise in the tax rate.

PENSIONS AND EMPLOYEE BENEFITS

Contributing to the above rise in the tax are the amounts recommended in Article 7, Employee Benefits, which shows an overall 11% increase over 1975-1976. The amounts recommended in this Article for Widows' Annuities, Non-Contributory and Contributory Pensions do not include a Cost-of-Living Adjustment. This latter adjustment contained in Article 7A is calculated on the Calendar year, has been determined at 9.1%, and is subject to appropriation by the Town Meeting. The recommended Cost-of-Living Adjustment for pensioners for an 18-month period January 1, 1976 to June 30, 1977, amounts to a total cost of \$92,132. The 6-month 1975-76 amount of \$30,711 recommended must be appropriated from available funds. It is possible that the Law governing the time span of payment may be amended to move the effective date of this adjustment to July 1, 1976, thus alleviating the need for the appropriation of \$30,711.

POLICE COLLECTIVE BARGAINING

A second factor contributing to the 6.7% rise in the tax rate reflects the recent settlement of Police Collective Bargaining Agreements. In Article 8, the sum of \$76,693 which must be appropriated from available funds, is recommended to cover Salaries and Wages for the current fiscal year (1975-76). The Personnel Article (9) includes \$56,987 to cover wage settlements for fiscal 1976-77, and the Police Budget Salaries and Wages line within Article 13 carries an additional \$87,485 to adjust for the 1975-76 increase. Thus the sum of approximately \$221,000 is being recommended for addition to Police Salaries and Wages to June 30, 1977.

The Police settlement with the Town covers two fiscal years from July 1, 1975, through June 30, 1977. The wage settlement is based on 6% retroactive to December 1, 1975, and an additional 5.7% effective July 1, 1976. Lesser increases were agreed upon for certain of the steps. The Schedule of Rates is as follows:

**REPORT OF THE WARRANT COMMITTEE
FOR THE ANNUAL TOWN MEETING**

**POLICE WEEKLY SALARY SCHEDULES
EFFECTIVE JULY 1, 1975**

<i>Grade</i>	<i>Step 1</i>	<i>Step 2</i>	<i>Step 3</i>	<i>Step 4</i>	<i>Step 5</i>
P-1	176.00	194.00	209.00	224.00	238.00
P-2				259.00	281.00
P-3				300.00	323.00

EFFECTIVE DECEMBER 1, 1975

P-1	176.00	200.00	213.00	230.00	246.00
P-2				266.00	289.00
P-3				309.00	333.00

EFFECTIVE JULY 1, 1976 through JUNE 30, 1977

P-1	186.00	206.00	277.00	243.00	260.00
P-2				285.00	306.00
P-3				326.00	352.00

POSITION IDENTIFICATION

Patrolman	P-1
Sergeant	P-2
Lieutenant	P-3

Other cost items in the Police contract are an increase in vacation benefits effective July 1, 1976 to three weeks after five years instead of seven years of service and four weeks after ten years instead of fifteen years. The payment of night differential extra wage of five dollars per week in the past contract is increased to seven dollars per week effective January 1, 1976. Also effective this January is holiday pay for Martin Luther King Day, a new State Holiday. A modification in the Educational Incentive pay program (effective as of December 1976) will result in an increased cost of \$400 per year. The Union agreed to delete certain language relative to training in the new contract but all training time in excess of 40 hours per week will be compensated at the rate of time and one half. Police private work detail rates are also rising by 50 cents per hour with a four-hour minimum.

NON-UNION EMPLOYEES

Another factor contributing to the tax rate rise is found in the recommended 7.5% raise for most non-union workers covered under Article 9. The Warrant Committee and the Personnel Board are supporting this recommendation in light of the settlement of the Police agreement at 15.5% for a two-year span, and the fact that the "Cost-of-Living Index" (Bureau of Labor Statistics Consumer Price Index for Boston October to October) for the past two years totals 17.9%. Last year with a 10.2% Index, this group of employees received 6 and 7% increases. This year the Index change is 7.7%. On these bases a 7.5% increase is justified.

Article 10 provides for improved vacation benefits comparable to the Police contract. The Personnel Board recommended this article after reviewing the list of benefits received by comparable employees in ten other suburban communities, which are similar to Milton. The Warrant Committee concurs with the Personnel Board.

FIRE COLLECTIVE BARGAINING

The salaries appropriation in the 1976-77 Fire Department Budget recommendation in Article 13 is based on 1974-75 salary rates as the Firefighters Union has not reached a Collective Bargaining Agreement with the Town for either the current year or the next year.

REPORT OF THE WARRANT COMMITTEE FOR THE ANNUAL TOWN MEETING

The Union is exercising its rights under the 1973 Compulsory Binding Arbitration, Last Best Offer Law. Efforts by a mediator from the State have been unsuccessful. The Town and the Firefighters Union recently have presented their cases to a Factfinder and his recommendations are expected late in February. Article 8A has been included in the Warrant to allow funding of a Firefighters Collective Bargaining Agreement if one is made prior to Town Meeting. An appropriation from available funds in excess of \$110,610 for Article 8A could be required if the Factfinder recommends the Union's demands. It is important to note that any appropriation under Article 8A would reduce the amount available in Article 37 to reduce the 1976-77 Tax levy. Furthermore to incorporate the 1975-76 settlement plus any agreement which may be for 1976-77 into the Article 9 and the Fire Budget Article 13 could require an additional appropriation of \$187,200 or more from the 1976-77 tax levy. The tax rate implications resulting from settlement with the Firefighters using the above, hopefully overestimated costs, could be an additional \$3.88 on the 1976-77 tax rate.

OTHER NON-SCHOOL COLLECTIVE BARGAINING

The Town Employees classified in the W and C category under the Personnel Bylaw and employed largely in the Cemetery, Park, Public Works, Wire and non-school custodial departments are also organized in a Union, Local 1395 AFSCME, AFL-CIO. Fortunately a contract exists and has been funded for the present year. However, the union failed to submit proposals until February 2 and the negotiations are just underway as this report goes to the printer. This Union's salary increase proposal, not including other cost items they seek, is far in excess of the Personnel Board's recommendations for other employees and would cost the Town over \$97,000 in the 1976-77 budget if approved. We are hopeful that the negotiations will be completed before the March 13 Town Meeting at a more reasonable cost and that the parties will have a signed agreement which the Town Meeting will be able to consider funding under Article 9 of the Warrant. If an agreement were reached at \$97,000 the 1976-77 tax rate would be increased by \$1.25.

OTHER 1976-1977 IMPACTS ON TAX RATE

As already indicated, most budgets are below, at, or only slightly above 1975-76 in areas of Expenses, Equipment, and Capital Outlay. Increased charges for fuel account for most expenses above last year as illustrated by a rise of 12% in the Street Lighting recommendation. The Park Department Budget, up 15.9% in the total amount has a significant \$23,000 increase in Capital Outlay. See individual budgets for further comments.

REVALUATION CENTER

Article 33, proposed by the Board of Assessors and recommended by the Warrant Committee begins the first of a 3-year task to revalue Town properties. Individual property owners will feel the impact of revaluation in the near future.

COMPARATIVE TAX RATES

An analysis of Table 7 Comparative Tax Rates for ten years shows a steadily increasing tax rate. The rises reflect increased state and regional assessments, decreased state reimbursements, increased costs of expenses, equipment, capital outlay, and manpower (salaries, wages and benefits) to execute services. The Town must determine what services are essential and how most efficiently to use manpower to provide these services.

ESTIMATED TAX RATE

Table 1 shows the detail of the tax rate estimated for 1976-77. The total of \$174 is an increase of \$11 over the current rate of \$163.

The estimated rate is based upon the level of spending recommended in this warrant. The tax rate assumes no major changes in assessments and reimbursements from the 1975-1976 rate. It must be emphasized that the 1976 Warrant makes no recommendations for pay raises for fire and union employees currently engaged in collective bargaining.

REPORT OF THE WARRANT COMMITTEE
FOR THE ANNUAL TOWN MEETING

The Warrant Committee is grateful for the help of the Board of Assessors and most particularly for the personnel of the Assessors office for their efforts in calculating the estimated rate for 1976-1977.

CONCLUSION

The Chairman thanks the various Departments, Boards, and Committees of the Town for their help and cooperation; the members of this committee for their time and effort; the clerks for their patience, devotion, and hard work; and our families for their sensitivity, support, and humor while we worked.

Respectfully submitted,

REPORT OF THE WARRANT COMMITTEE

November Meeting - November 2, 1976

To the Voters of the Town of Milton:

Pursuant to the provisions of Section 4, Chapter 3 of the General Bylaws of the Town, dated March 10, 1934, as amended, your Warrant Committee is required to consider and report in print upon all questions submitted to the voters of the Town. Following are the recommendations of your Committee:

QUESTION NO. 1

PROPOSED AMENDMENT TO THE CONSTITUTION
(EQUAL RIGHTS)

We recommend that the Town vote "YES"

QUESTION NO. 2

PROPOSED AMENDMENT TO THE CONSTITUTION
(GRADUATED INCOME TAX RATES)

We recommend that the Town vote "NO"

QUESTION NO. 3

PROPOSED AMENDMENT TO THE CONSTITUTION
(ABSENTEE VOTING FOR RELIGIOUS REASONS)

We recommend that the Town vote "YES"

QUESTION NO. 4

LAW PROPOSED BY INITIATIVE PETITION
(TO ESTABLISH A MASSACHUSETTS POWER AUTHORITY)

We recommend that the Town vote "NO"

QUESTION NO. 5

LAW PROPOSED BY INITIATIVE PETITION
(BANNING PRIVATE HANDGUNS)

We recommend that the Town vote "YES"

QUESTION NO. 6

LAW PROPOSED BY INITIATIVE PETITION
(CONTROLS ON BOTTLES AND CANS)

We recommend that the Town vote "YES"

QUESTION NO. 7

LAW PROPOSED BY INITIATIVE PETITION
(TO ESTABLISH UNIFORM ELECTRIC RATES)

We recommend that the Town vote "NO"

QUESTION NO. 8

THIS QUESTION IS NOT BINDING
(WHETHER AN OIL REFINERY AND DEEPWATER PORT IN
MASSACHUSETTS ARE FAVORED)

We recommend that the Town vote "YES"

REPORT OF THE WARRANT COMMITTEE

QUESTION NO. 9

THIS QUESTION IS NOT BINDING
(WHETHER OPENING CERTAIN RETAIL STORES, INCLUDING
PACKAGE LIQUOR STORES, ON SUNDAYS IS FAVORED)

We recommend that the Town vote "NO"

QUESTION NO. 10

E. We recommend that the Town vote "YES"

F. We recommend that the Town vote "YES"

G. We recommend that the Town vote "YES"

REPORT OF TOWN OFFICE BUILDING COMMITTEE

December 31, 1976

To the Honorable Board of Selectmen:

The Town Office Building Committee is pleased to submit its final report.

The ice dam problem in the north gutter and roof has finally been resolved through the assistance of the Wire Department electrician.

The Committee thanks all who assisted in this project and respectfully requests that the Committee be discharged.

Respectfully submitted,

MALCOLM D. PERKINS, Chairman

REPORT OF PERMANENT INSURANCE
ADVISORY COMMITTEE

REPORT OF PERMANENT INSURANCE
ADVISORY COMMITTEE

January 7, 1977

To the Honorable Board of Selectmen:

In compliance with Article 45 of the 1958 Town Meeting, the Insurance Committee respectfully submits this annual report.

During 1976 the committee has been consulted on various specific matters regarding interpretations and concepts which would enable the Town to purchase its coverage on the basis of insuring the significant financial loss exposures for the lowest available premium cost and self-insuring those hazards where the potential loss can be identified and readily absorbed without affecting the tax rate or the Town's bonding position. Each item has been discussed with the Town Insurance Agent and at the time of the preparation of this report either has been resolved or is being worked on.

The cost for Worker's Compensation Insurance, which comprises well over half of the total Insurance budget, continues to rise due to elements that are difficult for the Town to control. The combination of higher payrolls and anticipated rate increases during 1977, as a result of increased benefits and a jump in the Town's experience modification factor, generates most of the increase in the coming year's budget estimate.

The three-year Property "Package" Policy covering the Town buildings and their contents will expire in July, 1977. At the moment, we expect some increase in cost on renewal, as the insurance companies are still going through an adverse rate readjustment cycle caused by a delayed reaction from financial setbacks of the past three years. Howsoever, Milton's property loss experience continues to be outstanding and this fact will be very helpful in securing competitive prices during renewal negotiations. During the past year the building amounts were adjusted in line with the new appraisal prepared by Fay, Spoffard & Thorndike.

The cost for Blue Cross/Blue Shield has accelerated tremendously in recent years to the point where the premium burden to the employees and also to the Town (each shares 50% of the premium charge) is becoming unbearable. It has been established that the use of a self-insurance fund as an alternative is not permitted by state law, up to now, but we understand the Board has contacted the Group Insurance Commissioner of the State for assistance in an attempt to develop an approved alternate funding arrangement that will provide relief in the cost of health insurance without diminution in benefits. This committee and the Town Insurance Agent will help all they can in this important study.

During 1976 Mr. Daniel F.X. Davis completed his appointed term. Mr. J. Barry Driscoll of 55 Ridge Road was appointed to succeed Mr. Davis.

In concluding we take the opportunity to thank the Board of Selectmen, the Executive Secretary and Assistant Secretary to the Board, the Town Counsel, various Department Heads, members of their staff and the Town Insurance Agent for their courtesy, advice and cooperation extended to the members of the Insurance Committee.

Respectfully submitted,

MICHAEL B. O'TOOLE, Chairman
BRUCE B. ALEXANDER
J. BARRY DRISCOLL

REPORT OF COMMITTEE
ON ELDERLY AFFAIRS

REPORT OF COMMITTEE
ON ELDERLY AFFAIRS

January 6, 1977

To the Honorable Board of Selectmen:

The Committee on Elderly Affairs is pleased to submit its fifth report:

The Committee attended the following meetings: 7 times with the Dept. of Elder Affairs and representatives from 11 towns in the South Shore Area, 3 times with the Speedy Senior Service of Quincy, twice each with the Meals on Wheels Committee and the Committee on Elderly Affairs, and once each with the League of Women Voters, the Executive Board of the Milton Senior Citizens Club, and the Housing Authority.

The Town donated one room in the Thatcher Building for 1977 for the establishment of a South Shore Home Care Service to furnish information and referral to the Senior Citizens of the 11 towns in the South Shore Area.

Our booklet, information Guide for Milton Senior Citizens and Identification Discount Cards are available for new Milton Senior Citizens upon request to the Committee.

The Committee wishes to thank all the persons and organizations which were of great help to it during the past year.

As of June 1976, there were 6616 persons 60 years of age, or older, listed in our files. The distribution of ages was as follows: 60-61, 1028; 62-64, 1066; 65-69, 1525; 70-74, 1104; 75-79, 1001; 80-89, 796; 90-over, 96.

Respectfully submitted,

ALICE E. COGHLAN, Chairman
ERNEST F. CHUTE, Secretary
ANTONETTE FINIZIO, Member
NANCY B. CHASE, Member
CHARLES J. HACKLEY, Member

THE PERMANENT COMMITTEE ON HOUSING

December 27, 1976

Gentlemen:

The year 1976 has been a year of watching and waiting for the committee. At year's end, it was apparent that activity in the Town relative to the needs of the elderly in the area of housing was heightening.

It appears that government funds, both State and Federal, may soon be available to help in the area of subsidized housing. It may also be true that venture capital for non-subsidized housing will also be available. Additionally, various tracts of land within the Town are now being seriously discussed as probable sites for various categories of housing for the Town's elderly citizens.

The committee hopes that out of all of the discussions and plans now being presented by various groups, that a well balanced plan will evolve that will make a start at solving the very serious problem the Town has in providing adequate housing units for its elderly.

The committee intends to involve itself in the various proposals so that at the proper time it will be able to render its opinion, as required.

On December 20, 1976, Dr. J. William Dolan, one of the original members of the committee, and its oldest member from point of service, resigned from the committee. Dr. Dolan is presently chairman of the Planning Board and serving both committees became impossible. Dr. Dolan served admirably with our committee and we will miss his advice and his ability.

For the Committee:

DAVID S. GOLDMAN, Chairman
SUSAN B. CABOT
CHARLES H. KEENAN
JOHN WOODS

TOWN GOVERNMENT
STUDY COMMITTEE

MILTON TOWN GOVERNMENT STUDY COMMITTEE

January 9, 1977

To the Honorable Board of Selectmen:

Roger Gregg resigned from the Town Government Study Committee and George T. Ryan was appointed by the Moderator to serve for the remainder of the unexpired term.

A study of the Office of the Treasurer and the Office of the Selectmen continues, with particular emphasis on the number of Selectmen and the term of office.

The study of the Fire Department is progressing, and Charles M. Evans & Associates has completed a partial study, but the Committee feels that further research is required before a final report is presented. This report will be submitted in the near future.

The Committee is continuing its study of the Cemetery Department.

A study of the Town Dump will be made by the Committee this year.

The Computer Program is progressing and further studies are being made for conversion of records and reports to data processing format. A more complete report on this Program has been filed by the Computer Study Group.

The Committee extends its thanks to Mr. Gregg for the excellent service rendered by him while he served on the Town Government Study Committee.

HERBERT LEMELMAN
HYMAN B. PAVE
GEORGE T. RYAN

REPORT OF THE
MILTON HIGH SCHOOL
INDUSTRIAL ARTS BUILDING COMMITTEE

January 5, 1977

Gentlemen:

Following the November 1975 Town Meeting, the Industrial Arts Study Committee was reconstituted by the Moderator as a Building Committee and proceeded to solicit bids on the Milton High School Industrial Arts project.

The general contract was awarded to Michael Racioppi, Inc., of Milton and construction began in February 1976. Contracts for the purchase of \$48,381.58 of new equipment were also awarded.

The project was substantially completed by the beginning of the September 1976 school year and was accepted for student use by the School Committee at that time.

The facility is fully operational. This is an interim report only in the sense that a few items may need correction and these are being pursued by the Committee.

At the March 1975 Town Meeting when the project study was authorized, costs were estimated to be in excess of \$700,000. In the project proposal made to the November 1975 Town Meeting, estimated costs were reduced to \$459,000. It now appears that the final cost will be no more than \$404,000, leaving an unexpended balance on the order of \$55,000. Some \$33,000 of this amount is in the Committee Account and \$22,000 is in the Construction Account.

The Committee wishes to thank our architects, general contractor and all the representatives of Milton town government, civic organizations and interested citizens who contributed to the successful development of this project.

PAUL F. HARRINGTON, Chairman
JOSEPH M. DONAHUE, Secretary
BARRY S. KELLIHER
MALCOLM M. KENT
JOSEPH C. MAHONEY

REPORT OF THE TUCKER SCHOOL
BUILDING COMMITTEE

**REPORT OF THE TUCKER SCHOOL
BUILDING COMMITTEE**

To the Honorable Board of Selectmen:

The Tucker School Building Committee was appointed under Article 27 of the March, 1975 Town Meeting and began operations on March 24, 1975. Based on its initial studies the Committee unanimously recommended that the selectmen convene a special Town Meeting for the purpose of determining whether the Town Meeting would appropriate funds for the renovation and addition to the Tucker School.

The special Town Meeting was held on November 6, 1975 at 7:30 p.m. in the High School auditorium. The project was approved and funding of \$615,000 voted. On November 24, 1975 the Tucker School Building Committee entered into a contract with the low bidder, the Cormier Construction Co., Inc. and Adelard J. Cormier, a joint venture. The contractor agreed to complete work by August 15, 1976 and acknowledged that time was of the essence.

During the construction period the completion date was extended to August 27, 1976 because of a hidden structural problem with the gymnasium interior walls. During the spring and early summer of 1976, the Committee met frequently and informed the Contractor on numerous occasions that he was falling behind his own time schedules for completion by August 27th. The frequency of the Committee meetings and Contractor contacts increased during the latter half of July and into August with no avail. On August 27th, 1976, the Tucker School was not complete and no definitive completion date was obtainable from Cormier Construction Co. The School Committee was forced to make alternate plans for housing the five hundred Tucker School students until the building could be completed.

On September 22, 1976, the Tucker School Building Committee after consultation with various groups and individuals unanimously voted to terminate the Cormier contract and the required seven day's notice was delivered on that date. This action initiated a series of conversations and meetings between the Committee, the Contractor and Maryland Casualty Co., the Surety. Those meetings resulted in an amendment to the original contract which was signed by all parties, including the Surety (Bonding Co.) on October 5, 1976. The key points of this amendment were:

1. Completion of the existing portion of the school by October 20, 1976.
2. Completion of entire school by November 30, 1976.
3. If the Contractor fails to meet these completion dates, then the Owner is entitled to the sum of \$500 per day as liquidated damages.

Cormier Construction Co. failed to meet the first deadline of October 20th and it became apparent toward the middle of November that it would not meet the second deadline of November 30, 1976. Again after consultation with various groups and individuals the Committee unanimously voted to terminate the contract with Cormier Construction Co. and the required seven day notice was delivered to both Cormier and Maryland Casualty Co. on November 23, 1976. In the November 23rd letter to Maryland, the Committee requested the Maryland Casualty Co. as Surety to "take such action as is necessary to complete said contract."

During the period November 30, 1976 to December 23, 1976 the Town Counsel successfully defended the Committee and the Town pursuant to an injunction against the termination brought by Cormier Construction Co. Then Maryland Casualty Co. proceeded to acquire bids from new contractors to complete the remaining work at the Tucker School. On December 23, 1976, the Maryland Casualty Co. delivered to the Committee a letter which required a "take-over agreement" from the Committee before they would proceed to

finish the work. The proposed conditions were completely unacceptable to the Committee and on December 30, 1976, after consultation with various groups and individuals, including the Selectmen, the Committee through Town Counsel replied to the Maryland letter of December 23, 1976 informing Maryland that the "requirements set forth in your letter are totally unacceptable" and again requested the bonding company to "take such action as is necessary to complete said contract."

From December 30, 1976 to January 18, 1977, the Committee through Town Counsel continued to negotiate with the Maryland Casualty Co. to complete the work under the Performance Bond. This negotiation resulted in a Take-Over Agreement acceptable to the Committee and it was signed with Maryland on January 18, 1977. The key points to this agreement are:

1. Out of available funds the Tucker School Building Committee agrees to pay to Maryland

Casualty Co. the sum of \$100,000 to complete the contract subject to the following provisions:

a. \$50,000 paid when the school children move into the existing building (time period for completion, four weeks from January 18th)

b. \$50,000 when job is completed, (time period for completion ten weeks from January 18th)

2. The balance of the appropriation is being retained by the Committee as damaged sustained by the Town as a result of the delay.

As of January 28, 1977 and the writing of this report the construction work has been underway since January 26th and the Committee is hopeful that the new contractor hired by Maryland Casualty Co. will complete the work in accordance with the agreed time table enabling the school children to return to their classrooms.

Respectfully submitted,

J. MURRAY REGAN, Chairman
ROBERT C. OLDFIELD
THOMAS E. GOODE
PETER R. ASHJIAN

REPORT OF THE
MILTON HOUSING AUTHORITY

REPORT OF THE
MILTON HOUSING AUTHORITY

January 7, 1977

Since our last report Michael Geller and Herbert Stokinger were replaced as a result of the Town election by Gerard J. Joyce and Thomas P. McSharry. Elizabeth Atkins is the present Vice-Chairman, Bernice Ahern continues as Secretary and Gerard Joyce was elected Treasurer and Thomas McSharry, Assistant Treasurer.

We wish to acknowledge and express our thanks and appreciation to Mike Geller and Herb Stokinger for their service and dedication.

The Authority has applied to the Commonwealth for funds for construction of low-income elderly housing on the Town Farm. No funds have been forthcoming and in view of the present economic conditions of the Commonwealth it is very difficult to predict when actual funding will be received. However, the Authority has enlisted the aid of our elected representatives to obtain as high a priority as possible for Milton.

The Authority has also asked the Town and the Town has agreed:

- 1) to seek an opinion of the Probate Court which would allow the Town Farm to be used for low-income elderly housing as financed by the Commonwealth;
- 2) to draw a zoning article or if necessary to create a new zoning classification which will cover the contemplated use of the Town Farm and which will be presented to a future Town meeting for approval.

ROBERT A. CURLEY,
Chairman

REPORT OF THE
COMPUTER STUDY COMMITTEE

REPORT OF THE
COMPUTER STUDY COMMITTEE

January 1, 1977

To the Honorable Board of Selectmen:

A representative of the Computer Study Group met with the Town Clerk subsequent to the November election. The Clerk has expressed an interest in conversion of certain records and reports to data processing format; further meetings will be held early in 1977.

The Town's plans for conversion of the water billing function to the new accounting computer are behind schedule because of longer-than-anticipated shakedown periods for the payroll and appropriation accounting operations on the new machine. The Study Group has begun an analysis and assistance effort that it hopes will accelerate this third conversion.

The School Department has transferred to its new computer system certain accounting functions formerly carried out on older equipment and also has acquired additional terminals to increase availability of the computer for student training.

Computer Study Committee

FRANCIS J. KELLEY, Chairman
LEO F. DUNPHY
PAUL C. GIROUARD

REPORT OF ARTICLE 24 COMMITTEE

27 December, 1976

The 1976 Town Meeting charged the Article 24 Committee with three tasks:

- study the need for improvement of indoor and outdoor physical education facilities at the High School,
- propose solutions at the school or other locations, and
- prepare preliminary plans, specifications and costs.

The Committee held its first meeting on April 22, 1976 and has since then met over 30 times in regular session. In addition, it has attended numerous meetings of other Town Committees and Boards in order to insure that the study would consider and incorporate, insofar as possible, the needs and long-term planning goals of the various groups. As a part of its charge, the Committee interviewed various professional consultants and chose to retain the architectural and land-planning firm of Earl R. Flansburgh and Associates, Inc. of Cambridge. This firm previously produced the School Building Needs Study and is currently the architect for the Tucker School Building Committee.

The Committee has studied the existing programs and facilities and has determined that the quantity and quality of both indoor and outdoor properties are inadequate to fulfill the minimum needs of the school system.

PRESENT INDOOR FACILITIES

Indoor program space at the High School is comprised of two main components — one large gymnasium which is satisfactory, and a smaller gym acceptably sized for a few limited activities but totally without adjacent storage space for apparatus used in conjunction with those activities. In addition, a small classroom in the basement, near the cafeteria, is presently used, as is a corridor dead-end at the foot of the High School's southwest stairwell. These areas are undersized, void of ventilation, and, in short, actually unhealthy and dangerous. Their use for these purposes should be discontinued as soon as possible.

Our present facilities were built in 1926 and 1955. The increase in student population and in the scope of our programs in the past twenty years have created a much greater load than when the facilities were new. This overutilization and the physical age of the area creates difficulties which make it currently impractical for the Town to fulfill the State mandated norm of 3 periods of physical education per week.

Although used for after-school and athletic programs, which includes intramurals, junior and varsity team sports of a very wide variety, a shortage of facilities continues to restrain many children from a reasonable opportunity to participate. Scheduling is a severe problem and many interscholastic games have to be played "away". During practice, the necessary overlapping of disparate sports in the same space hampers performance and creates, from time to time, extremely dangerous conditions among the players. There have been numerous instances of slight injury and, thankfully, only close calls for more major accidents. This distracting situation creates tension among coaches and participants and prevents their full attention to their particular sport. As there is so little space, secondary and girls' sports have very little opportunity, and intramurals and after-school leagues are practically eliminated in their use of prime areas during indoor seasons.

For instance, during the winter sports season only about 2% of the student population are engaged in intramurals since the only program which can be offered must be confined primarily to the corridor-end at the foot of the stairwell, referred to above.

Apart from "teaching station" or active areas, the Committee also surveyed lockers, showers, storage rooms, offices, and team rooms. These areas are housed in the 1926 portion of the school, are beyond the normal range of repair, and are generally inadequate to support the usage that present activities require. New requirements mandated by Ch. 622 and Ch. 766 — equal opportunities for girls and facilities for the handicapped or disadvantaged cannot be accommodated. For instance, the boys' locker room essentially is the same as in 1956, although the High School graduated 203 students that year in comparison to 400 in 1976.

PRESENT OUTDOOR SPACE

Outdoor active space is also inadequate, there being in reality only one and one-half playfields on the High School site. Fortunately the existence of Kelley Field supplements this inventory for physical education during the school day and some after-school athletic use although the location of the track somewhat constrains even this use. Athletics programming is so densely scheduled that the single on-site field is generally in very poor condition requiring expensive periodic resodding which invariably is short-lived. The total lack of practice fields means that the traditional varsity and junior varsity sports take precedence over activities that many deserving students would undertake to their benefit if the time and space could be provided.

The "football" field, which is nine feet too narrow and has drawn official disapproval by our league, and the "baseball" field at Kelley which has a track in the outfield and foul lines so short that balls frequently land in the street, in no way satisfy the legitimate need for interscholastic game fields. Quite clearly then there is a great need for more and better quality outdoor active spaces.

The Committee has found that in comparison to similar towns Milton is lacking in the number, dimensions, and quality of indoor and outdoor facilities on a per student basis. Furthermore, Milton probably has a proportionately greater need for recreational facilities than other towns for non-school department uses, since our town has one of the lowest ratios of total population enrolled in the Public Schools. This factor accentuates what we believe is the short-fall in inventory of recreation and athletic facilities for all age groups.

SOLUTION FRAMEWORK: INDOOR

Due to lack of indoor space, only two and a half periods of physical education per week can now be given. The needed number and kind of spaces or "teaching stations" can be determined by using the requirements of class size and school population. Based upon the present number of students in school, we have ascertained that a third indoor space is required, which, depending on use, could either be one or two stations, and that an additional smaller space should be provided for the corrective and weight-training program now located in the storage room off the main gymnasium. Renovation and expansion of ancillary space — i.e. lockers, showers, storage, team rooms, etc. are necessary to utilize effectively and efficiently the active areas. These new spaces will allow Milton to satisfy State requirements for regular physical education, special needs and remedial, and the equal-opportunity provisions of recently enacted statutes.

Although the main purpose of these facilities is to serve the in-school program, intramurals and after-school athletics have been a very strong tradition in Milton which we believe should continue to receive encouragement. Therefore this Committee has endeavored to make sure that whatever spaces are required for physical education also be adequate for intramurals, team and varsity sports, and be so arranged to facilitate further use by the community at large. There is a relation between the varsity and junior varsity programs, home games and all other forms of after-school activities: unless the varsity teams have sufficient space to practice and play there will be a corresponding lack of opportunity

for the other sports. Present after-school use of indoor space by varsity teams leaves little room for other activities or community use. Indoor spaces would be used as follows for the after-school program:

- large gymnasium - basketball and court games, wrestling matches
- small gymnasium - wrestling practice, tumbling, stunts
- new space - gymnastics, indoor track and field, volleyball
- new correctives and weight room - weight training, remedial

RECOMMENDATION:

The solution to the above needs involves an addition to the High School and renovation of the locker area. Present facilities as noted previously, consist of the small gym and the newer full-size gym with operable dividing wall and bleacher seating. After consideration of both the physical education and after-school programs now in existence, the Committee proposes a third space sufficient for two volley ball courts, a full gymnastics program, or one intramural or Park-league basketball court. Also proposed is a corrective and weight training area and supplemental storage space. The locker areas are recommended for complete renovation, excepting the girls' showering area. Team rooms and a laundry facility as well as expanded training space and coaches areas are needed in support of the whole facility.

The Committee has studied three possibilities for the location of these facilities. 1) As an extension to the large gymnasium, 2) At the side of the existing lockers and 3) As a totally separate linked structure on the upper small playfield area. The first location will not allow the construction of enough active space to fulfill the needs without further incursion onto the football field; this alternative is inherently expensive because of foundation costs. The second location will allow space for the required needs and is adjacent to the existing locker rooms; the draw-back to this location is that parking spaces will be usurped. The third location, as separate structure, would allow a simpler project free from scheduling difficulties during the construction; however, the net result would be to create a two-part facility that would orphan the existing locker areas and be very hard to supervise and operate, without increased staffing.

In view of these considerations, the Committee proposes to locate the addition between the locker areas and Central Avenue on a portion of the parking area. There will be no further incursion onto green areas on the High School site. The resulting plan provides a very simple circulation pattern within the area, good use of existing public entrance and the opportunity to renovate the locker areas into one centrally located, efficient facility. An elevator is also included in conformance with the State handicap requirements. (See Appendix A)

No new school department staff will be required for the indoor facilities. However, the Committee hopes that the level and frequency of maintenance will be improved over that now provided. In addition to satisfying the most urgent needs of the school physical education and athletic programs as described heretofore, it should be pointed out that these new spaces will increase the available opportunity for adult education and other organized Town groups for evening and week-end use.

SOLUTION FRAMEWORK: OUTDOOR

For outdoor physical education purposes, we presently have only the football field and Kelley Field complex. To meet minimum school day outdoor physical education needs, three basic playfield areas need to be established with adjacency to the High School. We would thereby have three basic outdoor fields for physical education purposes to complement the three indoor spaces of varying size mentioned above. This would give the present staff four-five indoor or outdoor teaching stations depending on the activities being taught.

Outdoor spaces needed to fulfill all practice and game needs for intramurals and athletics are as follows:

- football/soccer with ¼ mile track-and-field facilities and spectator seating
- baseball game field
- two baseball practice fields
- softball game field
- two softball practice fields
- six "all purpose" or practice fields for football, soccer, field hockey, lacrosse and the like

The areas required for these can be overlaid to a large extent because not all sports are played in the same seasons. In addition to the spectator seating noted above, the football complex should be located to avoid the impact of peak parking and crowds on neighboring land uses.

RECOMMENDATION:

An interrelated program of outdoor development at the High School, Kelley Field and on a portion of the Lamb property is proposed by the Committee. We note that proposed use of each site is dependent upon all three locations being available for their intended purposes. Thus, for example, the adequacy of the single playfield at the High School is predicated on the Kelley Field facilities being available for physical education and the Lamb property being available for varsity and junior varsity athletics.

As mentioned above, outdoor play-space currently available is comprised of the football field and a small upper area adjacent to Central Avenue. Kelley Field provides softball, tennis and track (1/6 mile); however, there is no field for football, soccer or field hockey due to the incursion of the track upon the grassy area. Usage of these areas for athletics represents sub-minimum conditions as described above. Thus, the Committee has determined that the present program places an intolerable burden on the present outdoor facilities. Since it is clear that expansion to contiguous land surrounding the High School is not possible, and that general usage at Kelley Field by the Town constrains what the Committee might recommend there, the Committee has concluded, that, in order to unburden the few fields within range of physical education classes, it will be necessary to provide for much of the athletics practice and for the interscholastic "game" fields at some other location. In reaching this conclusion, the Committee considered installing artificial turf at the High School. While this would provide a field capable of absorbing a much greater density of use, it would not in itself answer the need for several fields available at the same time nor would it expand the supply of Town-owned active recreational areas, which the Committee found to be lacking but could easily be accommodated as a by-product of the physical education improvements. Therefore, the Committee sought another area for these uses. Investigations of various areas in the Town included the Hillside property, Columban Fathers, the Whitney estate and the Lamb property. Of the areas beyond Kelley and the High School, the closest is the Lamb property. Because of its proximity and apparent availability this site has been chosen for developemnt of the required athletics complex; it fulfills the requirement of expanding active areas and is the only site studied that will not require busing.

Study of the Lamb site has indicated that the following major facilities can be provided:

football/soccer game fields with ¼ mile track-and-field facilities and spectator seating

- baseball game field
- softball game field
- two all-purpose or practice fields
- space left available for future tennis courts

In view of other possible development in the immediate area, the Committee also recommends inclusion of activity areas for the elderly and a tot lot at the Lamb facility.

At lower Pierce, Park Department space presently available or proposed for construction as a part of this project would add the following directly adjacent:

- baseball practice field
- softball practice field
- two all-purpose fields, one of which will be convertible for Little League use.

Advantages of this location are the single resulting sports complex which will require minimum operating expense for the school, the existence of a building useful for storage, and the location near existing off-street paved areas sufficient for most parking and adjacent Blue Hill Parkway for peak parking at Thanksgiving and other times. It is also believed that use may be made of facilities at the Pierce School for the teams during games. The Committee proposes that responsibility for maintaining these new facilities be given to the Park Department since they currently maintain the adjacent lower Pierce area and they are most accustomed to dealing with large outdoor recreational areas. (See Appendix B)

Turning to Kelley Field the Committee proposes the eventual elimination of the 1/6 mile track in view of the proposed creation of a regulation ¼ mile facility. This will give the school access to the following areas at that location:

- baseball practice field (junior-varsity)
- softball field
- one all-purpose or practice field

It is believed that these modifications will require a modest expenditure, and the result of this work would be a large increase in useability insofar as the High School programs are concerned. However, the Committee proposes no funds at this time, believing this modest program can be best sought in the future through the Park Departments normal capital improvement budget. The High School site will continue to have only the single playfield which we are defining as an all-purpose or practice field. With many varsity sports removed to the new sports complex at Lamb, spaces at Kelley and the High School will be freed up to accommodate intramurals, girls' sports and similar after-school activities. This lessened usage will allow the field to remain in good condition throughout the season without necessity for the continual expenditure for resodding now required. Therefore for athletics, just as for physical education, the outdoor areas nearest the school are used for those activities of least duration and requiring most ease of access to attract participation.

PLANNING

Time schedules for the above suggested projects assume that a special Town Meeting would be arranged to act upon bids in early Fall. The outdoor work at Lamb could proceed that Fall with final loaming and seeding commencing in the Spring. It is believed that the playfields would first be available for use in the Fall of 1978. Work at the High School would begin with foundations in the Fall and installation of the structural portions in the early winter. Assuming the contractor will close in the building over the Winter, the new spaces should be available late Fall 1978. Renovation work within the existing school is

proposed to begin after the sports program moves outdoors in the Spring of 1978. It is believed that the new elevator and improvements to access corridors can be completed for the opening of school in the Fall of 1978 and that the lockers themselves can be completed by the end of September. While this work will certainly cause some inconvenience to the teachers and students using the area, we do not believe that this is unreasonable nor is there, in fact, any real alternative when dealing with a renovation situation. However, the Committee feels that the work *must* be scheduled and designed such that the physical education and athletics program can continue unimpeded.

The Committee has submitted both these projects to a federal program providing essentially full funding for public works capable of nearly immediate commencement of construction. Both programs due to a variety of reasons including non-ownership of the Lamb property have been refused. Future funding of this program by the new administration is considered likely and the Committee recommends continued submissions of these proposals during further stages of plan development. State aid through the School Building Assistance Bureau is considered possible, although not probable, even though this High School proposal will in itself meet State standards for reimbursement. The State does not aid projects located offsite and so the Lamb property is not subject to reimbursement from this source. Various sources of land acquisition assistance are being considered.

In regard to reimbursement the Committee notes that recent history has made it reasonably clear to the Town that further work at the High School would in all probability be undertaken entirely without State aid. In view of this the Committee proposes to take every possible avenue but also believes that the proposals should be considered even without such aid. Based upon a ten-year maturity at current interest rates and assuming no reimbursement whatsoever, the costs and the approximate average tax rate impact of these projects will be as shown in Tables 1 and 2.

As a Committee charged specifically with study of the physical education requirements at the High School, we have considered other related uses, such as the after-school sports programs, only insofar as they were seen to bear on the in-school uses. Obviously, however, all uses to be made of the facilities are in reality inter-related and should all be weighed in evaluating the proposed construction. Beyond after-school use by students there is, of course, the whole panorama of Town-wide recreational needs. At this time the indoor facilities at the High School are used almost continuously by young-adult, Town leagues and miscellaneous other activities. There is a similar need for outdoor space to accommodate the recreational demand now in the Town. Construction of these projects will greatly augment the complement of publicly accessible recreation space for active use.

APPENDIX C

SUMMARY OF HIGH SCHOOL PHYSICAL EDUCATION AND ATHLETIC FACILITY SHORTCOMINGS REQUIRING CORRECTIVE ACTION

INDOOR:

1. Shortage of adequately sized teaching stations permitting only 2 ½ periods per week of physical education in lieu of mandatory 3 periods per week.
2. Inadequate and unsanitary locker room facilities.
3. Lack of ventilation in Wrestling Room and weight lifting area creating unhealthy, unsanitary, and malodorous conditions.
4. Intramural activities cannot be guaranteed and in some cases are not offered due to the unavailability of prime active areas. No girls intramurals offered in winter season.
5. No in house laundry facilities for uniforms and towels requiring costly outside commercial services.
6. Inadequate facilities to provide many services under Ch. 766 (Disabilities) or Chapter 622 (equal facilities for girls athletics).
7. Training room and rehabilitive facilities totally inadequate.
8. Lack of storage space introduce potential for loss and pilferage of equipment, also accessibility to active areas of storage is poor, limiting usefulness of equipment presently owned.
9. Simultaneous practice of a variety of winter sports creates safety hazard distracting to coaches and participants, thereby placing Milton teams at a competitive disadvantage, e.g. Varsity basketball team limited to 1/2 court for practice.

OUTDOOR:

1. High School football field overused requiring high annual maintenance cost, and creating safety hazards for physical education use.
2. High School field inadequate for expanded daytime physical education such as needs for girls' activities.
3. Outdoor facilities lacking for intramural programs.
4. Insufficient facilities to satisfy requirement of Chapter 622.
5. Cinder track at Kelly Field creates safety problems when using area for physical education classes.
6. Varsity football field 9 feet narrower than regulation, and eventually unusable for league games.
7. Insufficient number of fields creates problems such as the need for the High School soccer team to practice at Pierce Jr. High, denying the Pierce Jr. High students full opportunity to play soccer.
8. No "home" field available for Girls' Field Hockey team.

REPORT OF ARTICLE 24 COMMITTEE

9. No "home" facilities are available for Boys' J. V. Soccer games.
10. Existing football facility too small to accommodate fans for traditional Thanksgiving Day game necessitating an away game each year.
11. Non-standard 1/6 mile track deny Milton "home" interscholastic track meets.
12. Baseball diamond oriented so that right field home runs and/or some foul balls land on busy highway, creating driving hazards; and left field counterparts end in tennis courts creating potential hazard to tennis players.
13. No practice facilities within walking distance available to J. V. baseball team.
14. Lacrosse program cannot be offered because of lack of facilities.
15. Insufficient playing areas impede use by Little Leagues, girls' softball leagues, young adult leagues, etc.

TABLE 1

A. HIGH SCHOOL

1.	Construction		
	New Work	\$955,000	
	Renovation	405,000	\$955,000
2.	Contingency		48,000
3.	Professional Fees		106,000

B. LAMB PROPERTY

1.	Construction		\$660,000
2.	Contingency		20,000
3.	Professional Fees		49,000
4.	Other Expenses		
	Clerk of the Works (shared)	6,000	
	Printing & Reproduction	3,000	
	Testing & Reimbursables	8,000	
	Legal & Miscellaneous	4,000	21,000
5.	Total Construction, Fees & Expenses		750,000
6.	Site Acquisition Allowance		200,000
7.	Total Items 6 & 7		\$ 950,000

C. TOTAL A & B

\$2,088,000

REPORT OF ARTICLE 24 COMMITTEE

TABLE 2

TAX RATE IMPACTS

21 December 1976

1. 1977 T. M. - Fee & Expense Appropriations:

Lamb	\$49,000	
High School	98,200	
		\$147,200

Assume all on tax rate 1977 $147,200 \div 77,000 = \$1.91$ one year only
2. 1977 T. M. - Lamb Property Acquisition - allocated amount
 - a. $\$200,000 \div 77,000 = \$2.60$ one year only
 - b. $\$200,000 \div 10 \text{ years} = 20,000/\text{yr}$ principle
 $100,000 \times 4.5\% = 4,500/\text{yr}$ average interest
 $24,500 \div 77,000 = .32$ for 10 years
3. 1977 Special T. M. - Construction cost plus balance of fee & expenses
 - a.

Total cost	\$2,086,700
Less prev. approp. fee & expense	147,200
Less approp. for Lamb acquisition	200,000
 - b. To be bonded \$1,739,500
 - c. $\$1,739,500 \div 10 \text{ years} = \$174,000/\text{yr}$ principal
 $1,739,500 \div 2 \times 4.5\% = 39,100/\text{yr}$ average interest
 $\$213,100 \div 77,000 = \$2.77$ for 10 years*

*approximately two-thirds of this
may be spread into calendar 1978.

REPORT OF ARTICLE 24 COMMITTEE

MILTON HIGH SCHOOL

SCALE: 1"=40'-0"

REPORT OF ARTICLE 24 COMMITTEE

REPORT OF THE
REVOLUTIONARY WAR BICENTENNIAL COMMITTEE

REPORT OF THE
REVOLUTIONARY WAR BICENTENNIAL COMMITTEE

January 1, 1977

In a memo of October 10, 1975, Secretary Cronin requested the Bicentennial Committee to meet with the Selectmen at an early date to discuss formulation of a program celebrating the nation's 200th birthday on July 4, 1976. Following this joint meeting, the Committee, composed of Kenneth Lodge, Chairman, William Loughran, Elizabeth Colt, William Melley and Michael Cummings met in January and voted to develop a set of diversified exercises to be conducted on July 5. The Committee approved the creation of a coordinating staff to control the various phases of the program. William J. Loughran was named General Coordinator; Edward Duffy, Coordinator of Sites and Services; Eleanor Bradshaw, Finance Coordinator; Carol Newsom, Publicity Coordinator; Leo Dunphy, Program Coordinator. Twenty-four assistant coordinators were recruited to complete the staff.

After a series of exploratory meetings, Site Coordinator Duffy suggested petitioning the Trustees of Milton Academy for use of its playing fields as a theater for an all-day Milton Bicentennial Reunion on Monday, July 5. The Academy Trustees, after deliberation, graciously consented.

In a series of bi-weekly meetings, lasting through June 25th, the coordinating staff developed and organized the following program.

9:30 - 11:30	Children's games and sports
11:30 - 2:30	Bowling on the Green Cunningham Park
1:30 - 2:30	Dedication of Powder House Green
2:30 - 3:30	Bicentennial Parade
3:30 - 5:30	Program of vocal and instrumental music
5:30 - 6:30	Picnic style community supper
7:00 - 8:45	Band Concert with interpolated dramatic skits of historical figures
9:00 - 10:30	Traditional bonfire

REPORT OF THE
REVOLUTIONARY WAR BICENTENNIAL COMMITTEE

Coordination of an Arts and Crafts Exhibition and operation of a refreshment stand were delegated to the Milton Arts Council.

Two program features lying outside the Academy perimeter, – the Powder House dedication and the Bicentennial Parade – were integrated with the total program by having the parade start at the Powder House and march to the Academy grounds.

The enactment of the program proved extremely successful. The 6,000 printed programs were distributed by 2:30 P.M. By the closing of the Reunion an estimated 18,000 people had been in attendance.

A cinematic film record, shot by James Braverman of the publicity staff, is in the process of editing for future presentation. A series of color slide stills, taken by Donald Bradshaw, also of the publicity staff, is awaiting bonding of an audio-tape narration.

The Committee is pleased to report that its total expenditures kept within boundaries prescribed by the Bicentennial appropriation, augmented by four matching state grants.

Respectfully submitted,

KENNETH P. LODGE, Chairman
ELIZABETH COLT
MICHAEL CUMMINGS
WILLIAM J. LOUGHRAN
WILLIAM MELLEY

REPORT OF THE
MILTON HISTORICAL COMMISSION

January 7, 1977

To the Honorable Board of Selectmen:

After appointment of a new Chairman of the Milton Historical Commission at your February 12, 1976 meeting we met to discuss the duties and responsibilities of local Historical Commissions, published by the Massachusetts Historical Commission, copies of which were given to you and to the members of our Commission.

The mandatory duties as drafted by the Massachusetts Historical Commission are briefly described as follows:

A. *Research.* Conducting researches for places of historic value implies compiling and maintaining an inventory (or survey) of the historic assets of a town or city.

Each historical commission is expected to compile the inventory within its community, including areas, buildings, structures and sites which are historically, architecturally, archaeologically or culturally significant to the town or city. The inventory listing for each area or property should include its exact location, a complete statement of its significance with appropriate documentation and a photograph.

The purposes of this inventory are listed as follows:

1. Provides material for inclusion in the *State Historic Preservation Plan* prepared by the Massachusetts Historical Commission. Volume II of this plan consists of a listing of each community's inventory of significant areas, buildings, structures and sites. This listing will be updated annually to reflect the status of each community's inventory.
2. Provides material with which the Massachusetts Historical Commission can help defend historic properties threatened by state or federally aided projects (examples: Corps of Engineers and water pollution projects, urban renewal programs, highway construction).
 - a. Environmental Impact Statements for projects using state or federal funds or licensed by federal agencies are submitted to the Massachusetts Historical Commission for comment in regard to their effect on historic properties. In order to comment on the possible effect of a project on a specific property, the Commission *must* have on file an inventory form with complete information on the significance of that property.
 - b. In the case of a federally funded highway, a statement of significance must be prepared for all historic properties which might be affected by the construction of that highway. The evaluation of an historic property may be made by the local, state or federal officials having jurisdiction. The Massachusetts Historical Commission, as the state official, can make no evaluation unless it has sufficient information in its inventory files.
3. Provides information by which the Massachusetts Historical Commission can evaluate historic properties for submission to the National Register of Historic Places.

4. Provides local planning agencies with information on historic properties of value to the community, so that their preservation can be considered in present and/or future urban renewal, local zoning or highway plans. The historical commission should advise the appropriate agency of the existence of historic properties within urban renewal, model city or neighborhood development areas. Chapter 121 B, Section 48 of the General Laws provides that notice of urban renewal and model city hearings and copies of urban renewal and model city plans be submitted to the Massachusetts Historical Commission for comment. The Commission's response to these notices and plans is based primarily on the inventory forms on file for the community.
5. Provides the basic material from which the historical commission can create a preservation plan for its town or city. This plan should be developed in cooperation with the local planning, conservation and highway agencies and should be integrated into the master plan for the town or city.
6. Provides the basis on which the historical commission may suggest areas for further study by an historic district study committee in order to establish a district or districts under the Commonwealth's Historic District Act, Chapter 40 C of the General Laws.
7. Provides the material from which publications and publicity may be prepared for educational purposes, tourist information and local development programs.
8. Provides the basis for local historic marker programs.

B. Co-ordination. The historical commission should seek to co-ordinate the activities of local groups, private or public, which are concerned with or involved in history or historic preservation, and it serves as the liaison between the Massachusetts Historical Commission and local historical and preservation organizations.

The permissive duties are

A. Printed Material. Subject to appropriations, an historical commission may prepare, print, advertise and distribute books and pamphlets, maps, charts and plans concerning history or historic preservation which it deems necessary to its work. These materials may be directed toward schools, planning agencies, tourists, city or town development agencies and other groups with an interest in history or historic preservation.

B. Recommendations to Selectmen or City Council. The historical commission may make recommendations to the Board of Selectmen or City Council pertaining to the protection and preservation of historic areas, buildings, structures and sites.

C. Monetary Contributions. With the approval of the Selectmen or City Council, the commission may accept gifts, contributions and bequests of funds from individuals and foundations and from federal, state or other governmental bodies for the purpose of furthering the commission's programs.

D. Property. In the name of the town or city, the historical commission may acquire by gift, purchase, grant, bequest, devise, lease or otherwise interest in the real or personal property of significant historical value and may manage same.

With the above comprehensive scope in mind, on May 12, 1976, the Commission met at the home of Edward S. Shatz, 353 Blue Hills Parkway, Milton, to organize a subcommittee, headed by Charles A. Powers, Jr., to proceed with developing an inventory of the historical houses and sites in the town. At our invitation, Mrs. Claire McSorley, Mrs. Barbara White and Mrs. Otilie Ketchum attended the meeting and showed us a group of slides of historical houses and places in the town, which they had collected, with interesting documentary dialogue of their history. They are to be commended for taking this initiative and devoting the time and energy in this endeavor, showing them to the Milton school children and also taking the children on historical trips around the town.

On June 9, 1976, we met at the home of Joseph C. Burley, 5 Hutchinson Street, Milton. It was pointed out that the Governor Hutchinson Ha-Ha Wall, through the efforts of our former Chairman, Charles Morris, was accepted in March 1975 for placement on the National Register of Historic Places, but still remained in disrepair. It was agreed that action should be taken to restore it. The Chairman was authorized to initiate the raising of contributions and to contract for its restoration on a modest scale so that it would at least be back in place commensurate with its antique (230 years) existence. Thanks to contributions from several ladies and primarily St. Michael's Church and the Milton Historical Society, restoration was completed.

The dedication of the Milton Powder House and Mini-Park took place during the July 5, 1976 Bicentennial Celebration, presided over by William Loughran who was most cooperative and helpful to us in this connection. The Dedication Address by Charles R. Morris was excellent and enthusiastically received by all. Omitted from mention were the frustrating circumstances of acquiring the commemorative plaque from Idaho! Members of the Commission enjoyed a ride in the parade in a highly polished 1932 Dodge 6, 4-door Sedan, owned and driven by Earl Branting. The day was a memorable event in Milton history and Mr. Loughran and his committee deserve the thanks of the town for such a fine program.

In August 1976 the matter of the preservation of the Old Stone Pier on the Neponset River, known as Forbes' Pier, came to the attention of the Commission. This served as a landing dock a hundred years ago by the Forbes' for unloading goods from China and is of historical significance.

With no town appropriations or grants received heretofore, the Commission applied to the Massachusetts Historical Commission for a grant in 1977 to assist, on the basis of receiving matching funds from the Town, in carrying out a program of making the Inventory Records of Historic Houses. After a survey by the Grants Committee of the Massachusetts Historical Commission of the large number of old houses which architecturally and historically should be identified and inventoried, our application was approved by the National Park Service, under their Historic Preservation Grants Program.

It seems appropriate in this report of the Commission that those properties presently recognized on the National and Massachusetts Registers be tabulated for the information of the residents of the town. Therefore, the tabulation is as follows:

National Register

Captain Robert Forbes House – 1833 – 215 Adams Street

Dr. Amos Holbrook House – 1800 – 203 Adams Street

Suffolk Resolves (Daniel Vose) House – 1774 – 1370 Canton Avenue

Powder House – 1811 – 781 Canton Avenue

Paul's Bridge – 1849 – Neponset Valley Parkway across Neponset River

Governor Hutchinson's Ha-Ha Sunken Wall – circa 1750 – 100 Randolph Avenue

Massachusetts Register Areas

Portions of Adams Street which includes Governor Hutchinson's estate.

Portions of Brush Hill Road which includes area of 12 houses, property of old Milton families.

REPORT OF THE MILTON HISTORICAL COMMISSION

Massachusetts Register Houses

Governor Jonathon Belcher House – 1776 – 401 Adams Street

Meetinghouse – First Parish Church – 1788 – 535 Canton Avenue

Nathanial Davenport House – 1788 – 1238 Canton Avenue

William Crehore House – 1781 – 1631 Canton Avenue

Robert Tucker House – 1670 – 676 Brush Hill Road

Isaac Davenport House – 1794 – 1465 Brush Hill Road

Davenport Farmhouse – 1707 – 1493 Brush Hill Road

Samuel Tucker House – 1713 – 93 Hillside Street

Barnard Capen House – 1636 – 427 Hillside Street

General Joseph Vose House – 1761 – 34 Voses Lane

Vose-Shepard House – 1765 – 30 Holmes Lane

The Commission also acquired and framed a copy of a picture showing old scenes of East Milton Square which we presented to the Selectmen requesting that it be hung in a Conference Room of the Town Hall.

In closing we are pleased to add that Mr. Charles Morris, President of the Milton Historical Society and an outstanding authority on Milton history, has agreed to act as a consultant for us.

Respectfully submitted,

JOSEPH C. BURLEY, Chairman
EILEEN F. CHAMBERLAIN, Secretary
ROBERT J. FALLON, M.D.
MARY E. PALARDY

DEPARTMENT REPORTS

REPORT OF THE BOARD OF SELECTMEN

December 31, 1976

To the Citizens of Milton:

The Board was organized following the March election with John P. Linehan as Chairman, James D. Colt as Secretary and Walter F. Timilty as the third member of the Board. Mr. Timilty succeeded Ralph L. Kent who retired after serving ten years on the Board.

THE BICENTENNIAL YEAR

Although Milton's Bicentennial celebration started in 1974 with the Suffolk Resolves pageant, the grand finale was held on July 5 this year with a day long festival. Children's contests and races were conducted in the morning. The Powder House was dedicated at noon and was followed by a large parade which terminated at the Milton Academy athletic field where an arts and crafts fair was in progress. Performing arts and entertainments were provided during the afternoon and throughout the picnic supper on the Academy ground. Following the traditional band concert, 12,000 townspeople witnessed a spectacular 50 ft. high bonfire built by Public Works Department employees from driftwood and timbers from the Neponset Salt Marshes augmented by demolition material from the Town Disposal Area.

The Bicentennial celebration once again brought to the fore the great community spirit of the residents of Milton and will long be remembered. We extend our thanks to the hundreds of residents and employees who worked to make all these events such a meaningful experience.

TAX RATE

Milton Tax Rate rose 6.0% in 1976 to \$172.80 per thousand. The increase was caused by inflation which resulted in higher wages and costs in virtually all departments of Town Government. The increase was about 1.5% less than the rise in the consumer price index. However this tax rate does not include wage increases for the "W" and "C" class of employees in the Park, Cemetery, Health, Wire and Public Works Departments for this fiscal year, as a collective bargaining agreement had not been reached. Neither did the tax rate include the Fire Department employee wage and benefit increase for the last fiscal nor this current year, as this group of employees had turned down our proposals and were exercising their rights under the State law allowing Final and Binding Arbitration by an outside panel. If these contracts had been settled on terms insisted upon by these two unions, the tax rate surely would have been in excess of the increase in last year's consumer price index.

MBTA

The MBTA service on the High Speed Trolley line and the Ashmont line has been unsatisfactory this year. The condition of the trolley cars has deteriorated.

The number of rapid transit cars which are out of service is deploring. We have repeatedly asked the MBTA to improve the service on these lines and are now appealing to the legislative delegation to apply pressure to the MBTA management on this problem.

The cost to the Town for MBTA service appears to be rising in inverse proportion to the quality of the service. Below is listed the actual MTBA assessments included in the property tax.

Fiscal Year	MBTA Assessment
1976/7	\$909,573
1975/6	\$728,691
1974/5	\$589,629

REPORT OF THE BOARD OF SELECTMEN

It is significant that the state does subsidize the MBTA a similar amount which means that Milton's deficit without the state aid would be approaching two million dollars per year.

COLLECTIVE BARGAINING

By the end of the year Collective Bargaining agreements had been reached with the Fire, Police, and Labor Group unions for the 1978 fiscal year. These contract settlements were based upon a 5-1/2 per cent wage increase effective July 1, 1977. This is the same salary and wage increase which the Personnel Board has recommended for all non-unionized employees covered by the Town Bylaw.

The contracts and Personnel Board proposals also add a fifth week of vacation after twenty years and change the longevity pay schedule from five dollars per year to \$100 after ten years, \$150 after fifteen years, \$200 after twenty years and \$250 after twenty five years.

A provision in the three union agreements to reward employees who do not use their accumulated sick leave is under study by the Personnel Board for possible inclusion in the bylaw at some time in the future.

The contract with the Fire Department employees covers the period July 1, 1975 through June 30, 1978.

Fire Department employees have not had a salary increase since the 1974 Town Meeting. The new contract provides for an eight per cent increase for last year and a seven per cent increase for the present fiscal year, each to be funded by the 1977 March Town Meeting from available funds and to be paid to the Fire employees retroactively. It should be noted that delays were encountered in negotiating the Fire contract when the Union took the matter to factfinding when an impasse was certified.

The Factfinder had recommended a number of changes and provisions considered by the Town to be very unfavorable. A final and binding arbitration panel had been appointed and was about to schedule hearings when the Selectmen and the Fire Union resumed bargaining and worked out this three year agreement which left intact the Town's management rights.

The contract for the "W" and "C" group of employees is also a three year agreement and was midway through the factfinding process when the settlement was reached. This contract extends from July 1, 1976 through June 30, 1979. The current year wage settlement is based on a 7-1/2 percent wage increase which the March Town Meeting will be asked to fund from available funds to allow retroactive payments. A salary schedule based upon a four per cent increase is stipulated for the third year of the contract.

The Police contract is for the 1978 fiscal year which begins next July.

Each of the contracts with the three unions contains provisions unique to those class of employees.

This is the first time in a number of years that the collective bargaining agreements have been completed for all units in the Town prior to the publishing of the Annual Town Meeting Warrant.

To appreciate the economic impact of these three settlements, your attention is called to the 1977 Warrant Committees report in the forward of the 1977 Annual Town Meeting Warrant. For a detailed discussion of the prolonged and complex dispute with the Firefighters Union please read the Executive Secretary's report.

REPORT OF THE BOARD OF SELECTMEN

GROWTH POLICY STUDY

The Selectmen extend thanks to the Citizens Committee which worked this year to answer the state mandated Growth Policy Questionnaire. After extensive discussion at numerous meetings and public hearings they concluded that Milton's policy should continue to support controlled and disciplined growth consistent with the preservation of the semi-rural character of the Town. Ever mindful of the residential quality of this community the Selectmen endorse this goal.

POLICE PATROLMAN - RESIDENTIAL PREFERENCE

A highlight of 1976 was the conclusion of the Police Civil Service litigation. The State and Federal Courts vindicated the "Selectmen's position that residency preference was lawful in the selection of new Police Officers". This year's final court decree ratified the previous appointments this Board had made of eleven resident Miltonians to the Milton Police Department. We were pleased with the conclusion of this litigation and believe that the residents of Milton will be well served by the results of this effort.

POLICE CHIEF - SELECTION PROCEDURE REFORM

When John E. Whearty notified us this fall of his intention to retire July 1, 1977 we initiated a study of alternative methods of Police Chief selection. The present system under Massachusetts Civil Service Law is not highly regarded by professional Police Management organizations. It allows the appointing authority to hold either a promotional examination limited to the next highest rank within the department. This we feel is too limiting. It also permits an open competitive examination but in this instance disabled veterans get 10 points and veterans get 5 points preference. This form of examination would be open to those who were not members of the Department, but we feel it would again limit the Selectmen in selecting the best man for the position. Under either the promotion or open competitive examination - no more than three names are certified to the Board from which the appointment must be made.

We have consulted with the Police Foundation, International Association of Police Chiefs and several other professional authorities. After substantial consideration including discussions with representatives of the Police Union, the Milton Police Social Club, we have filed an Article for the 1977 Annual Town Meeting to reform the Police Chief's selection procedure.

Its purpose is to discard the restrictive and archaic manner in which the Chief of Police is selected by removing this highly sensitive and important position from Civil Service. At the same time this Article would establish minimum requirements for the position and provide effective safeguards against arbitrary discharge.

Additionally, the Personnel Board and Selectmen have mutually agreed to a process of screening applicants which include, written competitive examinations and interviews by other Police Chiefs and or Police management authorities.

Our sole goal is to insure that the Chief of Police is a professional law enforcement officer with strong administrative and managerial ability.

YOUTH

This was a transitional year for the youth program. A number of new members were appointed to the Youth Committee and the staff was altered due to the discontinuance of some outside funding.

Nevertheless much was accomplished and under the new Committee's leadership, a major reevaluation of goals and priorities was accomplished.

REPORT OF THE BOARD OF SELECTMEN

One of the activity highlights was the Thanksgiving Dinner sponsored, cooked and served by the youth for the Elderly of the Town. It was a wonderful success and hopefully will be the start of a new tradition of the youth helping the elderly.

ELDERLY HOUSING

We continued to recognize the need for additional Housing for the Elderly units in Town. Three possibilities have been encouraged and explored by the Selectmen during this year.

The Housing Authority asked for and received the Selectmen's agreement to study Housing for the Elderly at the Town Farm on Governor Stoughton Lane. The Town Counsel has been instructed to seek court clarification of the will of Governor Stoughton who left his land to the Town.

Milton Residences for the Elderly (MRE), the successful operators of Unquity House received notice in the fall that their preliminary application for a new Federally assisted Housing for the Elderly complex had been accepted. By the year's end this project proposal was announced as 125 units on the Whitney estate. Articles related to rezoning have been included in the 1977 Town Meeting Warrant and by Town Meeting additional details will be known.

The third possibility for elderly housing was raised by a group of Milton residents who are incorporating as HOME, Inc. (Housing Opportunities for Milton Elderly). They proposed to acquire a site such as a part of the Lamb Estate for elderly housing and to finance their project without State or Federal Subsidies. They were unable to complete plans for any project in time for the Town Meeting, but the Selectmen have encouraged them to continue to develop a proposal.

HOME CARE SERVICES

By early 1977 the Board hopes that a new South Shore Home Care Services Corporation will be formed and that services to Milton's elderly will be available through this agency. The services which potentially will be available on a fee basis with subsidy for those unable to pay include nutritional meals, homemaker service, special transportation and a rent-a-kid placement. The goal of the program is to extend the period of time an elderly couple or individual can continue to live independently in their own home.

We expect the South Shore Home Care Services Corporation to have its headquarters in Milton at the Thatcher Building.

HOUSING SALES

The turnover of single family and two family homes continues to be the lowest in the suburban area. Again in 1976 only about 350 or less than 5% of the residences changed hands. This we believe is testimony to the stability of our community.

Another point of interest is that of a sampling of two family homes surveyed this year, we found that 88% were owner occupied. We also found, to our surprise, that two-family homes in Milton have fewer school-aged children per household than the typical single-family home in the Town.

However, studies of home sales in Milton do reveal that a significant number are by homeowners who move to apartments or condominiums in Braintree, Canton, Randolph, etc. Many tell us that they would prefer to stay in Milton but the Town does not offer them the housing option they desire. It is apparent that a market exists for tasteful, selectively located apartments for the elderly in our Town.

REPORT OF THE BOARD OF SELECTMEN

LAMB ESTATE

An article has been included in the Warrant to purchase the 55 acre parcel of land at the intersection of Canton Avenue and Blue Hills Parkway. This land is owned by Misses Aimee and Rosamond Lamb. They graciously notified the Town this year of their desire to dispose of this property in a manner which is compatible with the interests of the Town. They advised us that they did not wish to give the land away nor did they wish to sell it at a high price to speculators. This spring and summer, with the permission of the Lambs, we conducted tours of this property for various Town Committees and Boards. Following the tours we invited each of the concerned Town Officials to write us their thoughts and recommendations on how the property could best be used. In the fall we held numerous meetings and conferences on the subject. By December a consensus emerged among Town Boards in support of the acquisition of 22 acres of the 55 to be used for athletic field and recreational purposes.

However, the Lambs advised us that they did not wish to sever the parcel.

The Conservation Commission advised us they wished to have about 15 acres preserved. This includes the frontage on Canton Avenue and Blue Hills Parkway plus seven acres at the intersection of Canton Avenue and Blue Hills Parkway.

The Planning Board expressed interest in allowing apartments for the elderly on the interior 18 acres which constituted the balance. A non-profit citizen group named HOME, Inc. met with us and outlined a development proposal. Also one private developer notified the Planning Board and Selectmen of willingness and interest in preparing a rezoning proposal for condominiums, for the elderly market.

By the end of the year it became clear that the only practical way to proceed with this important parcel would be to offer to the Town Meeting the opportunity to acquire all or part of the parcel. If the Town wishes to acquire all of it, we will support the appointment of a study committee to develop boundaries and to explore with the Planning Board and Selectmen the best uses for and/or method of disposal of the undedicated balance of the property.

We urge the Town to proceed with this acquisition.

CONCLUSION

The year 1976 was marked by progress on a number of home rule and human service issues of importance to the Town.

We thank the various officers and employees of the Town, the Boards, Committees and Commissions for their cooperation during 1976 and especially thank our Executive Secretary and the staff in the Selectmen's Office for their untiring efforts.

JOHN P. LINEHAN, Chairman
JAMES D. COLT, Secretary
WALTER F. TIMILTY

REPORT OF THE EXECUTIVE SECRETARY

December 31, 1976

To the Honorable Board of Selectmen:

I am pleased to submit my ninth annual report. Your assignment to assist department heads and committees under the Selectmen's jurisdiction and to provide such assistance and coordination as may be required by other departments, boards and committees has been carried out.

JOB REDUCTIONS AND PRODUCTIVITY INCREASES

Five permanent full time positions are being recommended for deletion from budgets under your jurisdiction for the 1978 fiscal year. These are two Firefighters positions which became vacant during the present fiscal year, one vacant position in the Wire Department, one custodial position and the vacant clerical position in the Selectmen's office. While the seasonal, contractual and overtime accounts have some upward adjustments, most of the manpower loss will be met by increased productivity.

The Trustees of the Cemetery have also agreed to decrease their work force by one full time permanent position for the 1978 fiscal year.

The Selectmen's program of job reductions will be continued in the forthcoming year.

MILTON'S LIMITED GROWTH

The Town of Milton's limited economic growth is clearly illustrated in the following table which compares equalized valuation of 1974 to 1976 for Milton and ten other communities.

Tax Base Growth
Equalized Valuation
000's omitted
1974 - 1976

Town			% Growth
Arlington	\$513,000	\$557,500	8.7%
Belmont	379,100	428,500	13.0%
Braintree	478,300	566,000	18.3%
Brookline	709,000	768,300	8.4%
Dedham	354,000	371,600	5.0%
Lexington	447,000	574,300	28.5%
Needham	478,000	546,600	14.4%
Wellesley	450,000	521,400	15.9%
Weymouth	546,500	594,500	8.8%
Winchester	297,500	334,200	12.3%
Milton	331,600	356,000	7.4%

Source: State Tax Commission.

The average tax base growth over two years for this group of towns was twice the rate of growth in Milton. We do not have the rapidly expanding source of income which many communities enjoy. Only Dedham grew more slowly than Milton.

Our assessed valuation is growing very slowly as can be seen from the following tabulation for the Town of Milton.

REPORT OF THE EXECUTIVE SECRETARY

YEAR	ASSESSED VALUATION	% INCREASE
1970	\$69,737,150	--
1971	70,889,300	1.65%
1972	71,831,850	1.3%
1/73 - 6/74	73,479,000	2.3%
FY 1975	74,741,350	1.7%
FY 1976	76,264,500	2.0%
FY 1977	77,398,000	1.5%

The Town has been forced to raise the tax rate 40.5% (\$49.80) over the same period while the tax base has grown but 11.0%

TAX RATE

YEAR	TAX RATE	\$ INCREASE	% INCREASE
1970	\$123.00	-	-
1971	128.00	\$5.00	4.1%
1972	136.00	8.00	6.3%
1/73 - 6/74	143.00	7.00	5.1%
FY 1975	162.00	19.00	13.3%
FY 1976	163.00	1.00	0.6%
FY 1977	172.80	9.80	6.0%

Additionally Milton has a relatively low per capita property valuation. The average amount of taxable property per person of the ten towns below is \$15,097. Milton is \$2,015 or 13.3% below this average.

TAX BASE

Town	1976 Equalized Valuation	Population	Rate: Taxable Property Per Person
Arlington	\$557,500,000	50,223	\$11,100
Belmont	428,500,000	27,660	15,492
Braintree	566,000,000	36,822	15,371
Brookline	768,300,000	53,150	14,455
Dedham	371,600,000	26,924	13,802
Lexington	574,300,000	32,477	17,683
Needham	546,600,000	29,936	18,259
Wellesley	521,400,000	26,593	19,607
Weymouth	594,500,000	56,854	10,457
Winchester	334,200,000	22,672	14,741
Milton	356,000,000	27,214	13,082

Sources: State Tax Commission

1975 STATE CENSUS

PENSION COSTS

Exclusive of future funding of pension of annuities, this area of cost is escalating at an alarming rate.

YEAR	EXPENDITURES TO FUND PENSIONS AND ANNUITIES
1970	\$462,658.79
1971	539,313.22
1972	571,078.02
1/73 - 6/74*	642,673.18
FY 1975	671,927.22

FY 1976	796,493.06
FY 1977	929,974.00
FY 1978	971,388.00

These pension costs do not include School Teacher pensions which are 100% funded by The Commonwealth of Massachusetts.

The Selectmen's program to reduce the number of Town Employees must be continued. The Corollary, obviously is either a reduction in Town Services or the increase in seasonal, part time, overtime, work study or contractual services. None of the above carry the penion burden of permanent full time employees.

It should be pointed out that employees contributed 5% to 7% of their base salaries each year to the pension fund. Originally the state pension plan intended that this represent one half of the pension costs and presumed that the Town would appropriate a matching amount. However, this was never done and instead the state, county and towns appropriate the amount required, above and beyond the employee contributor's share to meet pensions to be paid each year. Currently, the employees share of these current pensions is met 88% from the current tax rate and 12% from the past employee deductions.

This year the legislature will be asked to adopt a program for additional funding of this mounting obligation. It will be a phased program but it will markedly increase this already spiralling cost obligation of the property taxpayer over the next few years.

GROUP INSURANCE COSTS

YEAR	TOWN EXPENDITURES TO FUND GROUP INSURANCE
1970	\$106,421.30
1971	130,438.84
1972	173,089.36
1/73 - 6/74*	183,862.37
FY 1975	195,195.03
FY 1976	212,565.71
FY 1977	312,190.00
FY 1978	349,478.00

The above figures for group insurance again support the Selectmen's goal to effect a net reduction in the number of permanent full time employees working for the Town. It is hoped that they will be joined by all other Boards in the Town in this goal.

The Selectmen have requested that all possible efforts be made to reduce the group insurance costs. In addition to reducing the number of Town employees the following propositions are under investigation:

1. Self Insurance. The State Group Insurance Commission has been asked by the Town to advise whether or not a self insurance program could be established. At year's end a reply is awaited.
2. Blue Cross/ Blue Shield has recently initiated a "Reinsured - Cost Plus" financing program for the City of Quincy. Their representatives have been asked to provide estimated costs for the Town of Milton for such a program.

MANAGEMENT OF TOWN FARM

The Board of Selectmen are the Trustees of the 1701 legacy of Governor William Stoughton who left the Town Farm to benefit the poor of Milton.

This year renovations were completed of the three single family residences on the Town Farm property. The work was done by CETA, Neighborhood Youth Corps and Town departments. The material cost for the renovation was \$12,532. Most of the renovation expense was to bring the buildings into code compliance.

The monthly rental income has been increased from \$100 per month in 1974 to \$730 per month in 1976.

Indigent Milton residents are eligible for assistance from this fund and neighbors of such persons are encouraged to call these situations to the Selectmen when Welfare or other forms of assistance are unable to solve the problem.

ACCOUNTING MACHINE

Payrolls were prepared jointly by the Town Treasurer's Office and Town Accountant's Office on the new Nixdorf accounting machine for the entire 1976 calendar year. Appropriation accounting was started on the new machine on July 1.

There were a good number of startup bugs with the new machine and the patience and dedication of the employees in these two offices is commended.

The Town Accountant is now able to maintain certain records required by law which previously were not available. However, more machine hours are required than had been anticipated.

FIRE DEPARTMENT

The Fire Department budget includes \$80,000 to finance the replacement of Engine No. 1. The 1960 Seagraves engine would require an investment of \$7,400 to maintain that engine as a first line piece for another year and even with such an investment, it would not adequately meet the needs of the Department.

POLICE

The new Ambulance went into service this year. Ten additional police officers were enrolled in Emergency Medical Service Training at a course at Milton Hospital at year's end. The cost for this 100 hour training course is \$1,000 per man. In 1977 ten additional men will receive this special training in order that the Town of Milton will comply with the state mandated ambulance law. Townspeople should be aware that the Milton Police Department is now operating a first class paramedic style emergency medical service, augmented by an equally well-trained force of first responders from the Fire Department. With a high percentage of elderly population, the Town is well equipped to handle emergency medical problems and citizens should not hesitate to call for assistance. We are also fortunate to have a dedicated and highly qualified emergency room team at the privately operated Milton Hospital. Milton residents should be well assured to top service in this area.

PUBLIC WORKS

This year Pleasant Street was disrupted to install a new water main to improve water pressures in the Lyman Road neighborhood. Ledge was encountered and we commend the patience of Pleasant Street residents and commuters.

The Harland Street Water Main to Hillside Street was also completed this year insuring quality water supply and Fire protection to the neighborhood.

The Town completed plans for traffic and pedestrian light improvements at St. Mary's School, Standish Road and St. Mary's Road. Additionally, plans for the Chapter 90 reconstruction of Centre Street between Voses Lane and Randolph Avenue was completed in collaboration with Milton Academy officials. The awards of these contracts is expected early in 1977 for construction next summer.

The problems of water pressure relay scheduling has been much improved through the assignment of the Plumbing Inspector to assist and coordinate in these efforts.

Continuing efforts are being made to upgrade sidewalks and streets, especially in those sections of Town abutting Hyde Park, Mattapan and Dorchester. However, we wish to carefully note that complaints about public works facilities from all sections of Town receive equal and prompt attention.

A long bothersome drainage problem on Pond Street is scheduled for 1977 attention now that a permit has been obtained from the State DPW.

The administrators of the Town Public Works Department are grateful for the support of the Selectmen, Warrant Committee and Town Meeting in equipment replacement and modernization program. The result has been the Department's ability to handle both the seasonal work load and the snow emergencies.

COLLECTIVE BARGAINING

An impasse in collective bargaining with the Firefighters Union, Local 1116, International Association of Firefighters AFL-CIO, CLC had existed throughout most of 1976.

The contract in effect with the Fire employees was the single year contract funded by the March 1974 Town Meeting. Efforts by the Town and the Union to negotiate a new contract in the fall of 1974 and throughout 1975 were unsuccessful.

A stumbling block to successful bargaining was a two pronged proposal by the union which the Town found totally and completely unacceptable in both concept and detail. This proposal entitled "Minimum Manning" was as follows:

"The following complement shall be on duty during all tours:

One (1) Deputy Chief
Three (3) Lieutenants
One (1) Dispatcher
Five (5) Drivers
Six (6) Back Step Men

The foregoing complement shall be maintained through rank for rank replacement. Only after all incumbents of the rank requiring fill-in have been afforded the opportunity to work shall the position be filled on a temporary out of grade basis."

The Selectmen's position was that such a contract provision would be a direct abdication of the Town management's right and that staffing levels are a substantial policy judgment which extends beyond the forum of collective bargaining. The Town argued, that if staffing level is a bargainable working condition, that next the union would be determining the size of trucks, number of stations and or hydrant pressures.

Staffing and manning are matters which involve the entire Town in setting policy as to how much fire protection Milton taxpayers feel that they need or are willing to pay for.

The Town's present staffing level is to have a minimum of thirteen men and a maximum of sixteen men scheduled to work on a typical tour. The Fire Department's work schedule is divided between four rotating groups of sixteen men who work alternating 10 hour day tours and 14 hour night tours. When absences occur due to vacations, injury, sick leave or the like, no overtime is incurred unless the number of men absent exceeds three.

The first prong of the union proposal would have required an overtime expenditure for every absence. In 1974 there were 747 absent tours. In 1974 a Firefighter on overtime received \$112.56 for a fourteen hour night tour and \$80.40 for a day tour.

The second prong of the union's proposal was rank for rank replacement. When the Deputy Chief of a group is absent the historic practice in the department is for a Lieutenant from that group, assume the Deputy's duties. In fact that Lieutenant gets paid \$22.86 extra per night tour for working out of grade. The union's new proposal was to hire back a Deputy Chief at time and one half instead of paying the Lieutenant out of grade. This same rank for rank replacement would have applied for absent Lieutenants. To appreciate the economics one has to understand that a Deputy Chief is paid the time and one half overtime rate for a night tour of \$172.34 and a Lieutenant receives \$132.58. This compares with out of grade pay of \$22.86 and \$11.43 respectively. The magnitude of the problem is clearer when one is aware that in 1974 the Deputy Chief's were absent for 68 tours and the Lieutenants 218 tours.

The Union estimates that the cost of minimum manning would be \$119,606 per year less budgeted overtime. The Fire Chief estimate approached \$150,000 in overtime costs. Experience in other Towns has shown that Minimum Manning costs are impossible to predict, management has no effective control over the overtime costs, and invariably the real costs exceed the estimates. Additionally, once such a provision is in the contract, it stays there, unless the two parties swap off some other equivalent benefit.

From the outset of bargaining with the Firefighters Union, the Town made clear its adamancy on opposing any minimum manning provision in the contract. The Union was equally emphatic that they wanted this new provision in the contract. Bargaining was hindered by the resoluteness of the two parties on this matter. A Mediator for the State, after working with both sides of the dispute, certified that an impasse existed.

The Union, exercising its right under the impasse provisions of Section 9, Chapter 150E of the General Laws of the Commonwealth, petitioned for Factfinding. The State assigned a Factfinder, John A. Hogan of Durham, New Hampshire, who conducted hearings in September, October and November of 1975. His report and recommendations were issued in March of 1976.

The Selectmen were greatly disappointed in the Factfinder recommendations. He recommended an 8% 1976 fiscal year wage, improved vacations, an expanded longevity pay plan, Martin Luther King Day, and 15 man minimum manning plus rank for rank replacement. Additionally, he recommended damaging rewording of the Town's Management's Right provisions and Employees' Rights provisions.

The Factfinder's specific wording on the Minimum Manning issue was as follows:

"That the contract include a minimum manning clause providing that fifteen men, including one Deputy Chief and one Dispatcher, be on duty during all tours and that this minimum manning be maintained by rank-for-rank replacement.

That the clause include language providing the replacement may be on a temporary out-of-grade basis only after all incumbents of the rank have been afforded the opportunity to work."

Whereas the Selectmen were unwilling to accept the Factfinder's report the Union petitioned under the law for the appointment of a "Last Best Offer" - Final and Binding Arbitration Panel. The Town on its part filed an unfair labor practice charge with the State and joined with Danvers, Bosto, Worcester and several other communities in asking the State Labor Commission to rule that minimum manning was not a mandatory issue for collective bargaining.

However, at an informal hearing on the Town's unfair labor practice charge against the Union, the two parties agreed to meet again on the terms for a contract. Such a meeting was scheduled.

The Union agreed to drop the Minimum Manning and rank-for-rank replacement issues, as well as the major contract language changes recommended by the Factfinder. In

REPORT OF THE EXECUTIVE SECRETARY

return the Town accepted the Factfinder's wage proposal for the 1976 fiscal year, the two parties agreed to the Police wage schedule for the 1977 fiscal year and a schedule based on 5½% for the 1978 fiscal year, adopted the Factfinder's recommendations for 1978 fiscal year on longevity. Additionally, the Personnel Bylaw Vacation plan was adopted for 1977 fiscal year, ten cent per hour night differential and a fifth week of vacation after twenty years were agreed to effective July 1, 1978, and an accumulated sick leave program similar to the School Department's effective for the 1977 fiscal year. Additionally, the Selectmen agreed to place the group insurance rebate question on the March 1977 ballot.

The negotiated settlement with the Firefighters was expensive and improved a number of fringe benefits. In the absence of the Compulsory and Binding Arbitration Law and the minimum manning issue the settlement would have been less costly.

A survey by the Massachusetts League of Cities and Town has found that groups under this Arbitration Law are averaging two percent higher wage settlements as a result of the presence of the law. The Selectmen in 1977 will again work towards the repeal of this method of collective bargaining.

The Fire settlement formed the basis for the collective bargaining agreement with the Police Social Club for a one year contract for the 1978 fiscal year.

The prolonged negotiations with the "W" and "C" employee group represented by the Local 1395, American Federation of State, County and Municipal Employees, AFL-CIO were also concluded shortly after the Firefighters. This contract was also for three years and extends to June 30, 1979.

The Selectmen's report contains an outline of the wages benefits and the 1977 Warrant Committee's report details the costs of these three collective bargaining agreements.

In 1976 the Selectmen had three contract interpretation grievances processed to binding arbitration before the American Arbitration Association. All were resolved on terms favorable to the Town.

The amount of time the Executive Secretary devotes to Collective Bargaining, Mediation, Factfinding, Grievances, Arbitration, Civil Service and personnel matters has increased substantially each year since the first union contract was adopted in 1968. 1976 was undoubtedly the most difficult year. It is however satisfying to have concluded, on a negotiated basis, agreements with all of the Employee Unions for the next fiscal year.

CONCLUSION

In conclusion, I extend my thanks and appreciation to the Board of Selectmen and the Department Heads, the Town employees, the members of the Boards and Commissions and to the citizens of Milton who have assisted me throughout this year. A special note of appreciation is extended to the Town Accountant, Town Counsel, Public Works Director and the three secretaries in the Selectmen's Office who have helped us to meet all deadlines and commitments of the Board of Selectmen and the Town Meeting - Mrs. Eleanor Bradshaw, Mrs. Helen Landry and Mrs. Grace Kibbee.

Respectfully submitted,

JOHN A. CRONIN
Executive Secretary

REPORT OF THE LEGISLATIVE COUNSEL

January 7, 1977

To the Board of Selectmen:

Gentlemen:

I submit herewith my report as Legislative Counsel and Chairman of the Legislative Committee for the year 1976.

Pursuant to Article 6 of the Warrant for the 1976 Annual Town Meeting, the Legislative Committee was appointed by the Moderator to consider those general laws and special legislative acts which might affect the Town's interest. The committee members were James F. Dineen, Robert Gray, 3rd, Philip Lemelman, Kevin Hern and myself.

The number of laws enacted by the General Court declined markedly during the year as only five hundred and fifty-three acts were passed. All of these statutes were reviewed.

Pursuant to your request, I have seen that a bill has been filed to restore the drinking age to 21 in order to cut alcohol abuse by our teenagers. This bill will be considered by the General Court this year.

As always, I enjoyed the cooperation of Senator Joseph Walsh and Representatives M. Joseph Manning and Brian Donnelly.

The committee was saddened by the untimely death of Kevin Hern last week. Mr. Hern was a valuable member of this committee, and his wise counsel on legislative matters will be sorely missed by me.

Respectfully submitted,

ROBERT D. O'LEARY
Legislative Counsel

REPORT OF TOWN COUNSEL

January 7, 1977

To the Board of Selectmen:

Gentlemen:

I submit herewith my report as Town Counsel for the year 1976.

On May 27th the Town's suit against the Civil Service Commission relative to the appointment of residents to the police department was favorably concluded with the entry of a final order in the United States District Court. The long struggle which had begun in 1973 came to an end, and the anxiety of the provisional police officers over the possible loss of their jobs was removed. I doubt that many of the townspeople are aware of the tremendous cooperative effort of various town officials in this endeavor. During the course of the proceedings, the Town Accountant was threatened with jail if she certified the weekly payroll of the provisional officers. The Town Treasurer was threatened with jail if he paid the salaries to these officers. The Selectmen were receiving similar communications from the Attorney General and the Director of Civil Service. Yet all concerned maintained an imperturbable front in the face of these attempts to intimidate by the state officials. The stalwart performances of our town officers under the ominous circumstances should be a source of pride to the citizens of Milton and will be long remembered by the police officers.

The police case was barely concluded when a law suit was started against the School Committee members by a former administrative official whose position in the school department had been abolished. The plaintiff in this action alleges that his civil rights were violated, and he is seeking damages in the amount of \$500,000.00 . This suit is presently pending in the Norfolk Superior Court.

The construction work at the Tucker School unfortunately fell behind, and it became impossible to attain the completion of the contract by early September. The school is still closed. The Building Committee, the contractor, the architect and the bonding company are all "attempting to place the fault". The committee has declared the contract in default, and hopefully the construction work will resume next week with a new contractor engaged by the bonding company. The original contractor has filed suit against the committee, but the court has denied his application for an injunction to restrain the committee from contracting with the bonding company to complete the project.

A store in East Milton Square filed a suit against the Selectmen following your refusal to permit the store owner to erect as many window signs as he desired. A contractor filed a suit against the Selectmen following your refusal to award him a highway construction contract. In each case, the plaintiff's application for a restraining order against the Board of Selectmen was denied by the court. No trial date has been set for either of these cases.

During the year eleven appeals were filed at the Appellate Tax Board by property owners who were dissatisfied with the action taken by the Board of Assessors. Eight cases were called for trial. Of these, six cases resulted in decisions for the Assessors, one case was settled and one appeal was withdrawn.

Under Article 32 of the Warrant for the 1976 Annual Town Meeting it was voted to add a new town bylaw to prohibit the pumping of gasoline at a filling station by anyone other than the station attendant. The Attorney General subsequently refused to approve this bylaw and alleged as a reason that the town meeting does not have the authority to pass such a bylaw. Under Massachusetts law, the bylaw does not become effective if it is disapproved by the Attorney General. In accordance with your instructions, I have filed suit in the Supreme Judicial Court seeking an order that the Attorney General be compelled to approve this bylaw. I expect the matter will be heard before the summer recess.

REPORT OF TOWN COUNSEL

Certain routine cases have been tried at court relating to motor vehicle accidents and cases where pedestrians fell on alleged defects. No judgments were entered against the Town. Ten claims against the Town were settled for the total sum of \$2,129.68. Eighteen claims for damage to Town property totaling \$22,360.04 were collected by me, and a recovery for excise taxes was made amounting to \$804.65.

Two suits have been filed against the Board of Appeals by property owners who are allegedly aggrieved by decisions of the board. Two suits have been filed by me to recover auto excise taxes from delinquent payers.

As usual I have counseled the town departments and committees whenever my advice has been requested. I have enjoyed the cooperation of the various department heads and fellow employees, and I herewith express my profound appreciation for the support afforded me by the Board of Selectmen. It was a distinct pleasure to be the Town Counsel of Milton during 1976.

Respectfully submitted,

ROBERT D. O'LEARY
Town Counsel

REPORT OF THE MILTON PERSONNEL BOARD

February 9, 1977

The Personnel Board functions under the premise that it does not represent the Town's management, but rather works impartially for the benefit of all interests in the Town - management, employees and taxpayers.

Various segments of the Town employees have elected to organize and have professional negotiators working on their behalf. As to these employees the function of the Board resolves itself to the implementation of the contract after it has been executed by others.

The non-organized groups of employees present their personnel problems to the Board. The Board has endeavored to consider carefully and to decide fairly all matters brought before it. The Board has considered more applications for re-classification than any present member of the Board can recall. Careful attention has been given to these requests for re-classification and in many instances a hearing has been given to the Trustees or members of the particular department involved who would present the case of the employees working under their direct jurisdiction. In those instances which the Board felt required further investigation, we would engage our Personnel Consultant, Charles M. Evans & Associates. Careful attention has to be given to requests for re-classification as indiscriminate and cursory attention to the requests could destroy the Town's personnel plan.

Upon being apprised of the results of collective bargaining between the Town and those departments which are organized, the Personnel Board recommended to the Town Meeting in March, 1976, that there be a general salary increase of seven and one-half percent (7½%) to all employees except A-17, where the increase would be five percent (5%).

The Personnel Board revised vacation schedules for the unorganized employees in order that their schedules would be consistent with those arranged through collective bargaining agreements.

The Personnel Board, after many years of consideration, now feels that the labor force of the Park Department should be merged with the Department of Public Works. The Board feels that the Park Commissioners would therefore have a greater opportunity to manage the recreational functions of the department, and serve as a policy-making board on maintenance and improvements of park property. We recognize that this change may not come about immediately, but it is hoped that it will come about in the foreseeable future.

Under continuing review by the Personnel Board is the Town's acceptance and participation in the Civil Service system. At this time, the Personnel Board has taken no position which would bring the Town out of the Civil Service system, as no satisfactory substitute has been presented to it for consideration.

A suggestion has been made that the office of the Chief of Police should be removed from the Civil Service system. The Personnel Board's initial reaction to this proposal was in the negative. The Board of Selectmen have now presented the Personnel Board with an alternate plan and this is presently under serious consideration.

The Board is aware that salaries and wages continue to constitute an increasingly large percentage of the town budget. In this regard, the Personnel Board has approved the employment of contract services, rather than engaging personnel as permanent town employees. While the saving may not be immediate, it will appear in the future in a reduction of pension costs and other fringe benefits. Fringe benefits and pension costs constitute approximately fifty percent (50%) of the wages of town employees.

The Board wishes to express its thanks and appreciation to the various department heads, governing boards and employees for their cooperation and assistance. We specifically wish to thank John Cronin, Executive Secretary to the Board of Selectmen, for keeping us abreast of the changes in the municipal bargaining process.

REPORT OF THE MILTON PERSONNEL BOARD

We also wish to thank our Clerk, Josephine M. McAteer, for the many hours that she has expended beyond the call of duty to assist the Board in handling those matters which came before it.

Respectfully submitted,

JAMES D. FITZGERALD, Chairman
FRANCIS P. MCDERMOTT
MANUEL S. LATO
JOHN P. CONNOLLY
RICHARD B. O'MEARA

REPORT OF THE BOARD OF APPEALS

To the Citizens of Milton:

The Board of Appeals presents the following report for the year 1976.

The Board wishes to take this opportunity to thank the Associate Members, Messrs. Joseph Cotter, Dean M. Boylan and John C. Storey for their assistance in substituting for members of the Board who were unable to be present at various hearings.

During the past year we held 17 hearings.

Of this number there were:

15 applications for Variance

9 granted

6 denied

1 application for Amendment to Variance previously issued
granted

1 application for extension of a Variance previously issued
granted

Respectfully submitted,

CHARLES F. BARRETT, Chairman
DANIEL GANS, Jr.
CARROLL P. SHEEHAN

Board of Appeals

REPORT OF THE
PUBLIC WORKS DEPARTMENT

REPORT OF THE
PUBLIC WORKS DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

Submitted herewith is the fourth report of the activities of the Department of Public Works established under Chapter 570 of the Acts of 1973.

The Central Maintenance Garage was built and equipped by the Milton Public Works Department by sub-contracts and actual Department of Public Works labor for a total sum of \$103,000 in 1972.

ENGINEERING

Engineering services were rendered to all departments as requested. All maps, atlases and plans on file have been updated to present condition.

Centre Street (Randolph Avenue to Voses Lane) Chapter 90 Roadway Reconstruction Program contract has been signed but due to winter conditions actual construction will start on or around April 1, 1977.

TOPICS PROGRAM has been released and is preparing to advertize for bids, three projects on Brook Road (St. Mary's Road – St. Mary's School and Standish Road) which includes Pedestrian lights and sidewalks and curbing. These three projects should be awarded early in 1977 and actual construction should start in April 1977.

The engineering division issued 63 street numbers and 15 street opening permits.

Meetings attended and information submitted and Draft Environmental Statement reviewed regarding Local Flood Protection Project for the Furnace Brook in Quincy and Milton.

Town Planner Paul Kanter reading Town of Milton Flood Insurance Plan.

REPORT OF THE
PUBLIC WORKS DEPARTMENT

HIGHWAY

A continuing drainage improvement program resulted in installation of 2685 linear feet of various size drains, 20 catch basins, 18 manholes. Several more culverts were improved with new box inlet controls to reduce debris blockage and give existing culverts more run off time to carry off excessive flows.

Stream clearance projects were carried out early part of 1976 because snow storms were small. However, during December of 1976 several snow and ice storms hit the area with a 12" snow storm on December 29, 1976 putting the men and machines to the test but again our Department of Public Works Personnel working hard and long were able to handle this storm in good fashion.

Permanent Construction for the year 1976 include installation of 2360 linear feet of curbing and resurfacing of several streets. A list of locations are included in a detailed Department of Public Works report on file in the Engineering Office.

There were no streets constructed under Betterment Act.

The engineers of the Public Works Department have prepared a list of sidewalk resurfaced and repaired. A list of locations are included in a detailed D.P.W. report on file in the Engineering Office.

Chapter 497, Section 14, Acts of 1971 provided the sum of \$90,752. for reconstruction, maintenance and repair of Public Ways.

New Equipment purchased during 1976 includes one Pick-up Truck and a Sidewalk Roller.

Snow Storage at Town Disposal Area.

FORESTRY AND SHADE TREE MAINTENANCE

Approximately 215 trees were planted along Town streets and on property during the past year.

Improvements along Brook Road between Canton Avenue and Randolph Avenue were completed.

The student work program with the Norfolk County Agricultural School in Walpole and Essex County Agricultural School were continued with great success.

Several personnel attended instructional classes in preparation for mandatory registrations of public employees that handle pesticides.

REPORT OF THE
PUBLIC WORKS DEPARTMENT

Water Division employee, Joseph Lane, repairing 2" hydrant connection at Water Shop.

WATER OPERATIONS

11 service connections were made to supply new buildings, 6 services were laid from sideline of street to the building and 2 services were laid from main to sideline of street.

2 new hydrants were added to our system. The inspections, repairing, gating and painting of hydrants have been continued.

8 additional gates were added to the system.

Reinforcement of our main distribution system continued with the completion of the 12" main on Harland Street and the completion of the 12" main on Pleasant Street.

121 services were relaid during the year. Application cards received indicate another busy year for relays in 1977.

All the Metropolitan Water District Commission meetings were attended during the year.

The completion of the M.D.C. Southeast Tunnel resulted in a 10 lb. pressure increase in our low system.

New equipment purchased in 1976 were Two 5-7 cubic yar Dump Truck and one 3/4 Pickup Truck.

RETIREMENTS

Alice White — 50 years service

May Alice enjoy her retirement as much as we enjoyed working with her. To think that immediately after her graduation from Milton High School this was to be a temporary position.

CENTRAL MAINTENANCE GARAGE

This is the heart of our operation. Service and repair given to all Town Departments whether under Department of Public Works or not.

Equipment such as Police Cruisers, Ambulances and Fire Apparatus are given top priority to provide Public Safety and keep down time to a minimum.

REPORT OF THE
PUBLIC WORKS DEPARTMENT

OBJECTIVES

- To continue with Water System Improvements.
- To continue with Improved Drainage Programs.
- To continue to seek Federal Aid for Sewer Program.
- To continue the TOPICS PROGRAM.
- To continue to assist with equipment and personnel for all Town Projects.
- To continue Stream Clearance Program.
- To continue Program Budgeting and Accounting for Public Works.

CONCLUSION

I wish to take this opportunity to express my appreciation to all Public Works Employees for their cooperation and assistance in compiling a very successful construction and maintenance year.

I wish to thank the Board of Selectmen, Executive Secretary and all Town Departments for their cooperation and assistance during 1976.

Respectfully submitted,

LAWRENCE W. DeCELLE, Jr.
Director of Public Works

REPORT OF THE TRUSTEES OF MILTON CEMETERY

January, 1977

The Board of Trustees of Milton Cemetery respectfully submit the following report for the year 1976.

There were 283 interments for the year. During the year 326 graves were sold. These were assigned as follows: 8 eight grave lots, 7 six grave lots, 26 four grave lots and 116 single graves which were sold mostly in pairs.

Seven dead or diseased trees were removed and thirty nine new trees were planted.

We lost one of our employees when Daniel E. Powers was killed in an automobile accident. He had worked four years for the cemetery.

The development work near Gun Hill Street is progressing as planned and the fill for the new roadway was obtained at no cost. The area was graded and paved and some additional fill was received from several construction projects in the town.

Our charges for graves and services were raised due to the increased cost of labor and materials.

Our project for cleaning silt and debris out of the pond was completed. We plan on restocking the pond with goldfish in the near future.

Several new flowerbeds have been established and a large number of flowering shrubs have been planted near the main entrance.

Respectfully submitted,

BOARD OF TRUSTEES
PAUL F. DOLAN
HUGO W. SORGI
SPENCER FIELD
JOHN H. McCUE
J. JOSEPH DONOVAN

REPORT OF THE FIRE DEPARTMENT

REPORT OF THE FIRE DEPARTMENT

January 11, 1977

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my report on the Fire Department for the year ending December 31, 1976.

ALARMS

During the year the Fire Department responded to 1758 Calls; 379 Bell alarms, 1,309 Still alarms and 70 Mutual Aid alarms.

ALARMS EACH MONTH

January . . . 156	May . . . 129	September . . 109
February . . . 143	June . . . 114	October . . . 119
March . . . 177	July . . . 159	November . . 192
April . . . 233	August . . . 101	December . . 126

MUTUAL AID

Milton to Boston 35	Randolph to Milton 1
Milton to Randolph 1	Boston to Milton 8
Milton to Dedham 2	Quincy to Milton 12
Milton to Quincy 32	

FIRE ALARMS and/or CALLS

Residential	147
Non-residential	85
Brush, grass, woods, rubbish, debris, etc.	447
Public assistance, first-aid, complaints, drills, investigations, details, emergencies, etc.	351
Vehicles	161
Accidents	141
Inhalator	10
Pumping	53
Wires	29
Lockins/lockouts	45
False Alarms	92
Auxiliary Alarms	106
Mutual Aid	70
Other (miscellaneous)	21

TOTAL 1758

WORK PERFORMED

Feet of hose laid (1-1/8") . . . 11,000	Gallons of water:
Feet of hose laid (1-1/2") . . . 22,950	Booster tanks . . . 219,300
Feet of hose laid (2-1/2") . . . 11,500	Lines laid . . . 764
Feet of hose laid (3") . . . 700	Feet of ladder raised . . . 5,723
	Salvage covers . . . 3

REPORT OF THE FIRE DEPARTMENT

INSPECTIONS MADE – PERMITS ISSUED

	INSPECTIONS	PERMITS
Oil Burners	98	62
Tanks:		
275 gallon	32	16
1000 gallon	4	1
2000 gallon	3	1
5000 gallon	2	2
Blasting	3	3
Propane gases	3	3
Model Rockets	10	10

During the year routine inspections of merchantile and business establishments, schools, churches, dormitories, etc., were conducted in relation to fire prevention and protection.

The Fire Department's 1944 Maxim pumper no longer in use was sold to the highest bidder after approval of the sale by the 1976 Town Meeting.

Recent installation of a "Newton Control" base station radio will improve our mutual aid program with the 26 cities and towns belonging to the organization.

Eight Fire Fighters are continuing their studies at community colleges offering Fire Science courses.

The auxiliary Fire Department under the direction of Fire Fighter Paul Mason held periodic drills and won several trophies at musters they participated in. I commend the auxiliary members for donating their time and for their continued interest and dedication. I am also most grateful to the Milton Chapter of the Red Cross for their assistance at fires.

On June 30, 1976, Gilbert T. Hoadley retired after 36 years of service with the Fire Department. We extend to him our best wishes in his retirement.

"In Memoriam"

Fire Fighter Joseph P. Garrity

Appointed March 3, 1949

Deceased July 1, 1976

To the Board of Selectmen, the officers and men of the Fire Department and all department heads and employees, I wish to express my sincere thanks for your assistance and cooperation during the year.

Respectfully submitted,

JOHN J. GRANT

Chief of Fire Department

REPORT OF THE BOARD OF HEALTH

REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Milton:

The Board of Health is pleased to submit its annual report for the year ending December 31, 1976.

ORGANIZATION

Morton Wolf, D.V.M., was elected to the Board for a three-year term on March 6, 1976. On March 9, 1976 the Board met and elected Dr. Wolf, Chairman; and Virginia A. Gaffey, R.N., Secretary. The Board appointed James F. Finneran as Agent to the Board; Alice A. Driscoll, Principal Clerk; Mary A. Fontana, R.N., Public Health Nurse; and John H. Gutteridge, D.V.M., as Inspector of Animals. Mrs. Fontana resigned on October 15, 1976 after five years of service and the Board appointed Mary A. Whitney, R.N., as Public Health Nurse.

WELL CHILD CONFERENCE

The Well Child Conferences were held on the first Tuesday of each month in the clinic room in the Town Office Building. The clinics provided physical examinations and health appraisal of the infants and children and counseling for the parents. Immunizations against diphtheria, tetanus, pertussis, measles and polio were provided and tine tests for detection of tuberculosis infection were administered.

SCHOOL HEALTH SERVICES

Physical examinations for pupils in the third, fifth, eighth, and eleventh grades in parochial and private schools were provided at the individual request of a parent or guardian.

Tine tests for evidence of tuberculosis infection were made on 91 children newly transferred into parochial and public schools.

The Massachusetts Vision Test and the Pure Tone Audiometer Test for hearing were administered to all enrolled parochial school pupils.

Clinics held in public and parochial schools provided the following immunizations: Mumps-Measles-Rubella, 69; Diphtheria and Tetanus, 124; and Sabin Oral Polio, 115.

COMMUNICABLE DISEASE PREVENTION

The Public Health Nurse tested 98 residents for evidence of tuberculosis infection. Five appointments for x-ray examination at Norfolk County Tuberculosis Clinic were made for positive reactors. TB tests for faculty and employees in public and private schools were also provided in accordance with the requirements of Mass. General Laws governing persons in contact with school and college-age persons. TB tests for residents and school personnel were made available on a year-round basis by appointment through the Board of Health office. Tuberculosis casework during the year included 11 contact referrals, 25 home visits, and 85 follow-up contacts of persons on chemotherapy or out-patient care.

Follow-up of 5 cases of hepatitis, 6 cases of salmonellosis, and one case of encephalitis was carried out.

The State Law requires that children be immunized against diphtheria, tetanus, pertussis, measles, and polio before attending school. Vaccines for diphtheria, tetanus, and pertussis (DTP); for measles, mumps and rubella (MMR); and for polio (Sabin) were distributed from the Board of Health office to community physicians for immunization of children. The immunization of infants and children by physicians was supplemented through the well-child clinics, and school clinics for booster doses. There were no reported

cases of diphtheria, tetanus, pertussis, measles, polio or rubella (German measles) in 1976. One case of mumps, 79 cases of chicken pox, 14 positive strep throats, and three cases of scarlet fever were reported during the year. There is no vaccine available for immunization against chicken pox.

A national program for influenza vaccination against a swine-type strain was passed by Congress in the spring of 1976. Bivalent vaccine was issued to the Town in October, 1976 and four public clinics were held to vaccinate high-risk persons aged 65 years and over and persons with chronic illness in the age group 25 to 64 years. A total of 1,544 persons participated in the public clinics. Two clinics for Town employees were held and a total of 213 employees were vaccinated. Monovalent vaccine was issued to the Town in November, 1976 and a total of 145 persons in the non-high-risk group were vaccinated at a public clinic. The State authorities issued a cancellation of the vaccination program on December 16th following reported incidence of paralytic symptoms among a significantly large group of vaccinees throughout the country.

INSPECTION OF ANIMALS

A total of 94 dog bites were reported to the Board of Health in 1976. Animal bites other than dogs reported were two gerbils, one bat and one squirrel. One scratch by a cat was also reported. None showed any evidence of rabies. The Animal Inspector, John H. Guttridge, D.V.M., examined 91 horses and three cows and inspected 16 stables.

ENVIRONMENTAL SANITATION

Thirteen permits to operate food service establishments were issued in 1976. Two permits for temporary food service operations were issued during the year. All food service establishments were inspected for compliance with the State Sanitary Code. Five establishments registered by the Board of Health to sell food at retail were inspected for compliance with the regulations of the State Division of Food and Drugs. One wholesale bakery and one retail bakery were inspected for compliance with the Mass. General Laws.

A total of nine applications for individual sewage disposal systems were received in 1976. Three permits were issued for new installations and six permits were issued for alteration and repair of existing systems. One lot inspected for suitability for sewage disposal was found unsatisfactory.

Licenses to deliver milk in the Town from vehicles were issued to seven dealers. Sixteen licenses were issued for sale of milk in retail stores. A license to manufacture carbonated non-alcoholic beverages, two licenses for the practice of massage and four permits for commercial stables were issued in accordance with the General Laws of the Commonwealth. One license to purchase syringes was issued.

REFUSE COLLECTIONS AND DISPOSAL AREA

The three-year contract for refuse collection and sanitary landfill services, beginning July 1, 1975, was continued with the Ace Disposal Co. of Woburn, Mass. The company was notified in March, 1976 that the contract specifications for site development and work in the sanitary landfill operation were not being carried out. At a meeting with the Board of Health in April, 1976, the company officers offered to post a \$5,000.00 indemnity account in escrow in a local bank to assure that the work would be carried out and requested that the contract terms for arbitration be suspended. The Board agreed to continue the contract without arbitration proceedings pending the performance of the work. In June, 1976 the Board reviewed the site development work at the disposal area and concluded that the contractor had substantially corrected the deficiencies.

REPORT OF THE BOARD OF HEALTH

The recycling of saleable materials brought to the disposal area was placed under the Town Youth Department by the Board of Selectmen. A non-profit foundation to operate a recycling center was formed through the efforts of the Youth Department and waste paper, glass, cans, and metals brought by residents to the center are stored in containers for collection and sale to salvage companies.

FINANCIAL SUMMARY

Appropriations to the Board of Health for 1976-77 fiscal year amounted to \$320,359.00. Income from various sources during 1976 was as follows: Disposal Area - \$5,050.00; licenses and permits issued by the Board of Health - \$290.50.

Respectfully submitted,

MORTON WOLF, D.V.M., Chairman
VIRGINIA A. GAFFEY, R.N., Secretary
JOHN M. MURPHY, M.D., Member

REPORT OF THE WIRE DEPARTMENT

NEW WIRES AND CABLE

3000' of wire and cable has been replaced on the Fire and Police Alarm Circuits throughout the system due to storm damage, accidents and age.

A new electric repeater was installed in the Fire Alarm Room at the Central Fire Station replacing the obsolete mechanical repeater.

All Fire Alarm Boxes and Recording Equipment were retimed from slow time (2 sec.) to fast time ($\frac{1}{2}$ sec.).

All transfers from old to new poles have been completed as required. All Fire and Police Boxes have been tested, oiled, cleaned and repaired as needed.

Electrical repairs and wiring were done at the following locations:

Gov. Stoughton Lane - completely rewired two Town owned houses
Thacher Building
Department of Public Works
Park Department
Town Office Building
Fire Stations

Traffic Signal Equipment was repaired and replaced at the following locations due to accidents and vandalism:

ACCIDENTS

Adams Street and Wood Street (2)
Adams Street and Church Street (2)
Adams Street and Granite Avenue
Adams Street and Brook Road
Adams Street and Governors Road
Adams Street and Squantum Street
Adams Street and Eliot Street
Granite Avenue and Wood Street (2)
Reedsdale Road, Canton Avenue and Centre Street

VANDALISM

Collicot School (8)
Brook Road and Centre Street (3)
Brook Road and Pleasant Street
Brook Road and Randolph Avenue
Adams Street and Eliot Street
East Milton Square (3)
Canton Avenue and Thacher Street
Randolph Avenue and Centre Street (2)

All Traffic Signals were relamped and cleaned and the controllers and equipment were cleaned, oiled and repaired periodically and as needed.

INSPECTOR OF WIRES
MARSHALL R. MacMILLAN

Appointed: February 1932
Retired: December, 1969
Deceased: March 28, 1976

REPORT OF THE WIRE DEPARTMENT

I wish to thank the Board of Selectmen and all the Town Departments for their cooperation and assistance during the past year. My thanks to the members of the Wire Department for their continued excellent work.

Respectfully submitted,

LEWIS E. PARK
Inspector of Wires

During the year, 1976, \$186.70 in fees were collected and turned over to the Town Treasurer.

Reweighing of 580 food items was made at the various markets, number correct 572, number overweight 5, number underweight 3.

I wish to thank your Honorable Board and all Town Departments who assisted me in 1976.

Respectfully submitted,

PAUL D. WILLIAMS
Sealer of Weights and Measures

REPORT OF THE FENCE VIEWERS

REPORT OF THE FENCE VIEWERS

December 31, 1976

On March 11, 1976 Mr. Nathaniel C. Lord of 36 West Side Road, Milton, was appointed a Fence Viewer by the Board of Selectmen. Mr. Lord fills the vacancy caused by the death of M. Joseph Manning, 243 Thacher Street, Milton.

All complaints received during the year were disposed of by the Building Commissioner.

Respectfully submitted,

MISS TERESA SHAUGHNESSY
MR. NATHANIEL C. LORD

Fence Viewers

PARK DEPARTMENT ANNUAL REPORT

The following is the Annual Report of the Board of Park Commissioners for the year ending 1976.

Mr. John S. Shields was re-elected to a three year term on March 6, 1976, and the Commission was organized with Philip E. Casey as Chairman, John S. Shields as Secretary and John T. Landry as the third member.

Programs offered by the Park are as follows:

Basketball	Girls' Softball
Gymnastics	Baton Twirling
Street Hockey	Women's Slimnastics
Ballet	Ski Instructions
Acrobatic Dancing	Men' Softball
Volleyball	Women's Softball

Girl's Softball enrollment continues to increase, with over 400 girls participating.

Mothers have followed their daughters, with the formation of several softball teams.

The Board was pleased to see the completion of the Lighting Project at Pierce Field. The lights proved to be a very popular adjunct to the Recreational Complex of the Town, providing lighting for the four tennis courts and softball diamond.

The Men's Softball League played their games under the lights from May through September, four nights a week.

The Department's Exceptional Children's Program continues to be rated as "One of the outstanding in the Commonwealth".

Ski Instructions, with over 450 residents participating in the program, maintains its high popularity among Town residents.

Capital improvements completed:

New skinned diamond at Pierce Field.

Resurfaced and painted four tennis courts at Pierce Field.

Rebuilt baseball diamonds at Lamb, Kelly, Andrews and Eliot.

Tennis monitors were utilized at Pierce and Kelly Fields' tennis courts, to insure that Park Department rules and regulations were enforced. It proved to be an effective method in regulating tennis play. Due to the high rate of vandalism with tennis nets, it was necessary to install wire nets at Pierce. A total of 13 nets were stolen or destroyed at Kelly and Pierce. The average cost of a nylon tennis net is approximately \$100.00.

Boys' and Girls' Gymnastics is available on both Saturday and Sunday at the High School Gymnasium. This is in addition to the six week program conducted during the summer months.

The Department's Recreation Programs are diversified, with the perspective of reaching out meeting the needs of all ages.

The Board is pleased with the progress of the Norfolk County Recreational Facility (old Wollaston Golf Course), which presently offers ten lighted tennis courts and it is anticipated that the eighteen hole golf course will be open approximately June 1, 1977.

The Board of Park Commissioners would like to thank the dedicated employees of the Department, the other Town Departments, Boards, and Commissions who have helped and assisted the Park Department within the past year. We are greatly indebted to those Civil, Fraternal and Religious Groups and many Volunteers whose efforts contributed to the success of the Park and Recreation Programs in Milton.

Respectfully submitted,

PHILIP E. CASEY, Chairman

JOHN S. SHIELDS, Secretary

JOHN T. LANDRY

Safety Officer Eugene Mason who was appointed on March 29, 1951 retired effective May 31, 1976.

Lieutenant Domenic V. Giuliano retired on August 15, 1976 after thirty-eight years with the department. Lieutenant Giuliano was appointed on September 15, 1938.

On March 5, 1976 the Department acquired a 1976 Ford Modular Ambulance for emergency medical transportation.

At the start of this year we had three officers certified as EMT-A's and during the year three more officers were certified. Eleven officers started training in the fall and will be certified early in the new year.

Patrolman Albert Williams was appointed to the Department on June 7, 1976.

Patrolmen Paul Baleyko, William Cawley, Frederick Ochs and Albert Williams successfully completed training courses at the Boston Police Academy.

The morale of the Department continues to be good and the members are to be commended for their devotion to duty.

To the officers and men of this Department I wish to express my sincere thanks for their continued loyalty and cooperation. I also wish to thank the Board of Selectmen, the Justices, Clerks and Probation Officers of the Courts and the officials and employees of other Town Departments who have assisted us during the year.

Respectfully submitted,

JOHN E. WHEARTY
Chief of Police

REPORT OF THE
TOWN TRAFFIC COMMISSION

REPORT OF THE
TOWN TRAFFIC COMMISSION

January 17, 1977

To the Honorable Board of Selectmen:

I herewith submit the annual report of the Town Traffic Commission for 1976.

The following are members of the Traffic Commission:

Chief John E. Whearty, Police Department, Chairman
Chief John J. Grant, Fire Department
Lawrence W. DeCelle, Jr., Director of Public Works
Albert P. Zaniboni, Superintendent of Streets
Lewis E. Park, Superintendent, Wire Department attended the meetings as an advisor.

Six meetings were held during the year. They were properly posted by the Town Clerk as required by law.

The following requests from various town departments and citizens were acted upon:

2 Requests for One-Way Streets — one was recommended, one was not recommended.

Request to close the median strip at Governors Road and Edge Hill Road was approved.

Request to bar commercial vehicles from using Reed Street in both directions was approved.

Request that "Watch Children" signs be erected at Victoria Street at Savin Street was approved.

Request regarding parking violations in the Byrne Road area was referred to the Engineering Department so they could canvass the residents before any changes in parking regulations were made.

Request that commercial vehicles be banned from Centre Street between Brook Road and Adams Street was not recommended because no practical alternate route existed.

Request for "No Parking" signs in front of 36 Rockwell Avenue was not recommended.

Request for two "Stop Signs" on the Wood Street ramp at Adams Street was recommended.

Request for a service zone on the north side of Eliot Street between High Street and Fallon Ambulance Property line was not recommended.

A Town Meeting member requested that the Traffic Commission render an opinion "on the effect of any further increase of traffic on Adams and adjacent streets should the variance from residential zoning to commercial zoning use of the property at 630 Adams Street be allowed by the Board of Appeals". It was further requested that this opinion indicate the effects concerning volume and public safety. A twenty-four hour traffic study was made but due to the lack of plans and detailed information concerning this variance the Traffic Commission was unable to form a firm opinion in this matter.

REPORT OF THE
TOWN TRAFFIC COMMISSION

The traffic situation on Highland Street, Hallen Avenue, Reed Street and Thacher Street was studied by the Committee. It was recommended that "Do Not Enter" signs be posted at Hallen Avenue at Randolph Avenue and Thacher Street at Brook Road. The sign at Hallen Avenue proved to be effective but the signs at Thacher Street and Brook Road were not effective unless the area was constantly supervised so this sign was removed.

Respectfully submitted,

JOHN E. WHEARTY, Chairman

REPORT OF THE BOARD OF RETIREMENT

Milton, Massachusetts
February 10, 1977

TO THE HONORABLE BOARD OF SELECTMEN:

The Financial report of the Board of Retirement for the year ending December 31, 1976 is submitted herewith.

As of December 31, 1976 we have 419 employee members and 162 pensioners and survivors receiving benefits under the Milton Contributory Retirement System.

Non-Contributory pensions and annuities will be found in the Financial Statement of the Town Accountant.

Respectfully submitted,

JOSEPHINE M. McATEER

PAUL F. HIGGINS

OLIVER S. SUGHRUE

REPORT OF CONSERVATION COMMISSION

To the Honorable Board of Selectmen and the Citizens of Milton:

Back in 1957 when the Massachusetts legislature first drew up the adoption of town conservation commissions, the "public" was doubtful, some even opposed, and many uninformed as to the worth of a conservation commission. Now the practices of conservation in its wide field are accepted, albeit at time begrudgingly, but they are recognized as a necessary part of environmental plans. The State realizing that many people had varied ideas about land use and planning passed the Growth Policy Act which asks for citizen participation. The chairman of this commission along with chairmen of other boards and citizens met frequently to respond to the official questionnaire on the Town's past, present and future growth. Because of this need to be informed of the Town's future plans, we have met with the Planning Board, the Town Planner, the Selectmen and Executive Secretary and the Youth Department for the purpose of an exchange of ideas.

We conducted three formal wetland hearings: Milton Academy on the construction of a maintenance building; Cemetery Trustees on dredging the cemetery pond; M.D.C. on improvements in the Houghton's Pond area. We also met informally with the Massachusetts Department of Public Works regarding their plans to widen the Southeast Expressway. We have followed up these hearings with on-site viewing to watch the progress and also followed-upon previous wetland hearings ie; boat pier on the Neponset, quarry at the Town Dump and Wollaston Golf Course.

We have walked parcels of land with landowners to advise them on wetland areas. We appreciated the guided tour sponsored by the Selectmen of the fifty-five acre Lamb property. We also walked it privately and at other times with the Town Planner and the Executive Secretary. At almost all of our regular meetings we have discussed the various uses and town needs of this significant piece of land.

We were very encouraged with the response and enthusiasm of the Victory Gardens at Cunningham Park. The Trustees of the Park very kindly permitted us to enlarge the area enabling forty gardeners to plant. We also extended the water line for these new gardens.

Other groups in town have asked for our assistance. We appropriated \$200 to the Milton Garden Club which conducted a contest within the Club of a landscape plan for the Mary A. Cunningham School grounds. As a result of this effort last May, various shrubs and trees were planted by the Club and have done very well. We hope that this kind of project in other schools and parts of the town will be continued.

The Youth Center has met with us and we have given them an opportunity to explain their plans for recycling at the Town Disposal Center. We are very supportive of their hard work to get this section of the dump on a sound financial basis. With Town support of this important effort, it is gradually making headway and they are to be highly commended. It was a disappointment that the Bottle Bill did not pass and we wholeheartedly voted to support it. We went to hearings, worked on the campaign and wrote letters.

Our only piece of land acquisition this year was a gift of a strip of land along the Neponset River from Jenkins Transportation Company. We were very happy to accept this gift as it further adds to the greenbelt around the Town.

Through our weekly column, "Conservationally Speaking...." we inform the citizens of our activities, proposals and conservation interests. We welcome anyone to our meetings and run a weekly ad in the paper informing the public of these meetings.

REPORT OF CONSERVATION COMMISSION

Through these various efforts we hope that conservation will continue to be on everyone's mind and our Townspeople will support or contribute input to this end.

Respectfully submitted,

ROBERT C. OLDFIELD, Chairman
PHILIP E. CASEY
ANDREW H. COX
MARTHA CURTIS
PATRICK H. DONAHUE

ANN M. WALSH

REPORT OF ASSESSORS OF TAXES

January 10, 1977

To the Citizens of Milton:

The Board of Assessors is pleased to submit the following reports:

Annual Report of Activities: January 1, 1976 - December 31, 1976

Report of Receipts and Expenses for Fiscal Period: July 1, 1976 -
June 30, 1977

At the annual Town Meeting of March 6, 1976, Thomas S. Gunning, Jr. was re-elected for a term of three years. The Board organized as follows:

Daniel E. Duggan, Jr. — Chairman
M. Joseph Manning — Secretary
Thomas S. Gunning, Jr.

To comply with the ruling of the Massachusetts Supreme Judicial Court to effect uniformity in valuation and assessments, the Assessors offered a plan of revaluation of all properties within the Town of Milton to the Town Meeting of March 13, 1976. This plan received the unanimous approval of the Town Meeting and an appropriation of \$33,800.00 was voted to implement phase one of the program.

The first step in the development of the revaluation plan was for the Board of Assessors to meet with those Assessors representing cities and towns that had undergone revaluation within recent years. The information received was most helpful to us. Plans were made to engage the services, on a full time basis, of a qualified Appraiser, with revaluation experience if possible, to head up the revaluation program for Milton. Advertisements were placed in the Banker and Tradesman, Massachusetts Assessors Journal, and the Milton Record-Transcript.

Interviews were held during the months of October, November and December with those applicants for the position. Consultations and meetings were also held in relation to this position to enable the Board to engage the services of the most qualified person to carry out this program. It is expected that the Appraiser will be selected in January, 1977.

It is the intent of the Board of Assessors to keep the citizens of Milton informed periodically as plans are developed to implement the revaluation program.

The Board of Assessors wish to thank those Departments that have cooperated with this Department during the past year. To those cities and towns that we met with during the past six months in conjunction with revaluation we express our sincere appreciation. As in the past, the assistance and cooperation of Town Counsel, Robert D. O'Leary was most beneficial to the Town. To our own staff, we express our sincere gratitude for excellent performance during the past year.

The detailed statement of Receipts and Expenses follows:

REPORT OF THE MILTON PLANNING BOARD 1976

January, 1977

At the organizational meeting of the Milton Planning Board on March 11, 1976, C. Mitchell Draper was re-elected Secretary, and Planning Board member to the Conservation Commission.

The Board welcomed the new member, Mr. Robert J. Kelly, to replace Mr. Robert Hoy who had served for three years as our legal advisor and indispensable source of advice in regard to the many legal questions facing the Board.

The Planning Board met forty-two times during 1976 and the events of the year were not only important with respect to the future of the Town, but the Board witnessed two major changes in its makeup.

In May, Mr. Richard Fitzgerald tendered his resignation which was accepted with regret. He was senior member of the Board and had contributed more than ten years of service to the Town.

In June, C. Mitchell Draper, Jr., who had served as our able Chairman in recent years, also resigned. At two joint meetings with the Selectmen, Mrs. Suzanne C. Collins and Mr. Roger L. Gregg were appointed to complete the terms of Mr. Fitzgerald and Mr. Draper, respectively, until the March elections in 1977.

In the early part of 1976, the principal difficulty facing the Planning Board was the slow rate with which the existing subdivisions in the Town were being completed. A great deal of the Board's time was spent discussing this problem with the respective developers and making it clear that the subdivisions would not be permitted to go on indefinitely without being finished.

Completion of the Master Plan was perhaps the single most significant issue during fiscal 1976, and as a result, two public hearings were held on the Master Plan to assimilate the ideas of the Town residents. At the first of the public hearings held January 22, 1976, discussions centered about zoning changes in East Milton, as well as residential apartment changes in Milton Village, but because of a negative feeling generated by Town residents these two ideas were set aside.

With publication of the new Zoning Act, a number of decisions that directly affect the Town are being reviewed carefully as to their impact.

On November 18, 1976, a second public hearing was held on the final sections of the Master Plan with regard to zoning and long-range sewer recommendations.

The Master Plan is in its final stages and the Board is making an all-out effort to have the final recommendations available by the early part of 1977.

In addition to the changes in the make-up of the Board during 1976, we were fortunate to obtain the services of Mrs. Genevieve M. Byron who offered to take over the secretarial duties as a result of the resignation of Mrs. Thomas D. Manning who is now with the Water Department.

It would have been impossible to complete such a busy year without the able services of Mr. Paul D. Kanter, Planning Engineer, with assistance from Lawrence W. DeCelle, Jr., Director of Public Works.

With so many important projects now facing the Town, the Board can assure you that it will continue to look out for the best interests of our community.

Sincerely,

J. WILLIAM DOLAN, M.D.

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY

January, 1977

To the Citizens of Milton:

Another year has passed, a year in which our Libraries were just humming with activity and brimming over with many beautiful and useful books, records, tapes, pictures, and a number of services planned to help everyone. All of this indicates how much the people of Milton care for their Library and how anxious we are to please. The Library is truly the hub of the town of Milton.

We are grateful this year for the many donors and benefactors who have done so much for us both materially, and in services. Several of our patrons have given us sizeable checks which are very welcome. Some of this money is to be used during the course of the year, while other checks are to be added to existing funds, the interest on which becomes available for spending each year. We use this money to purchase expensive books or sets of books, unusual equipment or something exceptional, not within our budget.

We receive many gifts of services, too. The Milton Garden Club continues to keep the desks and rooms bright and cheerful with beautiful and unusual flower arrangements — truly a gigantic task. We wish to extend to Mrs. Clarence C. Reed, who was in charge of this project this year, our sincere thanks for a job well done.

Many thanks also to our good friend, Mr. William Pedersen, Editor of the *Milton Record Transcript*, who includes each week in the paper our "Library Column" which publishes the titles of new books and services or discusses any problems which may come up. We receive many compliments on this column and, of course, thanks for it is due to Miss Shaw and the Librarians who take turns writing it each week.

We are grateful also for the "Library Tote Service" inaugurated by the Milton Woman's Club: for their generous gift and that of the Milton Evening Division, too. We wish to thank especially the Milton Junior Woman's Club for sponsoring our "Library School", so popular with the pre-school set, which they hold in the Spring and Fall at Central and the Branches. It is very well organized and certainly an outstanding contribution to the Town by these young women.

A word of thanks as well to the exhibitors in our Gallery. Our monthly shows are a source of beauty and pleasure for the people of Milton.

We have always been proud of our loyal and hard-working Staff. It was with regret that we accepted the retirement of Mrs. Katherine P. Jeffery, our Young Adult Librarian. Mrs. Jeffery has guided the reading of our town youth with kindness and understanding. She leaves well thought of and highly respected both by the Trustees of the Library and by the people of Milton. However, retirement for Mrs. Jeffery is a reward for years of service. She will now have time to pursue her hobbies, to volunteer and to travel. I understand that a trip to Japan is on the agenda. We wish you well, Katherine Jeffery.

We now have a new Young Adult Librarian, Mrs. Catharine B. King. We welcome Mrs. King and hope that her years with the Milton Public Library will be a pleasure.

Our Trustees have attended various meetings for Trustees and Librarians both at the State level and at the New England Association level. The material presented at these meetings is very helpful and informative. It is interesting also to meet Trustees and Librarians from other towns and to compare notes on similar problems. The time and effort required is well worthwhile.

Each year we refurbish our buildings to a certain extent. We complete previously planned painting and decorating and add whatever is possible to contribute to the comfort

REPORT OF THE
TRUSTEES OF MILTON PUBLIC LIBRARY

or benefit of our Staff and patrons. This year not much was done. We are badly in need of additions to Central and the Branches, but because of town economy we have not even broached the subject. However, we will have to do so in the near future. This year fans were installed in the high windows of the Reading and Reference Rooms at Central to offset the excessive heat during the summer, but delivery was late and they proved noisy. However, they will be adjusted later and we will benefit from them next summer. Because of the high ceilings at Central air conditioning would be impractical and expensive. We also have a much-needed new book stack section at Central. We could use more, but space is at a premium. We are just bursting at the seams. A door check of the number of people using the Library was a surprise and a delight. The number ran over 50,000 in 6 months.

I would like to mention again, as in other years, that your Trustees are empowered by State Law to have full charge of the Library buildings and grounds. As a conscientious Board we make the best decisions possible. With our election we assume this responsibility.

In concluding this report we wish to record our thanks and appreciation to our excellent Staff and especially to our Director, Miss Marjorie Shaw, for outstanding quality of service through the years.

Trustees of Milton Public Library

REPORT OF THE MILTON PUBLIC LIBRARY

January, 1977

To the Board of Trustees of the Milton Public Library I have the honor of presenting the annual report for the year ending December 31, 1976. This is the one hundred and fifth annual report.

Milton Library, along with the rest of the country, has spent much of 1976 looking backward. We have no facilities for putting on our own programs to celebrate the Bicentennial, but we could and did help various town organizations and schools do the research necessary for producing their own celebrations. Thanks to the Milton Historical Society we had several outstanding historical exhibits in the display cases at Central Library.

To steal a title from one of our new book lists, "Now That the Cheering's Over", we must do an about-face and plan for the years of expansion and growth ahead. It will be a busy time and will require many shoulders to the wheels. However, the Staff always has risen to meet any demands and certainly will again.

At a suggestion from the Warrant Committee in July, 1976 we began keeping a "head count" of our patrons as they came into the various libraries. The results were surprising, even to us. We feel we missed out many times when whole groups came in at once and one person on duty at the desk could not keep up with telephone questions, charging machine, patron's requests, and the counter clicker. At Central Library people using the copying machine in the front lobby or those going upstairs to visit the Art Gallery probably were not accurately counted. However, actual totals were: Kidder Branch - 10,765; East Milton Branch - 12,741; and Central Library - 29,984 making a total of 53,490 people using the Library from July through December. Thus, since January through April are considered our busiest months we can safely say that probably over 100,000 patrons use the Library year-round.

STAFF

Our major change in staff came in August, 1976 when Mrs. Katherine P. Jeffery, Young Adult Librarian, retired after twenty-six years of dedicated service to the young people of the town. She began work here as Children's Librarian, then branched out and instituted library service to the elementary schools, and finally became Young Adult Librarian when the addition was built and a Young Adult Room added. She was active in several local, state, and national groups working for the best in Young Adult Library Services. Her high ideals have left a permanent mark on Milton Library and its aims.

When we started to interview candidates for our Young Adult vacancy we were inundated with applicants, totaling sixty-three before we finished. From that large group we were very fortunate to find Mrs. Catherine King, formerly the Young Adult Librarian in Wellesley. She has fitted right into our library family and already is starting new projects for the young people.

Other staff changes took place at the East Milton Branch. Mrs. Helen Quirk has become Assistant Librarian there, Mrs. Helen Gaffey has transferred from Central Children's Room to the East Milton Children's Room, and Mrs. Thelma Cluett began work full time at Central, dividing her hours between the Children's Room and her old job of Interlibrary Loan person in Central Adult Department.

Most of the Staff take turns attending professional meetings covering every department in the system. These meetings afford excellent opportunities of gathering new ideas, meeting old library friends, discussing mutual problems and their solutions, and often being thankful we work here not there.

EXTENSION OF SERVICES

At the present time the Library is hampered by a lack of facilities for extending services to the various sections of the town not now covered by adequate Library service. Years ago when the Scotts Woods Branch was closed we promised that neighborhood that we would be back with some substitute for the little one-room building they had had. That promise was never kept, due to a whole chain of circumstances and changes in plans.

Several times we have presented plans for a bookmobile to cover five "forgotten areas" of the town, and to cover the playgrounds during the summer. Each time, including our recent 1977-78 budget, the plan was turned down. It was our suggestion that such a vehicle be purchased from Federal Funds (Revenue Sharing).

Now comes a crisis which will have to take the place temporarily of town-wide extension of services. When we began to move books into the new stack section at Central we found there was not room enough to accommodate twenty sections that should be moved into this new section. The "new" addition to Central Library is now eighteen years old, and it is evident we have exhausted every inch of its available space. This addition was built at a time a so-called "educational explosion" was about to take place. No one could have foreseen that our new building was not going to be adequate to house such a growth. We are lucky to have been able to have maneuvered around and "made do" as long as we have. Space at the branch libraries is also at a premium.

Additions to Central Library and to each of the branch libraries are now necessities that must be planned for immediately. We understand that our present Central addition has bearing walls that were planned to take a third floor super-imposed on the Work Room and Young Adult and Stack areas. This possibility must be explored and architects consulted. At both branches there is land in the rear that is available for small additions.

So once again we feel the Bookmobile should be deferred, and a more useful plan for building additions be set in motion. By the time preliminary planning is completed Central Library space will be so seriously cramped that no Bookmobile can ever relieve the situation. Some later plan will have to be used to reach out to our scattered community.

POINTS TO PONDER

1. While we are in the process of looking ahead we will make a few more suggestions. For several years we have been asked to make no recommendations for additional help, or for salary raises. We have gone along with this despite a constant increase in Library business. Now we find some of our staff members are carrying an overload of work, and the Librarian is doing tasks that should be allocated to the Assistant Librarian. In our present set-up the Assistant Librarian is also the Cataloger. As the cataloging has become more and more a full-time operation the Assistant Librarian part of the job has had to be pushed aside. The Cataloging Department needs a full-time typist and clerk instead of the part-time person now working there. So, to summarize: we need a full-time Assistant Librarian, a full-time cataloger, and a full-time typist clerk.

Other departments also need people working full-time instead of part-time, but the start should be made in the Catalog Department.

2. A few years ago the Library was asked to try the experiment of getting along with a cut in custodial staff. We gave up our Superintendent of Buildings, and all town buildings were consolidated under the care of a town Superintendent of Buildings. This has proved to be very unsatisfactory as far as the Library is concerned. No one person can possibly handle the many details of keeping all the town buildings in top running condition and repair. The Library needs its own Superintendent of Buildings who would operate under the Town Building Superintendent. Also we have been cut in personnel so that several hours during the day there is no custodian on duty. All three buildings are getting along in years and they need detailed repairs and attention to the trouble spots *before* there is trouble, not *after*. It

is not a part of the Librarian's duties to take care of the buildings or to outline duties of the custodian. Twenty-five years ago this was the case, and we have regressed again to that point. The fact remains that small repairs are not getting done, tasks that should be done daily cannot be accomplished by the one man on duty at Central, or by the part-time custodians at the branches. Conditions during storms are very difficult. One man cannot keep the walks shoveled, the parking lot cleared, and roofs and drains cared for inside. It is not a saving of money when buildings, safety, and cleanliness suffer. The present plan is not working on regular days, not to mention crises like winter storms. The Library Trustees, the Librarian, and the Staff all feel dissatisfaction with the present plan. We have no one to call on in emergencies.

3. Some plan should be adopted for evaluating Staff performance. This is an essential part of up-to-date library procedures today, especially in a library of this size. However, the plan adopted must be studied carefully, and applied cautiously. If wisdom and tact are used for the first year or so later applications of the evaluation will be easier for all.

OLD PROBLEM — NEW SOLUTION

The bane of a librarian's existence is overdue books and fines. Now Milton Library has a new solution for this problem. In the Spring of 1976 Judge Kramer of the District Court of East Norfolk met with the librarians in this district to discuss his Earn It program. In the course of conversation on various problems of the libraries the Judge made a suggestion that our library patrons with long-overdue books be asked to appear at court to settle matters with the libraries concerned.

The result has been that usually a notice of such an impending procedure has brought many of our delinquent patrons to the library to return books and pay up old accounts. To take care of those who have not responded to a gentle suggestion there will now be a summons to appear in Small Claims Court.

We are trying to impress our patrons with the fact that we are a business organization, and that bills must be paid and obligations settled in regard to town property. We are greatly encouraged by the success of Judge Kramer's solutions to some of our most frustrating problems.

A FEW WORDS OF APPRECIATION

Perhaps this is the time and place to express our thanks to all the people who work hard to make the Library a success. Milton is so fortunate in having a dedicated Board of Library Trustees who realize the value of a fine Library. When problems come up for discussion they base their decisions on what is best for the Town and for Library principles and practices. That is the way it should be.

The cooperation and rapport of the Staff is outstanding. In a quiet efficient manner Library procedures are followed, and patrons given as prompt and courteous service as we can. With the Staff it is Library service before self.

Not least in the Library organization are our Library Pages. We could not operate without these young high school and college girls. They are always willing to do what is asked of them, and they do it in a dignified and businesslike manner. The older girls are trained to be responsible for semi-professional tasks, while the new girls are answerable for keeping the book stacks in order and seeing that books are shelved in their right places. Over the years at least fourteen of our Pages have gone on to Library School or to work in other libraries. Few libraries can match this record.

REPORT OF THE LIBRARY TREASURER

January 1977

To the Trustees of Milton Public Library:

The funds in the care of the Trustees were invested as summarized in the following tables of December 31, 1976.

	Book Value	Income for 1976
Common Stock	\$22,497.03	\$2,415.64
U. S. Treasury Bonds	3,780.00	170.00
Savings Bank Deposit	23,166.21	1,139.32
	\$49,443.24	\$3,724.96

The Trustees wish to express their deep gratitude to those generous-spirited citizens who made gifts to the library during 1976. Their public spirit is a continued inspiration to us all.

Two statements pertaining to funds in our control are appended as part of this report.

- (a) A list of the various funds by name and the investments in each.
- (b) A statement of the total investment income for 1976 and the disbursements from that income.

The library is the beneficiary of two other funds not in the custody of the Library Trustees. They are:

The Nathaniel T. Kidder Fund, which is in the custody of a Boston bank with the income therefrom remitted quarterly to the Town Treasurer.

The Oakland Hall Fund in the care of the Town Treasurer.

The income from those two funds is available only to the Library Trustees to be spent at their discretion. In 1976 we spent from that income as follows:

N. T. KIDDER FUND

Standard & Poor's Corporation Records and Daily News	\$ 725.00
Supplies for pre-school program (Spring)	140.38
Moody's Service	515.00
Massachusetts Rules of Court	10.00
Massachusetts General Laws	31.00
Restoration of Hinckley painting (partially reimbursed by a payment of \$200 from the Council of Arts & Humanities)	500.00
Standard & Poor's Register of Directors and Stock Guide	190.00
Massachusetts Laws Supplements	95.00
Standard & Poor's Outlook	110.00
Supplies for pre-school program (Fall)	172.68
	\$2,489.06

REPORT OF THE
CIVIL DEFENSE ORGANIZATION

REPORT OF THE
CIVIL DEFENSE ORGANIZATION

December 31, 1976

To the Honorable Board of Selectmen:

Gentlemen:

AUXILIARY POLICE DIVISION

Again this group has contributed greatly in their efforts to assist Milton to remain the type of community that we all want it to be. The forty-five members, under the direction of Police Lieutenant David E. Macdonald, have faithfully and diligently conducted their nightly patrols of the Milton Public Schools, recording over 6,000 hours of volunteer service.

In one such patrol officers discovered two youths in the process of breaking into a junior high school; they detained them, notified the Police Department, and acted to assist the regular officers who promptly arrested both men and charged each of them with burglary, larceny and destruction of school property. Both appeared in court and were found guilty and ordered to make restitution to the School Department.

Monthly and special meetings took place at Police Headquarters. Officers were qualified in the safe and proficient use of firearms, ten officers completed the American Red Cross first aid course for "first responders", several officers attended the Massachusetts Civil Defense Academy at Topsfield and all members were trained in basic police patrol procedures.

The Unit was pleased to assist the Town in its celebration of the Bicentennial on July 5th. Twenty-nine officers donated 420 hours of service that day.

All members are to be congratulated for their faithful and dedicated service. Particular thanks go to the Division Commanders, Captains William Mullen, Russell A. Pitnof and Murray D. Cole, and also to the Patrol Supervisor Lt. Lou Smith.

AUXILIARY FIRE DIVISION

During the past year the Milton Fire Auxiliary has been very busy, having meetings every two weeks for the purpose of training in techniques of firefighting and first aid as well as vehicle and equipment maintenance.

Bicentennial activities kept the seventeen member force active in representing the town in several regional parades. The Auxiliary's 1934 Maxim pumper won a trophy at the Fire Prevention Parade held in Needham. This brings to three the number of awards won by the Auxiliary in the past eighteen months.

Under the direction of Pvt. Paul Mason of the Milton Fire Department, the Auxiliary completed its first full year of operation. During that period its members have provided over 4000 man-hours of service to the Town of Milton.

Paul Mason and his entire group should be congratulated for their faithful and dedicated services supplied to the Town and, as is the case with the Auxiliary Police, at no cost to the Town.

THE COMMUNICATIONS DIVISION

The Civil Defense Unit continues to build up its communication facilities, primarily in citizens band radio and the use of the Massachusetts Civil Defense Network. "CB", popular with an increasing number of citizens, is becoming a valuable public safety link

REPORT OF THE
CIVIL DEFENSE ORGANIZATION

between the citizen and law enforcement agencies. The Auxiliary Police Unit maintains several base stations throughout the Town and employs full powered walki-talkies in their nightly patrols.

Now that CB has been expanded to 40 channels, it will be necessary to purchase at least one new set with this capacity as well as one that operates in the single side band areas.

Further work remains to complete the communications facilities in the Emergency Operating Center located at Police Headquarters, but hopefully this will be completed during 1977.

The continuous support of the Selectmen, Fire Chief John J. Grant and Police Chief John E. Whearty is deeply appreciated. The cooperation over the many years has been excellent and I would like especially to thank the Chief of Police, who is retiring this year, and to wish him well for the many years to come.

Respectfully submitted,

ARTHUR SOUTHALL
Director of Civil Defense

REPORT OF THE YOUTH COMMITTEE

January, 1977

During the year the Youth Committee undertook a complete analysis of the Youth Department, its program, its budget and its personnel.

The Committee stressed to the Board of Selectmen that the Department has been severely handicapped in its ability to perform for the past six months because of the tenuous status of the Executive Director.

The Committee indicated that the performance of the Department suffered from the fact that many key employees were living from month to month because funds no longer existed to employ them, "It should be noted that this year, in spite of an expanded program, the town budget is the lowest since 1972," the Committee stated in its report to the Selectmen.

The Youth Committee (6 of 7 members) recommended the Department be staffed with four professionals for implementation of the objectives set out by the Youth Needs Committee in 1971.

A minority report submitted to the Selectmen by Robert Fitzgerald requested the Department remain at its present budget level with no additional employees. Mr. Fitzgerald stressed the availability of services to youth of the town without duplication by the Department.

In spite of a negative outlook by some about the future of the Youth Department, last year was a very productive one. It was a year in which the potential of the Department was amply demonstrated by innovative and constructive programs. These results are substantially due to retaining the services of an Outreach Worker, Mark Quartochi, and Martin Joyce as Job Developer for ten months each.

The Outreach Program developed a five week seminar on Alcohol Awareness in the High School which serviced 550 students. Mark was responsible in administrating the \$2000 grant from the National Council on Alcohol. The Youth Department sponsored a poster contest involving 34 junior and senior high school students which was conducted by the Outreach Worker. Mark also administrated a grant from the Division on Alcoholism which involved 12 students in a regional program with students from 9 other communities. His contact on the streets with kids included another 550 teenagers and substantially reduced police complaints during the heavy drinking season. Further credits to his effort include a bus trip to Martha's Vineyard; Arts and Crafts Programs and rap groups involving 150 teenagers. Mark's major contribution to the Youth Department was initiating a non-profit corporation to take over the town's Recycling Center. This project evolved over a period of six months and included the start of self-policing practices by young people throughout the town.

JOB DEVELOPMENT

Martin Joyce occupied this position from October 1st, 1975 through September 30, 1976. His productivity resulted in helping 100 youngsters regularly employed by Rent-A-Kid. He was able to build a substantial list of potential employers who hired 32 teenagers full and part time throughout the year. Total earnings for employees was \$56,000.

Having a full time Job Developer also enabled the Department to solve the employment problems of 30 other teenagers via placement on the Neighborhood Youth Corps full time during the summer.

SPECIAL PROJECTS

The year 1975-76 was a formative one for the Youth Department. Besides the innovative development of the Recycling Center with a potential of \$10,000 yearly earnings, a Childrens Activity Group was initiated and directed by Pamela Smith.

Pam's role as Assistant to the Coordinator was fully utilized in this novel project that used high school child development students in a self-employment project. The after school program operated for a summer and fall eight week session with 5 high school students and 20 youngsters 5-7 years old each session.

Pam also coordinated the 3 Alcohol Awareness Conferences funded by a donation of \$2000 from the Henry B. Martin Fund. These sessions had 72 adults in attendance. A permanent Sub-committee on alcohol and youth was formed and 11 specific recommendations offered to the Board of Selectmen.

CRISIS INTERVENTION AND REFERRALS

The Youth Department received a grant for \$6141 from the Division of Drug Rehabilitation to employ a Clinical Psychologist-Intern.

Andrea Raffoni worked in this capacity to establish a liaison with the Juvenile Officer of the town. This resulted in 29 clients for referral some of which entered the newly created District Attorney's Diversion Programs at the Quincy Court.

Andrea started rap groups for teenagers involved with the police or courts and worked with 34 other teenagers through the youth center.

Education in Alcohol Awareness

Special programs provided by the Department were to Fontbonne Academy, Cunningham Junior High and small group seminars by Family Service Association of Greater Boston.

Arts & Crafts

Donna Robertson, a full time work study student during the summer, developed an effective arts and crafts program for the Summer Coffee House and the Youth Center. The total number involved were 80 youngsters. Donna also provided a Human Development class and rap groups over a period of six weeks. These sessions, co-directed by Mark Quortachi, worked with 85 other teenagers.

Sponsors of the Youth Department

Milton Junior Women's Club
Ann Sullivan - The Haunted House
Recycling Paper Drive & Neighborhood Pick-up
Sue McLauhin, Maureen McNeil, Margaret Gibbons,

REPORT OF THE DOG CONTROL UNIT

REPORT OF THE DOG CONTROL UNIT

January 4, 1977

To the Honorable Board of Selectmen:

In compliance with the Dog Officer's warrant we are pleased to submit our report for the period ending December 31, 1976.

Number of Stray dogs picked up	186
Stray dogs sold	50
Stray dogs put to sleep	68
Pound fees collected	\$ 526.00
Court violation fees	1,540.00
County reimbursement	1,700.00
Total	\$3,766.00

The Dog Control Program in the town, we feel has been very successful. Our constant and diligent patrol activities have kept complaints to a minimum. Violators of the by-law are contacted and every attempt is made to handle each case with tact and diplomacy as well as justice.

We wish to thank the Town Clerk, his office personnel and the clerks at Quincy District Court for their cooperation.

Respectfully submitted,

JOHN E. LANK
GEORGE F. DILLON

TOWN OF MILTON

REPORT OF THE TOWN ACCOUNTANT

REPORT OF THE TOWN ACCOUNTANT

January 13, 1977

To the Honorable Board of Selectmen:

I hereby submit the report of the Town Accountant for the twelve month period ending June 30, 1976 arranged as follows:

1. Detailed listing of all receipts of the Town.
2. Detailed listing of all expenditures by the Town.
3. Summary of all departmental accounts, showing Appropriations, expenditures and balances.
4. Recapitulation of departmental expenditures.
5. Balance Sheet as of June 30, 1976.

All original bills and vouchers on which monies have been paid from the Treasury and all trust funds in the custody of the Town Treasurer and Library Trustees have been examined and found to be correct.

Respectfully submitted,

JOSEPHINE M. McATEER
Town Accountant

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1976 \$931,208.30

This Fund is held by the Town Treasurer in accordance with Chapter 44, Section 50, of the General Laws.

Mary L. Peabody Fund

Amount held December 31, 1976 \$5,572.24

REPORT OF TOWN TREASURER

The clause under which this bequest is given is as follows: "To the Selectmen of the Town of Milton, Massachusetts, \$5,000.00 to be invested and the income thereof to be distributed annually to the poor at Christmas."

E.T.L. Reed Park Fund

Amount held December 31, 1976 \$6,300.73

EXTRACT FROM THE WILL OF ELIZABETH T.L. REED

"All of the rest, residue and remained of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said Town as a fund to be known as the 'Jason Reed Fund', and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said Town, in such manner as said authroities may deem advisable.

"I make the foregoing bequest in favor of, the Cemetery and the Parks in said Milton, both on account of the deep interest by my father, the late Jason Reed, deceased, in the affairs of the Town, and of my own profound desire for the welfare of said Town and of the citizens thereof."

Jason Reed Fund

Amount held December 31, 1976 \$2,626.67

Sarah G. Vose Fund

Amount held December 31, 1976 \$1,170.53

E. G. Tucker Fund

Amount held December 31, 1976 \$1,168.48

Herrick Fund

Amount held December 31, 1976 \$8,000.00

Bannin Family Fund

Amount held December 31, 1976 \$500.00

The Will of the late Thomas J. Bannin, Paragraph nine, reads as follows:

"I give to the Milton Cemetery the sum of \$500.00 to be established as a fund to be known as the Bannin Family Fund, the interest of which shall be used for the care of the Bannin lot in said Cemetery and to furnish suitable floral decorations on May 30th of each year and all other suitable occasions."

REPORT OF TOWN TREASURER

George A. Briggs Fund

Amount held December 31, 1976 \$1,000.00

The clause under which this bequest was left to the Town reads "for the perpetual planting of at least six geraniums each year on the family lot where the remains of Georgie A. Briggs are buried."

George F. Duffy Fund

Amount held December 31, 1976 \$1,000.00

George F. Duffy, late of 21 Waldo Road, Milton, the sum of \$1,000.00, the income therefrom to be used for "the care of shrubs and flowers on Lot No. 2624 in the Cemetery, said flowers to be placed on said lot from April 13 to September 10th each year."

Katherine A. Kelley Fund

Amount held December 31, 1976 \$1,000.00

The Will of the late Katherine A. Kelley of Milton, clause five, provides this Fund, the income of which is to be used for "care and flowers for the family lot."

Charles T. Pierce Fund

Amount held December 31, 1976 \$1,855.83

Charles T. Pierce, late of Brooklyn, N.Y., and Greenwich, Conn., bequeathed to the Milton Cemetery the sum of \$1,000.00, "the income to be used for the care of my family lot."

Mabel Hunt Slater Fund

Amount held December 31, 1976 \$1,000.00

Mary L. Peabody Cemetery Care Fund

Amount held December 31, 1976 \$1,746.54

Ewen MacSwain Fund

Amount held December 31, 1976 \$500.00

EXCERPT FROM SCHOOL COMMITTEE RECORDS – September 10, 1923

The Chairman presented to the Committee the following correspondence:

“To the School Committee of the Town of Milton:

“The Tuell Alumni Association herewith present, through your Board, to the Town of Milton, the sum of One Thousand Dollars (\$1,000.00) to be held as a fund in perpetuity, and the income thereof to be paid to the School Department and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize and to be awarded to the boy in the Senior Class of the Milton High School, who, in the opinion of the faculty of said High School, has shown the highest degree, those qualities that make for good citizenship, the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the Senior Class of the Milton High School who, in the opinion of the above said faculty has shown similar qualities.

“The prizes are to be awarded each year at the graduation exercises. If such exercises are omitted for any year, the prizes are to be awarded on some other occasion, near the close of the school year.”

Percy E. Sheldon

President, Tuell Alumni Association

June 2, 1923

For additional gifts to the fund, see report of 1947.

Nathaniel T. Kidder Fund

Amount held December 31, 1976 \$76,801.58

The following is an extract from the Will of Nathaniel T. Kidder.

Eighteenth:

REPORT OF TOWN TREASURER

"I give and bequeath to the State Street Trust Company ... the sum of Twenty-five thousand dollars (\$25,000.00) in trust ... the income only of which shall be paid at such times as the Trustees may from time to time determine, to said Town of Milton for the uses of the Milton Public Library system as the Trustees thereof for the time being may in their absolute discretion determine."

Governor Stoughton Trust Fund

Amount held December 31, 1976 \$18,720.90

The Governor Stoughton Fund is derived from receipts of the rental of the Town Farm, and is spent only at the direction of the Selectmen for purposes specified in Governor Stoughton's Will.

Helen D. McHardy Fund

Amount held December 31, 1976 \$500.00

E. Francis & Emily Kane Graduation Gift Fund

Amount held December 31, 1976 \$2,038.89

IN MEMORIAM

George F. Ramacorti Guidance Counselor

1955 - 1976

IN APPRECIATION

1976

The Public Schools of Milton
express their appreciation for the
dedicated service to children
of the following teachers
who retired in 1976:

Generosa C. Hagan - Head of Home Economics Department

Esther B. Pile - Milton High School Librarian

Francis W. Tatro - Director of Music

The Public Schools are appreciative
also of the dedication and contribution
of the following employees
who retired in 1976:

John L. Bouchard - Custodian

James B. Flaherty - Senior Custodian

Joseph L. Forsyth - Senior Custodian

James M. Pike - Senior Custodian

Fred P. Quatromoni - Maintenance

Catherine T. Hayer - Senior Bookkeeper

PUBLIC SCHOOLS - MILTON, MASSACHUSETTS

The School Committee herewith submits its annual report for the year 1976:

The Committee is pleased to report that the renovations and addition to the industrial arts space at the High School were completed in time for the opening of school in September. Serious problems of space and safety were corrected by this work and the results create an area of which the citizens can be proud. With the completion of this work, only the physical education area remains to be improved if we are to meet the major recommendations for physical improvements, as set forth in the findings of the committee for accreditation. Work on Tucker School remains unfinished as of the close of 1976, due to the inability of the contractor to complete the work according to the contract deadline.

Chapter 766, which assures special assistance for those pupils whose mental, emotional or physical problems hinder their ability to learn, received close and continuing scrutiny by the Committee throughout 1976. Even under the most careful administration, this statute places a substantially increased financial burden on the community, for many costs previously assumed by the state, through its various departments and agencies, now are placed directly on the individual towns and cities. The resulting effect on the tax rate is apparent. Citizens are assured that the Committee will strive continuously to provide the additional services for children that this law mandates but will strive with equal vigor to receive the greatest return for the money expended. Not since the law establishing public schools in every community has any single statute thrust such a substantial extra financial burden upon those communities, as has Chapter 766. The Committee is observing closely trends in class size and in school enrollment, cognizant that it must consolidate, when consolidation is possible and practical, and cognizant, also, of its responsibility to provide quality education to the pupils in the Milton Public Schools.

We wish to express to the Selectmen, the Warrant Committee and to all of the other boards and committees in the Town, our most sincere appreciation for the very excellent co-operation with the School Committee, demonstrated on so many occasions during 1976. Without this spirit of teamwork our work would have been even more difficult.

Respectfully submitted,

MARY R. FITZGERALD, Chairman
 JAMES G. MULLEN, JR., Secretary
 DAVID JEFFRIES
 WILLIAM A. EDWARDS
 LEO F. DUNPHY, JR.
 ROBERT C. SWEENEY

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Following is my seventh annual report as Superintendent of Schools:

In the spring of 1976 renovations and additions were started to Tucker School and to the industrial arts area at the High School. I can report to you that the work at the High School was completed in time for the opening of school in September and that the results are pleasing, as well as corrective of a previously dangerous and inadequate situation. I cannot report that the work at Tucker School progressed as well, however, for as of the end of December, 1976 no part of that school was ready to be occupied safely by students. The contractor on that project failed to fulfill the requirements of his contract, therefore the bonding company assumed the responsibility for the completion of the work, which had not been started as of the end of December. Because of the problems of construction at Tucker School and due to the outstanding spirit of co-operation on the part of St. Agatha's School, Temple Shalom, St. Elizabeth's Church, Curry College and our own principals, Tucker students have been housed in those institutions since September.

At the March Town Meeting a committee to study the physical education needs at the High School was approved and has been working diligently since then under the leadership of its chairman, Mr. Marvin Gordon. All physical education facilities both indoor and outdoor, will be investigated, as it is the last major area cited by the accreditation committee as deficient and in need of improvement, that has not been improved.

Because test results indicated that our elementary mathematics program needed to be studied and to be co-ordinated among schools, the School Committee appointed Mr. Leo Tyrrell, a full-time staff member at Pierce Junior High School, to the part-time position of Co-ordinator of Elementary Mathematics.

Due to the success of a program of instrumental instruction in the schools, that has culminated in a high school band of which the Town can be proud, the Committee last September introduced a program of instruction in stringed instruments that should lead in the future to a high school orchestra. The cost of instruction for stringed instruments currently is paid by parents.

Enrollment in the public schools continues to decline, true to the projections developed several years ago. Kindergarten enrollment decreased from two hundred and ninety (290) students in September, 1975 to two hundred and sixty-four (264) students in September, 1976, a decrease of twenty-six (26). For the two-year period September, 1974 to September, 1976 the decrease in kindergarten pupils was sixty-two (62). Enrollment in grades one through twelve decreased by one hundred and seventy-eight (178) students over the previous year and for the two-year period September, 1974 - September, 1976 it decreased by two hundred and ninety-two (292) pupils. These figures represent a total decrease in school enrollment of three hundred and fifty-four (354) students since September, 1974.

The rising costs of the implementation of Chapter 766, that requires the public schools to provide assistance to pupils with handicaps to learning, have resulted in a deficit in the school budget of 1976-1977. The School Committee has spent a disproportionate amount of time attempting to cope with this deficit and to better utilize special education funds, that similar deficits will not occur in the future.

To the members of the School Committee, the administrative staff and to all members of the professional and service staffs, I express my sincere appreciation for the support given me during the past year. To officials of St. Agatha's Schools, St. Elizabeth Church, Temple Shalom and Curry College I offer a special "thank you" for the very generous spirit of community co-operation demonstrated by their offers to allow us to house Tucker School pupils while that school has been undergoing renovations.

Respectfully submitted,

HARRY B. MCCORMICK
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

This is my seventh annual report as the Assistant Superintendent of Schools:

Nine new full-time teachers were hired during this school year and the final selections and School Committee appointments resulted from a thorough screening and interviewing process. Three of the nine were assigned to Milton High School: one in Art, one in Child Development and one in Mathematics. The elementary system received one Grade one teacher at the Collicot School and another was placed at the Pierce Elementary School in Grade two. In the area of Special Education a teacher was assigned to the Pierce Elementary School as a Learning Disabilities specialist; a Speech Therapist was employed to cover both the Pierce Junior High and Elementary Schools and a Diagnostic specialist (psychomotor) was assigned to cover the elementary schools. Finally, a new music teacher divides her time between vocal responsibilities at both Pierce Junior and Milton High Schools and instrumental teaching at the Pierce and Tucker Elementary Schools. Three members of our present staff were transferred within the system, two at Milton High School in Biology and Guidance and one to the Directorship of the Art Department. Six long-term substitutes were also employed to replace teachers who are on temporary leaves of absence from Milton High, Cunningham and Pierce Junior Highs, Collicot and Tucker Schools.

The school system and community were saddened by the death of Mr. Julian Alexander, Director of the Art Department, and Mr. George Ramacorti, High School Guidance Counselor, who dedicated their lives to many years of fruitful service to the children of our community.

This past school year also witnessed the retirements of Miss Generosa Hagan, Head of the Home Economics Department, Mrs. Esther Pile, Milton High School Librarian, and Mr. Francis Tatro, Director of Music. The combined service of these three educators represents a total of eighty years of effective teaching. We wish them well in future endeavors.

The appointment of an elementary Mathematics Coordinator was made in June and will provide a necessary coordination of Mathematics teaching at this level and lead to a grade-by-grade approach culminating in an orderly transition to the area of Junior High mathematics. The newly appointed coordinator brings a wealth of successful experience to the position and has already facilitated a good deal of progress.

Teacher evaluation requiring constant class observation, follow-up conferences and supervision remain as an important part of my role. New teachers have received continuous help and suggestions throughout the year in order to hasten their assimilation into our system and to promote the realization of their potentials. A series of orientation meetings were conducted throughout the year to help accomplish this objective. This office also screens and selects substitute teachers and coordinates a student teacher placement program with area colleges and universities.

In addition to my concern with the improvement of instruction, I have continued to provide the Superintendent of Schools with necessary help. Assisting him with the budget-making and collective bargaining processes; representing his office at various meetings and discussions and providing requested data on a variety of subjects are duties important to the proper functioning of this organization. An additional emphasis this year has been my involvement with the preparation of various reports and surveys required by the State and Federal governments and my specific responsibility for the coordination and implementation of Title IX of the Education Amendments of 1972 (Federal) and of Chapter 622 of the Acts of 1971 (State). In addition, I have assumed the responsibility for familiarizing myself with various State and Federal projects for which financial grant proposals may be written and have initiated several of these proposals.

My thanks go to School Committee members, the Superintendent of Schools, Principals, Directors, Department Heads, Coordinators and teachers for their cooperation and assistance.

Respectfully submitted,

JOHN M. HASKELL

Assistant Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT FOR BUSINESS AFFAIRS

This past year with the expansion of the Industrial Arts area at Milton High School the recommended improvements by the evaluation committee continue to be met with the Physical Education - Athletic Complex as the next objective. With the stress on more physical education - athletic activities for girls and greater participation by boys and girls in a greater variety of sports the need for additional square footage is required within the building and particularly the expansion of outside field facilities. During my eight year tenure, we have tried by resodding the athletic field to keep it green and suitable for athletic - physical education activities. Due to constant use it is impossible to keep suitable sod on this field as the two months of July and August do not provide sufficient growing time and are not the two best months for growing because of the heat. The additional areas needed for school use will also provide space for community use.

Extensive painting within the High School was part of the continuing program to maintain the building. A childrens toilet facility was installed in the nursery program room, additional student lockers were installed in the corridors, and folding tables were added to the cafeteria.

At Cunningham Jr. High the boiler safety inspector condemned the forty-one year old 1,000 gallon water tank and it was replaced. Two corridors, including lockers were painted - as were five classrooms, the health room and the Principal's office.

At the Pierce School, a new womens lavatory and a small teaching area was created out of an opening across from the cafeteria entrance, five classrooms were painted and outside painting of the Junior High portion of the building was also done.

A new flag pole was installed at the Collicot School, the outside area was painted, five rooms were painted and improvement to the public address system was made.

At the Cunningham-Collicot area eleven sodium lights were installed to illuminate the outside to provide greater visibility and reduce vandalism. To Richard Smart and his staff I wish to extend a word of appreciation for their efforts in keeping our buildings in repair.

Mr. Smart was the only hold over from last years six man staff and as the newly appointed Maintenance Working Foreman he coordinated the five appointees into a team.

My appreciation is extended to the Auxiliary Police and personnel of the Town Departments - highway, police, fire and town inspectors who have cooperated with school personnel to make our schools safer and better for our Milton students.

I extend my sincere thanks for the cooperative efforts of the School Committee, the Superintendent, Administrative Staff, Office and Custodial personnel for making '76 a rewarding and successful year.

Respectfully submitted,

ROBERT F. COOKE
Assistant Supt. for Business Affairs

MILTON HIGH SCHOOL

I herewith submit my sixth annual report as principal of Milton High School.

During the year we lost two outstanding educators. In December, Julian Alexander, the director of Art for the Milton Schools and an Art teacher at Milton High School for nineteen years died. George Ramacorti, for twenty years a teacher, guidance counselor, and head coach of football, died of a heart attack in the early Spring. Both men had contributed greatly to the youth of Milton with dedicated service in the High School.

Francis Tatro, the director of music, retired in June after thirty years in the Milton School Department. I know that the entire town joins me in wishing Frank a long and happy retirement.

Student activities continued at a high level with extra-curricula social and educational programs. The Volunteers again sponsored two Blood Mobiles, one in the Fall and the most successful blood drive thus far in the Spring. The Junior Achievement Program has grown so that this past year we had two companies operating in Milton, one at the High School sponsored by the Boston Edison Company and one at the Milton Savings Bank sponsored by the bank. The Band had a very successful exchange program with Fleming High School in Toronto, Canada.

With the groundbreaking and the start of the new construction and renovation for industrial arts the second major space problem has been solved. As a result of this and the efforts to update our other facilities the high school has been granted two years full accreditation by the New England Association of Schools and Colleges.

I offer my sincere thanks to the School Committee, the Superintendent, Assistant Superintendents, and the entire staff of Milton High School for their continual cooperation and support.

Respectfully submitted,

ROGER T. CONNOR
Principal

CUNNINGHAM JUNIOR HIGH SCHOOL

The 1975-76 school year was one dominated by the influence of the Chapter 766 mandates. Much progress was made in the area of aiding children with special needs as a result of many hours of meetings and paperwork by the staff and the administration. Most children with special needs are integrated in the regular school program creating the necessity to assist teachers (many of whom have had little or no training in this area) with ideas and materials which will enable them to better serve these children. Special tutors have been increased to three and we face the problem of finding a suitable place for them to work. In all, although much time and effort has been put forth by many people, there are still problems to be solved.

Changes in the school facility consisted of painting two corridors and several classrooms. The library was rearranged, within the limitations of the existing space, to provide an area for leisure reading. Additional funds were allocated to increase library materials. The Milton Garden Club sponsored a contest to improve the decor in the front of the gymnasium. Funds for planting the attractive shrubs and trees were in part raised at a plant fair as the result of a joint effort of our Blue and Gold Club and the Garden Club.

Interest continued high for student involvement in activities both during and after school. In addition, the Christmas presentation of "Scrooge" and the spring "Bicentennial Extravaganza" were tremendous successes.

An increase in enrollment of 15-20 students in grade seven for September 1976 was realized and a similar increase is anticipated for September 1977.

Finally, much credit for a successful year is due to the special services department, in particular, and to the faculty for their efforts in carrying out the special needs program in addition to their regular teaching responsibilities.

Respectfully submitted,

ALLEN G. ADAMS
Principal

PIERCE JUNIOR HIGH SCHOOL

The 1975-1976 school year was pleasant and educationally profitable at Pierce Junior High School as students and staff approached their assignments with enthusiasm.

Student participation in interscholastic and intramural athletics, student council, teacher aide and library aide activities were extremely popular.

The "Pierce Expo 1976" and "International Food Fair" held in May were among the highlights which added substantially to the school spirit. Expo featured an open house display of student projects in Science, Art, Shop, Social Studies and English. It was sponsored by Mr. Gary Maus and the Science Department.

Students, parents and teachers contributed epicurean delights representing all parts of the world for the food festival which was organized and sponsored by Mrs. Elizabeth Mercer and the Foreign Language Department.

The cooperation of the students, a dedicated staff, the administration and the school committee has made a successful school year at Pierce.

Respectfully submitted,

C. J. MCINTIRE
Principal

COLLICOT SCHOOL

I herewith submit my twenty-fifth annual report as principal of Collicot School. The faculty and I take this opportunity to express our appreciation to the parent volunteers who have helped with guidance and extra help to pupils new to Collicot who had not been exposed to the mathematics which regular pupils have had since Kindergarten, who guided learning activities of groups of grade one pupils while teachers and specialists were conducting small group testing, who aided with the screening of pre-school pupils, mothers and fathers who arranged, promoted, conducted and completed the annual book fair for pupils and those who typed reports for our overloaded specialists. All of this was accomplished as professionally as one could wish within the context of the regular school program.

The Collicot School Parent-Teacher Association made gifts to the school of a Bell and Howell duplicating machine, one more kit for our Systems 80 teaching machine and a number of paperback books to further expand our paperback library collection for which we are appreciative.

It is hoped that means will be found to decrease the pupil-teacher and pupil-specialist ratios so that the pupils of this district will have the instructional advantages realized in other school districts in the Town of Milton. I have pointed out continually in past annual reports of the inequality of the "equal treatment of unequals", yet each elementary school, regardless of its size, has one full-time reading specialist and one full-time physical education specialist to serve its pupils. This fact, coupled with a classroom membership which for decades has been the largest in town, does not give the individual pupil his fair share of the teacher's time. There may be hope in the fact that we are experiencing a decreased kindergarten enrollment and grade one enrollment lighter than that experienced for many years.

Space utilization is maximum with full-time remedial instruction taking place with one teacher in the audio visual supply closet, three teachers in the reading room, one teacher in the conference room, one teacher in the testing room, and one teacher in a corner of the resource center while the teacher aides work in the chair storage closet off the cafetorium and the speech specialist conducts her classes in a supply closet.

Respectfully submitted,

CHESTER W. RUGGLES
Principal

GLOVER SCHOOL

I herewith submit my thirteenth annual report as principal of Glover School.

Glover School continues to function as a two unit school with the exception of grade six. Because of the severe overcrowding at this level we were able to divide this class into three sixth grades. Smaller grouping at this level affords us the opportunity to individualize to a greater extent than before and therefore better prepare these children for junior high school.

The implementation of Chapter 766 finds our Core Evaluation Team directly involved with the diagnosis, preparation, remediation and follow through of all educational plans for children with special needs. The immediate responsibility for this program is under the direction of the Core Chairperson in each building.

For the past four years all sixth grade children have spent one week at Camp Wing in Duxbury. These children are given the opportunity to attend all classes in an outdoor setting. Mathematics, language, science, music, art, and physical education are all a part of the daily program under the expert teaching of teachers from Glover. I would like to commend these teachers for the enthusiasm and expertise that they put into this project each year. The work and responsibility is awesome and the children are fortunate to have such a dedicated staff working with them.

I am also most grateful to the P.T.A. for their continued financial support of this project each year.

Respectfully submitted,

MARY B. SCHOFIELD
Principal

PIERCE ELEMENTARY SCHOOL

I am submitting herewith my sixteenth Annual Report as Principal of the Pierce Elementary School for the 1975-76 school year.

Although we were unable to obtain a Resource Room for this school year, we are looking ahead optimistically for the achievement of this goal during the next school year. As I pointed out previously, one of the main purposes of the Resource Room would be to provide the most appropriate instructional setting for meeting the individual needs of children for whom Educational Plans have been written. The children involved in the program would receive small group instruction within their regular classrooms and then go to the Resource Room to complete individual assignments in a structured setting. The time in the Resource Room would be used to diagnose individual pupil needs and to provide appropriate instruction in one or more subject areas. Not only would the children be assisted in overcoming learning difficulties, but modifications in their regular school programs would be made when necessary. The main goal of this facility would be to enable the children to spend increasing amounts of time back in their regular classroom situations.

The Resource Room concept is a response and possible solution to a specific set of problems which have been causing very difficult instructional conditions at Pierce Elementary School. Once again, the acquisition of a Resource Room would effectively provide the most efficient offering of a wider range of needed services to pupils, flexibility in scheduling, closer supervision of tutors and instructional aides, maximum use of educational materials, better deployment of materials to the classrooms and the most effective use of desperately needed space.

Respectfully submitted,

ROBERT G. CONNOLLY
Principal

TUCKER SCHOOL

I herewith submit my twenty-first annual report.

Our greatest achievement for the school year 1975-1976 has been maintaining the established educational goals for our pupils amid the daily distractions relevant to the renovation of Tucker School.

Faced with the dilemma of finding suitable housing for our September opening, I was encouraged by the generous response of local groups. Physical moves were altered as the year progressed and as December ended our surroundings were as follows: Kindergartens are located in the Parkway Methodist Church after occupying the church hall at St. Elizabeth's; Grades one and two are moved to Curry College from Temple Shalom; Grade three is housed at St. Agatha's parochial school; Grade four is in a Glover School classroom and library; Grade five is at the Pierce Elementary and Junior High libraries, and Grade six is at Milton High School.

The administration of our Great Adventure has been successful due to the tremendous cooperation and understanding of all school personnel, town officials especially Safety Officer Ernest Rau and the Metropolitan Transportation Company officials who have provided efficient daily departures and returns.

Finally, the burden of such an endeavor has rested on the Tucker School Staff who have been magnificent in meeting the challenge, exemplified by their positive attitudes and enthusiasm.

The Camp Wing project was successful again for our sixth grade pupils. This unique educational experience affords everyone involved an opportunity to explore, study, and appreciate the Wonders of Nature.

Our gymnastic team was invited to demonstrate their proficiencies for a Boston University Physical Education Demonstration Clinic. Letters of commendation and appreciation were received from College officials expressing their pleasure with the children's performance.

In closing my report I should like to commend two outstanding custodians who have retired from their duties at Tucker School. James M. Pike and John L. Bouchard will long be remembered and sorely missed by pupils and teachers alike for their many kindnesses, conscientiousness, and efficient job responsibilities.

Respectfully submitted,

ELEANOR C. BLAINE
Principal

SUPERVISOR OF ATTENDANCE

I herewith submit my annual report as supervisor of attendance for calendar year 1976.

Home visits - 330
Residency investigations - 175
Court appearances - 2

At the request of the board of selectmen, Thomas Smigliani of the social studies department at Milton High School and Max Horvet, Milton youth coordinator, arranged seminars for the students conducted at Milton High School.

Milton police officers discussed Police Youth Relations, Alcohol Use and Abuse, Vandalism, and enforcement of town by laws and Mass. General Laws relating to these problems.

During the course of the seminars most of the students at the High School voluntarily participated in the discussion and both the students and the police officers felt they were beneficial.

Respectfully submitted,

GERARD R. MATTALIANO
Supervisor of Attendance

MILTON TOWN RECORDS IN
THE MUNICIPAL YEAR 1977

1977 ANNUAL MARCH MEETING
WARRANT

Commonwealth of Massachusetts)
County of Norfolk) ss.

To any of the Constables of the Town of Milton in said County:
GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and in Town affairs, to meet at the several designated Polling Places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School Hall, Blue Hills Parkway.
In Precinct 2.	Basement, Kidder Branch, Milton Public Library, Blue Hills Parkway.
In Precinct 3.	Milton-Hoosic Clubhouse, Central Avenue
In Precinct 4.	Basement Playroom, rear of Pierce Elementary School on Gile Road.
In Precinct 5A.	Gymnasium, Pierce Junior High School, on Gile Road
In Precinct 5B.	Gymnasium, Pierce Junior High School, on Gile Road.
In Precinct 6.	Gymnasium, Cunningham Junior High School, Edge Hill Road.
In Precinct 7.	St. Agatha's School, Adams Street.

on Saturday, March fifth next, at eight o'clock in the forenoon then and there to bring in to Precinct Officers of their respective Precincts their votes on one ballot respectively for the following named Town Officers, to wit:

Three Selectmen and Surveyors of Highways for the term of one year.
One Town Clerk for the term of one year.
One Assessor for the term of three years.
One Town Treasurer for the term of one year.
Two Members of the School Committee for the term of three years.
One Park Commissioner for the term of three years.
One Member of the Board of Health for the term of three years.
Four Constables for the term of three years.
Three Trustees of the Public Library for the term of three years.
One Trustee of Cemetery for the term of five years.
One Member of the Housing Authority for the term of four years.
One Moderator for the term of one year.
One Member of the Planning Board for the term of five years.
One Member of the Planning Board for the term of two years.
One Member of the Planning Board for the term of one year.
One hundred and two Town Meeting Members as follows:

Precinct 1.	Fourteen for three years.
-------------	---------------------------

MARCH MEETING

Precinct 2.	Eleven for three years. One for one year.
Precinct 3.	Seven for three years. Two for two years.
Precinct 4.	Nine for three years.
Precinct 5A. and 5B.	Twenty-six for three years. One for two years. One for one year.
Precinct 6.	Fourteen for three years. One for one year.
Precinct 7.	Twelve for three years. Two for two years. One for one year.

Also to vote upon the following question which will be placed upon the official ballot.

Shall the Town accept the provisions of Chapter 71, sections Sixteen to Sixteen I, of the General Laws, providing for the establishment of a regional vocational-technical school district to consist of the towns of Dedham and Natick together with Milton or Wellesley, or both as voted to accept such sections, and for the leasing and construction, maintenance and operation of a regional school by the said district in accordance with the provisions of a proposed agreement filed with the Selectmen:

YES

NO

Shall the Town distribute to its insured employees, after deducting the Town's total administrative cost the balance of any group insurance dividend which shall be based upon the employees' proportionate share of the total premiums paid for all insurance coverages?

YES

NO

For these purposes the polls will be open at each and all of said Precincts at eight o'clock in the forenoon and will be closed at eight o'clock in the evening.

And thereupon by adjournment of said meeting on the following Saturday, to wit, March twelfth next, at one o'clock in the afternoon at the Milton High School Auditorium, 391 Brook Road in said Milton, then and there to act upon the following Articles. One through 56, appearing on pages 18 through 60.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of the Warrant in each of the post offices of said Town seven days at least before the fifth day of March, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said fifth day of March, next.

Given under our hands at Milton the Third day of February, Nineteen Hundred and Seventy-Seven.

(Signed) John P. Linehan
James D. Colt
Walter F. Timilty
Board of Selectment

MARCH MEETING

Commonwealth of Massachusetts)
County of Norfolk) ss.

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the times and places and for the purposes therein mentioned by posting attested copies of the same in the Post Offices of the Town on February 23, 1977 and leaving attested copies at the dwelling of the inhabitants.

(Signed) John E. Whearty
Constable of Milton

The Warrant, including report of the Warrant Committee and recommendations on the Articles in the 1977 Warrant, was posted in the Post Offices at East Milton and at Milton Village on February 23, 1977. The Warrant was delivered to the homes of the inhabitants on February 24, 1977, and filed in the Town Clerk's Office February 24, 1977.

For these purposes, the polls were opened at each and all of the said Precincts at eight o'clock in the forenoon and were closed at eight o'clock in the evening.

The Town Clerk upon receipt of the returns from the several precincts, forthwith canvassed the same and announced the results at 5:55 A.M. March 6, 1977.

The Meeting adjourned at 5:55 A.M. March 6, 1977, to meet on the following Saturday, to wit, March 12th, next, at one o'clock in the afternoon at the Milton High School Auditorium, 191 Brook Road, in said Milton, then and there to act upon the fifty-six articles included in the Warrant.

The Absentee Ballot as it is used in Massachusetts, is available for all State and National Elections. It is also used at City and Town Elections.

At our Town Election, held Saturday, March 5, 1977, Milton had the following number of Absentee Ballots:

Precinct	1	2	3	4	5A	5B	6	7	TOTAL

The Absentee Ballots were distributed to the Precincts before the close of the polls. The Wardens put them through the Ballot Boxes and they were counted with the ballots cast in the Precincts.

James G. Mullen, Jr.
Town Clerk

Katherine Taylor, Geneveive Quinlan and Justine Mallahan of the Town Clerk's Office checking vital statistics records.

ADJOURNED TOWN MEETING
MARCH 12, 1977

The Town Meeting held at the High School Auditorium was opened at 1:05 P.M. by the Moderator, Robert K. Lamere. Those present stood while Rev. Robert E. Appleyard, Jr., delivered the invocation.

The Moderator read the names of the following Town Meeting Members who had died since the last Town Meeting:

JOSEPH P. GARRITY
HENRY H. FULLER
PHILIP LEMELMAN

ASSISTANT TOWN CLERK – ANNA MARJORIE SANGSTER

The Town Meeting Members stood for a moment of silence.

The Town Meeting Members stood again and were sworn in by the Town Clerk, James G. Mullen, Jr.

The Moderator checked with the Town Clerk as to the attendance and announced that a quorum was present ($284 - \frac{1}{2} + 1 = 143$)

Eight (8) Town Meeting Members were absent as follows:

PRECINCT 1.	ALL PRESENT
PRECINCT 2.	Newton S. Baker, Richard C. Ogar
PRECINCT 3.	ALL PRESENT
PRECINCT 4.	John W. Kenney, William L. Klehm
PRECINCT 5.	Charles Devens, Spencer Field
PRECINCT 6.	ALL PRESENT
PRECINCT 7.	Arthur J. Duffy, Edward J. Finerty

Permission was given to certain members of Boards and Committees who were not Town Meeting Members to sit with the Town Meeting Members with no right to vote.

ARTICLE 1. To choose all such Town Officers as are not required to be chosen by ballot.

VOTED: To elect Albert W. Semer and Theodore E. Kenny, Measurers of Lumber.

ARTICLE 2. To hear and act upon the report of the Town Accountant and reports of other Town Officers and Committees.

VOTED: To hear and act on the Report of the Town Accountant as printed on pages 212 through 252 of the 1976 Town Report.

The Moderator recognized Paul F. Harrington, Chairman of the Milton High School Industrial Arts Building Committee. Their report is located on Page 110 of the 1976 Town Report. A motion was made and seconded that the Committee be dismissed.

UNANIMOUS VOTE

The Moderator thanked Mr. Harrington and his Committee for an outstanding job.

ARTICLE 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the fiscal year beginning July 1, 1977, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

VOTED: That the Town Treasurer, with the approval of the Selectmen, be and he hereby is authorized to borrow money from time to time in anticipation of the revenue of the fiscal year beginning July 1, 1977, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

ARTICLE 4. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

VOTED: That the Town vote "YES".

UNANIMOUS VOTE

ARTICLE 5. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

VOTED: That the Town vote "YES".

UNANIMOUS VOTE

ARTICLE 6. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interests of the Town and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings, the members of such committee to hold office until the final adjournment of the next Annual Town Meeting and until the appointment of any succeeding committee authorized at such meeting.

VOTED: That the Town vote "YES".

UNANIMOUS VOTE

ARTICLE 7. To see what sum of money the Town will vote to appropriate, to be added to the March 13, 1976 appropriation of \$254,270 for the twelve month period beginning July 1, 1976, for Group Insurance, and to act on anything relating thereto.

VOTED: That the Town vote "YES" and that the sum of \$57,920 be appropriated to be added to the March 13, 1976 appropriation of \$254,270 for the twelve month period beginning July 1, 1976, for Group Insurance, and that to meet said appropriation the sum of \$41,793 be transferred from the Anti-Recession Fiscal Assistance Account received pursuant to the provisions of Title II of the Public Works Unemployment Act of 1976 and the balance of the appropriation, \$16,127, be transferred from available funds.

ARTICLE 8. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1977, for the several categories classified as Employee Benefits, and to act on anything relating thereto.

VOTED: That the Town appropriate the amounts shown in the following tabulation under the heading "Recommended":

Employee Benefits

Widows' Annuities 95A	\$ 29,967
Non-Contributory Pensions and Annuities	266,241

MARCH MEETING

Contributory Pensions	675,180
Administration	7,814
Group Insurance	349,478
	\$1,328,680

The sum of \$6,888. but no more, shall be used for salaries and wages.

ARTICLE 9. To see what sum of money the Town will vote to appropriate for the purpose of funding the cost items in the 1975/76 and 1976/77 fiscal years which may result from a Collective Bargaining Agreement, if any, executed prior to the Town Meeting, between the Town of Milton and the Milton Firefighters Local 1116. and to act on anything relating thereto.

VOTED: That the Town appropriate the sum of \$207,280 for the purpose set forth in this Article and that to meet said appropriation said sum be transferred from available funds.

ARTICLE 10. To see what sum of money the Town will vote to appropriate for the purpose of funding the cost items in the current fiscal year which may result from a Collective Bargaining Agreement, if any, executed prior to the Town Meeting, between the Town of Milton and the Milton AFSCME, AFL-CIO, Local 1395 which represents the "W" and "C" Classification of employees in the Cemetery, Park, Wire, Public Works, Health Department and Town Office and Library Custodians, and to act on anything relating thereto.

VOTED: That the Town appropriate the sum of \$58,456 for the purpose set forth in this Article and that said sum be added to the salary account for the current fiscal year of the departments as shown in the following tabulation under the heading "Recommended":

	Recommended
Cemetery - Salaries and Wages	\$ 8,572.00
Overtime	558.00
Health - Salaries and Wages	1,040.00
Park - Salaries and Wages	2,222.00
Public Works - General	26,084.00
Water Operations and Improvements	15,743.00
Vehicle Maintenance and Operation	4,237.00
TOTAL	\$58,456.00

and that to meet said appropriation said sum be transferred from available funds.

ARTICLE 11. To see if the Town will vote to amend Chapter 13 of the General Bylaws, known as the Personnel Administration Bylaw, according to the schedule herein-after set forth and to appropriate the necessary funds to be added to the salary account for the various departments.

Beginning with the 6th yearly vacation period and through 10th yearly vacation period	Three Weeks
Beginning with the 11th yearly vacation period and through 20th yearly vacation period	Four Weeks
Beginning with the 21st yearly vacation period	Five Weeks

- (3) By deleting Section V.F.I. and inserting in place thereof:

"Employees of the Town who on June 30 on any year have been in continuous employment for ten years or more, shall receive special compensation for the succeeding year in accordance with the following schedule:

10 years	\$100.00
15 years	150.00
20 years	200.00
25 years & over	250.00

- (4) By deleting Section V.F. 4.

VOTED: That the Town vote "YES".

UNANIMOUS VOTE

ARTICLE 13. To see if the Town will vote to petition the General Court for enactment of the following special legislation:

Section 1. The office of inspector of Plumbing and Gas Fittings and Sealer of Weights and Measures of the Town of Milton shall not be subject to the provision of chapter thirty-one of the General Laws.

Section 2. This act shall take effect upon its passage, and to act on anything relating thereto.

VOTED: Passed on a voice vote.

ARTICLE 14. To see if the Town will vote:

A. To amend Chapter 13 of the General Bylaws, by inserting the following

Section II E - Chief of Police

1. The Chief of Police shall be appointed by the Board of Selectmen for a term of years, as the Selectmen shall determine.

2. He shall have at least five year's experience in law enforcement work and no less than two years in a command or supervisory position.

3. He shall be a resident of the Town of Milton at the time of his appointment or become a resident within six months thereafter, and he shall remain a resident while he serves as chief of police.

This amendment shall take effect upon the enactment of Section B of this article.

B. To petition the Massachusetts Legislature to enact the following special statute:

Section 1: The office of Chief of Police of the Town of Milton shall not be subject to the Civil Service law and rules; provided, however, that any person appointed to said office who serves therein for a period of two consecutive years may continue to serve until he reaches age sixty-five unless sooner incapacitated by physical or mental disability from performing the duties of chief of police or until he is removed by the Selectmen for just cause, after a public hearing.

Section 2: This act shall take effect upon its passage.

The Moderator recognized Dr. Donald J. White who made a motion that the Moderator appoint a Committee of five members to study the best method of appointing a Police Chief. The Committee would report back to the Selectmen by December 1, 1977.

Defeated by a Standing Vote of YES 113 NO - 156

VOTED: That the Town vote "YES" on Article 14 as printed in the Warrant.

Tied on a Standing Vote YES 141 NO - 141

Twenty-five Town Meeting Members stood to request a Roll Call Vote.

Motion was defeated by Roll Call Vote YES - 136 NO - 137

The following Town Meeting Members cast a "YES" vote.

Newton S. Baker, Charles Devens, Arthur J. Duffy, Spencer Field, Edward J. Finerty, John W. Kenney, William L. Klehm, Robert K. Lamere (Ex-officio), Francis P. McDermott, Richard C. Ogar, Donald J. White

Town Meeting Member William F. Green made a motion, which was seconded to reconsider Article 14. On a Voice Vote the motion to reconsider Article 14 was defeated.

ARTICLE 15. To see if the Town will vote to accept Section 97A of Chapter 41 of the General Laws, known as the "Strong" chief of police statute and to act on anything relating thereto.

Chapter 41 – Section 97A. Police Departments in Certain Towns; Establishment, etc.

In any town which accepts this section there shall be a Police Department established by the Selectmen, and such Department shall be under the supervision of an officer to be known as the Chief of Police. The Selectmen of any such town shall appoint a Chief of Police and such other officers as they deem necessary, and fix their compensation, not exceeding, in the aggregate the annual appropriation therefor. In any such town in which such appointments are not subject to Chapter Thirty-One, they shall be made annually or for a term of years not exceeding three years as the Selectmen shall determine, and the Selectmen may remove such Chief or other officers for cause at any time after a hearing. The Chief of Police in any such town shall from time to time make suitable regulations governing the Police Department, and the officers thereof, subject to the approval of the Selectmen; provided, that such regulations shall become effective without such approval upon the failure of the Selectmen to take action thereon within thirty days after they have been submitted to them by the Chief of Police. The Chief of Police in any such town shall be in immediate control of all town property used by the Department, and of the police officers, whom he shall assign to their respective duties and who shall obey his orders. Section Ninety-Seven shall not apply in any town which accepts the provisions of this section. Acceptance of the provisions of this Section shall be by a vote at an annual town meeting.

Development		25,000
Trees and Tree Work		2,500
TOTAL	\$	231,473

and that to meet said appropriation, the sum of \$151,174 be raised from the tax levy of the fiscal year and the balance of the appropriation \$80,299, be transferred from available funds as of June 30, 1977, as follows:

Proceeds from the sale of burial rights	\$	17,950
Income in cemetery perpetual care fund	\$	62,349

Departments are hereby authorized to sell or exchange old equipment to furnish additional funds for new equipment.

ARTICLE 26. To see if the Town will vote to accept the following gifts and bequests to the Milton Cemetery for the purposes stated therein:

- a. A gift of \$800.00 from Letitia D. Stevenson;
- b. A bequest of \$500.00 from the Estate of John L. Johnson;
- c. A gift of \$500.00 from John A. Reilly, Jr.;
- d. A gift of \$500.00 from Rita Cameron;
- e. A gift of \$500.00 from Florence L. Wall;
- f. A gift of \$500.00 from Bertha I. Konet;
- g. A bequest of \$500.00 from the Estate of Ethel M. Beam;

and to act on anything relating thereto.

VOTED: That the Town vote "YES"

UNANIMOUS VOTE

ARTICLE 27. To see what sum of money the Town will vote to appropriate, to be added to the March 13, 1976 appropriation of \$6,466,819.98 for the twelve month period beginning July 1, 1976, for the support of Schools and to act on anything relating thereto.

School Committee member Mary Fitzgerald made a motion that the sum of \$47,023 be changed to \$96,846. This motion was seconded and passed on a Voice Vote.

VOTED: That the sum of \$96,846 be appropriated to be added to the March 13, 1976 appropriation of \$6,466,819.98 for the twelve month period beginning July 1, 1976, for the support of Schools for Programs under Chapter 71B, and that to meet said appropriation said sum be transferred from available funds.

ARTICLE 28. To see what sum of money the Town will vote to appropriate for the support of Schools for the twelve month period beginning July 1, 1977 and for unpaid bills of the School Department for prior years.

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

Schools

Salaries & Wages	\$6,231,907
General Expenses	1,126,345
Custodians - Private Work	7,000
Out-of-State Travel	3,500
Curriculum Development	3,500
Summer Educational Development	11,000
School Lunch Program	134,572
Summer School Program	2,000
Research & Development	1,500
Vocational Education	10,000
Unpaid Bills	180
Regional Vocational-Technical School District	24,000
TOTAL	\$7,555,504

and that to meet said appropriation the sum of \$477,720.02 received and to be received as reimbursements from the State under General Laws, Chapter 71B, shall be applied and the sum of \$13,569 shall be transferred from the Adjustment Account for Special Education for 1976 and shall be applied as required by law to the costs of programs provided under General Laws, Chapter 71B, the sum of \$7,050,497.98 shall be raised from the tax levy of the fiscal year, and the balance of the appropriation, \$13,717, shall be transferred from available funds in the Federal Grant (P.L. 874) to Public Schools Account.

The appropriation of \$24,000 for Regional Vocational-Technical School shall be expended for no other purpose; if such District is not established with the Towns of Milton, Dedham, and Natick, on or before June 30, 1977, such appropriation shall be rescinded forthwith.

The Department is hereby authorized to exchange or trade-in old equipment for the same or similar type equipment.

ARTICLE 29. To see what sum of money the Town will vote to appropriate for Evening Practical Art Courses under the provisions of General Laws Chapter 74, Section 14 for the twelve month period beginning July 1, 1977; and to act on anything relating thereto.

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

Evening Practical Art Courses	\$ 11,000
---	-----------

ARTICLE 30. To see what sums of money the Town will vote to appropriate for the transportation of pupils within the Town for the period beginning July 1, 1977, said sums to be administered by the School Committee; and to act on anything relating thereto.

MARCH MEETING

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

School Bus Transportation \$ 263,520

ARTICLE 31. To see what sum of money the Town will vote to appropriate for the purpose of supplying clinical services for emotionally disturbed children of Milton through the South Shore Mental Health Association, such sum of money to be administered by the School Committee; and to act on anything relating thereto.

VOTED: That the Town appropriate the amount shown in the following tabulation under the heading "Recommended":

South Shore Mental Health \$ 5,200

ARTICLE 32. To see if the Town will vote to amend the General Bylaws by striking out the date in Chapter 2, Section 2, "the first Saturday of March" and inserting in place thereof "the last Saturday of April", by striking out the date in Chapter 2, Section 3, "the second Saturday of March" and inserting in place thereof "the first Saturday of May", by striking out the date in Chapter 3, Section 4a, "November first" and inserting in place thereof "December first"; and to act on anything relating thereto.

Defeated on a Standing Vote

YES 115 NO 146

ARTICLE 33. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to study the need to amend Chapter 10 of the General Bylaws of the Town of Milton in order that said chapter might conform to the provisions of General Laws, Chapter 40A; said committee to employ the services of professional consultants as it shall deem necessary or advisable and to report to the Selectmen and to the Planning Board no later than October 1, 1977; to see what sum of money will be appropriated for the use of said committee; and to act on anything relating thereto.

VOTED: That the Town vote "YES", that \$1,000 be appropriated for the use of said Committee and that said Committee report to the Selectmen, the Board of Appeals, and the Planning Board no later than October 1, 1977.

Town Meeting Member J. William Dolan made a motion and it was seconded that ARTICLE 34 be postponed until after the discussion of ARTICLE 40.

Motion passed on a Voice Vote

A motion was made and seconded that the Town Meeting be adjourned until next Monday night, March 14, 1977, at 7:30 P.M. The Moderator, Robert K. Lamere, adjourned the meeting at 5:55 P.M.

The Moderator called the Meeting to order at 7:35 P.M. on Monday, March 14, 1977, and announced that a quorum was present.

Absent Town Meeting Members at Monday, March 14, 1977 session were as follows:

PRECINCT 1.	Desmond M. Collins, John J. Cummings, Harry Devitt, J. David Fine, David F. Forsyth, J. Murray Regan, Jr.
PRECINCT 2.	Paul C. Girouard, Albert J. Kelley, Richard C. Ogar
PRECINCT 3.	Robert H. Culver, Clifton L. Fasch, Catherine L. Molloy (Ex-Officio)
PRECINCT 4.	John W. Kenney, William L. Klehm

MARCH MEETING

PRECINCT 5.	Charles F. Barrett, Richard B. Chapman, Edward Dyson, Spencer Field, Terrance A. McGovern
PRECINCT 6.	Daniel F. Marr, Jr.
PRECINCT 7.	Edward J. Finerty, Joseph M. O'Neil, Donald J. White

Town Counsel Robert D. O'Leary made a motion to reconsider Article 28 after Article 52.

Motion passed on a Voice Vote

ARTICLE 35. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to study the skating facilities in the Town of Milton including but not limited to the best method of coordinating the transfer of the MDC Ulin Rink, and to report in writing to the Selectmen no later than September 25, 1977 and to see what sum of money the Town will vote to appropriate for the use of said committee; and to act on anything relating thereto.

VOTED: That the Town vote "YES" and that no appropriation be made.

Passed by a Voice Vote

ARTICLE 36. To see if the Town will vote to authorize the Board of Seldctmen to purchase for the promotion and development of natural resources and for the preservation of open sace a certain parcel of land at the intersection of Brook Road and Centre Street bounded and described as follows:

NORTHERLY	by Centre Street, 190.03 feet;
WESTERLY	by a curved line at the intersection of Centre Street and Brook Road, 44.28 feet;
SOUTHWESTERLY	by Brook Road, 188.19 feet; and
SOUTHEASTERLY	by other land of the Grantor, 205.01 feet;

Containing 20,643 feet of land; to appropriate money to acquire same and to act on anything related thereto.

VOTED: That the Town vote "YES", that the sum of \$6,000 be appropriated for the purpose set forth in this Article and to meet said appropriation said sum be transferred from the Conservation Fund.

ARTICLE 37. To see if the Town will vote to authorize the Board of Selectmen to acquire in the name and on behalf of the Town, by purchase or gift or take by eminent domain for recreational, conservation, and other municipal purposes a parcel of land containing 55 acres, more or less, shown on a plan entitled "Plan of Land 1976 Land Acquisition" which plan is on file at the office of the Town Engineer, or such lesser portion of said parcel as the Town may determine; to appropriate a sum of money therefor and determine whether such appropriation shall be raised by transfer of available funds, by borrowing or otherwise; and, if by borrowing, to authorize the issuance of obligations of the Town therefor; under any applicable provisions of law; and to act on anything relating thereto.

Joseph G. Graziani, Jr., Town Treasurer, made a motion which was seconded to delete the wording "and/or disposal" from Paragraph B.

Motion passed on a Voice Vote

VOTED: That the Town vote to authorize the Board of Selectmen to acquire in the name and on behalf of the Town, by purchase or gift or take by eminent domain for recreational, conservation, and other municipal purposes, the entire parcel of land referred

to in this Article; that the sum of \$400,000 be appropriated to meet the cost of acquiring said parcel of land; that to meet said appropriation, the sum of \$20,000 be transferred from the High School Industrial Arts Construction Account, and the Town Treasurer, with the approval of the Board of Selectmen, be authorized to borrow up to the sum of \$380,000 under and pursuant to the provisions of General Laws, Chapter 44, Section 7, Clause 3, as amended, or under any other applicable provisions of law;

B. That the Town vote to authorize the Moderator to appoint a Committee of five citizens to: (1) study the use of those portions of the said parcel of land not required by the Committee proposed in the following Article for the purposes of a recreational facility; (2) recommend boundaries and assignments in entire or lesser interests for the use or uses proposed within such boundaries; and (3) consult with appropriate Town Boards and Committees in the course of the study; said Committee to report in writing to the Selectmen no later than September 15, 1977; and

C. That the Town vote to authorize its Boards and Committees, as appropriate, to make applications for state and federal funds to assist and/or to reimburse the Town in connection with the acquisition of this land.

Defeated on a Standing Vote lacking a 2/3's vote

YES – 143 NO – 86

Twenty-five Town Meeting Members stood to request a Roll Call Vote.

MARCH MEETING

Town Meeting Member Benjamin R. Alexander made a motion and it was seconded to reconsider ARTICLE 37 at this time.

The motion passed on a standing vote.

YES – 134 NO – 82

A motion was made and seconded to revise the original recommendation. The motion passed on a standing vote.

YES – 151 NO – 70

A motion was made and seconded to vote on the revised recommendation.

VOTED: A: That the Town vote to authoizre the Board of Selectmen to acquire in the name and on behalf of the Town, by purchase or gift for recreational and conservation purposes, a parcel of land containing twenty-two (22) acres, more or less shown on a plan entitled "Plan of Land at Blue Hills Parkway – Canton Avenue – Gile Road, Milton, Mass." which plan is on file at the office of the Town Engineer; that the sum of \$170,000.00 be appropriated to meet said appropriation, the sum of \$20,000 be transferred from the High School Industrial Arts Construction Account; and the Town Treasurer, with the approval of the Board of Selectmen, be authoizred to borrow up to the sum of \$150,000.00 under and pursuant to the provisions of Gneeral Laws, Chapter 44, Section 7, Clause 3, as amended, or under ano other applicable provisions of law.

B: That the Town vote to authorize its Boards and Committees, as appropriate, to make applications for state and federal funds to assist and/or reimburse the Town in connection with the acquisition of this land.

Passed on a Standing Vote

YES – 161 NO – 71

Town Meeting Member Manuel S. Lato moved for reconsideration of Article 38 which was seconded and passed on a Voice Vote.

ARTICLE 38. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to employ the services of an architect and other professional consultants to prepare detailed plans, specifications and working drawings for the construction of a recreational facility at the site referred to in the prior article and adjacent Town-owned sites; to see if the Town will authorize said committee to seek firm bids and award contracts subject to Town Meeting appropriation, if needed, for the construction thereof; to see if the Town will authorize said committee to seek and expend federal funds on said project, said committee to report in writing to the Selectmen no later than September 15, 1977; to appropriate a sum of money for the use of said committee; to determine how said appropriation shall be raised; and to act on anything relating thereto.

VOTED: That the sum of \$49,000 be appropriated for use of said committee and to meet said appropriation the sum of \$33,824.99 be transferred from the High School Industrial Arts Committee Account, the sum of \$1940.20 be tansferred from the Veterans' Memorial Committee Account and the balance, \$13,234.91 be raised from the tax levy of the fiscal year.

Passed on a Voice Vote

A motion was made and seconded to reconsider Article 40.

Passed on a Voice Vote

ARTICLE 40. To see what sums of money the Town will vote to appropriate for the costs of issuing bonds under Articles 37, 39, and 39 and to act on anything relating thereto.

MARCH MEETING

VOTED: That the sum of \$4,000 be appropriated.

Passed on a Voice Vote

ARTICLE 41. To see if the Town will vote to authorize its Selectmen to submit one or more applications for the construction, renovation, repair or other improvements of local public works projects under the Public Works Employment Act of 1976 (P.L. 94-369) and to expend any monies received in accordance with said applications for the following local public works projects:

1. Neighborhood Improvement and Beautification Program.
 2. Outdoor Recreational and Athletic Facility complex.
 3. Additions and Renovations to the High School Physical Educational Facility.
- and subject to the approval of any annual or special Town Meeting, for any other local public works projects; and to act on anything relating thereto.

VOTED: That the Town vote "YES".

UNANIMOUS VOTE

ARTICLE 42. To see what sum of money the Town will vote to appropriate to the Tucker School Building Committee from the unexpended balance in the High School Industrial Arts Facility Committee and to act on anything relating thereto.

VOTED: That no appropriation be made.

UNANIMOUS VOTE

ARTICLE 43. To see if the Town will vote to amend Chapter 6 of the General Bylaws of the Town by adding a new section as follows:

SECTION 37. No yard, garage, porch, or barn sale shall be held on any property in the Town of Milton without the property owner or occupant of said property first obtaining a permit from the Board of Selectmen. Not more than two yard, garage, porch, or barn sales shall be held by any property owner or occupant of said property within a one year period, but the Board of Selectmen may grant more than two permits per year to a religious, educational or other charitable organization.

Only articles and items owned by the property owner or occupant shall be sold at the yard, garage, porch, or barn sale, unless in the judgment of the Board the sole intent of the sale is to benefit a charitable organization located in the Town of Milton.

Each permit granted by the Board of Selectmen shall not be for more than two consecutive days of sale.

Signs will be permitted only on private property. No signs will be permitted on Town streets, on poles, trees or sidewalks. Signs may be erected no more than two days prior to the sale and must be removed no later than the day following the sale.

VOTED: That the Town vote "YES".

Passed on a Voice Vote

ARTICLE 44. To see if the Town will vote to amend Chapter 10 of the General Bylaws of the Town known as the Zoning Bylaws as follows:

Amend Section II.A by changing the word "Five" in the last line of the first paragraph to the word "Six" and inserting a new paragraph 6, which shall read: 6. Residence D1 Districts

Amend Section II.B by rewriting the second sentence to read: The Boundaries of Residence

A Districts, Residence B Districts, Residence C Districts, Residence D Districts and Residence D1 Districts shall be as shown on the Zoning Map.

Amend Section III.D. by rewriting the first sentence to read: D. Residence D and D1 Use. In a Residence D or D1 District, except as herein otherwise provided . . .

Amend Section III.D.1 by rewriting the first sentence to read: 1. To provide Housing for the Elderly in a Residence D. District and to provide Housing for the Elderly or Handicapped in a Residence D1 District, such housing to be owned . . .

Amend Section III.D.3. by adding a new paragraph following the existing paragraph, the new paragraph to read: If any part of land included in a Limited Residence D1 District is not being used for Housing for the Elderly or Handicapped, the owner may apply to the Board of Appeals for a special permit to use said part of land for any use permitted in the Residence A, B or C District within which said part of land was located immediately prior to its incorporation into a Residence D1 District. If the permit is granted, all provisions in this bylaw applicable to the appropriate Residence District shall determine whether the land for which the permit is granted shall be governed by the provisions of a Residence A, B or C District. While any such permit is in force any such land shall be free of all restrictions and conditions applicable in Residence D1 Districts to the use and ownership of such land. Land subject to such a permit may at any time, on application of the owner or with his consent, be redesignated by the Board of Appeals for the primary use in a Residence D or D1 District.

Amend Section III.D.4 to read: On each lot in a Residence D or D1 District, permitted accessory uses shall include one separate building, not exceeding one story in height, to house snow removal and mowing machines, garden and other tools, and other equipment required to maintain and service the Housing for the Elderly buildings in a Residence D. District and Housing for the Elderly or Handicapped buildings in a Residence D1 District erected on said lot . . .

Amend Section III.D. by adding a new paragraph 5 to read: 5. In a Residence D1 District, the developers shall comply with all the rules and regulations of the Town Departments concerning safety, services, ways and health.

Amend Section V by adding a new paragraph C. and redesignating the present paragraphs C. and D. respectively as paragraphs D. and E. The new paragraph C. shall read as follows: C. Building Heights in Residence D1 Districts. In a Residence D1 District, any buildings, excluding existing buildings, shall not exceed two and one-half stories in height above mean finished grade.

Amend Section VI.A. by adding paragraphs 5(a), 5(b), 5(c), and 5(d) to read as follows:

5. (a) In a Residence D1 District no building or buildings shall be erected or maintained to furnish housing for the elderly or handicapped except on a lot containing not less than 20 acres and having a frontage of not less than one hundred fifty (150) feet.

5. (b) Each such building shall have three or more independent dwelling units consisting of a room or suite of rooms, its own bath and toilet facilities, and its own kitchen facility. A separate building may also include a multi-purpose room with dining facilities and a central kitchen for providing meals to residents thereof and their guests, but not to the public and may also provide common lounge and activity rooms for the collective use of residents and their guests. In one of such buildings, a unit may be included for occupancy by the manager of the project and his immediate family, one room of which may be used as an office.

5. (c) Except for the unit to be occupied and used as aforesaid by the manager, no unit in such a building shall be occupied unless one of the tenants is a person who is sixty-two years of age or over or is handicapped. A handicapped person means any person having an impairment which is expected to be of long-continued and indefinite duration, is a substantial impediment to his or her ability to live independently, and is of a nature that such ability could be improved by more suitable housing conditions.

5. (d) In a Residence D1 District containing a housing for the elderly and or handicapped development, the number of independent dwelling units, excluding existing structures shall not exceed 136 unit. Further, no single building in a Residence D1 District shall contain more than eight independent dwelling units.

MARCH MEETING

Amend Section VI.B. by adding a new paragraph 5 to read as follows:

5. In a residence D1 District, no building, excluding existing buildings for accessory use, shall be erected within 150 feet from existing public ways.

Amend Section VI.C.1. to read as follows:

1. No building except a one-story building of accessory use shall be erected or maintained in a Residence A District within 15 feet of a side lot line, or within 30 feet of any other building on an adjacent lot, in a Residence B District within 12 feet of a side lot line or within 24 feet of any other building on an adjacent lot, or in a Residence C District within 10 feet of a side lot line, or in a Residence D District within twenty (20) feet of a lot side line, or in a Residence D1 District within forty (40) feet of a lot side line.

Amend Section VI.D.3. to read as follows:

3. No building or accessory use shall be erected or maintained within 10 feet of a rear lot line in a Residence A District nor within 8 feet of a rear lot line in a Residence B or a Residence C District, nor within fifteen (15) feet of a rear lot line in a Residence D District, nor within thirty (30) feet of a rear lot line in a Residence D1 District.

Amend Section VI.G. by rewriting the first sentence to read as follows:

G. Corner Clearances.

On lots in Residence A, B, C, D and D1 Districts

Amend Section VI.H. to read as follows:

H. Landscaping

(a) In all Residence D Districts for the Elderly there shall be provided suitable landscaping adequate to screen parking and service areas from public or private ways and adjacent properties.

(b) In all Residence D1 Districts being used for Housing for the Elderly or handicapped there shall be provided suitable landscaping adequate to screen parking, driveways, and service areas from public or private ways and adjacent properties.

Amend Section VI.I. by redesignating paragraphs 1 and 2 as paragraphs 1(a) and 2(a) and by adding the new paragraphs 1(b), 2(b) and 3 to read as follows:

(b) In a Residence D1 District being used for Housing for the Elderly or Handicapped, off-street parking shall be provided which may be either indoor or outdoor or a combination thereof. At least one parking space shall be provided for every two units contained in each residence building.

2.(b) In a Residence D1 District being used for Housing for the Elderly or Handicapped, main driveways within each lot, including those for ingress and egress, shall be twenty-nine (29) feet in width with twenty-four (24) feet paved for the use of vehicles and with one (1) sidewalk, five (5) feet in width, as applicable to main driveways and not secondary vehicle roads or pedestrian walks.

3. In a Residence D1 District being used for housing for the elderly or handicapped, off-street parking shall not be allowed between buildings and side lot lines.

Amend Section VII.A.2. to read as follows:

2.(a) Housing for the Elderly in a Residence D District shall have at least one space for each unit.

(b) Housing for the Elderly in a Residence D1 District shall have at least one space for every two units.

VOTED: That the Town vote "YES".

UNANIMOUS VOTE

ARTICLE 45. To see if the Town will vote to amend Chapter 10 of the General Bylaws of the Town known as the Zoning Bylaws, as follows:

MARCH MEETING

Amend said Zoning Bylaws by modifying the Zoning Map referred to in Section IIB so as to change the zoning district of the land hereinafter described which is presently zoned Residence A to the Residence D1 District:

The certain parcel of land located in the Town of Milton, Norfolk County, Commonwealth of Massachusetts, being bounded and described as follows:

Beginning at a point on the southwesterly street line of Highland Street at the corner of land owned by the Town of Milton, through its Conservation Commission:
Thence running S22° - 09' - 39" E 200.00 feet along said southwesterly street line to a point;

Thence running S67° - 50' - 21" W 353.00 feet to a point;

Thence running S22° - 09' - 39" E 258.00 feet to a point;

Thence running N67° - 01' - 46" E 36.37 feet to a point;

Thence running S22° - 09' - 39" E 253.00 feet to a point;

Thence running N69° - 46' - 59" E 312.00 feet to a point on the above referred to southwesterly street line of Highland Street;

Thence running S21° - 54' - 43" E 62.10 feet along Highland Street to a point;

Thence running S22° - 00' - 15" E 81.89 feet along Highland Street to a point at the junction of a stone wall;

Thence running S69° - 46' - 59" W 676.38 feet along land N/F Elsie De Normandie et al and along said stone wall to a point;

Thence running S21° - 04' - 12" E 555.18 feet along land N/F Elsie De Normandie et al and along a stone wall to a point at the junction of another stone wall;

Thence running S21° - 29' - 44" E 400.45 feet along land N/F Elsie De Normandie et al to a point (D.H.S.R.);

Thence running S20° - 32' - 27" E 159.52 feet along land N/F of Anna J. Tufts to a stone wall;

VOTED: That the Town vote "NO".

ARTICLE 47. To see if the Town will vote to accept section 8A of Chapter 184 of the General Laws which provides that the grantee of real estate shall notify the Town

MARCH MEETING

Assessors, upon written request of the name and address of the purchaser of such property or be subject to a fine of not more than \$50.00.

VOTED: That the Town vote "YES".

UNANIMOUS VOTE

ARTICLE 48. To see if the Town will vote to amend Chapter 10, Section I, A, 7, of the General Bylaws of the Town, by adding the following sentence:

"At least 80% of this distance between sidelines measured parallel to the aforementioned straight line must be maintained without interruption for a distance of at least 75% of the required frontage.";

VOTED: That the Town vote "YES".

UNANIMOUS VOTE

ARTICLE 49. To see if the Town will vote to raise and appropriate or transfer from available funds and/or borrow the sum of \$30,000 for the Step 1 Sewer Facilities Plan for the Town of Milton in accordance with Federal and State construction grant requirements, said sum of money to be reduced by the amount of any State or Federal grant made available; or take any other action in relation thereto.

VOTED: That the sum of \$30,000 be appropriated for the purpose set forth in this Article.

UNANIMOUS VOTE

ARTICLE 50. To see if the Town will vote to amend Section 22C of Chapter 6 of the General Bylaws by striking out said section and inserting in place thereof a new Section 22C, reading as follows:

C. Any violation hereof shall be punished for the first offense by a fine of \$10.00, for the second offense by a fine of \$15.00 and for each subsequent offense by a fine of \$25.00. In addition, any violation shall permit the dog officer to order the dog restrained or to impound the dog. Return to the owner or keeper shall not be made until after the payment to the Town of the sum of \$7.00, together with \$1.50 for each day the dog is so held. Dogs impounded and unclaimed by the owner or keeper after ten days shall be disposed of by the dog officer; and to act on anything relating thereto.

A motion was made to amend Article 50 by changing the figure \$1.50 to \$3.00 and ten days to twenty days. The motion was seconded. On a Voice Vote the motion to amend was passed.

VOTED: That the Town vote to amend Section 22C of Chapter 6 of the General Bylaws by striking out said section and inserting in place thereof a new Section 22C reading as follows:

C. Any violation hereof shall be punished by a fine of \$15.00. In addition, any violation shall permit the dog officer to order the dog restrained or to impound the dog. Return to the owner or keeper shall not be made until after the payment to the Town of the sum of \$7.00, together with \$3.00 for each day the dog is so held. Dogs impounded and unclaimed by the owner or keeper after twenty days shall be disposed of by the dog officer.

RESIGNATIONS AND APPOINTMENTS

On June 26, 1977 William J. Cashman, 207 Eliot Street, a Milton Constable for twenty-five years, died.

On September 8, 1977 Dennis J. Doyle, 196 Churchills Lane, was appointed by the Board of Selectmen to fill the vacancy caused by the death of William J. Cashman.

On September 19, 1977 William J. Daly, Jr., 391 Eliot Street, a member of the Library Trustees for twenty-one years, resigned.

On September 22, 1977 at a joint meeting of the Board of Selectmen and the Library Trustees Richard B. DeWolfe of 33 Russell Street was appointed a library trustee to fill the vacancy caused by the resignation of William J. Daly, Jr.

AMENDMENTS TO THE GENERAL BYLAWS

Amendments to the General Bylaws passed at the Annual Town Meeting held March 12, 14 and 15, 1977 were sent to the Attorney General March 23, 1977. The amendments to the General Bylaws noted under Articles 43, 44, 45 and 48 were approved by the Attorney General May 19, 1977 and received by the Town Clerk, James G. Mullen, Jr., May 20, 1977.

Article 50 was revised by the Attorney General to provide for a fee of \$2.00 rather than \$3.00 as the charge for keeping a dog by the dog officer as this is the amount set by state statute General Laws Chapter 140, Section 151A. Article 50 as revised was also approved by the Attorney General on May 19, 1977 and received by the Town Clerk on May 20, 1977.

Amendments to the General Bylaws were posted in the following public places on June 3, 1977:

Milton Food Mart
Kidder Branch Library
Milton Village Post Office
Town Clerk's Office

Central Library
East Milton Branch Library
East Milton Post Office

On November 23, 1977 a copy of the judgment of the Supreme Judicial Court No. 76-309 Civil "The Inhabitants of the Town of Milton versus the Attorney General of the Commonwealth of Massachusetts" was received by the Town Clerk. The Judgment declared the action of the Attorney General in disapproving the bylaw on June 24, 1976 null and void. The bylaw enacted at the March 13, 1976 Town Meeting as Section 36 of the Town's Bylaws was lawfully enacted. The bylaw became effective November 21, 1977.

REPORTS OF SPECIAL COMMITTEES

REPORT OF THE WARRANT COMMITTEE FOR THE ANNUAL TOWN MEETING

INTRODUCTION

The Warrant Committee is pleased to report to the Town its recommendations for action by Town Meeting Members on the 56 Articles to be considered at the 1977 Annual Town Meeting. Warrant Committee Recommendations appear after each of the Articles and, using the same format as last year, a majority are followed by Comments. Significant tables follow the Articles.

The work of the Warrant Committee this year was marked by the consideration of many significant Special Articles in addition to the usual Budget Articles. This Report discusses Articles of particular interest and importance to the Town and the causes of the further tax rate increase of 6.4% which we anticipate for the fiscal year commencing July 1, 1977.

EMPLOYEE WAGES AND BENEFITS

Increases in Employee wages and benefits equal 95% of the total recommended increase in appropriations for the next year. It should be noted that no new employees have been added; in fact, vacant positions are being abolished to reduce staff in several departments: Selectmen's, Treasurer's, Town Office and Library Building, Wire and Cemetery. Reflected in the wages and benefits increases are settlements of the outstanding labor disputes with the Firefighters Union and the Union representing W and C category Employees (machine operators, laborers, custodians, etc.) in the Cemetery, Health, Park, Public Works and Wire Departments and Custodians in the Town Office and Library Buildings. As a result of these settlements, the Town Meeting will, for the first time in two years, have before it budgets which accurately portray labor costs in all Town Departments.

A. *Firefighters Collective Bargaining*

The Firefighters wage dispute has been settled after prolonged negotiation and after the commencement of the arbitration process under the 1973 Compulsory Binding Arbitration Law. The final settlement provides increases of 8% for the last fiscal year 1975-6; 7.0% for the current fiscal year 1976-7; and 5.5% for the next fiscal year 1977-8; also included are improved fringe benefits, discussed below. The percentage increase for the first contract year closely approximates the average increase for that year, approved by the 1976 Town Meeting for the Police; the increases for the second and third contract years provide wage rates identical in comparable grades to those approved last year and recommended this year for the Police. The recommended salary rate schedule effective July 1, 1977, is set forth in Article 11.

Because the settlement extends over three years, the funding requirement is high. In Article 9, the sum of \$207,280 is recommended to fund the retroactive portion of the settlement for the current and past fiscal years. The Fire Department Budget Salaries and Wages line with Article 18 carries an upward adjustment for next year of \$152,969 to reflect the retroactive increases. Finally, Article 11 includes the 5.5% wage rate increase for next year requiring an appropriation of \$64,405. Thus, the total sum of \$424,654 is recommended for Firefighters wages through June 30, 1978. Though the impact of the settlement will be felt in one year, it should not be forgotten that a major portion of the cost was a deferred cost attributable to prior years and that Firefighters have not had a raise, despite significant inflation, since the 1974 Town Meeting.

B. *W and C Category Employees*

The settlement with Local 1395, AFSCME, AFL-CIO, which represents the W and C category employees, is based on the 7.5% wage increase which the Town Meeting voted other Town Employees for the current fiscal year, retroactive to July 1, 1976, and the 5.5% wage increase recommended for all Employees for the next fiscal year 1977-8. The settlement also extends one additional year, providing a further increase during 1978-9 of 4%, but not less than that voted by the Town Meeting for non-union personnel. Fringe benefits are discussed below. The recommended salary rate schedules for W and C Category Employees are set forth in Article 11.

Article 9 carries a recommendation for an appropriation of \$58,456 to fund the retroactive portion of this settlement for the current year. The budgets of the Cemetery, Health, Park, Public Works, Town Office and Library Buildings and Wire Departments carry adjustments in the aggregate of \$53,065, to reflect the retroactive wage increases. Finally, Article 11 includes the wage rate increases of the Departments for next year, requiring an appropriation of \$51,609. The total of the recommended appropriations to fund this settlement is thus \$163,130.

C. *Other Employees*

The Police have agreed to a 5.5% increase next year and the Personnel Board has recommended a 5.5% increase for non-union employees. These increases and the various Salary Schedules are contained in Article 11. The appropriation for these increases, included in Article 11, amounts to \$136,264.

The School Department Salaries and Wages line, Article 28, up \$539,631, includes a 6.5% teacher's salary increase for 1977-8, a 7.5% salary increase for school Custodians, as well as an increase of \$46,600 for additional tutors required for Chapter 766 special education programs. The salary increases follow a 5.5% increase for teachers and school Custodians for the current year compared to the 7.5% raise voted by the Town Meeting for other employees in the corresponding period. Table 5, page 72, sets forth the Teachers Salary Schedule for 1977-8.

D. *Employee Benefits*

The Firefighters, W and C Employees and Police settlements, provide a number of benefits which Article 12 extends, as well, to non-union employees. A fifth week of vacation is added for employees with more than 20 years of service; Martin Luther King Day is a paid holiday; and longevity pay is provided according to the schedule set forth in Article 12.

Other cost items included only in the Union settlements include: compensation upon retirement for unused sick leave in excess of 50 days at a rate of \$15 per day to a maximum compensation of \$1,000; provision of safety work boots and work clothing for W and C Employees, included in the Public Works Budget, Article 21, at an initial cost of \$5,200; a night differential of \$2.80 per week for Firefighters; an increase of the Police night differential from \$7.00 per week to \$10.00; and an increase in Police Educational Incentive Pay from \$10.00 per course credit hour to \$12.00 with an increase in the maximum, equivalent to the 120 credit hours required for a Bachelor's degree, from \$1,200 to \$1,440.

Major cost increases are included in Article 8 for Pensions and Group Health Insurance. The aggregate of these increases is \$136,653. Additionally, last year's estimate of Group Health Insurance was too low and an appropriation of \$57,280 is recommended in Article 7 to fully fund the Town's share of this cost for the current year.

E. *Summary*

We recommend the appropriations for salaries and wages as being consistent with decisions previously made by the Town Meeting and as being in line with increases in the cost of living. Further, recommendations of the Factfinder in the Firefighters dispute which were unfavorable to the Town were dropped in the negotiated settlement.

Over a ten year period the salaries and wages of Town Employees, including Teachers, have increased at a rate commensurate with or slightly ahead of the cost of living; the exception is in the area of Public Safety in which the Police and Firefighters have fared slightly better than other Town Employees. As inflation, hopefully, cools, we trust that annual wage adjustments will decline; we consider the third year, 4%, adjustment for W and C Category Employees a step in the right direction.

LAND USE

Major areas of concern and of lasting consequence to the Town are the proposals to alter the use of two large tracts of land in the Town. The acquisition of 55 acres of the Lamb property, shown in Plate 2, page 76, located adjacent Pierce School, and the development of approximately one-half of the land as an athletic field facility are proposed in

Articles 37 and 38. Zoning changes are proposed in Articles 44 and 45 to permit the development of housing for the elderly and handicapped on the Whitney property, located generally at the intersection of Canton Avenue and Highland Street, illustrated in Plate 3, page 78.

A. Acquisition and Development of Lamb Property

Pursuant to Article 24, voted in the 1976 Town Meeting, a Study Committee appointed to the Moderator has investigated and reported to the Selectmen its findings concerning the adequacy of both indoor and outdoor physical education facilities at the High School. This is the last area of facilities criticism, contained in the High School accreditation report, which remains to be addressed by the Town. Articles 37 and 38 embody the recommendations of the Study Committee concerning outdoor facilities. Article 39 concerning an addition to the High School gymnasium is discussed separately below.

The Study Committee found outdoor physical education facilities to be inadequate due to the intensive use of the fields behind the High School for both physical education and after school sports programs. Facilities were also found to suffer from space limitations both at the High School and at adjacent Kelly Field which is also used by the High School.

The solution proposed by the Study Committee, basically, is to remove team sports from the High School field and Kelly Field and to dedicate their use to physical education classes and intramural programs. This solution requires additional space, however, for the development of necessary additional fields.

The Study Committee has recommended that the Town acquire the necessary space at the Lamb property adjacent the Pierce School site on which to develop the additional field facilities. It is understood that a negotiated sale of the necessary land to the Town is possible as part of the sale of the entire 55 acre parcel. The purchase price of the entire parcel is anticipated to be not in excess of \$400,000, just under \$7,300 per acre. The total development cost of the facilities at Lamb is estimated by the Study Committee at \$750,000 including the \$49,000 in planning funds sought in Article 38. After development, field maintenance is estimated by the Study Committee at about \$18,000 per year.

The Warrant Committee supports both Articles 37 and 38. The establishment of athletic field facilities would cure an unmet need of the High School while benefiting the Town as a whole. The combined costs to the Town of the expedients already adopted and those proposed to upgrade High School facilities are far less than the cost of a new high school which previously was rejected by the Town Meeting.

Further, the Lamb property is a critical parcel of land strategically located in the geographic center of the Town. The purchase of the land will provide the opportunity for the Town to determine what future use of the land would best serve the interests of the Town. Finally, the proposed development of athletic facilities on a portion of the land is consistent with the maintenance of open space in the Town.

The Warrant Committee's recommendation for Article 37 is that the land be purchased with a bond issue of \$380,000, a \$20,000 surplus in the High School Industrial Arts Construction Account being transferred to provide the initial payment for the costs of acquisition. Assuming a 10 year bond and an interest rate of 4.5%, the maximum tax rate impact of the bond would be \$0.74 in the full first year, declining to \$0.27 in the tenth year. The average tax rate impact of the bond over the ten year period would amount to \$0.61. Article 54 includes an appropriation of \$9,000 to cover interest payments which would be due in the next fiscal year if the bond is authorized and issued.

The \$49,000 in planning funds proposed in Article 38, equal to \$0.63 on the tax rate, is offset by transfers of surplus funds of the High School Industrial Arts Committee Account and the Veterans Memorial Committee Account, in total amounting to \$32,960.19. If construction is authorized at a future Town Meeting, it is anticipated that a further appropriation of \$51,000 and a bond issue of \$650,000 will be required. At a 4-3/4% interest rate bonded for 15 years, the average tax rate impact of the bond would be \$0.76, ranging from a high of \$0.97 in the first year to a low of \$0.53 in the final year.

B. *Rezoning The Whitney Property*

The rezoning proposals for the Whitney property would establish a new Residence D 1 District to enable the construction of garden apartments as housing for the elderly and handicapped. Under the proposal, sponsored by Milton Residences for the Elderly, Inc., 125 apartments would be provided on 23 acres. Article 44 would authorize the new D 1 District and Article 45 would apply the zone specifically to the Whitney property.

The D 1 District contains several features designed to minimize the impact of the project on adjacent areas. A density limitation of 6 apartments per acre as applied to the total acreage would limit the total project to a maximum of 138 apartments although permitting clustering to conserve open space. The D 1 District would require setbacks of 150 feet from adjacent public streets. Building heights would be limited to two and one-half stories.

The Warrant Committee believes that the housing which would be provided by this proposal will meet a real need of Milton's elderly citizens and will benefit primarily residents of the Town. Statistics of similar projects elsewhere indicate that typically 75-90% of the residents originate from the community in which the project is located.

In view of the benefit to our many hard pressed elderly citizens, the anticipated substantial contribution of the development to the tax base of the Town, and plans to preserve the natural beauty of this property, the Warrant Committee recommends an affirmative vote on both Articles. We make this recommendation in the belief and expectation that further details of the development will be available by the time of the Town Meeting.

HIGH SCHOOL GYMNASIUM ADDITION

As above indicated, the Study Committee appointed under Article 24 investigated indoor physical education facilities at the High School, in addition to the outdoor facilities. The Study Committee has reported a number of deficiencies in the High School indoor physical education facilities and recommends an addition to the gymnasium and renovation of locker rooms and adjacent facilities. The estimated project cost is \$1,138,000 of which \$106,000 would be necessary to fully fund the design stage, called for in Article 39.

The School Committee, properly concerned about the many demands upon taxpayers this year, has indicated that it would prefer to postpone this project. Because of the possible, though not necessarily probable, availability of funds for the project through the Public Works Employment Act of 1976, however, the Warrant Committee recommends that a building committee be established and funded at a low level, \$3,000, to permit committee organization and professional assistance in preparing an application for funding of the project. Should funds not be available, the Town can later make a decision whether to proceed further with the project, at that time making any necessary additional appropriations.

THE TAX RATE

Table 1 shows the detail of the tax rate estimate for 1977-8. The tax rate for next year is estimated at \$184, an increase of \$11.20 over the current rate of \$172.80.

The estimate makes a number of assumptions, subject to change, as to assessments and reimbursements. The changes indicated from 1976-77 reflect extraordinary items in the estimates for the current year not expected to be repeated in the coming year.

The reason for the estimated tax rate increase obviously is the net Tax Levy increase of approximately \$960,000, shown in Table 1, resulting from the Total Appropriation increase \$1,550,000. As previously indicated employee salary and benefit increases account for much of the appropriation increase. A summary of salary and benefit increases, detailed above, is, as follows:

Salary and Benefit Increases

Retroactive Increases		
Benefits (Article 7)	\$ 57,280	
Salaries (Articles 9 & 10)	265,736	\$ 323,016
Budget Adjustments For Retroactive Salary		
Increases (Articles 16, 18, 19, 21, 24 & 25)		206,034
Increases For 1977-8		
Benefits (Article 8)	\$136,653	
Salaries (Articles 11, 16 & 28)	796,726	933,379
Total Salary and Benefit Increases		\$1,462,429

Non-Salary increases also occur in various budgets and Special Articles. These are to a major extent offset by decreases of other non-salary items, including a decrease, \$268,900, in debt service, Article 54.

Placed in perspective, had this year's tax rate reflected the retroactive salary increases and the resulting budget adjustments attributable to the fiscal year, the tax rate of \$172.80 would have been approximately \$179. Thus, of next year's predicted increase of \$11.20 to \$184, the "real" increase from expenditures attributable to the next fiscal year is \$5, an increase of 2.8%.

CONCLUSION

The Warrant Committee thanks the various Departments, Boards and Committees of the Town for their assistance and cooperation. Particular thanks are due personnel of the Selectmen's, Town Accountant's and Board of Assessors' Offices for their assistance in preparing the Warrant.

The chairman personally thanks the members and the clerk of the Warrant Committee for their dedication and commitment to the Town and for their long hours. We all thank our long-suffering families for their understanding and support while we worked.

Respectfully submitted,

The Warrant Committee at a Saturday morning meeting studying their recommendations on the many Articles for the 1978 Town Meeting consideration.

**REPORT OF PERMANENT INSURANCE
ADVISORY COMMITTEE**

January 5, 1978

To The Honorable Board of Selectmen:

The insurance program for the Town during the past year has been maintained at the best available premium cost for the coverages provided.

The Property "Package" Policy covering the Town buildings and their contents, as well as a limited form of Liability, was renewed for another three year term, effective July 1, 1977. The cost for this insurance increased significantly on renewal due to changes in rates and restrictive underwriting capabilities within the insurance industry for municipality business during the past three years. However, the renewal was marketed very extensively amongst several insurers and was placed with the company that had the best bid proposal. Also, this effort included exploration of available premium reductions for optional higher deductible levels, and it was determined that the premium credits that were quoted by the insurers could not support our recommendation that the present deductible be increased to a higher amount for this policy year.

The insurance companies continue to be inflexible in the Workers' Compensation Insurance field as they maintain they are not able to secure adequate rate levels for the many increased benefits that have been processed by the state during the past several years. Therefore, competitive options that make sense are not available to us as long as this negative marketing attitude continues to prevail. The cost for the Town's Workers' Compensation Insurance has continued to rise as a result of higher payrolls, as well as the application of normal rate adjustments. The current policy is on a so-called Guaranteed Cost Basis. We do not recommend changing it to either a retrospective or self-insured plan at this time.

The Workers' Compensation and Property Package Policies account for approximately 85% of the total insurance budget, excluding Employee Benefits Insurance. The remainder is spread amongst several miscellaneous policies, including but not limited to bonds, automobile physical damage, monies and securities. In our opinion, the cost of each of these individual policies is competitive.

As requested, we are in the process of studying the implications of the case of Whitney vs. City of Worcester, which is pertinent to the common law doctrine of governmental immunity. We are determining what recommended changes, if any, should be made to the Town's Liability Insurance protection.

During 1977, Bruce B. Alexander completed his appointed term and was replaced by Stephen J. Mattaliano, Jr. In addition, Michael B. O'Toole turned over the Chairmanship to J. Barry Driscoll in line with the long established practice of sharing responsibility amongst the various committee members.

Respectfully submitted,

J. BARRY DRISCOLL, Chairman
STEPHEN J. MATTALIANO, JR.
MICHAEL B. O'TOOLE

ELDERLY AFFAIRS

December 31, 1977

To The Honorable Board of Selectmen:

The Committee on Elderly Affairs is pleased to submit its sixth report:

The Committee held 4 meetings during 1977, as well as attending the following meetings: 30 times with the South Shore Home Care Services, Inc., 9 times with the Executive Board of the Milton Senior Citizens Club, 6 times with the Meals on Wheels Committee, 5 times with the Milton Visiting Nurse Committee, 3 times with the Youth Committee, and once each with the Warrant Committee, the Milton Residences for the Elderly, and the Planning Board.

The South Shore Home Care Services, Inc. was transferred from the Thacher Building to the Hersey House, 229 North Street, Hingham in May 1977, as that location was considered more central to the other 10 towns in the South Shore Area. Home care services, including information and referral, are available to eligible Milton Senior Citizens by calling 749-6832.

Our booklet, Information Guide to Milton Senior Citizens, and Identification Cards are still available upon request to the Committee.

The Committee is endeavoring to obtain Foundation Grants so that necessary services may be made available to Milton Senior Citizens.

As of June 1977, there were 6477 persons 60 years of age, or older, listed in our files. The distribution of ages was as follows: 60-61, 861; 62-64, 1028; 65-69, 1512; 70-74, 1177; 75-79, 947; 80-89, 837; 90 and over, 115.

Respectfully submitted,

ALICE E. COGHLAN, Chairman
DORIS DAVIDSON, Member
CHARLES J. HACKLEY, Member
HILDA LAROCCO, Member
CHARLES M. MCGOWAN, Member

Board of Selectmen Chairman James D. Colt, Secretary Walter F. Timilty and Member John P. Linehan examining plans for a proposed Housing for the Elderly.

REPORT OF THE PERMANENT COMMITTEE ON HOUSING

January 7, 1978

TO: The Honorable Board of Selectmen:

The year 1977 proved to be a productive one for the Town insofar as housing for its elderly citizens was concerned. In the early part of the year, Milton Residents for the Elderly, Inc., presented a plan to the Town authorities, proposing the construction of 125 apartments for mixed income people at "Winter Valley", the Whitney Estate at the corner of Highland Street and Canton Avenue. The project was to be Federally financed through HUD.

The plan generated considerable discussion, and the positive result was a classic example of people of good-will and honest intentions working together for the benefit of the Town. What had been thought of as a difficult issue to be fought out on the floor of Town Meeting, was overwhelmingly approved by Town Meeting. The Committee openly and actively supported the proposal from its inception and was pleased with the result.

Mrs. Charlotte C. Cleveland was appointed to the Committee on June 8, 1977 to fill the vacancy opened by the resignation of Dr. J. William Dolan on December 20, 1976.

The fall months of 1977 were extremely busy for the Committee. It met at least twice a month through the middle of December. The Committee had productive and information-producing sessions with H.O.M.E., Inc., Spaulding and Slye, and Mr. Richard Fitzgerald, all of whom were interested in the development of the Lamb Properties on Canton Avenue, for condominiums and/or apartments. At the end of the year, the Spaulding and Slye Company had withdrawn its proposal. The other two interested parties are proposing articles to be included in the Warrant of March, 1978 for Town Meeting consideration. The Committee intends to study these proposals and will offer its opinion to various Town committees and to the Town Meeting.

During the fall, the Committee also met with representatives of M.R.E., Inc., and was assured, despite considerable red-tape, that ground breaking for Winter Valley would occur in the spring of 1978.

Towards the end of the year, the Committee met with representatives of the Milton Housing Authority. It appears that State funding will be available for housing for low-income, elderly Milton citizens. The Committee hopes that the Milton Housing Authority will aggressively pursue the goals for which it was created several years ago.

From all the activity taking place concerning housing in the Town, it would seem that the problem of housing for various income levels of elderly citizens should be resolved in the not too distant future. At least, the opportunities to resolve the problems are available. The Committee trusts that the opportunities will not be lost.

The Committee also met with parties concerned with the development of a nursing home in the Town. It discussed the matter with Mr. James Hegarty who would develop the Columban Fathers' property into a multi-level care nursing home. It also met with representatives of the Milton Hospital. As a prime health care provider for the Town of Milton, Milton Hospital is studying the matter as part of a general plan to determine which health problems in the Town are of the highest priority, and which it can successfully pursue. The sense of the Committee is that a nursing home would be a valuable asset to the Town. There are, however, many difficulties attached to this problem and further studies and discussions are required.

FOR THE COMMITTEE:

DAVID S. GOLDMAN, Chairman
SUSAN B. CABOT
CHARLOTTE C. CLEVELAND
CHARLES H. KEENAN
JOHN WOODS

REPORT OF MILTON TOWN GOVERNMENT STUDY COMMITTEE

January 13, 1978

To the Honorable Board of Selectmen:

Francis J. Kelley and Hyman B. Pave resigned from the Town Government Study Committee.

The Committee continued to explore the advisability of recommending a change in the term and number of the Board of Selectmen. After conferences with the Selectmen, and other investigation, the Committee recommended that an Article be inserted in the 1978 Warrant for action by the Town Meeting, changing the term of office of the Selectmen from one year to three years, and providing for a staggered method of election. The recommended Article appears in the 1978 Warrant.

The Committee completed a review of the major pension obligations of the Town and the current activity at the State level towards current funding. Pension costs are not presently funded by the Town. An increasing amount is appropriated each year to pay the pensioners for that year. The Town employees pay 5% to 7% (depending on their date of hire) of their earnings into a fund held by the Town Treasurer. The employees pay on a current basis out of current earnings, but the Town's portion is now postponed until retirement. The pension obligation of the Town is not generally known or discussed, and there is almost no reporting of the present and the future costs.

The State of Massachusetts did not previously allow funding, but as a result of a report by the Retirement Law Commission the State has recognized its position as the last State in the Country to provide current funding, and has funded \$10,000,000 in the latest budget to start funding the two largest pension plans in the State, the teachers and the State employees.

As a preliminary to the expected State requirement that all plans be funded at some level, an act of the 1977 Legislature now permits Cities and Towns to establish funds to offset the anticipated cost of funding. The Town Government Study Committee has entered an Article in the 1978 Warrant to initiate a reporting system and a funding policy for the Town.

The Landfill Study was made by Charles Evans Associates at the request of the Town Government Study Committee. The report was completed with the recommendations that the Landfill be handled by the Department of Public Works and the contract for the rubbish pickup remain with the Board of Health. After a meeting of the Committee with the Personnel Board and the Board of Health, the Board of Health agreed with the recommendations and filed an Article in the 1978 Annual Town Meeting Warrant to implement this finding.

The Fire Department Study by Charles Evans Associates was completed with the idea of closing Atherton Street Station or reducing the personnel of the Fire Department, and at this time the Town Government Study Committee does not think that is appropriate as a result of the Study.

The Cemetery Department is continuing to be studied by the Town Government Study Committee.

The Computer Committee is reporting on the Computer Program Evaluation.

The Committee extends its thanks to Mr. Kelley and Mr. Pave for the excellent services rendered by them while serving on the Town Government Study Committee.

Respectfully submitted,

THOMAS A. NORRIS, Chairman
M. NATALIE FULTZ
MARTHA WISWELL
HERBERT LEMELMAN
GEORGE T. RYAN
Town Government Study Committee

REPORT OF COMPUTER STUDY COMMITTEE

The Computer Study Committee continued to work on further use of the Town's investment in existing data processing facilities as an alternative to outside service bureau uses.

The bookkeeping machine used by the School Administrative Department was determined to be beyond the scope of reasonable repairs since parts were difficult to obtain and the labor necessary to install the parts was very high. These budget reports have been programmed to run on the High School DEC PDP-8 during hours the machine was not dedicated to educational usage. The class scheduling program, the largest component of a program package purchased some time ago, has been tested and it is intended to be available for High School class scheduling this spring.

A recommended reconfiguration of the school DEC PDP-8 will allow for the simultaneous usage by the administration and educational arms of the school system rather than the more costly approach of one user at a time.

The increased throughput will allow for the automation of Milton's Water Billing System. This operation has been selected to be the first Town oriented project to be incorporated into the existing school computer facilities.

A second application, the census and voter registration lists for the Town Clerk's Office, was reviewed as presented by an outside service bureau and the proposal subsequently was tabled while we continue to investigate performing this function on a more economical basis.

Respectfully submitted

LEO F. DUNPHY, JR.
JOHN R. AVERY

The Town Accountant and her staff utilizing the semi-automatic accounting machine.

REPORT OF THE MILTON HOUSING AUTHORITY

During the past year the Housing Authority, consisting of Elizabeth Atkins, Vice Chairman; Bernice Ahearn, Secretary; Gerald Joyce, Treasurer; Thomas McSharry, Assistant Treasurer; and Robert A. Curley, Chairman, continued with its plans for low income elderly housing for Milton.

In anticipation of receiving funds from the Commonwealth at some future date, the Authority created and published application forms for low income elderly housing. These forms have been available at the Town Hall and appropriate notices were placed in local newspapers.

At the last session of the Legislature a one hundred million dollar bond issue was passed for housing needs in the Commonwealth and in January, 1978, the bill was signed by the Governor. However, news reports indicate that the Department of Community Affairs will not determine guidelines, allocation formulas, or priorities until July, 1978.

Representative Manning has been in contact with the Department of Community Affairs from time to time, at the Authority's request, to insure, as far as possible, that funds be assigned to Milton for its elderly residents.

The recent bond issue represents the first funding available for new housing construction since the creation of the Milton Housing Authority. Although progress has been slow, there is now every reason to expect that funds for construction will be allocated to Milton in 1978.

Milton's historic Suffolk Resolves House. It started here in 1774.

REPORT OF THE ARTICLE 33 COMMITTEE

February 21, 1978

To the Board of Selectmen:

The Zoning Bylaw Study Committee was appointed by the Moderator on June 8, 1977 in accordance with the vote of the 1977 Annual Town Meeting.

Our assignment under that vote was:

"To study the need to amend Chapter 10 of the General Bylaws of the Town of Milton in order that said Chapter might conform to the provisions of General Laws, Chapter 40A."

We employed the professional services of former Town Counsel Frank B. Frederick to assist us in this assignment.

The task was more complex than any of us realized.

Our recommendations have been submitted to the Board of Selectmen in the form of 1978 Annual Town Meeting Articles which have been included in the Warrant.

These are Article Numbers 36 and 38.

We wish to thank the Board of Selectmen, Planning Board, Board of Appeals, Warrant Committee and the Executive Secretary to the Board of Selectmen for their assistance.

Respectfully submitted,

FREDERICK G. BARRY, JR., Chairman
 CHANNING COVENEY
 ROGER L. GREGG
 JOHN R. KENNEY
 JOHN C. STOREY
 Zoning Bylaw Study Committee

INTERIM REPORT OF THE ARTICLE 38 COMMITTEE

The Article 38 Committee was created by the 1977 Town Meeting to continue the work of its predecessor Article 24 Committee on outdoor athletic facilities for the High School. The need for additional outdoor facilities was amply demonstrated in the report submitted by the Article 24 Committee, and the solutions suggested were endorsed by the Town Meeting to the extent that a two-thirds vote was obtained to purchase 22 acres for athletic field construction and to expend \$49,000 for the design and procurement of bids.

Article 38, as finally voted, restricted the expenditure of any funds until such time as title passed on the 22 acres described. Unfortunately, the owners have proven unwilling to sever the 22 acres from the contiguous 33 acre portion of their land running north to Canton Avenue, in spite of the earnest efforts of the Selectmen and this Committee to convince them to do so. Thus the Committee has been stymied in advancing its program.

In the meanwhile, alternative proposals for the development of the remaining 33 acres are being considered on a near or intermediate term basis. Of course, the approval by the Town and the resultant sale of 33 acres would end the present stalemate and allow the Committee to pursue its appointed task, albeit it on a delayed time schedule. The Committee already feels the High School and the Town as a whole is being seriously shortchanged by the unfortunate delays.

Accordingly, the Committee now feels that the town should strive to commence and complete construction on the much needed facilities during calendar 1978, which means the facilities would be available for full use in the spring of 1979. However, to accomplish this, construction would have to be voted at the March 1978 Town Meeting. The dilemma the Committee now faces is thus:

1. In order to proceed to construction as planned, engineering, working drawing, specifications, cost estimates and (possibly) bids must be obtained by March 1978.
2. Our architects inform us that the above work would require 10 weeks of intense work.
3. The Committee is not authorized to spend any money on the above until the 22 acres belongs to the Town; therefore, under present authorization, the Town must acquire title not later than January 10, in order for the time schedule to be met. Unless something happens quickly, this seems highly unlikely.

The following are possible solutions to this dilemma:

1. If there is to be a special Town Meeting this fall to consider the "Home Inc." proposal, our Committee could submit an article releasing all or part of the appropriation voted in Article 38 from the title transfer restriction. Presumably, if the Town voted a zoning change for the 33 acre adjacent site, making its disposition very probable; the purchase by the Town of the land voted in Article 37 would thereby be assured. No substantial risk would then be incurred by the Town Meeting in voting the release.
2. Another alternative is to submit an article, as a fall-back to the Home Inc. proposal, calling for either (a) the purchase of the entire 55 acres as was narrowly defeated last March or (b) the taking of the 22 acres already voted, by eminent domain; with an additional appropriation voted to accomplish this end.

Our Committee is hoping that the first mentioned alternative becomes feasible. To do nothing until the March Town Meeting would be ill advised, since, at best, that would mean construction during 1979 and first use in 1980. Furthermore, considering continued inflation in the construction industry, the cost *above* the land must be presumed to be increasing in the range of \$50,000 per year of delay. On top of this, each Federal grant program that comes and goes (however remote the possibilities) is one more lost opportunity at outside funding, as long as we don't own the land.

INTERIM REPORT ARTICLE 38 COMMITTEE

All in all, as described in the report of the Article 24 Committee and as discussed at the 1977 Town Meeting, the need for the facilities contemplated is real and pressing based on the present school population, projection of the slowly declining school enrollemnt, and the serious shortfall of total Town recreational facilities. The Committee sincerely regrets that the above must be an interim report and not the plan for action called for by Article 38.

Respectfully submitted,

MARION A. GORDON
VIRGINIA E' HANNIGAN
EDWARD GUZOWSKY
CHARLES H. BURNES, JR.
NEIL D. KELLER

INTERIM REPORT OF THE ARTICLE 39 COMMITTEE

Article 39 of the 1977 Town Meeting created a Committee to prepare plans, detailed specifications, employ professional help, and secure bids for additions to and renovations of the indoor physical education and athletic facilities and the adjacent locker rooms and showers at Milton High School. The report of the Article 24 Committee demonstrated that the need existed, and say what one will about the nature of subsequent events, the needs seem to be at least as real and pressing now as previously.

The appropriation voted by the 1977 Town Meeting for use by the Committee contemplated by Article 39 was obviously insufficient for the work described; accordingly, it was recommended and voted as seed money to allow the Committee to seek outside funding sources and/or to prepare revised recommendations for a future Town Meeting.

Unfortunately, the Town was not the recipient of E.D.A. Funds sought. The Committee has therefore decided that its efforts should be directed towards rethinking the scope of the project envisaged by the Article 24 Committee in order to meet austerity budget aims, in spite of the obvious conclusion that educational ideals and some worthwhile community recreation objectives will be sacrificed.

It is also this Committee's feeling that Milton has been victimized by the School Building Assistance Bureau of the State Department of Education in recent years by *not* receiving aid on the last three school building projects, while nearby cities and communities have been the beneficiaries of many millions. One would hope that this treatment is the result of a lack of clear understanding the Town's objectives, rather than anything less professional. Therefore, the Committee is first pursuing the elusive objective of some kind of commitment on State reimbursement, before resubmitting any revised recommendations for Town Meeting action.

The Committee hopes to present recommendations pursuant to the above in time for action by the March 1978 Town Meeting.

Respectfully submitted,

MARION A. GORDON
VIRGINIA E. HANNIGAN
EDWARD GUZOWSKY

REPORT OF THE MILTON HISTORICAL COMMISSION

January 5, 1978

To the Honorable Board of Selectmen:

Like most other towns in Massachusetts, the Milton Historical Commission was formed by vote at Town Meeting in 1973 to carry out the provisions of the Statute of the Commonwealth. Under the supervision of the Massachusetts Historical Commission its duties are to inventory, document and subsequently assist in the preservation of historic buildings, structures and monuments in Milton.

Operating partially with funds appropriated by the Town in 1977 and partially from a matching grant from the Massachusetts Historical Commission, the inventory survey and documentation of historic houses is being conducted. From an earlier tabulation of about 60 houses all preceding 1840 as the date of construction, a concentrated effort is being made by William J. Loughran to visit the houses and document properly their historical significance. Miss Kathleen Fitzgerald, an architectural graduate student now attending the Harvard Graduate School of Design is assisting in documenting the architectural aspects of the houses.

The present owners of these old houses should take pride in living in them and when Bill Loughran calls to make an appointment to visit and inspect their house, we hope they will understand the full significance of this survey and welcome the opportunity to cooperate. This project and inventory program has no connection with the assessment survey currently being conducted in the Town.

The Commission would appreciate owners of historically or architecturally significant houses to contact any member of the Milton Historical Commission, particularly if they have taken the trouble to study the background and origin of their home.

Mr. Arthur Vose has recently completed a two-year documentary study and inventory of the oldest gravestones in the Milton Cemetery. It is a significant piece of work. Funds are presently requested for an appropriation by the Town for its printing, in limited quantity, for subsequent sale to families and historians. The Milton Cemetery will also be listed as an Historic Burial Ground.

Another important document to Milton history is a complete tabulation of Births, Marriages and Deaths of Milton residents over a hundred years ago. There are only a few copies now in existence and funds are solicited for reprinting. Also, a number of fragile old Town maps with resident's locations and names are stored in the Library files and efforts are being made to reproduce them for the benefit of those interested in the history of Milton.

On April 18, 1977, having completed restoration of the Governor Hutchinson Ha-Ha Wall, which was accepted in March 1975 for placement on The National Register of Historic Places and is located on land owned by Mrs. Mary W. Sturgis which borders the park-like area north of St. Michael's Episcopal Church, Milton, a commemorating marker was placed there reading as follows:

National Register of Historic Places
Erected by the Milton Historical Commission
BICENTENNIAL, THE DECLARATION OF INDEPENDENCE, 1976

Respectfully submitted,

JOSEPH C. BURLEY, Chairman
EILEEN F. CHAMBERLAIN, Secretary

REPORT OF THE REGIONAL VOCATIONAL-TECHNICAL SCHOOL DISTRICT

The Dedham, Milton, Natick, Wellesley Regional Vocational-Technical School District was established by a vote of the towns at the 1977 Annual Town Meeting elections. Each town's School Committee subsequently appointed two persons to be members of the Regional District School Committee for a term of one year. Those appointed were:

Edward J. Hughes, Dedham
Arthur C. King, Jr., Dedham
Edward J. Flaherty, Milton
Paul F. Harrington, Milton

Joseph M. Connolly, Natick
Arthur B. Fair, Jr., Natick
Duane R. Batista, Wellesley
Robert L. DiSchino, Wellesley

The Regional District School Committee was organized on April 14, 1977. Duane Batista was elected Chairman, and Paul Harrington was elected Vice-Chairman. Warren Himmelberger was appointed to be Secretary-Treasurer and Administrative Assistant to the Committee.

Albert G. Chouinard, formerly Vocational Coordinator at the Montachusett Regional Vocational-Technical School in Fitchburg, was appointed Superintendent-Director in September, 1977.

The Committee has entered into a working agreement with the State College System's Center for High Technology and Education in Dover to locate the Regional Vocational-Technical School on its property. The school will open in leased facilities in September 1978, with 400 students: 38 percent from Natick, 36 percent from Dedham, 13 percent from Milton, and 13 percent from Wellesley. Students will attend their home high school half the day, taking vocational courses at the Regional Vocational-Technical School half the day.

The Curriculum planned for the first year includes:

- Computer Science and Electronics
- Culinary Arts
- Landscaping and Environmental Management
- Carpentry
- Electrical
- Heating, Ventilation, and Air Conditioning
- Masonry
- Business Machine Repair
- Commercial Art and Industrial Design
- Painting and Decorating

The School will be expanded to 1,000 students in September of 1979 and will include additional vocational courses. Adult evening programs are planned to begin in February, 1979.

A bill filed by the Senators and Representatives of the District, permitting the Committee to enter into a ten year lease agreement, was signed by Governor Dukakis on December 23, 1977. We appreciate the support of Senator Joseph Walsh and Representative M. Joseph Manning.

Respectfully submitted,

ALBERT G. CHOUINARD
Superintendent-Director

Regional Vocational-Technical School Committee

Front row left to right: Executive Secretary Warren Himmelberger; Edward J. Flaherty and Vice-chairman Paul F. Harrington both of Milton; Chairman Duane R. Batista and Robert L. DiSchino both of Wellesley; Superintendent-Director, Albert G. Chouinard.

Back row left to right: Arthur B. Fair, Jr. and Joseph M. Connolly both of Natick; Arthur C. King, Jr. and Edward J. Hughes both of Dedham.

STUDY COMMITTEE REPORT TOWN OF MILTON SKATING FACILITIES

November 25, 1977

To the Honorable Board of Selectmen:

The committee appointed by the moderator as authorized under Article 35 of the 1977 Annual Town Meeting to study the skating facilities in the Town of Milton including but not limited to the best method of co-ordinating the transfer of the M.D.C. Ulin Rink is pleased to submit its report.

After reviewing the operating statements of all the surrounding M.D.C. facilities and several of the private rinks, analyzing the available prime time for prospective tenants, projecting an estimated budget against gross receipts and discussing with the various town boards and committees the take-over of the Ulin Rink and skating facilities, the Committee has concluded that the Town of Milton should *not* get involved with the take-over of the M.D.C. Ulin Rink at this time. Nor should the Town become involved in any new facility since the rinks in the Town of Milton and surrounding communities generate adequate ice time for the needs of the Town of Milton.

Although the M.D.C. Ulin Rink is currently undergoing two phases of renovations at a cost of about \$500,000 which would ultimately provide the Town a facility with no capital expenditure, the Committee foresees annual deficit spending against gross sales or receipts of \$25,000 to \$50,000 during the first five years and after that period when major repairs and equipment would be the Town's responsibility, the annual deficit could go as high as \$100,000.

However, in light of the ongoing major repairs and renovations and the M.D.C.'s willingness to further discuss alternative methods of take-over, the Committee requests that the Town Meeting extend the life of the Committee to monitor the Ulin Rink operation for at least one year after the refurbishing contracts are completed.

Very truly yours,

William J. Sullivan, Chairman
Paul V. Buckley
Allen Lapey, M.D.
Charles O'Malley
Robert J. Vey

Town Officials confer with M.D.C. officials on the possible transfer of the Ulin Rink to the Town of Milton.

DEPARTMENT REPORTS

BOARD OF SELECTMEN

BOARD OF SELECTMEN

Due to snow storm, Board of Selectmen Report was not complete in time to include in Town Report. It will be furnished as a separate report.

EXECUTIVE SECRETARY

Due to snow storm, Executive Secretary Report was not complete in time to include in Town Report. It will be furnished as a separate report.

REPORT OF TOWN COUNSEL

January 16, 1978

To the Board of Selectmen:

I submit herewith my report as Town Counsel for the year 1977.

Early in 1977 the Tucker School Renovation Project was completed after unfortunate delays. The Tucker School Building Committee was required to devote a great deal of time to this project. I was pleased to assist the Committee in its negotiations with the bonding company to insure that the construction work was finished at no extra cost to the Town. I believe the Town owes Mr. J. Murray Regan and the other members of the Committee a vote of thanks for an excellent job performed under very difficult circumstances.

In the latter part of 1976 the Town had filed a suit against the Attorney General seeking a review of his decision disapproving a Town bylaw banning self-service gasoline stations. In June the Supreme Judicial Court upheld the action of the Town Meeting and decreed that such a bylaw could lawfully be voted by a municipality.

In May three residents of the Town brought suit against the School Committee alleging a violation of the Open Meeting Law. The Committee had considered some complaints against a school employee in an executive session. The plaintiffs prevailed at court. While the Committee's appeal was pending, the school employee resigned and the matter has consequently become moot.

During the year there were twenty-five cases filed or called for trial at the Appellate Tax Board. One case resulted in a finding for the appellant. We are presently awaiting decisions in three cases. Six cases are still pending and the remaining fifteen cases were either withdrawn, dismissed or terminated in decisions in favor of the Board of Assessors.

Among the unusual type of cases filed against the Town during the year were the following:

1. A suit by the Department of Environmental Quality Engineering alleging various violations of law arising out of the operation of the Town Dump. It is our position that any such violations are the responsibility of the contractor who was awarded the sanitary landfill contract by the Town. The contractor has been joined as a party defendant in the court suit, and the case is pending.

2. A suit by the owner of the Parkway Building on Blue Hills Parkway seeking to enjoin the Town from demolishing this building which is unused, uninhabited and dangerous. The suit was ultimately dismissed by the Superior Court.

3. A complaint by the U. S. Coast Guard seeking to hold the Town financially responsible for the costs incurred in cleaning up an oil spill in the brook at Squantum Street. As the Town's investigation discloses the cause of the oil spill to be a ruptured fuel tank owned by a private individual, we are resisting this claim by the federal agency.

In 1977 investigatory work and research was done relative to the possible use of the Town Farm by the Milton Housing Authority for the purposes of low-income elderly housing. Conferences were also held with representatives of the Public Charities Division of the Attorney General's Office in regard to this matter.

In addition to the routine suits filed against the Town wherein the plaintiffs seek compensation for property damage or minor personal injuries, there were two actions initiated wherein the plaintiff in each case is asking damaged in the amount of \$50,000 for personal injuries allegedly incurred as a result of the negligence of employees of the Town. Both of these suits will be resisted in court. Twelve claims against the Town were settled for the total sum of \$5423.87. Sixteen claims for damage to Town property totalling \$9564.59 were collected by me. Two suits for auto excise taxes from delinquent payers resulted in the recovery of \$1909.38.

REPORT OF TOWN COUNSEL

As always, I counselled the various Boards, Departments and Committees of the Town. I have continued to enjoy the unfailing cooperation of the Board of Selectmen, the department heads and my fellow employees. In closing I should like to make special note of the aid and assistance I have received during my service as Town Counsel from Joseph G. Graziani, Jr., the Town Treasurer, who is retiring in March. It has truly been a pleasure for me to have had the opportunity to work with Mr. Graziani over the years, and I extend to him my best wishes for his success and good fortune in the new career on which he is embarking.

Respectfully submitted,

ROBERT D. O'LEARY
Town Counsel

Town Counsel Robert D. O'Leary confers with John P. Linehan, senior member of the Board of Selectmen.

REPORT OF LEGISLATIVE COUNSEL

January 16, 1978

To the Board of Selectmen:

I submit herewith my report as Legislative Counsel and Chairman of the Legislative Committee for the year 1977.

In accordance with the provisions of Article 6 of the Warrant for the 1977 Annual Town Members, the Legislative Committee was appointed by the Moderator to consider those general laws and special legislative acts which might affect the interests of the Town. The Committee members were Walter J. Connelly, James F. Dineen, Roland Gray, III, Eugene G. Panarese and myself. All of the general and special laws enacted by the State Legislature during the year were reviewed insofar as the laws had an effect on the interests of Milton.

Following the vote on Article 13 of the Warrant, I prepared a bill to exempt the office of Inspector of Plumbing and Gas Fittings and Sealer of Weights and Measures from the civil service laws. The law was enacted as Chapter 281 of the Acts of 1977. I also forwarded to the State Legislature a petition of ten citizens to have the names of candidates in all elections for public office within the Town appear on the ballot in the order in which they were drawn by lot. This petition was printed in the warrant and submitted to the Legislature in language identical to that used by the petitioners. Counsel to the House of Representatives ruled that the bill was poorly drawn and not precise. As a result no action was taken on the bill before the General Court prorogued.

During the year I appeared at the State House to make known your views on various bills. Included among these were favoring a bill to increase the legal drinking age and a bill to abolish binding arbitration of salary disputes with policemen and firefighters. I also made known your views on a bill which would have authorized the Metropolitan District Commission to acquire a conservation easement on the Prowse estate located on the Milton-Canton border, and I recorded your board as favoring the recommendation of the Legislative Committee on Redistricting that the entire Town of Milton be included in a single representative district.

As always, I enjoyed the cooperation of Representative M. Joseph Manning and the members of his staff of the House Ways and Means Committee. Their assistance during the year certainly made it easier for me to perform my duties as Legislative Counsel.

Respectfully submitted,

ROBERT D. O'LEARY
Legislative Counsel

REPORT OF THE MILTON PERSONNEL BOARD

February 2, 1978

The General Court has passed a new Unemployment Security Law for public employees effective January 1, 1978. The passage of this Act may cause your Personnel Board and other employing offices of the Town to review our procedures and policies, and we may expect to change our attitudes toward part-time, temporary-seasonal help.

There have been a number of events taking place which have caused your Personnel Board to discuss, without a final determination, the need for the employment of a Town Personnel Manager. This individual, if hired, should not only be cognizant of personnel matters, but also retirement, pension rights, and unemployment procedures.

We have found that under Section IV, D, 4 – Step Rate Advances – that employees were receiving automatic increases within their salary grade on an annual basis in violation of the By-Law, which provided that employees may be advanced by merit increase. The Board has instituted a policy of requiring a letter of recommendation from each employee's supervisor before a merit increase within the salary grade may be approved. In addition, pursuant to Section III, C of the By-Law, a personnel file is being kept on all Town employees and included in this file shall be the annual review of the employee's performance by his or her immediate supervisor.

After much deliberation, Charles Evans has been engaged to review the clerical positions under the Personnel Plan. Hesitancy was expressed by the Board because of the cost involved, however, ten years has elapsed since the last review and general reclassification. There had been many applications for reclassification by Town employees and it was felt that in fairness to them a review was in order. We are pleased that the Warrant Committee saw fit to approve our request for a transfer of funds to have this study performed before the March 1978 Town Meeting.

In view of the above, the Personnel Board has also voted a management study of the Department of Public Works and "A" Employees Under the Plan.

The Personnel Board has reviewed, approved, and amended each proposed department budget as it pertains to personnel. Some deletions were suggested, both as to number of personnel and to amounts to be expended on overtime. We are pleased that no single Department filed a request for an increase in personnel. We feel that all Department Managers are cooperating with the Personnel Board and Town management in an effort to hold down costs (except for the inflationary pressures which are prevalent).

The Personnel Board voted to support the clerical employees in their petition to withdraw their positions from the Civil Service system. This support was given with the understanding that the employees were to be assured of the same rights and job protection as were presently provided under Civil Service.

We are, however, confident that the withdrawal from the Civil Service by these employees will give greater latitude to Town management in its hiring practices. It will also work a benefit to many of our employees who are classified as either temporary or provisional, for as many of the readers know, a person may be a provisional or temporary employee in the Town and performing satisfactory or extraordinary service for many years, and will then be required to take a test and is not guaranteed of permanent employment. A person, not of the Town, may score higher in the Civil Service exam and may be hired for the position held by a provisional for any number of years. We feel that we are satisfied with our provisional and temporary employees, otherwise they would have been released and we are happy that we will be able to keep them on the payroll.

The Personnel Board was recently apprised of the results of collective bargaining with a number of collective bargaining units of the Town employees, and as a result of this bargaining, have voted to grant a five and one-half percent (5½%) general increase to all non-union employees of the Town. This will also result in an increase in wages to the employees of the Department of Public Works, as the second year of their contract is tied into the salaries of non-union employees.

REPORT OF THE MILTON PERSONNEL BOARD

A source of great concern to the Personnel Board has been the overtime and evening clerical work necessitated by the various Departments and Boards of the Town. To give an example, some clerks or secretaries of the various Boards are paid per a fixed annual stipend. Others are paid per meeting. Others are paid per hour, and others are paid by means of compensatory time off. Our procedures are certainly not uniform and we feel that it is now time for us to develop a uniform program. This has not been resolved as of the time of the making of this report, but we trust that it will be completed prior to July 1, 1978.

The Board wishes to express its thanks and appreciation to the various Department heads, governing boards and employees for their cooperation and assistance. We wish to thank John Cronin, the Executive Secretary to the Board of Selectmen, for keeping us abreast of changes in the municipal bargaining process, and most especially for his attending our meetings at a time which to others would be overtime, to assist us in our deliberations. We also wish to extend our heartiest thanks to Josephine M. McAteer, our Clerk, for the many hours that she has expended in assisting us in performing our governmental functions. There are no words which can express our gratitude to Josephine McAteer, whose objectivity, knowledge, impartiality and love of the Town of Milton, has done so much to assist us in our deliberations.

Respectfully submitted,

JAMES D. FITZGERALD, Chairman
FRANCIS P. McDERMOTT
MANUEL S. LATO
JOHN P. CONNOLLY
RICHARD B. O'MEARA

REPORT OF THE BOARD OF APPEALS

To the Citizens of Milton:

The Board of Appeals presents the following report for the year 1977.

In March of this year, Mr. Charles F. Barrett was reappointed a member of the Board of Appeals to serve for a period of three years until 1980.

Mr. John C. Storey was reappointed Associate Member of the Board of Appeals to serve for a period of three years until 1980.

The Board wishes to take this opportunity to thank the Associate Members, Messrs. John C. Storey, Dean M. Boylan and Joseph Cotter for their assistance in substituting for members of the Board who were unable to be present at various hearings.

During the past year we held 10 hearings. Of this number there were:

9 applications for Variances

5 granted

2 withdrawn

2 decisions pending

1 application for a Special Permit
granted

Respectfully submitted,

CHARLES F. BARRETT, Chairman

DANIEL GANS, JR.

CARROLL P. SHEEHAN

Board of Appeals

REPORT OF THE PUBLIC WORKS DEPARTMENT

January 31, 1978

To the Honorable Board of Selectmen:

Submitted herewith is the fifth report of the activities of the Department of Public Works established under Chapter 570 of the Acts of 1973.

ENGINEERING

Engineering services were rendered to all departments as requested. All maps, atlases and plans on file have been updated to present conditions.

As requested by the Board of Health the Engineering took over the responsibility of preparing a Master Plan of the Town Disposal Area, test pits, sections, quantities, and coordinating schedules with the Department of Environmental Quality Engineering.

Another major engineering project included the study, design, layout and grading of another large section of grave sites at the southeast corner of the Milton Cemetery.

Centre Street (Randolph Avenue to Voses Lane) Chapter 90 Roadway Re-Construction Program was completed during 1977. A "School Zone Program" was also approved by the Mass. Department of Public Works and the base and conduits were set during the Chapter 90 construction. The controls and heads will be completed in early 1978.

Assistant Director of Public Works Branch Lane explains to Lillian Pompeo and Elizabeth Mellon the Water Pressure Meters.

Edward Calabro, Engineer calculating surveying jobs.

TOPIC'S PROGRAM for the three Brook Road locations (St. Mary's Road, St. Mary's School and Standish Road) is under construction and 75% complete. As soon as controls are received this project will be completed. The D.P.W. has petitioned for other TOPIC Programs from the Mass. D.P.W. No final commitment as of this date.

The Engineering Division issued 14 street numbers, 46 street opening permits.

HUD Flood Hazard Program has been reviewed and submitted by Town Engineer Paul D. Kanter to the Planning Board for action.

HIGHWAY

The drainage improvement program continues with additional catch basins, manholes and laterals installed when needed. Pond Street relief drainage was completed.

A second major snowstorm in January shortly after the 12" snowstorm of December 29, 1976 created a heavy work load during January but February and March were normal.

Stream clearance projects continued when weather permits. Gun Hill Pond was cleaned of muck and growth and is available for recreation purposes.

Permanent construction for the year 1977 includes installation of curbing and resurfacing of several streets. A list of locations are on file in the Engineering Office.

There were no streets constructed under the Betterment Act.

A list of sidewalks repaired and resurfaced is on file in the Engineering Office.

New equipment purchased during 1977 include 1 - 65 series Dump Truck complete with plow and one pickup truck.

PUBLIC WORKS DEPARTMENT

Approximately 185 trees were planted along Town streets and on property easements during the past year.

Central Avenue Business Area "O'Neil Square" improvements were started, to be completed in 1978. Improvements included curbing, concrete sidewalks, and trees.

Several personnel have completed first part of registration of public employees that handle pesticides. Second part of license exam will be in May 1978.

WATER OPERATIONS

7 service connections were made to supply new buildings, 5 services were laid from sidelines of street to the building and 12 services were laid from main to sidelines of street.

1 new hydrant was added to our system. The inspections, repairing, gating and painting of hydrants have been continued.

4 additional gates were added to the system.

Reinforcement of our main distribution system continued with the installation of 2250 linear feet of 16" main on Randolph Avenue (Adams Street to School Street).

110 services were relaid during the year. Application cards carried over as of December 21, 1977 number 85.

All Metropolitan Water District Commission meetings were attended during the year.

A conversion of a large area of low pressure system was completed and now included in the high pressure system resulting in better pressure and supply for a large number of homes.

New equipment purchased in 1977 were 1 - 65 series Dump Truck, 2 - pickup trucks and 1 - one-ton sidewalk roller.

RETIREMENTS

Louise Lowney
Rita O'Connor

30 years service
6 years service

May they enjoy good health and times in the retirement.

John White and Jeremiah McAuliffe representing the Public Works Union sign contract with Selectmen John P. Linehan, James D. Colt and Walter F. Timilty for the Town.

PUBLIC WORKS DEPARTMENT

CENTRAL MAINTENANCE GARAGE

Services and repair given to all Town departments. Preventative maintenance has reduced down time which is most noticeable during snow and ice emergency work as there have been very few vehicles in the maintenance garage during the storms.

OBJECTIVES

- To continue long range Water System Improvements.
- To continue with Improved Drainage Programs.
- To continue to seek Federal Aid for Sewer Program.
- To continue request for TOPICS Programs.
- To continue to assist with equipment and personnel for all Town projects.
- To continue Stream Clearance Program.
- To continue Program Budgeting and Accounting.

CONCLUSION

I wish to take this opportunity to express my appreciation to all Public Works Employees for their cooperation and assistance in compiling a very successful construction and maintenance year.

I wish to thank the Board of Selectmen, Executive Secretary and all Town Departments for their cooperation and assistance during 1977.

Respectfully submitted,

LAWRENCE W. DeCELLE, JR.
Director of Public Works

ANNUAL REPORT OF THE TRUSTEES OF MILTON CEMETERY

January 6, 1978

To The Citizens of Milton:

The Board of Trustees of Milton Cemetery respectfully submit the following report for the year 1977.

There were 296 interments for the year. During the year 243 graves were sold. These were assigned as follows: 3 eight grave lots, 5 six grave lots, 25 four grave lots, 7 three grave lots, 64 two grave lots and 4 single graves.

Five dead trees were removed, seventy trees were trimmed and twenty-four new trees were planted.

The development works near Gun Hill Street is approximately three quarters completed. Some additional fill is needed and then the area can be loamed and seeded. All fill for the area has been obtained at no cost to the Town. This area will return at least \$50,000.00 to the Town plus \$150,000 for the Perpetual Care Fund for an expenditure of \$10,000 for putting in the roadway.

The clearing and grading of the new development near Murray Avenue has been completed. In 1978 we will put in the roadway, seed the area and plant a buffer zone of trees along the boundary line.

Approximately 700 feet of fencing will be erected along Murray Avenue and adjoining property, which the Trustees feel will help eliminate some of the vandalism. This fencing will be a continuing process.

Our charges for services were increased due to the increased cost of labor and materials.

The Trustees wish to express their appreciation to the other Town Departments for their assistance and cooperation during the year. The Trustees also wish to thank the Superintendent and employees of the cemetery for their efforts in maintaining one of the most beautiful cemeteries in New England.

Respectfully submitted,

HUGO W. SORGI, Chairman
J. JOSEPH DONOVAN, Secretary
JOHN H. McCUE
SPENCER FIELD
PAUL F. DOLAN

The Cemetery Department preparing for a winter interment with the aid of modern equipment.

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen

Gentlemen:

I herewith submit my report on the Fire Department activities for the year ending December 31, 1977.

ALARMS

During the year the Fire Department responded to 1607 Calls; 410 Bell Alarms, 1,155 Still Alarms and 42 Mutual Aid Alarms.

ALARMS EACH MONTH

January	158	May	211	September	84
February	95	June	120	October	114
March	174	July	120	November	100
April	220	August	101	December	110

MUTUAL AID DISPATCHED

Milton to Boston	21	Milton to Canton	2
Milton to Randolph	2	Milton to Dedham	2
Milton to Quincy	14		

MUTUAL AID RECEIVED

Quincy to Milton	22	Milton to Canton	2
Boston to Milton	5		

Fire Chief John J. Grant and Grace Kibbee, Secretary, checking Fire Department payroll.

REPORT OF THE FIRE DEPARTMENT

FIRE ALARMS and/or CALLS

Residential	153
Non-residential	31
Brush, grass, woods, rubbish, debris, etc.	365
Public assistance, first aid, complaints, drills, investigations, details, etc.	311
Vehicles	139
Automobile accidents	113
Inhalator calls	12
Pumping assignments	66
Wires (fallen or arcing)	42
Lockins/lockouts	48
False alarms	114
Auxiliary alarms	101
Mutual aid	42
Other (miscellaneous)	20
TOTAL	1607

Four of the residential fires were two alarm fires and one was a three alarm fire.

WORK PERFORMED

Feet of hose laid (1-1/8")	7,500	Gallons of water:	195,500
Feet of hose laid (1-1/2")	16,500	(Booster tanks)	
Feet of hose laid (2-1/2")	11,200	Hose lines laid:	611
Feet of hose laid (3")	600	Feet of ladder raised:	7,830
		Salvage covers:	4

INSPECTIONS MADE – PERMITS ISSUED

	Inspections	Permits
Oil Burners	92	83
Tanks:		
275 gallon	42	23
1000 gallon	6	2
2000 gallon	4	2
5000 gallon	4	3
Blasting	4	4
Propane gases	4	4
Model Rockets	12	12

During the year routine inspections continued of all merchantile and business establishments, schools, churches, dormitories, etc. In addition, because of the many citizens who are installing wood-burning stoves, the Fire Department has visited many Milton residences to advise home owners about the safe installation of these devices.

Because of the 1977 March Meeting approval of the Fire Department's request to purchase a fire pumper to replace the ailing "Engine #1", a new 1250 gallon per minute pumper was ordered from Mack Truck's, Inc., and delivery is expected in late spring.

Electrification of the overhead doors at our Engine #4 station also voted at the 1977 March Meeting has been completed and this installation is expected to result in a savings in heating this station as well as reducing the chance of pilferage.

During the past year a new mobile radio was installed in Engine #1 which is the pump that responds to all Mutual Aid calls. This radio is a four channel radio and this truck now has the capability of keeping radio contact with the community that has requested help.

REPORT OF THE FIRE DEPARTMENT

On May 31, 1977, Joseph A. Duffy retired from the Milton Fire Department after 30 years of faithful service to the Town. We all wish him a long and happy retirement.

The Fire Department on August 22, 1977 received the resignation of Firefighter Donald B. Buck who was appointed to the Milton Fire Department on November 13, 1969. Firefighter Buck resigned to accept new employment and we wish him well in his new endeavors.

Two new Firefighters were appointed last year to fill existing vacancies. On November 28, 1977, Malcolm R. Larson was appointed as a Firefighter, and on December 5, 1977, Kevin J. Mahoney was appointed as a member of the Fire Department. These appointments were made in accordance with all the existing rules and regulations of the Division of Personnel Administration.

I am most appreciative of the loyalty and dedication of the Auxiliary Fire Department under the Direction of Firefighter Paul Mason. Their assistance has been extremely helpful to the regular Department and I commend them for their interest and faithfulness. I also wish to extend my sincere thanks to the Milton Chapter of the Red Cross for their dedication in helping out in any emergencies. They have certainly been most helpful to the Fire Department during the past year.

"In Memoriam"
Retired Chief
Fred E. Whelan
Appointed April 1, 1922
Retired July 28, 1961
Deceased August 16, 1977

To the Board of Selectmen, the officers and men of the Fire Department and all Town Department heads and their employees, I wish to express my sincere thanks for your support and cooperation during the past year.

Respectfully submitted,

John J. Grant
Chief of Fire Department

REPORT OF THE BUILDING DEPARTMENT

I wish to extend to the Honorable Board of Selectmen my sincere appreciation for their cooperation. May I also express my appreciation to all Town Officials, Boards and Committees for their assistance.

Respectfully submitted,

Albert W. Semer
Building Commissioner

Ernestine Metzler, Secretary to the Building Commissioner, studying plans for the proposed Housing for the Elderly at Winter Valley at the intersection of Canton Avenue and Highland Street.

**REPORT OF
BOARD OF EXAMINERS, BUILDING DEPARTMENT**

January 4, 1978

To the Honorable Board of Selectmen:

The following is the Annual Report of the Board of Examiners of the Building Department for the year ending December 31, 1977.

The Board was created under Section XX of Chapter 7 of the General Bylaws of the Town of Milton.

The 57th meeting of the Board was held on May 4, 1977. Board members, Chairman William J. Edwards, Secretary Edmund J. Connolly and John F. Delaney, Jr. were present.

Of the eight applications submitted, five were approved, two were not approved and one applicant did not appear for the interview.

Five new licenses were issued and fifty-eight licenses renewed during the year. Fees received \$182.00.

The Board wishes to acknowledge the co-operation of the Building Department.

Respectfully submitted,

WILLIAM J. EDWARDS, Chairman
EDMUND J. CONNOLLY, Secretary
JOHN F. DELANEY, JR.

Edge Hill Road and Waldeck Road	Police Box
Edge Hill Road and Pleasant Street	Police Box
Pierce Field	Flood Lights

IN MEMORIAM *JOHN J. BERTRAN*

October 1951
Appointed

June 1976
Deceased

John was a faithful employee of the Wire Department for 25 years and his sudden death has created an irreplaceable void in our department. He will be missed by his fellow employees and friends especially those of us who worked with him.

I wish to thank the Board of Selectmen and all the Town Departments for their co-operation and assistance during the past year. My thanks to the members of the Wire Department for their continued excellent work.

Respectfully submitted,

Lewis E. Park
Inspector of Wires

REPORT OF INSPECTOR OF PLUMBING AND GAS

January 5, 1978

Honorable Board of Selectmen
Town Office Building
Milton, Massachusetts

Gentlemen:

Reweighing of 480 food items was made at the various markets, number correct 473, number overweight 4 and number underweight 3.

I wish to thank your Honorable Board and all Town Departments who assisted me in 1977.

Respectfully submitted,

Paul D. Williams
 Sealer of Weights and Measures

**REPORT OF
THE FENCE VIEWERS**

To the Honorable Board of Selectmen:

The several complaints received by us during the year 1977 were disposed of by the Building Commissioner in a satisfactory manner.

Respectfully submitted,

TERESA SHAUGHNESSY
NATHANIEL C. LORD
Fence Viewers

MOSQUITO CONTROL PROJECT

REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

To the Citizens of Milton:

Submitted herewith is the report of the Norfolk County Mosquito Control Project of its activities in the Town of Milton for the year ending December 31, 1977.

Aerial applied larvicide	440 acres
Larvicide by backpack and mistblowers	840 acres
Catch basin application for larvicide and adulticide	2,120
Adulticide mistblowing from trucks	9,640 acres
Aerial U.L.V. adulticide application	128 acres
Ground U.L.V. adulticide application	1,056 acres
Drainage ditches cleaned	13,113 feet
Brush obstructing drainage cut	3,593 feet
Culverts cleaned and opened	26
Drainage ditch construction	2,335 feet
Recorded calls for information and assistance	74

Respectfully submitted,

Albert W. Heuser, Superintendent

REPORT OF THE BOARD OF PARK COMMISSIONERS

December 31, 1977

To the Citizens of Milton:

The following is the Annual Report of the Board of Park Commissioners for the year ending 1977.

Mr. Paul Joyce was elected as the new member of the Board, and the Commission was organized with John T. Landry, Chairman; John S. Shields, Secretary; and Paul P. Joyce, Member.

The Board thanked Philip E. Casey for the dedicated manner in which he served the Board.

The Park Department continued its Capital Improvement Program:

ANDREWS FIELD

Installation of a sprinkler system at the regulation diamond.

KELLY FIELD

Relocation and addition of sprinkler heads at the regulation diamond.

PIERCE FIELD

Resurfacing of two basketball courts.

Installation of sprinkler system in the regulation diamond.

Rebuilding of Lamb Little League Field.

Protective dugout fencing at the Little League diamond.

A beautification program was conducted throughout the Town in conjunction with the Milton Garden Club and the Amateur Gardeners of Milton.

Through the Federally funded CETA Program, five additional staff members were added, at no increase in the tax rate, to assist in the maintenance of all Park properties during the past year.

In keeping with the Department's philosophy to provide recreational activities to the greatest number possible, the Park Department has offered a wide range of programs including:

Basketball	Girls' Softball
Gymnastics	Baton Twirling
Ballet	Women's Slimnastics
Acrobatic Dancing	Men's Softball
Volleyball	Women's Softball

The interest in Girls' Basketball continues to grow at an outstanding rate with over 120 girls participating.

With an increase in attendance, the summer gymnastic program was extended to five weeks.

The skiing program, held on Saturday mornings at the Blue Hills ski area, had over 600 participants.

The boys' winter Basketball program has become quite popular — with an expansion in the number of teams.

BOARD OF PARK COMMISSIONERS

The Department's Exceptional Children's Program continues to be rated as "one of the outstanding in the Commonwealth".

Senior citizens continue to enjoy various bus trips under the sponsorship of the Department, as well as participation in the fishing program at Turners Pond.

The Board of Park Commissioners would like to thank the Department's dedicated employees who have done such a good job, and all the Town Departments, Boards and Commissions who have helped and assisted the Park Department this past year.

Respectfully submitted,

JOHN T. LANDRY, Chiarmman
JOHN S. SHIELDS, Secretary
PAUL P. JOYCE, Member

I herewith submit my report for the year ending December 31, 1977.

Several promotions were made during the year, I was appointed Acting Chief on July 1st. Lieutenants Gerard R. Mattaliano and Richard G. Wells were promoted from Sergeant on June 2nd and July 1st. Three promotions to the rank of Sergeant were made — Francis R. Kelley, June 2nd, John D. Crowley, July 1st and James P. Rogers, October 1st.

*The Selectmen appoint two new Lieutenants and two new Sergeants.
Left to right: Lt. Gerard Mattaliano, Lt. Richard Wells, Selectmen Walter F. Timilty, James D. Colt and John P. Linehan, Sgt. John Crowley and Francis Kelly.*

S. Leo Judge, Paul H. Giggio, Police Social Club and Selectmen John P. Lenihan, James D. Colt and Walter F. Timilty signing the Police Contract.

REPORT OF POLICE DEPARTMENT

Chief John E. Whearty, a member of the department since 1942 and Chief of Police since 1955, retired on June 30th. Many great and profound changes in law enforcement occurred during Chief Whearty's tenure. Members of the department wish him a long and happy retirement.

William H. Byrnes, a dedicated member of the department from 1914 to 1953, died on July 23rd.

Patrolman John C. DeMattia, an excellent police officer, who was appointed on April 19, 1956 died suddenly on April 30th.

Sergeant Myles J. Connor, appointed to the department on October 21, 1943 and promoted to Sergeant on March 7, 1957, retired on January 1st.

Sergeant Walter F. Nolan, a member of the department since October 2, 1947 and Sergeant since June 23, 1955, retired on October 10th.

Patrolman Ernest W. Rau was designated Safety Officer effective July 1st.

On June 7th Lieutenant Joseph W. Guaghan was designated Commanding Officer, Detective Division.

Anne Haddigan, a Traffic Supervisor since March 31, 1960 retired on June 30th. Mary McGrath, a Traffic Supervisor since June 20, 1963, retired on September 6th.

Six new patrolmen were appointed on September 6th — Frederick A. Westerman, Charlotte R. Berkowitz, Kevin J. Mearn, Gerard P. Horigan, Charles F. Paris and William E. Bryan, Jr. Patrolmen Westerman, Mearn, Horigan, Paris and Bryan completed the Basic Training Course at the Massachusetts State Police Academy on December 2nd. Patrolman Berkowitz completed a Basic Training Course at the Southeastern Massachusetts Regional Police Academy on December 23rd.

At the start of this year we had sixteen officers certified as Emergency Medical Technicians and during the year six more officers were certified.

The Auxiliary Police Officers under the direction of Lieutenant David E. Macdonald provided their usual valuable service to the Town.

To the officers and men of this department I wish to express my sincere thanks for their continued loyalty and cooperation. I also wish to thank the Board of Selectmen, the Justices, Clerks and Probation Officers of the Courts and the officials and employees of other Town Departments who have assisted us during the year.

Respectfully submitted,

Dennis J. Doyle
Chief of Police

TOWN TRAFFIC COMMISSION
**REPORT OF
TOWN TRAFFIC COMMISSION**

January 13, 1978

To the Honorable Board of Selectmen:

I herewith submit the Annual Report of the Town Traffic Commission for 1977.

Eleven meetings were held during the year three of which were public hearings. They were properly posted by the Town Clerk as required by law.

Traffic Officer Ernest Rau is now a non-voting member of the Commission.

The following requests from various Town departments and citizens were acted upon:

Four requests for One-Way streets were all denied.

Two requests for No Parking Zones were recommended.

One request for a Dangerous Curve sign was recommended.

One request for a traffic light was referred to the Mass. Department of Public Works.

One Watch Children sign was recommended.

One Ten Minute Parking Zone was recommended.

Two Guard Rails were recommended.

Four requests for the installation of Stop Signs

1 for the Central Avenue Business District was submitted to the State DPW for a study.

1 for the Wood Street Ramp, we are awaiting report on request for a traffic signal.

1 denied.

1 for Boulevard and Edge Hill Road, the Town DPW files are being checked to see if one had previously been authorized.

The School Committee's request that the boulders at the Gulliver Street entrance to the Pierce Schools be removed was discussed at three meetings and the final recommendation was that no change be made.

Two controversial issues were discussed many times during 1977 – "Wood Street One-Way" and the closure at Edge Hill Road at Governors Road. Both were put into effect for a trial period and eventually we voted to make them permanent. Because of the large number of complaints received, our final recommendation was that a consultant be hired to look into the overall traffic problems in the East Milton area with specific attention given to Wood Street and Governors Road areas, an important part of this survey is consultation with and cooperation from the City of Quincy.

It was recommended to prohibit left turns from Randolph Avenue into Reed Street between 7 A.M. and 9 A.M.

The danger to school children created by parked cars at Milton Academy was discussed and recommendation made that "No Parking" signs be erected in the area.

An ongoing speed limit study with the State Department of Public Works was initiated, the end result will be that all speed limit signs will be updated.

TOWN TRAFFIC COMMISSION

Eliot Street traffic conditions were studied and as a result Police patrols have been intensified and a "Dangerous Curve" sign installed.

The matter of "Designated Parking Spaces" for the East Milton merchants is presently under discussion.

The Commission voted to amend Traffic Rules and Orders in accordance with agreement with the Commonwealth of Massachusetts, Department of Public Works.

The Milton Department of Public Works will take the necessary action on updating the signs in East Milton Square.

The Commission wishes to take this opportunity to thank the non-voting members, Supt. Department of Public Works, Lawrence W. DeCelle, Jr.; Inspector of Wires, Lewis E. Park; and Traffic Officer, Ernest W. Rau, for their assistance during the year.

Respectfully submitted,

DENNIS J. DOYLE, Chairman, Chief of Police
JOHN J. GRANT, Fire Chief
ALBERT P. ZANIBONI, Supt. of Streets
PAUL KANTER, Town Engineer
GINO M. FIORE, Director, Driver Education,
School Department

REPORT OF THE BOARD OF HEALTH

REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Milton:

The Board of Health is pleased to submit its annual report for the year ending December 31 1977.

ORGANIZATION

Virginia A. Gaffey, R.N., was elected to the Board of Health for a three-year term on March 5 1977. On March 8, 1977 the Board met and elected Miss Gaffey, Chairman; and Dr. Murphy, Secretary. The Board appointed James F. Finneran as Agent to the Board; Alice A. Driscoll, Principal Clerk; Mary A. Whitney, R.N., Public Health Nurse; and John H. Gutteridge, D.V.M., as Inspector of Animals.

WELL CHILD CONFERENCE

The Well Child Conferences were held on the first Tuesday of each month in the clinic room in the Town Office Building. The clinics provided physical examinations and health appraisal of the infants and children and counseling for the parents. Immunizations against diphtheria, tetanus, pertussis, measles and polio were provided and tine tests for detection of tuberculosis infection were administered.

SCHOOL HEALTH SERVICES

Physical examinations for pupils in the third, fifth, eighth, and eleventh grades in parochial and private schools were provided at the individual request of a parent or guardian.

Tine tests for evidence of tuberculosis infection were made on 174 children newly transferred into parochial and public schools.

The Massachusetts Vision Test and the Pure Tone Audiometer Test for hearing were administered to all enrolled parochial school pupils.

Clinics held in public and parochial schools provided the following immunizations: Measles – 489, Mumps-Measles-Rubella – 425, Diphtheria & Tetanus – 153, and Sabin Oral Polio – 106.

COMMUNICABLE DISEASE PREVENTION

The Public Health Nurse tested 35 residents for evidence of tuberculosis infection. TB tests (362) for faculty and employees in public and private schools were also provided in accordance with the requirements of Mass. General Laws governing persons in contact with school and college-age persons. TB tests for residents and school personnel were made available on a year-round basis by appointment through the Board of Health office. Tuberculosis casework during the year included 9 contact referrals, 19 home visits, and 75 follow-up contacts of persons on chemotherapy or out-patient care.

Follow-up of 3 cases of hepatitis, 10 cases of salmonellosis, 2 cases of shigellosis, 1 case of trichinosis, 1 case of meningitis, 1 case of malaria and 4 cases of tuberculosis was carried out.

The State Law requires that children be immunized against diphtheria, tetanus, pertussis, measles, and polio before attending school. Vaccines for diphtheria, tetanus, and pertussis (DTP); for measles, mumps and rubella (MMR); and for polio (Sabin) were distributed from the Board of Health office to community physicians for immunization of children. The immunization of infants and children by physicians was supplemented through the well-child clinics, and school clinics for booster doses. There were no reported cases of diphtheria, tetanus, pertussis, measles or polio in 1977. 18 cases of chicken pox, 3 cases of rubella (German Measles), and 11 positive strep throats were reported during the year. There is no vaccine available for immunization against chicken pox.

REPORT OF THE BOARD OF HEALTH

HEARING CONSERVATION CLINICS

The Board of Health, in cooperation with the Boston Guild for the Hard of Hearing, conducted hearing test clinics for adult residents on June 29th, 30th, and July 1, 1977. A total of eighty-five residents were tested and fifty of that number showing hearing loss received counseling and referral to physician for further testing.

INSPECTION OF ANIMALS

A total of 99 dog bites were reported to the Board of Health in 1977. Animal bites other than dogs reported were one squirrel, one rat, one chipmunk, and one cat. None showed any evidence of rabies. The Animal Inspector, John H. Gutteridge, D.V.M., examined 91 horses and three cows and inspected 16 stables.

ENVIRONMENTAL SANITATION

Twelve permits to operate food service establishments were issued in 1977. All food service establishments were inspected for compliance with the State Sanitary Code. Five establishments registered by the Board of Health to sell food at retail were inspected for compliance with the regulations of the State Division of Food and Drugs. One wholesale bakery and one retail bakery were inspected for compliance with the Mass. General Laws.

A total of nine applications for individual sewage disposal systems were received in 1977. Three permits were issued for new installations and six permits were issued for alteration and repair of existing systems. Three lots were inspected for suitability for sewage disposal and two of these were found unsatisfactory.

Licenses to deliver milk in the Town from vehicles were issued to five dealers. Fifteen licenses were issued for sale of milk in retail stores. A license to manufacture carbonated non-alcoholic beverages, two licenses for the practice of massage and three permits for commercial stables were issued in accordance with the General Laws of the Commonwealth. Two licenses to purchase syringes, two licenses to deal in methyl alcohol, and one license to manufacture frozen desserts were issued in 1977. Five licenses to operate recreational camps were issued; two permits for public swimming pools, five permits for removal and transportation of the contents of privies, and one to remove and transport garbage and offal.

REFUSE COLLECTIONS AND DISPOSAL AREA

The waste disposal services, both weekly curbside collection and the operation of the sanitary landfill site, were provided by Ace Disposal Co., of Woburn under a three-year contract expiring June 30, 1978. The Contractor was notified three times during the year that the work at the sanitary landfill was not carried out in accordance with Contract Specifications.

A recommendation by the Town Warrant Committee on July 11, 1977 requested the Board of Health and Board of Selectmen to transfer supervision of waste disposal services to the Public Works Department at the end of the current contract on June 30, 1978. Both boards prepared recommendations to carry out this request.

FINANCIAL SUMMARY

Appropriations to the Board of Health for 1977-78 fiscal year amounted to \$327,255.00. Income from various sources during 1977 was as follows: Disposal Area – \$5,044.00, licenses and permits issued by the Board of Health – \$344.00.

Respectfully submitted,

VIRGINIA A. GAFFEY, R.N., Chairman
JOHN M. MURPHY, M.D., Secretary
MORTON WOLF, D.V.M., Member

REPORT OF THE BOARD OF RETIREMENT

REPORT OF THE BOARD OF RETIREMENT
MILTON, MASSACHUSETTS

February 6, 1978

To the Honorable Board of Selectmen:

The Financial Report of the Board of Retirement for the year ending December 31, 1977 is submitted herewith.

As of December 31, 1977 we have 410 employee members and 178 pensioners and survivors receiving benefits under the Milton Contributory Retirement System.

JOSEPHINE M. McATEER
OLIVER S. SUGHRUE
PAUL F. HIGGINS

Miss Josephine McAteer, Town Accountant and Chairman of the Milton Board of Retirement discusses with Representative M. Joseph Manning Chapter 559 of the Acts of 1977 which authorizes the establishment of a Special Fund for purposes of offsetting the anticipated costs for funding the local Contributory Retirement System for non-school Town employees. See Article No. 9 in the 1978 Town Meeting Warrant.

REPORT OF CONSERVATION COMMISSION

December 31, 1977

To the Honorable Board of Selectmen:

Last year the Annual Report ended with these words . . . "we hope that conservation will continue to be on everyone's mind and our Townspeople will support or contribute input to this end." Conservation, environmental impact, energy have certainly been very much in the forefront and we have been very involved and as a consequence we have touched bases with a great many Town boards and have received or offered help. We have been appreciative of this position.

A great deal of our thoughts and efforts have been devoted to land use. The disposition of the Lamb property has been before the public eye for several years and we have worked with the various groups who have an interest in this property. We have met and walked the land with School, Housing and Planning Board members so that its use will be utilized to the best interests of all concerned.

In another area and one which poses a serious problem is the Town Disposal Center which has been a source of pollution into the wetlands. We have met with the Board of Health; received an outside report through them on a water sampling; walked the site with Town officials and monitored the problem towards its solution.

Continuing with our involvement of land we unanimously spoke out against the rezoning of the Prowse property in Canton at the base of Blue Hill. We have attended meetings and submitted statements to support those who favor a conservation restriction by the Metropolitan District Commission (M.D.C.). Recently we were advised of two other proposed conservation land restrictions in the Town, both along Canton Avenue. They will further enhance the Town's semi-rural landscape. We walked these lands and also inspected M.D.C. property on Neponset Valley Parkway pertinent to an easement for a driveway onto private land across wetlands.

Wetland hearings were held on this last proposal. During the year other hearing were held on Houghton's Pond restoration and landscaping, Milton Academy Maintenance Garage to be erected on wetlands, Town dredging project on the Gun Hill Street Pond and also a meeting, inspection and update on the work schedule of a private pier on the Neponset River. Aside from these local wetland hearings members of our Commission attended state hearings on the Bottle Bill, pesticide proposals, Maine's Lincoln-Dickey Dam and have spoken or submitted written testimony on these issues.

At the request of the March 1977 Town Meeting we have been asked to submit our findings on mosquito control in this Town. We held an open meeting with the Norfolk County Mosquito Control Board which drew interested citizens. We met with Cynthia Thomas who is a recognized authority on pesticides and has been awarded by the United States Environmental Protection Agency in this region. Members of this Commission attended an eight week course on pesticides. We shall be presenting our findings for the Town to evaluate.

We have supported the activities of the Youth Recycling Center wholeheartedly and discussed with them their future plans. One of our members is a liason person at their meetings.

We are also interested in planting and beautification in the Town and have promoted projects in this direction and invited a professional landscape planner who gave a slide presentation. Through the combined efforts of the Milton Garden Club and our commission we planted many choice, named varieties of hemoracalis (daylilies) on the Voses Lane property. We are also very pleased with the acquisition of another corner lot - the Ricci property which flourishes with some interesting natural growth.

Members of our Commission attended various environmental meetings, workshops and the regular meetings of the Massachusetts Association of Conservation Commissions,

REPORT OF CONSERVATION COMMISSION

Friends of the Blue Hills, Neponset Conservation Association, etc. So that the Town is aware and informed of our activities we have continued to submit a weekly column, "Con-servationally Speaking . . ." in the Milton Record-Transcript. Our Community Gardens in two areas of the Town also promote Town participation. We have had good response both at the Cunningham Park gardens and at the new Perkins land on Bradlee Road. We ended the season with a Harvest Festival and supper on Chickatawbut Hill.

This has been a resume of our activities this year and we appreciate the Town's support in our continuing effort to promote an environmentally sound program within the Town as well as the many outside fields which affect us.

REPORT OF ASSESSORS OF TAXES

January 20, 1978

To the Citizens of the Town of Milton:

The Board of Assessors is pleased to submit the following reports:

Annual Report of Activities: January 1, 1977 – December 31, 1977

Report of Receipts and Expenses for Fiscal Period: July 1, 1977 – June 30, 1978

At the Annual Town Meeting of March 5, 1977, Daniel E. Duggan, Jr. was re-elected for a term of three years. The Board organized as follows:

M. Joseph Manning, Chairman
Thomas S. Gunning, Jr., Secretary
Daniel E. Duggan, Jr.

In accordance with the mandate of the Massachusetts Supreme Judicial Court on uniformity in valuation and assessments and the revaluation plan adopted by the March 13, 1976 Town Meeting, the Board of Assessors engaged the services of Philip J. Waterman, CMA as Chief Appraiser for the Board of Assessors on February 14, 1977. Mr. Waterman, who was selected from a large field of applicants, has had extensive experience in the appraisal profession and will direct the revaluation program of all properties, both real and personal, within the Town of Milton. The program started in February, 1977 and as of December 31, 1977 approximately thirty percent of the listing has been completed. (A report of the Chief Appraiser is attached.)

The initial undertaking of the revaluation program was to photograph each dwelling within the Town. In response to bid invitations, Mr. Donald B. Bradshaw, a resident of Milton, was engaged to perform this assignment. As of this date approximately eighty-eight percent of the dwellings have been photographed. The Board of Assessors would like to express their sincere thanks and appreciation to Mr. Bradshaw for an excellent performance in a task that is most vital to the success of the program.

On December 27, 1977, Mrs. Elizabeth M. Mellen resigned her position as Senior Account Clerk to accept a position with the Department of Public Works. Mrs. Mellen served four years with the Assessor's Department and the Board wishes to express its gratitude for the assistance and cooperation rendered to the Town by Mrs. Mellen.

To fill the existing vacancy, Mrs. B. Jean Kelliher was selected on a provisional basis.

The Board of Assessors would like to take this opportunity to express its sincere thanks to the citizens of Milton for the assistance, cooperation and understanding they have exhibited during the revaluation program.

Our gratitude again goes out to our dedicated personnel for their excellent performance during the year. To those Departments and Boards that have always rendered assistance to us, we thank you. As has been the case in the past, the assistance and cooperation of Town Counsel Robert D. O'Leary has been most beneficial to the Town and very appreciated by the Board of Assessors.

The detailed statement of Receipts and Expenses follows:

Betty Myers, Ruth Dodd and Jeanne Kelliher, Board of Assessors Office checking Excise Bills.

January 10, 1978

To the Board of Assessors:

On February 14, 1977, I was employed by you as Chief Appraiser to conduct a program of revaluation of all property, both real and personal, within the Town of Milton.

The period from mid February through May was spent in the preliminary work of setting up the office, interviewing and hiring two teams of listers, arranging for property photographs, contracting with a computer firm for the data processing phase of the revaluation program and obtaining the necessary supplies and materials to conduct the program.

On June 1, 1977, after a period of extensive training, the Listers started the task of measuring and listing the exterior and interior of every residential dwelling within the Town of Milton. A Photographer was employed to obtain photographs of all residential properties.

Arrangements were made with a computer firm to prepare an "Owner Verification" letter listing all data gathered by the Listers on their visit to each property. This letter is sent to each property owner for them to verify the findings of the Listers. Residential sales of all properties are listed and sent to each new owner for verification.

The Photographer and the Listers, all Milton residents, have experienced complete cooperation on the part of the homeowners as they carry out their phase of the revaluation program.

As of December 31, 1977 most of the residential dwellings have been photographed. The exception are those that will require multiple photographs. It is estimated that thirty percent of the properties have been listed and some 1300 "Owner Verification" letters have been mailed to property owners.

With the coming of winter weather the listing phase of the program will slow down considerably. Computation and other administrative work will be undertaken during this period of time.

It is expected that listings of all commercial and non-taxable properties will be undertaken during the coming year. When the listing phase of the program has been completed, the establishing of values of the various classes of properties will get underway through the computer process.

I wish to take this opportunity to thank the personnel of the Revaluation Office as well as the Board of Assessors and their staff for the assistance rendered to me. The cooperation of many Town Departments and Boards has been most appreciated.

Philip J. Waterman, CMA
Chief Appraiser

Philip Waterman, Chief Appraiser for the Assessors' revaluation plan, checking the progress of the residences completed.

REPORT OF THE MILTON PLANNING BOARD 1977

January 1978

At the organizational meeting of the Milton Planning Board held on March 7, 1977, the Planning Board welcomed Mr. James G. Hannon to its membership and re-elected J. William Dolan, M.D. Chairman. Mr. Patrick H. Donahue was re-elected Secretary.

The Planning Board met 34 times in 1977 and held numerous Public Hearings. The year saw the Planning Board in one of its most active periods probably since its inception.

Not only was the Master Plan finalized, but the following recommendations were presented to the Town:

LIBRARY

Recommended that the Town investigate the feasibility of utilizing Town owned property abutting the present Central Library parking area for future parking facilities.

SOLID WASTE DISPOSAL

Recommended that the Town look into the possible acquisition of land abutting the existing Disposal Area for Landfill purposes.

SEWERS

Recommended that the existing sewer system be evaluated to see if it needs updating or extensions.

ZONING CHANGES

1. Recommended, if minimum driveway requirements such as required in D-1 zoning and minimum hydrant and fire truck access can be met, that upon application to the Board of Appeals for a Variance, an individual may sub-divide on a driveway with a minimum of 5 acres per lot.

2. Recommended that the South section of Town be studied as to a zoning change from Residence A to Residence AA.

	Frontage Requirements	Area Requirements
Residence A	150 feet	40,000 sq. feet
Residence AA	250 feet	80,000 sq. feet

NURSING HOME

1. Recommended that the Columban Fathers property be considered for a nursing home, extended care facility or education purposes.

2. Recommended that the Whitney Estate be considered for a nursing home or extended care facility in conjunction with Milton Hospital.

LOWER MILLS

Recommended that the Dorchester Lower Mills – Milton Village Section be re-developed for apartments and restaurants.

EAST MILTON

Continue to investigate the availability of state and federal funds for bridging the expressway in East Milton as a parking and open space area.

MILTON PLANNING BOARD

The Board, in addition to the above recommendations, also suggested that the Lamb Property be considered for elderly development using unconventional type zoning to permit multi-unit housing. As a result, two innovative proposals were submitted to the Planning Board in the Fall of 1977, one of which sponsored by Home Inc., involved a cooperative approach which would be exclusively developed for Milton Elderly and the other sponsored by Mr. Richard Fitzgerald, a developer, would provide luxury attached dwellings at competitive market prices.

As of this writing, neither project has received negative or affirmative action.

Needless to say, your Planning Board has worked carefully with the developments that are going on and watched them closely with the best interests of the Town in mind at all times. The efforts of our loyal secretary, Mrs. Genevieve M. Byron, cannot go unnoticed for her hard work in getting all of our various reports printed as fast as possible and many times at a great inconvenience to herself.

Our thanks also are extended to Mr. Paul D. Kanter whose duties have been expanded this year and who was always able to assimilate a large number of very complicated requests given to him by the Committee and assemble all the essential data before the next meeting.

Respectfully submitted,

J. WILLIAM DOLAN M.D., Chairman
PATRICK H. DONAHUE, Secretary
SUZANNE C. COLLINS
JAMES G. HANNON
ROBERT J. KELLY

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY

January 1978

To the Citizens of Milton:

This has been a year of many changes at the Milton Public Library — changes which in the long run will have a profound effect upon the Library and our services.

In August Miss Marjorie R. Shaw, our Head Librarian and Director for twenty-eight years, retired. Miss Shaw was dedicated to the people of Milton and to the Library. To her good planning and excellent management we owe such a high quality of service all these years.

Miss Shaw made many innovations, the most important being the addition to the Central Library which houses the Children's Room with its famed tile wall of Milton children's drawings and the Young Adult Room. The installation of an excellent record collection and the addition of a music room are also important as well as the renovation of the Art Gallery on the second floor. A great patron of the arts herself, Miss Shaw started the Library collecting and hanging the paintings of Thomas Hinckley, a well known Milton painter.

To name a few of the things inaugurated by Miss Shaw we have the establishment of the Elementary School Libraries — later the School Libraries; circulation of framed prints; opening the Children's Rooms in the Branches; the Library Column in the *Milton Record Transcript*; beginning the small audio-visual equipment collection; participation of the Library in civic activities and the training of teenage Milton girls to become assistants in our Library, allowing them later to work in other Libraries or make Librarianship their profession. These things speak for themselves - Miss Shaw was a good Director of the Milton Library.

In honor of Miss Shaw the Board of Trustees declared Sunday, June twenty-sixth to be Marjorie Shaw Day at the Library. An open house was held from two to five in the afternoon and all the townspeople were invited as well as some personal and professional friends. The Central Library was beautifully decorated for the occasion by the two Garden Clubs of Milton, namely the Milton Garden Club and the Amateur Gardeners of Milton with Mrs. Paul Ochs of the latter Club supervising the arrangements.

Miss Shaw received many citations in praise of her many years of service to the Town of Milton from Congressman James Burke, from the State Senate by Senator Joseph Walsh, from the Governor and the House of Representatives by Representative M. Joseph Manning, from the Town of Milton by the Executive Secretary John Cronin and from the Board of Trustees by Trustee Emeritus C. Rodgers Burgin. In spite of the heat, the humidity and finally the rain, it was a wonderful afternoon — a friendly meeting of old friends.

Another valuable staff member left the Library during the year 1977, Mrs. Mildred Carlson, who was appointed East Milton Branch Librarian shortly after Miss Shaw came to Milton. Mrs. Carlson was devoted to the Library. She is well liked and highly respected by the people of East Milton.

In addition to the retirements of Miss Shaw and Mrs. Carlson the Board of Trustees were sad to lose their Senior Trustee, Mr. William J. Daly, who retired due to ill health. Mr. Daly's assistance as a Trustee was invaluable. He prepared the Budget and presented it to the Warrant Committee for many years. In 1977 he was Chairman of the Personnel Committee of the Trustees and as such conducted all the interviews of the many candidates for the position of Director of the Library. Mr. Daly retires after twenty years of service to the Town of Milton. We will miss not only his experience and his keen business acumen but Bill himself who is so well liked by all of us.

Of course, time goes on. We now have a fine young man at the East Milton Branch Library, Mr. Daniel Haacker from the Patient's Library at the Cushing Hospital in Framingham, Massachusetts, who is proving to be the ideal Librarian for East Milton.

Mr. Edward Locke is the new Director of the Milton Public Library. He comes to us from the Mid-Hudson Library System in Poughkeepsie, New York, with the very best in references and an absolutely wonderful past experience. In fact, this is why we selected him as our new Director. While Director at the Paramus, N. J. Library, that Library was selected for the Dorothy Canfield Fisher award for the best library in the United States of that population. We are looking forward to great things from our new Director.

Mr. Richard DeWolfe, one of Milton's well known young realtors was appointed by the Trustees to take Mr. Daly's place on the Board until the Town election in March. Mr. DeWolfe is glad to be on the Board because he feels Milton has done a lot for him and now he would like to do something for Milton. A fine attitude for a Library Trustee, he contributes a lot to the Board.

We are grateful this year for the many gifts and kindnesses from people interested in the Library. Gifts of money are always welcome and we are thankful for those received this year from several very generous individuals. The Milton Garden Club is very faithful. Our rooms are always cheerful with unusual colorful arrangements. The Milton Junior Women's Club continues with our popular "Library School" and the Milton Women's Club and the Milton Evening Division Club remembered us this year. Our gallery continues to have interesting exhibits for which we again give thanks.

Finally, the Trustees wish to extend their thanks and appreciation to our splendid staff, and especially to Miss Shaw and now to Mr. Locke for the high quality of service at the Milton Public Library.

Miss Marjorie K. Shaw, Head Librarian, retired in 1977 after 28 years.

ANNUAL REPORT OF THE MILTON PUBLIC LIBRARY

January 1978

To the Board of Trustees of the Milton Public Library I have the honor of presenting the annual report for the year ending December 31, 1977. This is the one hundred and sixth annual report. Though I came in September, I find I already have something in common with all the citizens of Milton — we are all at this moment the beneficiaries of the attainments signified by all those reports. How many people we have to thank!

We are concerned here mostly with changes, to give the public a clearer view of 1977, but there would be no 1977 library without years of accomplishment to build on.

The major change came with the retirement of Marjorie R. Shaw, after 28 years of service. She did splendid work, and we see the results of it every day — in the efficiency of our operations and in the public good will. We owe her a debt of gratitude which cannot be measured. We trust she is having an excellent retirement and wish her health and happiness.

Another change was the retirement of Mrs. Mildred Carlson as librarian of the East Milton branch. In her stead came Daniel Haacker. Mrs. Carlson left behind a good, busy branch, as hard-working Mr. Haacker has found out.

The rest of this report will state certain new facts and statistics. However, these are incomplete without an understanding of their meaning and implications. Our philosophy of library service, exemplified by the data, holds that the library is an extraordinary community resource, a center of activity, a satisfier by means of various media of the informational, educational and recreational needs of the community. Briefly put, the library helps people, and it aids them over and over again. If the library were merely a warehouse for books, we could state our book stock and end the report. But the library helps people of all ages and with as many interests as there are individuals, and this must be stressed. Also, we can quantify, but there is no way of presenting statistics on the quality of services, and what these services mean in the lives of the people who use them. Take one new event: weekly story hour for children aged 7-9. What does attending story hour mean in the life of each child? Take the program on energy resources: the opportunity and stimulus given for further thought and study cannot be graphed. Therefore, the 1977 events noted are to be seen as facts which in one way or another affect the fabric of our lives.

This report is not divided into topics because, this first time, I wish to use this unity as a kind of metaphor for the dependence of each topic on every other. A change in service affects personnel, the buildings, etc. For example, Reference work has been stressed in 1977, that is, we wished to concentrate on improving our one-to-one aid to patrons, not see them in a mass, but talk to each individual seeking help. We made every effort to staff the Reference desk at *all* hours, not just some. This, however, has meant that a taxed staff had to take up still another job. As part of an overall in-service training program we instituted, we began with Reference, and have taught the staff how to better aid people who have questions. Again, improvement in Reference meant changes in building layout: new nonfiction books in the Reading Room were replaced by History Reference books, and shelving was added to the Reference area. As a result, we have consolidated all our Reference materials from various parts of the building into the one room, with History books just across the aisle. We have begun to increase the Reference collection, with special emphasis on business and finance.

A number of security measures were taken this year, for the library, like all institutions, feels the effect of moral weakness in society. One of the measures was the hiring of a college page in the evening to supervise the young adult area of the library. But this page also aids in Reference work in that area, and does shelving and other tasks, so a negative has, in a sense, been turned into a positive.

The goal of spending time aiding individuals has a reverse side — we want people to help themselves. This means:

1. ease of access to materials
2. informality (in beautiful but very formidable buildings)

These two principles manifested themselves in various new ways in 1977. The Central library added a new card catalog to relieve the crowding in the main catalog. Patrons now find it easier to find the cards which help them find the books. A section of shelving was brought into the Central adult area and children's picture books were placed in it. This meant some children's books were available when the children's room was closed. A public phone was installed in the Central lobby. This freed the library phone for incoming calls from the community. The East Milton branch installed a photocopier for public use. Thus, reference works, which cannot be borrowed, can be used at home by photocopying the needed pages. The titles of new books added to the collection were made available for perusal by means of the old order cards being put on a shelf. Now it is easy to see what specialized enticements the library has bought in the way of older books not put on the new book shelves. We were also able to add a section of shelving in the science area, but shelving throughout the library remains tight. Audio cassettes were made available for borrowing, though at the price of some display shelving. The addition of another form of communication, along with the addition of a 16mm film projector, adds strength to the audio-visual services of the library.

Many programs were started, all taking place in the Art Gallery. The story hour has been mentioned. We also had a Halloween party which involved stories, a flute concert, and, of course, refreshments, this last donated or discounted to the library by local merchants. A feature cartoon film was shown three times in one day during school vacation.

For adults and teenagers, the library sponsored, on different evenings, films on ecology, photography, and how an airplane flies. Boston Edison presented a program on energy resources. Not a week goes by without the newspapers and radio stations telling of some event, display, or new service.

The library continued cooperation with local organizations, and even had a table one day at the Milton Fine Arts Council flea market. Community groups have assisted us in grant applications. We have, in turn, had groups like the 4-H and Youth Council meet in the library.

Many individuals and groups have aided us in so many ways, it is impossible to recount them. The Junior Woman's Club continued their project of telling stories to preschoolers; Mrs. Dorothy Cunningham and her talented high school students make most of our posters — these and others, whether taking photographs, presenting a flute concert, arranging our art exhibits — all help our library free of charge, and deserve our thanks.

As I said, everything affects everything else — a gallery for art becomes a craft center for children or a movie theatre for adults. In just such a way, people affect other people, and a small contribution of services has significance in somebody else's life.

All these matters are in addition to what has traditionally been done in libraries — the borrowing of reading materials. Reading is still the main business of libraries, as the statistics show. The people in Milton are readers. There is immense work and continual striving after improvement by the library in regard to the main business of the day: circulation, cataloging, shelving of books, checking in periodicals, getting the books back from careless borrowers, and so on ad infinitum. We try to apply efficient and economical management techniques in our day-to-day efforts. For example, we now purchase certain books fully cataloged and processed, to get them to the public faster. For whatever we do, there is always the same reason — service to the public.

Let me close with a personal note. I arrived on the scene September 1, 1977. I found an excellent library. This was due to many factors. The Town believes in and therefore supports the library well. Miss Shaw had done an outstanding job. The staff was dedicated, efficient and imaginative. The Board of Trustees was outstanding in their devotion to the library and in their forward-looking attitude. Everyone was helpful to me personally.

MILTON PUBLIC LIBRARY

I will do everything I can to continue the tradition of excellence and to keep the Milton Public Library a library of which the community can be proud.

REPORT OF THE LIBRARY TREASURER

January 1978

To the Trustees of the Milton Public Library:

The funds in the care of the Trustees were invested as summarized in the following tables of December 31, 1977:

	Book Value	Income for 1977
Common Stock	\$22,428.53	\$2,515.93
U.S. Treasury Bonds	3,990.00	140.00
Savings Bank Deposits	23,088.54	1,237.57
	\$49,507.07	\$3,893.50

The Trustees wish to express their deep gratitude to those generous-spirited citizens who made gifts to the library during 1977. We hope to merit of their continued support.

Two statements pertaining to funds in our control are appended as part of this report.

- (a) A list of the various funds by name and the investments in each.
- (b) A statement of the total investment income for 1977 and the disbursements from that income.

The library is the beneficiary of two other funds not in the custody of the Library Trustees. They are:

The Nathaniel T. Kidder Fund, which is in the custody of a Boston bank with the income therefrom remitted quarterly to the Town Treasurer.

The Oakland Hall Fund in the care of the Town Treasurer.

The income from those two funds is available only to the Library Trustees to be spent at their discretion. In 1977 we spent from that income as follows:

EXPENDITURES FROM N. T. KIDDER FUND 1977

West Publishing Co. (Mass. General Laws updated)	\$ 203.50
Standard & Poor's Services.	1,154.00
Moody's Investment Service.	595.00
Microfilming of Milton-Record Transcript.	60.73
3 Sets of Encyclopedia Science & Technology	1,359.96
1 Set of "How It Works".	562.50
2 Sets of Compton Encyclopedias	473.80
3 Sets of World Book Encyclopedias	740.25
Haley & Steele — Restoration of Hinckley painting.	350.00
Granite City Electric Supply Co. — 2 lightolier picture lamps for Hinckley paintings in Reading Room	43.68

EXPENDITURES FROM OAKLAND HALL FUND 1977 \$5,543.42

Books. \$467.39

REPORT OF THE OFFICE OF CIVIL DEFENSE

January, 1977

To the Honorable Board of Selectmen:

AUXILIARY POLICE DIVISION

The members of this Unit are pleased to report that they have volunteered over 5800 hours of service to the Town, most of which was spent in nightly patrols protecting our schools. All incidents coming to their attention were resolved successfully in cooperation with the regular officers of the Milton Police Department.

Training sessions conducted by Lt. David E. MacDonald were faithfully attended and all officers continue to display tireless energy and enthusiasm for the safety of their Town. Many good ideas and suggestions were forthcoming from the members and several of them are presently being implemented.

Particular thanks are extended to Police Chief Dennis J. Doyle and the members of the Police Department who have helped us and cooperated with us in every way.

THE COMMUNICATIONS DIVISION

Several tests were conducted during the year to ensure our ability to communicate with Civil Defense Headquarters. CB radio continues to grow as a citizen link to the police services of the Town and this division has likewise expanded itself to use of the full 40 channel radios. Our readiness to perform in time of a severe public emergency continues to remain at a high level and acting in conjunction with the regular Department's new wide area BAPERN system we feel well prepared to assist the Town through any such times.

AUXILIARY FIRE DIVISION

The Milton Auxiliary Fire Department, under the direction of Milton firefighter Paul J. Mason, Jr., has a roster of twelve members and three officers. During the past year five of the members attended the Commonwealth of Massachusetts, Department of Civil Defense Firefighting Academy for three days of intensive training in firefighting and light rescue. Four members have earned their Emergency Medical Technician Certificates.

The Auxiliary also completely renovated their '52 JEEP vehicle and installed a 1.5 Kw generator in it for emergency use in the Town. The group completed their first phase of overhauling Milton Engine #5, a 1934 Maxim fire engine, assigned to the Auxiliary. It is presently prepared to serve the Town in an emergency.

Recently the Auxiliary obtained a meeting area at the East Milton Fire Station and members are adapting the area for their use.

In addition to representing the Town in several parades and musters the Auxiliary responded to two multiple alarms and one major grass fire during 1977. During the Fall months, the group has been canvassing the Town checking that all buildings have plainly visible street numbers. Over one hundred and fifty streets have been visited so far.

In all, the various members of the Milton Fire Auxiliary have given more than 4500 man-hours to the Town during 1977.

CIVIL DEFENSE DIRECTOR

It is my observation that we hear of increasing forecasts of possible near future blackouts of electricity due to the energy crisis which may become more severe by 1980. Should these forecasts prove correct the Town will likely be faced with an increased need to temporarily house or shelter some of its residents. An up to date emergency plan already exists, however, some further planning in this specific area seems indicated and this current plan will be reviewed with this in mind.

Respectfully submitted,

ARTHUR SOUTHALL
C. D. Director

ANNUAL REPORT OF THE YOUTH COMMITTEE

The Youth Department this year tried new approaches to old problems. Under the direction of the Youth Committee, the Department staff worked during the summer of 1977 to change the format of the Coffee House Program. The Coffee House was thus discontinued and in its place a Summer Youth Program began. The Summer Youth Program consisted of trips to amusement parks, sports activities and area beaches. The initial success of this program indicates it can best meet the needs of various groups throughout the town during the summer.

The Youth Department staff worked with the Police Department this past summer to develop a uniform policy to handle violations of the Town By-Law on drinking in public. Specific recommendations were: seeking public service fines for violations of the By-Law to clean area parks and local drinking areas; prosecuting drivers operating under the influence and recommending that offenders take the ten-week course on alcohol abuse for operating under the influence; and working with young people to police their own areas, reduce litter and complaints to the Department.

One of the most positive outcomes of the many meetings held with the Chief, Dennis Doyle, and officers of the Department was the development of a series of baseball games between the police and various youth groups about Town. In all some 58 different games were played and these games greatly enhanced personal relationships with police officers and young people in Town. Officer Ernie Rowe, Captain of the "Choirboys", should be especially commended for his support and scheduling of the many contests that took place.

The Milton Youth Recycling Foundation, Inc., (MYRFI) played a special role in the creation of projects by young people to help themselves and others, MYRFI sponsored two senior citizen dinners; one dinner was held at the East Congregational Church and was co-sponsored by the East Congregational Youth Group and Mark Hamilton, its Director. Another dinner, the Annual Thanksgiving celebration was held at St. Mary of the Hills. Chairman of the affair was Paula Giovanucci. Numerous volunteers served some 85 senior citizens.

MYRFI also supported the development of a boxing program and provided funds for the expenses of the trainers volunteering their services to establish the program.

The Recycling Program began a senior citizen stipend program to assist those elderly unable to afford the services of Rent-A-Kid. An initial donation of \$1700 was provided by Dr. Prescott B. Wintersteen to fund the Program. A contract with South Shore Home Care Services was entered by MYRFI to fund snow shoveling for financially eligible senior citizens.

After a year of negotiations with the Department of Corrections and the Quincy District Court, the Recycling Foundation established a program with the Reach Out Program at Walpole State Prison. This Program involves young people heavily involved with the Court, and as part of a probation requirement, they are in a visitation and counseling project with inmates. The inmates have been trained as para-professional counselors by the Division of Youth Services and are supervised by the staff in charge of Community Services at the Institution.

The Recycling Foundation played a major role this past summer in reducing incidents of vandalism and littering by placing barrels in all known drinking areas. The Outreach worker, Dana Byrne, worked with police officers and youth in those areas to police themselves.

HEALTH CENTER

Under the direction of Skip Lapworth and at the request of the Board of Selectmen, the Drop-in Center Program was discontinued. In its place the concept of a Health Center and Physical Fitness Program was established. This project consists of a Boxing Program, Girls and Women's Health Club, Ballet, and Aerobic Dancing Course. Health and Physical

REPORT OF THE YOUTH COMMITTEE

Fitness Conferences and Seminars on issues affecting young people and adults will be an integral part of the Health Center approach.

This change in direction provides structure and personal involvement with young people by adults.

THE VANDALISM PROJECT

A special report, authored by Pamela Smith, began in the summer of this past year. The Youth Department explored the problem of vandalism in the community. A series of interviews with Town officials, clergy, and opinion leaders of the Town was conducted and documented research at the Police Department by Pamela Smith chronicled the extent to which vandalism affects Milton. Recommendations derived from the study include studying the feasibility of implementing a Community School Program for after hours activities, establishing a Neighborhood Watch Program by the Milton Kiwanis, and holding a series of neighborhood conferences in high incident vandalism areas.

C.A.G.

The Children's Activity Group has successfully completed 4 sessions since its inception in the summer of 1976. C.A.G. is staffed by a qualified adult and 5 high school students trained in the Child Development Class at the high school. The Children's Activity Group consists of arts and crafts, structured and free play time, and Show & Tell. The Program is for youngsters in kindergarten and 1st grade. It offers lessons in the social fundamentals as well as the opportunity to meet new friends. It is a self-sufficient program, with no cost to the Town.

RENT-A-KID

In 1977 the Milton Rent-A-Kid Program offered 500 jobs to Milton teenagers. Rent-A-Kid provides a first time experience working for the public; it gives a sense of purpose and independence. The RAK Program strives to place its members in continuing employment.

Approximately 40% of all Rent-A-Kid jobs were continuous throughout the year. The goal of the Program is to match kids with customers and to help them build a list of clients which amounts to a permanent part-time job. Despite the fact that the Rent-A-Kid Program is coordinated on a part-time basis by Pamela Smith, the Youth Department is pleased with the over-all consistency and quality of service provided by Rent-A-Kid.

HEALTH CENTER FEE FOR SERVICE PROJECT

The mechanics of the Health Center Program are designed to provide additional staff without further cost to the Town. Instructors and directors of programs are invited to provide classes or courses at the Health Center and are compensated by the fee for service they charge students. Health Center Director Edward Ahern is available to discuss possible programs and to work out arrangements and scheduling for people interested in promoting Health and Physical Fitness Programs. He may be reached at 698-0100 or 698-0102.

COUNSELING

The Youth Counselor, Mrs. Veronica McCarthy, is a recent addition to the Youth Department staff. She replaces Dora Lieberman who resigned to take a full-time position. Mrs. McCarthy is skilled in vocational counseling, job skill development, and youth work experience in drug and alcohol related fields. Special programs under her direction will be a job skill development workshop with work study students at the high school, individual and group counseling of young people, and establishment of parenting workshops to help focus drug and alcohol related issues, especially for parents of youngsters 12 through 15 years of age.

During the past year the counseling component of the Department has concentrated on unwanted pregnancies, the difficulties of youth introduced to the use and abuse of drugs

REPORT OF THE YOUTH COMMITTEE

and alcohol at an earlier age, and employment opportunities to reduce idle time and build self-esteem.

YOUTH DEPARTMENT PRIORITIES

As Youth Coordinator, with the assistance of the Youth Committee, I have determined three important areas in which our efforts should be directed for this year. These areas are: concentration on solutions to reduce vandalism in the Town, expansion of the Recycling Foundation to encourage town-wide recycling, and development of the Health Center Program to focus the need for Health Education in the schools.

SPECIAL RECOGNITION

The Town has received many benefits through the efforts of Dr. Prescott B. Wintersteen who has facilitated donations for special programs of the Department. His support and advice greatly assisted our efforts to serve young people, and saved residents further increases in taxes.

The Milton Junior Women's Club has been a consistent and energetic supporter of Department Programs. The Haunted House, under the Direction of Elaine Coughlin, was a great success. The continued support of the Recycling Foundation by Club members has helped to make recycling a meaningful way to save natural resources and promote youth activities.

Mr. Charles Copeland should also be commended for his continued support and donations to the Recycling Foundation.

Bob Oldfield, Chairman of the Town Conservation Committee, deserves special recognition for assisting and supporting the goals of the Recycling Foundation.

We sincerely thank Chief Dennis Doyle, Richard G. Wells, Officer MacDonald, and many other officers of the Department for their assistance and guidance this past year.

We wish to thank the many volunteers who supported the Youth Department this past year, since without their help, we could not have achieved the many goals we did.

Respectfully submitted,

PHILIP MURRAY, Chairman

JACK COFFEE

REV. MALCOLM WASHBURN

VIRGINIA WELLS

MAX HORVET, Youth Coordinator

Mrs. Eleanor C. Bradshaw, Secretary to the Board of Selectmen, prepares Youth Department payrolls and vendor bill vouchers.

DOG CONTROL UNIT

REPORT OF THE DOG CONTROL UNIT

January 27, 1978

To the Honorable Board of Selectmen:

In compliance with the Dog Officer's Warrant we are pleased to submit our report for the period ending December 31, 1977.

Number of stray dogs picked up	173
Stray dogs sold	97
Stray dogs put to sleep	33
Pound fees collected	\$ 595.00
Court violation fees	1,715.00
County reimbursement	2,400.00
TOTAL	\$4,710.00

Sergeant George Dillon resigned as Dog Officer effective July 1, 1977.

We had an incident in September in which 2 wild dogs in the Eliot Street woods had bitten a number of people. We, along with the M.S.P.C.A., put a stop to this situation. The Dog Officers see a decrease in stray dogs on the streets and complaints seem to be at a minimum. All calls and complaints are answered to the best of our ability.

We wish to thank the Town Clerk, his office personnel and the clerks at Quincy District Court for their cooperation.

Respectfully submitted,

JOHN E. LANK
GARY D. NUNLEY

TOWN OF MILTON
FINANCIAL STATEMENTS

December 31, 1977

REPORT OF THE TOWN ACCOUNTANT

January 24, 1978

To the Honorable Board of Selectmen:

I hereby submit the report of the Town Accountant for the twelve month period ending June 30, 1977 arranged as follows:

1. Detailed listing of all receipts of the Town
2. Detailed listing of all expenditures of the Town
3. Summary of all departmental accounts, showing appropriations, expenditures and balances
4. Recapitulation of departmental expenditures
5. Balance Sheet as of June 30, 1977

All original bills and vouchers on which monies have been paid from the Treasury and all trust funds in the custody of the Town Treasurer and Library Trustees have been examined and found to be correct.

In accordance with the provisions of Section 58 of Chapter 41, General Laws, I am listing the following bills reported to me as unpaid:

Fire Dept. -	Emergency Medical Associates	\$ 25.00
	Milton Hospital	883.38
	New England Medical Center Hospital	156.80
		\$1,065.18

Respectfully submitted,

JOSEPHINE M. McATEER
Town Accountant

FUNDS HELD BY THE TOWN

Perpetual Care Fund

Amount held December 31, 1977 \$ 964,748.80

This Fund is held by the Town Treasurer in accordance with Chapter 44, Section 50, of the General Laws.

Mary L. Peabody Fund

Amount held December 31, 1977 \$ 5,572.24

The clause under which this bequest is given is as follows: "To the Selectmen of the Town of Milton, Massachusetts, \$5,000.00 to be invested and the income thereof to be distributed annually to the poor at Christmas."

E.T.L. Reed Park Fund

Amount held December 31, 1977 \$6,615.58

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED

"All of the rest, residue and remained of all the monies remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said Town as a fund to be known as the 'Jason Reed Fund', and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards laying out, imporvement or ornamentation of a Public Park or Parks in said Town, in such manner as said authorities may deem advisable.

"I make the foregoing bequest in favor of , the Cemetery and the Parks in said Milton, both on account of the deep interest by my father, the late Jason Reed, deceased, in the affairs of the Town, and of my own profound desire for the welfare of said Town and of the citizens thereof."

Jason Reed Fund

Amount held December 31, 1977 \$2,626.67

Sarah G. Vose Fund

Amount held December 31, 1977 \$1,170.53

REPORT OF TOWN TREASURER

E. G. Tucker Fund

Amount held December 31, 1977 \$1,168.48

Herrick Fund

Amount held December 31, 1977 \$8,000.00

Bannin Family Fund

Amount held December 31, 1977 \$ 500.00

The Will of the late Thomas J. Bannin, Paragraph nine, reads as follows:

"I give to the Milton Cemetery the sum of \$500.00 to be established as a fund to be known as the Bannin Family Fund, the interest of which shall be used for the care of the Bannin lot in said Cemetery and to furnish suitable floral decorations on May 30th of each year and all other suitable occasions."

George A. Briggs Fund

Amount held December 31, 1977 \$1,000.00

The clause under which this bequest was left to the Town reads "for the perpetual planting of at least six geraniums each year on the family lot where the remains of Georgie A. Briggs are buried."

George F. Duffy Fund

Amount held December 31, 1977 \$1,000.00

George F. Duffy, late of 21 Waldo Road, Milton, the sum of \$1,000.00, the income therefrom to be used for "the care of shrubs and flowers on Lot No. 2624 in the Cemetery, said flowers to be placed on said lot from April 13 to September 10th each year."

Katherine A. Kelley Fund

Amount held December 31, 1977 \$1,000.00

The Will of the late Katherine A. Kelley of Milton, clause five, provides this Fund, the income of which is to be used for "care and flowers for the family lot."

Charles T. Pierce Fund

Amount held December 31, 1977 \$1,855.83

Charles T. Pierce, late of Brooklyn, N.Y., and Greenwich, Conn., bequeathed to the Milton Cemetery the sum of \$1,000.00, "the income to be used for the care of my family lot."

Mabel Hunt Slater Fund

Amount held December 31, 1977 \$1,000.00

Mary L. Peabody Cemetery Care Fund

Amount held December 31, 1977 \$1,746.54

Ewen MacSwain Fund

Amount held December 31, 1977 \$ 500.00

REPORT OF TOWN TREASURER

Helena B. Schayer Fund

Amount held December 31, 1977 \$1,000.00

Amount held December 31, 1977 \$12,838.78

The income from this Fund is paid out under the direction of the Trustees of the Public Library for the purposes of the Mattapan Branch Library.

Tuell-Hallowell Good Citizenship Prize Fund

Amount held December 31, 1977 \$2,206.48

Mary Louise McGrath Fund

Amount held December 31, 1977 \$ 500.00

John F. Kerrigan Fund

Amount held December 31, 1977 \$1,000.00

Charles P. Edwards Fund

Amount held December 31, 1977 \$ 500.00

Selina M. Gibbons Scholarship Fund

Amount held December 31, 1977 \$11,376.82

EXCERPT FROM SCHOOL COMMITTEE RECORDS – September 10, 1923

The Chairman presented to the Committee the following correspondence:

“To the School Committee of the Town of Milton:

“The Tuell Alumni Association herewith present, through your Board, to the Town of Milton, the sum of One Thousand Dollars (\$1,000.00) to be held as a fund in perpetuity, and the income thereof to be paid to the School Department and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize and to be awarded to the boy in the Senior Class of the Milton High School, who, in the opinion of the faculty of said High School, has shown the highest degree, those qualities that make for good citizenship, the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the Senior Class of the Milton High School who, in the opinion of the above said faculty has shown similar qualities.

“The prizes are to be awarded each year at the graduation exercises. If such exercises are omitted for any year, the prizes are to be awarded on some other occasion, enar the close of the school year.”

Percy E. Sheldon

June 2, 1923

President, Tuell Alumni Association

For additional gifts to the fund, see report of 1947.

Nathaniel T. Kidder Fund

Amount held December 31 1977 \$75,436.64

The following is an extract from the Will of Nathaniel T. Kidder.

Eighteenth:

REPORT OF TOWN TREASURER

"I give and bequeath to the State Street Trust Company . . . the sum of Twenty-five thousand dollars (\$25,000.00) in trust . . . the income only of which shall be paid at such times as the Trustees may from time to time determine, to said Town of Milton for the uses of the Milton Public Library system as the Trustees thereof for the time being may in their absolute discretion determine."

Governor Stoughton Trust Fund

Amount held December 31, 1977 \$25,360.63

The Governor Stoughton Fund is derived from receipts of the rental of the Town Farm, and is spent only at the direction of the Selectmen for purposes specified in Governor Stoughton's Will.

Robert F. Cooke

PUBLIC SCHOOLS - MILTON, MASSACHUSETTS

The School Committee herewith submits its annual report for the year 1977:

This year began by the Committee members electing James G. Mullen, Jr., Chairman and Robert C. Sweeney, Secretary.

The Committee was saddened to learn of the death of one of its former members, Miss S. Frances Marden, a lifelong resident of Milton, former Tucker School Teacher, Town Meeting Member, and Secretary of the Milton School Committee for nine years. Her dedication to the children of Milton, especially the kindergartners, will be missed.

Concerned with students achieving the basic competency to function in society, the Committee felt the need to return to the basics in education. We have met with the Principals and Department Heads as well as many of the special instructors in an effort to communicate our concerns to them.

A homework policy has been developed this year in a continuing effort to encourage students to learn good basic study habits.

The Special Services Department, on which we have spent considerable time during the past few years, realized some changes during 1977. We were pleased to appoint Dr. Emile Rosenberg as the new Special Services Director. Dr. Rosenberg brings with him an expertise which has been beneficial to the programs which we are desirous of providing.

As we attempt to comply with the State mandate to provide equal athletic opportunities to both boys and girls, we find ourselves continually strapped within the confines of our present plant. We have continued to work with the Athletic Study Committee in hopes of achieving Town Meeting passage of their recommendations at the 1978 Town Meeting.

The members of the Milton School Committee remain proud of past accomplishments, pleased with present commitments, and prepared to face the challenges ahead.

We wish to express to the members of our staff, the Warrant Committee members, and to all other Town Officials our sincere appreciation for their co-operation during 1977. Through your assistance, you have made a very difficult job easier.

Respectfully submitted,

JAMES G. MULLEN, JR., Chairman
ROBERT C. SWEENEY, Secretary
MARY R. FITZGERALD
LEO F. DUMPHY, JR.
WILLIAM A. EDWARDS
DAVID JEFFRIES

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Following is my eighth annual report as Superintendent of Schools:

Since my report for 1976 the renovations and new construction at Tucker School have been completed, bringing educational opportunity at that school to a par with the other elementary schools.

A completely new and basic mathematics program was instituted in grades one through three this year and will be extended into grades four through six during the school year 1978-1979. Teachers and parents already have expressed their enthusiasm for this program, which represents a "return to basics."

With the exclusion of necessary, continuing maintenance the physical facilities of most of the schools have been completely upgraded and modernized. The major exception remains the physical education facilities at the High School. A committee, chaired by Mr. Marvin Gordon, continues to work to solve that problem through an article that, hopefully, will be acceptable to the Town Meeting. Because of the physical improvements over the last several years, the High School received an additional four-year accreditation late in the year. Improved physical education facilities should result in a full and unrestricted accreditation.

School enrollment continued to show a decline. The decrease in all grades between September 1976 and September 1977 totaled 182 students. The greatest decrease occurred in the elementary grades.

During 1977 a lengthy study of our total reading program took place with the major goal being an attempt to reverse a national trend toward a decline in reading scores. Recommendations resulting from this study will be presented to the School Committee for its study and resulting action.

It was the goal of the School Committee and the administration in 1977 to reduce the costs of special education – Chapter 766 – and to increase the reimbursement from the state for those costs. Definite progress was apparent in the reduction of costs; hope is high for increased reimbursement.

Controlling the costs of the operation of the public schools was a continuing concern of the School Committee and of the administration in 1977, despite rising costs of supplies and materials and of the requests of the several organizations and unions that represent teachers and employees.

My sincere appreciation is extended to the members of the School Committee and the entire staff, as well as to Town Officials, for the continuing cooperation extended to me during 1977.

Respectfully submitted,

HARRY B. McCORMICK
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

This is my eighth annual report as the Assistant Superintendent of Schools:

The past year witnessed a continuation of the usual functions of this office such as:

Evaluating and supervising teachers, implementing State and Federal education laws pertinent to our school system, representing the Superintendent of Schools at various meetings and conferences, coordinating student teacher and substitute teacher sprograms, writing Federal and State grant proposals, screening, interviewing and recommending teacher candidates for appointment, organizing and carrying out an orientation program for new teachers, providing data and writing various required State reports and surveys and assisting in the organization and implementation of meetings devoted to curricula planning and change.

During the past summer for the first time a Junior High School Summer School was organized and conducted. Eighty-nine students attended daily classes in English, Algebra and Typewriting. Staffed by our own teachers, the school ran for a four week period from July 11 through August 5. This program was successful and present plans are to expand it during the present school year.

Six teachers took temporary leaves of absence from the Cunningham, Pierce Elementary, Tucker and Glover Schools and qualified long-term substitute teachers were appointed as replacements. Mrs. Mary Whitehead and Miss Louise Thompson retired this year after completing a combined total of sixty-four years of teaching in the Milton Public School system. We thank them for their dedication and wish them well. Six positions were phased out because of declining enrollment; five teachers were transferred within the system and eleven teachers resigned. Seven new full-time teachers and a director were hired during this school year. One was assigned to Milton High School in the area of Industrial Arts while two were assigned to the Cunningham Junior High School in the fields of Mathematics and Science. A new Home Economics teacher was appointed to the Pierce Junior High School staff. At the elementary level, Tucker received two teachers at Grade 1 and Kindergarten levels. In the area of Special Education, a Resource teacher was placed at the Pierce Elementary School and a new Director of Special Services was employed to head up that Department.

The released time program continued to serve as a facilitator for significant progress, particularly in the fields of language arts, Science and Mathematics. In conjunction with building principals, coordinators of these areas planned and implemented grade level meetings where needs were studied, new programs were selected and in-service workshops were organized providing orientation to new or changed programs.

My thanks go to School Committee members, the Superintendent of Schools, Principals, Directors, Department Heads, Coordinators and teachers for their cooperation and assistance.

Respectfully submitted,

JOHN M. HASKELL

Assistant Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT FOR BUSINESS AFFAIRS

Each year the painting program is a major maintenance project during the summer vacation period. This year the exterior of Milton High School was painted as were numerous interior areas in all schools with the exception of Tucker. The Tucker School during the past year had extensive alterations providing a gym, cafeteria and a library — audio-visual resource room. In conjunction with this work the interior of the Tucker was painted.

A major project completed this year was replacement of the Pierce Auditorium roof. This part of the Pierce School was constructed in 1952 and is the second section of roof to be replaced.

At the Cunningham Jr. High School the library and an adjoining room were carpeted providing an area conducive to reading and studying.

With the advent of greater participation of girls in athletics — new lockers for storage of girls athletic uniforms were purchased for Pierce Jr. High School. Also, at Pierce Jr. High School, new drapes were installed on the library windows. An extra effort was made this year to replace damaged shades throughout the system. A contributing factor to much of this damage is the result of vandalism and rocks thrown through windows.

A word of appreciation is extended to all Town Departments who have assisted in maintaining and protecting our schools.

To the School Committee, Superintendent, Custodial-Maintenance staff and the Administration Office staff a word of appreciation for their cooperation and assistance.

Respectfully submitted,
ROBERT F. COOKE
Assistant Supt. for Business Affairs

MILTON HIGH SCHOOL

I herewith submit my seventh annual report as principal of Milton High School.

During the school year Mrs. Esther B. Pile, the first full-time librarian at Milton High School, retired after nineteen years. In June Mrs. Gertrude Howe and Mrs. Muriel M. Dennis retired. Mrs. Howe was the Head School Nurse for the Milton Public Schools having served a total of seventeen years at Collicot, Cunningham Junior High and finally at Milton High School. For several years Mrs. Dennis was a member of the office staff at Cunningham Junior High School and then at the High School for nine years. I am sure that the entire Town joins me in wishing all three a long and happy retirement.

The school year 1976-77 opened with the new Industrial Arts shops ready for enthusiastic students and teachers who had been looking forward to having the much needed space. Tucker School was not ready so we had the sixth grade as our guests for the first few months of the year. As the High School had returned to a seven period day with a new lunch schedule, the elementary program fitted into the High School with very few adjustments having to be made.

Miss Irwin and the Foreign Language Department, with the help and assistance of the School Committee, the Superintendent, the teachers and Administration, parents, and the entire community, planned and carried through a school exchange with Le Cours du Midi in Montpellier, France. Eleven of our students visited France in February, and eleven Montpellier students spent three weeks in Milton in the Spring. Thanks to the help and cooperation of everyone this International Student Exchange was a great success.

The extracurricular programs again reached new heights. The Volunteens sponsored two very successful Bloodmobiles along with their many other community service projects. The Music Department had a successful band and concert season and in cooperation with the Drama Club and the Art Department produced "Bye Bye Birdie," the first musical at Milton High School. All of the Clubs and organizations had an active and rewarding year.

I offer my sincere thanks to the School Committee, the Superintendent, and the entire staff of Milton High School for their continual cooperation and support.

Respectfully submitted,

ROGER T. CONNOR
Principal

Milton High School cheerleaders.

CUNNINGHAM JUNIOR HIGH SCHOOL

The 1977 school year reflected an increased enrollment of approximately fifteen students which, combined with a similar increase the previous year, has caused classes in grade seven and eight to be somewhat crowded.

Improvements to the building included the painting of several classrooms and both locker rooms. Particular emphasis has been placed on trying to improve the library within limitations of the existing facility. This year carpeting was installed in both the library and the adjacent reading room. Some new chairs were added to the library as well. We are very grateful to the parents who volunteered many hours as aides to assist our Librarian. Much progress in the areas of cataloging and computerized inventories of available library materials was made as a result of their efforts.

Student interest continued high in interscholastic sports, intramural sports, and student activities. We are very appreciative of the teachers who volunteer their time year after year to sponsor these activities. A faculty committee, under the direction of our Assistant Principal, worked to develop a "Citizenship Code" to be implemented this year. The purpose of the program is to recognize the many students who are consistently good school citizens. The motto of the program is "Citizenship has its duties as well as its privileges".

Best wishes are extended to two of our custodians, Mr. George Harkins and Mr. Kenneth Ross, who retired after devoting many years of service to the Milton Public School Department.

The Cunningham staff is to be commended for their contributions toward a most successful year.

Respectfully submitted,

ALLEN G. ADAMS
Principal

REPORT OF SCHOOL COMMITTEE
PIERCE JUNIOR HIGH SCHOOL

A dedicated staff and an enthusiastic student body made the 1976-1977 school year a pleasant and profitable experience at Pierce Junior High School.

As the year opened our school library was occupied by two fifth grade classes that were awaiting the renovation of their rooms at Tucker. These classes blended in nicely and we were able to use our library effectively due to the flexibility and even temperaments of the Pierce Librarian, the Tucker teachers and the students.

The excellent esprit de corps throughout the school was given an added boost when our ninth grade football team went undefeated for the first time ever. The example provided by the coaches, Mr. Fitzhenry and Mr. Fredericksen and the members of the squad was most gratifying. On and off the field and in academic areas their leadership was in evidence.

Credit for such a successful year must be given parents, faculty, students, administrative officers and School Committee who offered encouragement and support throughout the year.

Respectfully submitted,

C. J. McINTIRE
Principal

COLLICOT SCHOOL

I herewith submit my twenty-sixth annual report as principal of Collicot School.

Our appreciation is again expressed to the parent volunteers who have done typing for us, conducted a very successful book fair for the four afternoons of parent conferences and supervised a group of grade one pupils while the teachers were concentrating on conducting tests.

It seems appropriate to take this time to comment on the reading achievement of our students as measured by standardized tests in relation to the national norm. Comparing the reading achievement of nineteen-fifty-seven to the reading test scores of nineteen-seventy-seven is most enlightening. The median score for the entire school from grade one through six shows that half of our pupils scored a grade level equivalent more than one and one-half years above the national norm in nineteen-seventy-seven. The middle scores for each grade level ranged from one year above the national norm in grade one to two and two-tenths above at the grade six level this year.

Twenty years ago the median score for the entire school was eight-tenths of a year above the national norm. Median scores ranged from four-tenths of a year above the national norm in grade two through one and eight-tenths years above in grade six.

This comparison shows half our pupils to be scoring grade equivalents in reading almost twice the distance above the national norm that they realized twenty years ago. Fifty-five percent of our pupils in grade two are above the norm and that percentage increases to seventy-three percent by the beginning of grade six.

Respectfully submitted,

CHESTER W. RUGGLES
Principal

GLOVER SCHOOL

I herewith submit my fourteenth annual report as principal of Glover School.

The appointment of an elementary Mathematics coordinator has done a great deal to strengthen our program in Kindergarten through grade six. Under the direction of Leo Tyrrell, we have adopted a new Mathematics series in Kindergarten through grade three. It is anticipated that this program will produce a strong Mathematics foundation for all of our primary grade children. During this year Glover also introduced a Mathematics program for a group of accelerated children in the third grade. The progress and growth made by this group was outstanding and we anticipate making further provisions for these children in grade four.

The implementation of Chapter 766 continues to find our Core Evaluation Team completely involved in the diagnosis and remediation of children requiring additional tutorial help outside of the regular classroom. I would like to commend the permanent members of the team for their zeal and professionalism. They are dedicated, competent people.

Our Library continues to serve as the focal point of our school. To date we have acquired over six thousand volumes along with listening stations and necessary audio visual equipment. This area is truly a learning center where children can be found daily researching, reading and learning. Our Librarian works closely with all teachers to see that the Library is well equipped with material that is coordinated with our curriculum as well as material for enjoyment.

I feel that this school year has been a highly successful one for all of us at Glover and my thanks to the teachers and parents for their cooperation and dedication to the children.

Respectfully submitted,

MARY B. SCHOFIELD
Principal

REPORT OF SCHOOL COMMITTEE
PIERCE ELEMENTARY SCHOOL

I am submitting herewith my seventeenth Annual Report as Principal of the Pierce Elementary School for the 1976-1977 school year.

The sixth annual Pierce Educational Projects Fair was held at the South Shore Plaza in Braintree as part of "Renaissance '77". This year fifty-seven fine projects were entered in the fair. The first, second and third place winners received trophies, six students received bronze medals and fourteen students were awarded honorable mention ribbons. All students received certificates for their participation in the Fair.

A number of field trips by various grade levels included visits to Drumlin Farm, Hendries, Papa Gino's, George's Island, Plimouth Plantation, Turner's Pond, the New England Aquarium, the Museum of Science and Walden Pond.

An unexpected visit from Mother Nature in the form of a spring snow storm delayed the annual Sixth Grade Camp Wing excursion by one day. There were no transportation problems on day two, however, and the Pierce pupils soon found themselves settled at the camp. Excellent accommodations were provided in an authentic reproduction of a Canadian frontier fort complete with fireplaces, ramps, and lookout towers.

Our sixth graders were able to participate in an assortment of planned school related instructional activities which included work in project survival, physical education activities, tee shirt art, bacteria study, tent building, nature trail, music appreciation and solar energy.

In the evening, pupils were able to take advantage of boating, softball, tetherball and basketball. This was complemented by a gold hunt, a cookout, musical entertainment and a professional story teller who held pupils spellbound.

Our Resource Room became operational in September 1977. This concept permits students to receive instruction individually or in small groups in a special room outfitted for that purpose. The emphasis is on teaching specific skills which meet the needs of each student. At the end of his lesson, the pupil returns to the regular classroom and continues his education there. In this way, he is based in the regular classroom with his peers and leaves only for specific periods of time during the school week.

Instructional programs in the Resource Room are designed for children who are referred on the basis of academic need. The Resource Room staff in coordination with the classroom teacher, implements the Educational Plan for each child.

Respectfully submitted,

ROBERT G. CONNOLLY
Principal

TUCKER SCHOOL

I herewith submit my twenty-second annual report.

Commendation is due the Tucker School Building Committee for their genuine concern and perseverance in the renovations of the school which was occupied on March 1, 1977. Every space is utilized providing a cafeteria arrangement, library-media center, gymnasium, resource rooms and tutorial spaces. The complete re-design and landscaping of the outside area enhances the neighboring environment. An appropriate interior color scheme presents an attractive atmosphere throughout the complex and the enlarged classrooms have given us needed physical space.

In cooperation with a parent and faculty advisory committee chaired by Mrs. Ralph M. Forbes and the Director of Public Works Lawrence W. DeCelle, Jr., some innovative playground equipment was designed by Mr. Al Rota and installed with the assistance of the Milton Park Department, also. It is receiving continued use from neighborhood children. We are indebted and grateful to all for their assistance. A community school concept could be studied so that school buildings are utilized to the utmost.

I am pleased to report that we have organized a state-wide organization known as MA/AIP: Massachusetts Association for Advancement of Individual Potential to "encourage, assist and to initiate efforts" on behalf of Gifted and Talented in Massachusetts. Mrs. Betsy Buchbinder and Mrs. Carol Carroll are serving as President and Treasurer, respectively. A state-wide conference held at Curry College on November 15, 1977 attracted two hundred fifty people who share our concerns. A full-day conference is being planned for the Spring.

School bus safety evacuation drills involving all pupils have been initiated and carried out in the Spring and Fall. Introductory filmstrips explain the proper procedures prior to actual practice using a school bus on the playground.

Outstanding parental participation given generously throughout the school year is appreciated by our staff. They have assisted in the following:

Our return move and unpacking at Tucker

Enriching field trips including walking trips within the Town as well as bus trips

The candy sale for the Camp Wing project

A sports night program

The annual dance

Our library volunteers who mend, catalogue and file for a total of 428 hours

Classroom volunteers who assist teachers

The Book Fair Project

Respectfully submitted,

ELEANOR C. BLAINE
Principal

REPORT OF SCHOOL COMMITTEE
SUPERVISOR OF ATTENDANCE

I herewith submit my annual report as supervisor of attendance for calendar year 1977.

Home visits - 316
Residency investigations - 195
Court appearances - 0

Respectfully submitted,

GERARD R. MATTALIANO
Supervisor of Attendance

Members of Milton School Committee

Standing left to right: David Jeffries, James G. Mullen, Jr.

Seated left to right: William A. Edwards, Mary R. Fitzgerald, Leo F. Dunphy and Robert C. Sweeney.
